REPORT OF

TOWN CLERK and ACCOUNTANT

ABSTRACTS OF

RECORDS OF TOWN MEETINGS

AND

VITAL STATISTICS

TOWN CLERK AND ACCOUNTANT'S STATEMENT TO THE BOARD OF SELECTMAN

The Honorable Board of Selectman:

The annual report of the Town Clerk and Accountant for 1983 is hereby submitted. Included in this report is a summary of the major activities that transpired in the office of the Town Clerk and Accountant during fiscal 1983.

TOWN CLERK'S REPORT

The following represents a summary of some of the significant events in the Town Clerk's facet of this department during 1983.

Licenses and permits issued:

The issuance of various licenses and permits through this office resulted in a collection of $29,958 in fees to be used to offset the tax levy in FY 1983. Departmental receipts from the Town Clerk's office used to offset the tax levy for the past five years is as follows:

Year	Offset Fees	Increase(%)
1983	$29,958	$4368 (17%)
1982	25,590	3240 (15%)
1981	22,350	1892 (9%)
1980	20,458	2425 (13%)
1979	18,033	938

Elections:

During 1983 the Town Clerk's office presided over one election, the April Town Election. Complete results are listed elsewhere in this report.

Census and Voter Registration:

The results of the January 1983 census conducted by this office revealed that there were 29,945 residents in Norwood. The number of registered voters in Norwood in 1983 totaled 16,323. The following analysis of the population and number of registered voters in Norwood in the last three years reveals a condition of stability, with negligible growth or decline patterns noted.

Year	Population	Registered Voters
1983	29,945	16,323
1982	30,001	16,169
1981	30,032	16,993

Town Meetings:

The results of the votes taken at town meetings held in 1983 were recorded and made a part of the town's permanent records by this office. During 1983 there were three Special Town Meetings held in addition to the Annual Town Meeting held in May. A few of the more important articles that were approved at these Special Town Meetings in FY 1983 were as follows: Appropriation of 1.5 million dollars to renovate the Armory into the new Civic Center; opened up Bond Street for traffic between Walpole and Washington Streets; construction of a playground on Sumner Street; sold land on Westover Parkway; acquired land on Railroad Avenue for parking purposes; appropriated money for preliminary plans for renovation of the Senior High School; appropriated $345,000 for repairs to school building; Board of Selectmen were authorized to sell the Guild School; adopted a new sewer-use charge to go into effect in July 1984.

A complete listing of each town meeting held during the year is incorporated as part of this report.

Vital Statistics:

The Town Clerk's office is responsible for recording, issuing and maintaining all records relating to births, deaths, and marriages in the town. A summary of the last three years' vital statistic records accumulated in this office is as follows:

Births	**1981**	**1982**	**1983**
Norwood residents born in Norwood	135	138	135
Norwood residents born out of town	136	163	168
Subtotal-Norwood residents	271	301	303
Non-residents born in Norwood	683	748	652
Total Births	954	1049	955
Deaths:			
Norwood Residents Dying in Norwood	203	193	199
Norwood Residents Dying out of town	73	78	72
Subtotal-Norwood Residents	276	271	271
Non-residents dying in Norwood	393	380	392
Total Deaths	669	651	663
Marriages			
Total number of marriage certificates issued	268	274	304

A complete detailed listing of this vital statistic information is included in this report.

RECORDS OF TOWN MEETING

FISCAL YEAR 1982-1983

COMMONWEALTH OF MASSACHUSETTS
WARRANT FOR STATE PRIMARY

(Seal)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables of the Town of Norwood, Greetings:

To cast their votes in the State Primary for the candidates of political parties for the following offices:

U.S. SENATOR for the Commonwealth
GOVERNOR for the Commonwealth
LT. GOVERNOR for the Commonwealth
ATTORNEY GENERAL for the Commonwealth
SECRETARY for the Commonwealth
TREASURER for the Commonwealth
AUDITOR for the Commonwealth
REPRESENTATIVE IN CONGRESS for Ninth Congressional District
COUNCILLOR for Second Councillor District
SENATOR IN GENERAL COURT for Norfolk and Suffolk Senatorial District
REPRESENTATIVE IN GENERAL COURT for Twelfth Norfolk Representative District
DISTRICT ATTORNEY for Norfolk District
CLERK OF COURTS for Norfolk County
REGISTER OF DEEDS for Norfolk County
COUNTY COMMISSIONER for Norfolk County

Hereof fail not and make return of this warrant with your doings thereon at the time and place of said meeting.

Given under our hands this tenth day of August, A.D. 1982.

WILLIAM F. BUTTERS
JOSEPH F. CURRAN
JOHN F. KINNALY
Selectmen of Norwood

Norwood, Norfolk, ss. August 19, 1982

By the virtue of the within warrant I have posted the same as directed. The posting was completed August 19, 1982.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

A True Copy.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS

STATE PRIMARY

(Seal)

TOWN OF NORWOOD

Norfolk, ss. September 14, 1982

In pursuance with the foregoing warrant, the inhabitants of the Town qualified to vote in elections, met in the various voting precincts designated for their districts in Norwood on Tuesday, the fourteenth day of September, 1982 at 8:00 A.M.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty:

PRECINCT A — Oldham School: Jean R. Brown, Anne Greene, Mary Hayes, Catherine L. D'Espinosa, Mary E. Foley, A. Evelyn O'Malley, Evelyn Jurgelewicz, Mary Hemman, Albina Grigun, Evelyn D. Lemkin, Harold Wilkinson and Claire Groh.

PRECINCT B — Aaron Guild: Frances A. Phipps, Lee A. Griffith, Arlene E. Lindblom, Margaret L. Curran, Margaret Hayes, Mary C. Amirault, Rosemarie R. Fanning, Lida Parker, Anne P. Shannon, Angela Daly, Bridget McTernan, and Marguerite Conley.

PRECINCT C — Cleveland School: Frances W. Wiggins, Agnes Riley, Janet Webber, Mary Poce, Mary Moynihan, Alice Mantho, Herbert Wiggin and Roberta Dunn.

PRECINCT D — Balch School: Julia A. Lewis, Samuel Thomas, Iris Falcone, Helen Ivatts, Doris Dauksis, Anne Boulis, Barbara Barton, Ruth Curran, Rose Joseph, Mae L. Bremer, Helen Lewis and Catherine M. Griffin.

PRECINCT E — Callahan School: Amedio DeFlaminis, Emilie Moses, Mary Fitzgerald, Barbara Fleck, Katherine V. Connor, Dorothy Rich, William Galle and Mary G. Groh.

PRECINCT F — Prescott School: Maureen P. MacEachern, Waldo Nason, Wilfred Turenne, Emily Tibbetts, Mildred Galle, Vera Kozak, Henry J. Gullich and Theresa Curran.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each different polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots September 16, 1982" and their receipts thereof.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with the official ballots taken from the package received from the Town Clerk and Accountant and were stationed by the entrances and exits for the polling places with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the wardens and other officials and found to be empty. The registers were set at zero.

The polls were declared open for the reception of ballots at 8:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls and actual canvass of the ballots showed that nine hundred and fifty six (956) votes were cast in the Republican Party and seventy six hundred and thirty one (7631) were cast in the Democratic Party.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked equalled the same as above, eighty five hundred and eighty seven (8587).

The vote is as follows:

REPUBLICAN PARTY

SENATOR IN CONGRESS
Ray Shamie had seven hundred and ten (710) votes
Blanks, two hundred and forty six (246)

A True Record.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS

SPECIAL TOWN MEETING WARRANT

(Seal)

TOWN OF NORWOOD

Norfolk,ss.

To either of the Constables in the Town of Norwood in said County Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, September 20, 1982, at 8:00 o'clock in the afternoon, to notify and warn the Town Meeting members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of participation by the Municipal Light Department in a residential Conservation Service Act, Chapter 465 of the Acts of 1980, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of paying unpaid bills, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate from the surplus revenues and/or taxation and/or borrowing for the purpose of providing additional funds for overtime in the Municipal Light Department, or take any other action in the matter.

ARTICLE 4, To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of providing additional funds for group health and life insurance for current retired town employees, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of providing additional funds for the repair and/or replacement of the roof at the Public Works garage, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of constructing sidewalks and curbing on Dean Street, from Pleasant Street westerly to the railroad bridge, or take any other action in this matter.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of engineering services for roadway and traffic improvements on Nahatan Street, between Washington St. and Pleasant Street, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of engineering services for roadway and traffic improvements at the intersection of Pleasant St. and Dean St., or take any other action in this matter.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of erecting a communications tower at the Norwood Police/Fire station, or take any other action in the matter.

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of paying legal expenses, or take any other action in the matter. (on petition of the Norwood School Committee).

ARTICLE 11. To see what sum of money the Town will vote to raise and appropriate form Surplus Revenue for the purpose of wage increases for employees of the School Department, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of the replacement of compressors at the Junior High South, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 13. To See what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of Instruction Salaries, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 14. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of Capital-Outlay-New Equipment, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 15. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of Custodial Salaries, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 16. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of Administration expenses, or take any other action in the matter. (On petition of Norwood School Committee).

ARTICLE 17. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the purpose of Maintenance of Buildings, or take any other action in the matter. (On the petition of the Norwood School Commitee).

ARTICLE 18. To see what sum of money the Town will vote to raise and appropriate from Surplus Revenue for the repair and/or replacement of the gymnasium floor and related repairs at the Norwood Senior High School, or take other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 19. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of wage and salary increases for General Government employees who are represented by the public works, police, and/or fire unions or who are in the public works, police, and/or fire collective bargaining unit, or take any other action in the matter.

ARTICLE 20. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of wage and salary increases for General Government employees who are not represented by a union and who are not in any collective bargaining unit, or take any other action in the matter.

ARTICLE 21. To see what sum of money the town will vote to appropriate from surplus revenue, and/or borrowing, and/or taxation for the purpose of appropriating such sums for FY 1982-'83 wage increases for the employees of Morrill Memorial Library, or take any other action in the matter. (On petition of the Board of Library Trustees, Morrill Memorial Library).

ARTICLE 22. To see if the Town will vote to authorize the Board of Selectmen to sell at public or private sale several parcels of land, designated as lots 165, 166, 167, 168, 169, and 170, on Westover Parkway, on a plan of land, on file with the Town Clerk, entitled Plan of Land on Westover Parkway in Norwood, Mass., Scale 1" = 40 ft., dated August 24, 1982, Walter R. Ryan, Town Engineer, or take any other action in the matter.

ARTICLE 23. To see if the Town will vote to authorize the Board of Selectmen to sell at public or private sale the property commonly referred to as the Aaron Guild School, located at 825 Washington Street, as shown on a plan, on file with the Town Clerk, entitled Plan of Land of Washington Street, Norwood, Mass., Scale 1" = 40 ft., dated August 24, 1982, Norwood Engineering Company, Inc., or take any other action in the matter.

ARTICLE 24. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase or eminent domain an easement for water main, sewer, drain and other municipal utilities between King's Road and Richland Road, as shown on a plan, on file with the Town Clerk, entitled Plan of Easement on Richland Road in Norwood, Mass., Scale 1' = 40 ft., dated August 24, 1982, Walter Ryan, Town Engineer, or take other action in the matter.

ARTICLE 25. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of acquiring by purchase of eminent domain an easement for a water main between King's Road and Richland Road, as shown on a plan, on file with the Town Clerk, entitled Plan of Easement on Richland Road in Norwood, Mass., Scale 1' = 40 ft., dated August 24, 1982, Walter R. Ryan, Town Engineer, or take any other action in the matter

ARTICLE 26. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and /or borrowing for the purpose of constructing a storm drain through Prescott School lands, Old Farm Road and Deerfield Road, to relieve a flooding condition at the rear of the Prescott School, or take any other action in the matter.

ARTICLE 27. To see what sum of money the Town will vote to raise and appropriate from available funds, including but not limited to, surplus revenue, taxation, unexpended balances or borrowing for the purpose of Drain Construction, or take any other action in the matter. (On petition of Savogran Company).

ARTICLE 28. To see if the Town will vote to accept Section 99 of Chapter 32 (M.G.L.) which provides for the Town Treasurer to make pension payments to duly eligible recipients during such period as the State Division of Insurance is reviewing the retirement application, or take any other action in the matter. (On petition of the Norwood Contributory Retirement Board).

ARTICLE 29. To see if the town will vote to accept Section 20 (4) (C½) of Chapter 32 (M.G.L.) which provides that the administrator of the retirement board may be compensated for services rendered to the retirement board in an amount which shall not be less than two hundred nor more than three thousand dollars per annum, payable from the expense fund of the system, or take any other action in the matter. (On petition of the Norwood Contributory Retirement Board).

ARTICLE 30. To see if the Town will vote to adopt a general Town-By-Law which would prohibit the parking of all comercial vehicles of more than 1½ ton capacity on public ways in residentially zoned areas in the Town of Norwood between the hours of midnight and 6:00 a.m., or take any other action in the matter. (On petition of Kathleen W. Mallet).

ARTICLE 31. To see if the Town will vote to authorize and direct the Board of Selectmen to petition the legislature to amend Chapter 541 of the Acts of 1947, the so-called "Representative Town Meeting Act" by deleting the following from Section 8 thereof:

"Any town meeting member may become a candidate for re-election by giving written notice thereof to the Town Clerk on or before the last day for filing nomination papers."

and substituting therefore the following:

"Any town meeting member may become a candidate for re-election by taking out nomination papers which shall be signed by not less than ten registered voters of the district in which the candidate resides, all shall be filed with the Town Clerk on the same day that nomination papers for other town offices must be filed."

or take any other action in the matter. (On petition of Thomas C. Coen, District 4).

ARTICLE 32. To amend the existing zoning map by altering the District Boundaries with respect to that portion of the present Single Residence Zone, namely that area bounded as follows:

Beginning at a point, said point being the center line point of intersection of Washington Street, Bond Street and Winter Street; thence N. 45°-22'-46" W. By the center line of Winter Street, Two Hundred Twelve and 70/100 (212.79) feet; thence N. 05°-27'-48"E. By land of George R. & Barbara L. Reagan, Two Hundred Six and 26/100 (206.26) feet; thence N. 21°-00'-17"W. By land of George R. & Barbara L. Reagan, John H. Jr. & Dianne Shalby, and Simoni Realty Trust, Two Hundred Nineteen and 49/100 (219.49) feet; thence N. 64°-53'-03"E. By the land of Leland A. Wildes, et al, Trustees, Forty-Four and 17/100 (44.17) feet; thence N. 25°-26'-33"E. By the land of Leland A. Wildes, et al, Trustees, Thirty-One and 50/100 (31.50) feet; thence N. 58°-06'-13"E. By the land of Leland A. Wildes, et al, Trustees, Forty-Two and 00/100 (42.00) feet; thence N. 42°-45'-05"E. By the land of Leroy J. Kelly, Trustee, One Hundred Sixteen and 58/100 (116.58) feet; thence N. 37°-03'-12"W. By the land of Leroy J. Kelly Trustee, One Hundred Two and 80/100 (102.80) feet to the center line of Walpole Street; thence N. 52°-56'-48"E. By the center line of Walpole Street, Eighty-Three and 20/100 (83.20) feet; thence Southeasterly and Southerly By a curve of a radius of Seventy and 52/100 (70.52) feet, One Hundred Sixty-Three and 10/100 (163.10) feet; thence S. 05°-27'-48"W. By the approximate center line of Washington Street, Seven Hundred Eighty-Seven and 44/100 (787.44) feet; to said point of beginning.

By withdrawing said portion from Single Residence Zone and establishing the same as a Business Zone. (On petition of John Sweeney)

ARTICLE 33. To see what sum of money the Town will vote to raise and appropriate from surplus revenues and/or taxation and/or borrowing for the purpose of installing and/or refurbishing a fire alarm system at the Norwood Housing Authority's Frank L. SPECIAL TOWN MEETING

(Seal)

TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Wednesday, September 22, 1982 at 8:00 o'clock in the Afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The notice calling the meeting to order was read by Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

ARTICLE 11. On the motion offered by Mr. Curran, seconded by Mr. Riley to appropriate $634,463.00 for a 7% wage increase, it was declared lost by a standing vote of: Yes, (67); No, (69)

On a motion by Mr. Eugene Doherty, seconded by Mr. Adakonis, it was voted to break Mr. Uliss's motion for an 8% wage increase of $725,049.00 into separate line items, voting on each line item separately. This motion was approved by a standing vote of Yes (67); No, (60). The individual line items comprising the $725,049.00 were as follows: School Administration Salaries ($82,635); Instructional Salaries ($569,121); Custodial Salaries ($50,635); Auxiliary Agency Salaries ($7,527); Cafeteria Salaries ($15,093).

The votes on each line item were as follows:

Administrative Salaries: The motion to approve $82,635 for an 8% wage increase was declared lost by a vote of: Yes (63); No (65). A motion to amend, offered by Mr. Riley, seconded by Mr. Ryding to strike the figure $82,635 and substitute in place thereof the figure $72,306 for a 7% wage increase was declared carried by voice vote.

Instructional Salaries: The motion to approve $569,121 for an 8% wage increase was declared carried by voice vote.

Custodial Salaries: Mr. Baker made a motion, duly seconded to approve $50,673 for an 8% wage increase which was declared carried by a standing vote of: Yes (72); No (56).

Auxiliary Agency Salaries: The motion to approve $7527 for an 8% wage increase was declared carried by a standing vote of: Yes (75); No (45).

Cafeteria Salaries: The motion to approve $15,093 for an 8% wage increase was declared carried by voice vote.

Administration Salaries: A motion was made by Mr. Wohler, seconded by Mrs. Nutting to reconsider line item #1 of this article; administrative salaries. This motion for reconsideration was declared carried by a voice vote.

A motion by Paul Wasil and duly seconded to break administrative salaries into two separate groups, administration at 7% and secretaties at 8% was declared lost by voice vote.

On a motion by Mr. Wohler, seconded by Mr. Eugene Doherty, it was voted to appropriate $82,635 for an 8% wage increase for Administration Salaries. This vote carried by a standing vote of: Yes (85); No (9).

Main motion as amended to appropriate $725,049 for School salaries as follows:

Administration Salaries	$ 82,635
Instructional Salaries	569,121
Custodial Salaries	50,673
Auxiliary Agency Salaries	7,527
Cafeteria Salaries	15,093

was declared carried by voice vote.

ARTICLE 12. On a motion offered by Joseph R. Adakonis, duly seconded by Mr. Baker, it was

VOTED: That the sum of $12,000 be transferred from Surplus Revenue and appropriated for the purpose of the replacement of compressors at the Junior High South.

On voice vote motion declared carried.

ARTICLE 13. On a motion offered by Joseph R. Adakonis, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postponement

A motion to substitute offered by Mr. Uliss, seconded by Mrs. McKenna to transfer the sum of $9,000 from Surplus Revenue and appropriate for the purpose of Instructional Salaries was declared by voice vote.

ARTICLE 14. On a motion offered by Joseph R. Adukonis, duly seconded by Mr. Baker, it was

VOTED: Indefinte Postponement

A motion to substitute, offered by Mr. Uliss, seconded by Mrs. McKenna to transfer the sum of $62,700 form Surplus Revenue and appropriated for the purpose of New Equipment was declared carried by voice vote.

Meeting Adjourned.

On voice vote motion declared carried.

ARTICLE 21. On a motion offered by Mr. Adakonis, duly seconded by Mr. Baker, it was

VOTED: That the sum of $16,875.53 be transferred from Surplus Revenue and appropriated for the purpose of a 7% wage increase for the Library Department.

A motion to amend, offered by Mr. Ruboy, seconded by Mr. Baker, to delete the amount of $16,875.53 and insert in place thereof the amount of $19,286.32 for an 8 percent wage increase for the Library Department was declared carried by voice vote.

The Finance Commission motion, as amended, was declared carried by voice vote.

ARTICLE 22. On a motion offered by Thomas A. Riolo, duly seconded by Mr. Butters, it was

VOTED: That the Board of Selectmen are authorized to sell at public or private sale the parcels of land designated as lots 165, 166, 167, 168, 169, and 170 on Westover Parkway on the plan of land on file with the Town Clerk, a copy of which is attached hereto and made a part hereof, entitled Plan of Land on Westover Parkway in Norwood, Mass., Scale 1'=40 ft., dated August 24,1982 by Walter R. Ryan, Town Engineer for not less than $180,000 for all lots or not less than $30,000.00 per lot.

A motion to amend, offered by Mr. Plasko, seconded by Mr. Grady, to strike the words "at public or private sale" and insert in place thereof the words "at public sale" declared carried by voice vote.

Motion to amend Indefinite Postponement offered by Mr. Grady, seconded by Mr. Turner, declared carried by voice vote.

Main motion of Mr. Riolo, as amended by Mr. Grady to Indefinite Postponement was declared carried by voice vote.

ARTICLE 23. On a motion offered by Thomas A. Riolo, duly seconded by William F. Butters, it was

VOTED: That the Board of Selectmen are authorized to sell at public or private sale for not less than $1,000,000 the property commonly referred to as the Aaron Guild School located at 825 Washington Street, as more particularly shown the parcel outlined on the Plan of Land on Washington Street, Norwood, Mass., dated August 24, 1982 by the Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, said the parcel shown as Lot Area = 212,527 square feet of land; a copy of said plan being attached hereto; provided however, that said sale shall not be made until satisfactory title is obtained to the so-called "Norwood Armory" located on Nahatan Street in said Norwood.

A motion to amend was offered by Richard Smith, seconded by Edward McDonough, to have it further voted "that the Town restrict any sum of money realized from the sale of said Guild School Building to the sole purpose of future expenditures for improvements, repairs and renovations to the Norwood Senior High building and/or to other public school buildings in the town until such time as voted by the Town Meeting on petition of the School Committee".

A second motion to amend offered by Mary Foley, seconded by Richard Smith to have it further voted that (a) the sale of the so-called Guild School shall be made only to a legal entity which will be subject to payment of real estate taxes to the Town of Norwood and (b) that the deed will contain restrictions to the effect that the said property will not be sold to any legal entity which is exempt from payment of real estate taxes to the Town of Norwood, except as may be specifically authorized by a vote of the representative town meeting.

At this point a motion for Indefinite Postponement was offered by Mr. Grady, seconded by Mr. Baker. Both Mr. Richard Smith and Mrs. Mary Foley then agreed to withdraw their motions to amend in deference to Mr. Grady's motion for Indefinite Postponement.

Mr. Grady's motion for Indefinite Postponement was declared carried by voice vote. The main motion, as amended to Indefinite Postponement, was declared carried by voice vote.

ARTICLE 24. On a motion offered by Thomas A. Riolo, duly seconded by Walter Dempsey, it was

VOTED: That the Board of Selectmen are authorized to acquire by purchase or eminent domain an easement for water main, sewer, drain and other municipal utilities between King's Road and Richland Road, as shown on a plan, on file with the Town Clerk, a copy of which is attached hereto, entitled Plan of Easement on Richland Road in Norwood, Mass., Scale 1" = 40 ft., dated August 24, 1982, by Walter R. Ryan, Town Engineer.

Motion declared carried by unanimous vote.

ARTICLE 25. On a motion offered by Joseph R. Adakonis, duly seconded by Maurice Baker, it was

VOTED: That the sum of $1,000.00 be transferred from Surplus Revenue and appropriated for the purpose of acquiring by purchase or eminent domain an easement for a water main between King's Road and

Richland Road, as shown on a plan, on file with the Town Clerk, entitled Plan of Easement on Richland Road in Norwood, Mass., Scale 1' = 40 ft., dated August 24, 1982, Walter R. Ryan, Town Engineer.

On voice vote motion declared carried.

ARTICLE 26. On a motion offered by Joseph R. Adakonis, duly seconded by Maurice Baker, it was

VOTED: Indefinite Postponement

A motion to substitute, offered by Mr. Riolo, seconded by Mr. Butters, that the motion for Indefinite Postponement be deleted and that there be substituted therefor the following: That the sum of $16,000 be transferred from Surplus Revenue and appropriated for the purpose of conducting a storm drain through Prescott School land, Old Farm Road and Deerfield Road, to relieve a flooding condition at the rear of the Prescott School was declared lost by voice vote.

The Finance Commission motion of Indefinite Postponement was declared carried by voice vote.

ARTICLE 27. On a motion offered by Joseph Adakonis, duly seconded by Maurice Baker, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 28. On a motion offered by Thomas J.P. Collins, duly seconded by Eleanor Monahan, it was

VOTED: To accept Section 99 of Chapter 32(G.L.), as amended which provides for the Town Treasurer to make pension payments to duly eligible pension recipients during such period as the State Division of Insurance is reviewing the retirement applications.

On voice vote motion declared carried.

ARTICLE 29. On a motion offered by Thomas J.P. Collins, duly seconded by Eleanor Monahan, it was

VOTED: To accept Section 20(4)(C½) of Chapter 32 (G.L.), as amended which provides that the administrator of the retirement board may be compensated for services rendered to the retirement board in an amount of which shall be not less than two hundred ($200.00) dollars nor more than three thousand ($3,000.00) dollars per annum, payable from the expense fund of the retirement system.

On voice vote motion declared carried.

ARTICLE 30. On a motion offered by Walter J. Grady, duly seconded by Mr. Baker, it was

VOTED: That the general by-laws of the town be amended by adding the following:

Overnight Parking Ban

The parking of all commercial vehicles of more than 1½ ton capacity on public ways in residentially zoned areas be prohibited in the Town of Norwood between the hours of midnight and 6:00 a.m., except vehicles on public emergency standby.

Be it further voted that this by-law be numbered consecutively next following the by-law previously adopted.

On voice vote motion declared lost.

ARTICLE 31. On a motion offered by Thomas C. Coen, duly seconded by John W. Hayes, it was

VOTED: That the Town Meeting authorize and direct the Board of Selectmen to petition the legislature to amend Chapter 541 of the Acts of 1947, the so-called "Representative Town Meeting Act" by deleting the following from Section 8 thereof:

> "Any town meeting member may become a candidate for re-election by giving written notice thereof to the Town Clerk on or before the last day for filing nomination papers."

and substitute the following:

> "Any town meeting member may become a candidate for re-election by taking out nomination papers which shall be signed by not less than ten registered voters of the district in which the candidate resides, and shall be filed with the Town Clerk on or before the last day for filing nomination papers."

On voice vote motion declared lost.

ARTICLE 32. This article was not voted on by the Town Meeting body due to the fact that the petitioners of the article withdrew, without prejudice, their petition for a change of zoning as described in Article 32.

ARTICLE 33. On a motion offered by Joseph R. Adakonis, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postponement.

A motion to substitute, offered by Mr. Riolo, seconded by Mr. Butters, that the motion of the Finance Commission be deleted and substituted in place thereof the following:

> That the sum of $4,000 be transferred from Surplus Revenue and appropriated for the purpose of installing and/or refurbishing the fire alarm system at the Norwood Housing Authority's Frank A. Walsh Housing Project. This motion was declared carried by voice vote.

The main motion, as amended, was declared carried by voice vote.

ARTICLE 34. On a motion offered by Joseph R. Adakonis, duly seconded by Maurice Baker, it was

VOTED: That the sum of $21,000.00 be transferred from Surplus Revenue and appropriated for the purpose of Police Special Counsel.

On voice vote motion declared carried.

ARTICLE 35. This article was not voted on by the Town Meeting body due to the fact that the petitioners of the article withdrew, without prejudice, their petition for a change in the Zoning By-Law as described in Article 35.

Meeting Adjourned.

DISTRICT ATTORNEY ..... Norfolk District
CLERK OF COURTS ..... Norfolk County
REGISTER OF DEEDS ..... Norfolk District
COUNTY COMMISSIONER ..... Norfolk County

QUESTION NO. 1

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on July 2, 1980 by a vote of 171-4, and on June 21, 1982 by a vote of 144-44?

YES _____
NO _____

Summary

The proposed constitutional amendment would remove the present constitutional prohibition against the use of public funds to aid or maintain private primary or secondary schools.

It would permit the Commonwealth, cities and town to make public funds available to pupils attending private primary and secondary schools in the form of either aid, materials or services subject, however, to three specific limitations. First, the private school could not be one that discriminates on the basis of race or color in its admission requirements. Second, the grant aid must be consistent with the First Amendment to the United States Constitution which gaurantees the free exercise of religion and prohibits the establishment of religion. Third, individual pupils would have to request the aid, materials or services. In addition to these three specific limitations, the amendment would authorize the legislature to enact other laws imposing conditions or restrictions on the grant of public aid, materials or services.

The proposal would also change the state constitution to allow public money to be spent to aid infirmaries, hospitals, charitable or religious undertakings if they are either publicly owned or under the control of public officials. The state constitution now prohibits such spending unless these institutions are both publicly owned and under the control of public officials.

QUESTION NO. 2

Proposed Amendment to the Constitution

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in joint sessions of the House of Representatives and the Senate on September 19, 1980 by a vote of 123-62, and on June 21, 1982 by a vote of 125-62?

YES_____
NO_____

Summary: The proposed constitutional amendment would allow the legislature to enact laws authorizing the state courts to impose the death penalty on the conviction of crimes to be specified by law. The proposed amendment would provide that no provision of the state constitution may in the future be constructed as prohibiting the imposition of the punishment of death.

QUESTION NO. 3

Law Proposed by Initiative Petition

Do you approve of a law summarized below, on which no vote was taken by the House of Representatives or the Senate before July 7, 1982?

YES _____
NO _____

Summary:

The proposed law would require that before the construction or operation of any new nuclear power plant or low level radioactive waste storage or disposal facility in the Commonwealth, the legislature must make certain findings and a majority of voters must approve the new facility at a state-wide election.

Before the question of building a new nuclear power plant could be submitted to the voters, the legislature would have to find that (1) the proposed facility is the best means for meeting energy needs based on certain economic, safety, environmental and social considerations; (2) a federally-licensed facility exists for the disposal of the high-level radioactive waste that would be generated; (3) an approved emergency preparedness plan has been developed; (4) radioactive pollution standards have been promulgated; and (5) a demonstrated, federally approved technology exists for decommissioning the proposed power plant.

Before the question of building and operating a low-level radioactive waste storage or disposal facility or entering into an agreement with another state to build and operate such a facility in Massachusetts could be submitted to the voters, the legislature would have to find that the technolgy and site designated for the proposed facility are the best available based on certain economic, safety, environmental and social considerations. The legislature would also have to find that the obligations imposed on Massachusetts by any interstate agreement were no greater than those imposed on any other state.

The proposal would not apply to a facility which had obtained all necessary government approvals before August 5, 1981, nor to any facility for disposal or storage of radioactive wastes from medical or bio-research applications in Massachusetts.

QUESTION NO. 4

Referendum on an Existing Law

Do you approve of a law summarized below, which was approved by the House of Representatives on November 10, 1981 by a vote of 108-49, and by the Senate on November 16, 1981 by a vote of 29-10?

YES _____
NO _____

Summary:

The law requires a refundable deposit be paid for certain beverage containers sold in Massachusetts.

Beverage containers of less than 32 ounces must have a refund value of at least five cents and larger containers a refund value of at least ten cents. This requirement applies to non-biodegradable containers of carbonated soft drinks, mineral water, beer and other malt beverages, but not to containers of other alcoholic beverages, dairy products, natural fruit juices or wine. All beverage containers subject to deposit must clearly indicate the refund value on the container.

The deposit is paid by the customer upon purchase and must be refunded when the customer returns the empty container to a proper dealer or redemption center, so long as the container does not contain any material different from its normal contents. Dealers and distributors are also subject to the same deposit and refund on the beverage containers they handle, and are also entitled to a handling fee of at least one cent per container.

No containers can be sold in the state if they are joined together by

plastic rings or any other device that cannot be broken down by light or bacteria.

The law provides a bottler a reduction in corporate excise tax of one-tenth of one cent for each reusable beverage container which the bottler sells in the first three months of 1983. The law provides for additional unemployment benefits and, if the Legislature appropriates the funds, a job retraining program for employees of bottlers, canners, or manufacturers of beverage containers who lose their jobs as a result of this law.

The law takes effect on January 17, 1983.

QUESTION NO. 5

Shall the Secretary of the Commonwealth of Massachusetts inform the President and the Congress of the United States that it is the desire of the people of Massachusetts to have the government of the United States work vigorously to negotiate a mutual nuclear weapons mortorium and reduction, with appropriate verification, with the Soviet Union and other nations?

YES _____
NO _____

QUESTION NO. 6

This Question is not Binding

Shall the Representative from this district be instructed to vote in favor of a resolution calling upon the United States Congress to make more federal funds available for equal opportunity jobs and programs in education, public transportation, energy efficient housing, health care, and other services, and obtain those funds by significantly reducing the amount spent on nuclear weapons and programs of foreign military intervention?

Given under our hands at Norwood this nineteenth day of October, A.D. 1982.

WILLIAM F. BUTTERS
THOMAS A. RIOLO
WALTER J. DEMPSEY
JOSEPH F. CURRAN
JOHN F. KINNALY
Selectmen of Norwood

Norwood, Norfolk, ss. October 22, 1982

By virtue of the within warrant I have posted the same as directed. The posting was completed Thursday, October 22, 1982.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

A True Copy.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
STATE ELECTION
(Seal)
NOVEMBER 2, 1982

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections met in the various voting precincts designated for their districts in Norwood on Tuesday, the second day of November 1982, at 7:00 o'clock in the forenoon.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty.

Precinct A—Oldham School: Jean R. Brown, Mary F. Folan, Mary Hayes, Catherine L. D'Espinosa, Emily Tibbetts, Mary Hemman, Evelyn Jurgelewicz, Evelyn O'Malley, Albina Grigun, Evelyn D. Lemkin, Harold Wilkinson, and Claire Groh.

Precinct B—Aaron Guild: Frances A. Phipps, Lee A. Griffith, Arlene E. Lindblom, Margaret L. Curran, Margaret Hayes, Rosemarie R. Fanning, Lida Parker, Anne P. Shannon, Sarah Imbrogna, Angela Daly, Bridget McTernan, and Marguerite Conley.

Precinct C—Cleveland School: Frances W. Wiggin, Agnes Riley, Janet Webber, Mary Poce, Mary Moynihan, Alice Mantho, Herbert Wiggin, Catherine M. Griffin.

Precinct D—Balch School: Julia A. Lewis, Edward S. Thomas, Iris Falcone, Helen Ivatts, Doris Dauksis, Anne Boulis, Barbara Barton, Ruth Curran, Rose Joseph, Mae L. Bremer, and Samuel Thomas.

Precinct E—Callahan School: Amedio DeFlaminis, Emilie Moses, Mary Fitzgerald, Barbara Fleck, Katherine V. Connor, Dorothy Rich, William Galle, and Mary G. Groh.

Precinct F—Prescott School: Maureen P. MacEachern, Waldo Nason, Wilfred Turenne, Harriet M. Gullich, Mildred Galle, Vera Kozak, Henry J. Gullich, and Anne Greene.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots November 2, 1982" and their receipts therefor.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with official ballots taken from the package received from the Town Clerk and Accountant and were stationed by the entrances and exits of the polling places with instructions to deliver such

ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the wardens and other officials and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. at the close of the polls an actual canvass of the ballots showed that twelve thousand, one hundred and fifty (12,150) votes were cast.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names checked was twelve thousand one hundred and fifty (12,150).

The vote is as follows:

SENATOR IN CONGRESS

Edward M. Kennedy had sixty eight hundred and eighty three (6883) votes
Ray Shamie had forty seven hundred and sixty eight (4768) votes
Howard S. Katz had sixty nine (69) votes

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, January 24, 1983, at 8:00 o'clock in the afternoon, to notify and warn Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to transfer and appropriate from the proceeds of the sale of the "Civic Center" for the purposes of: final plans and specifications for renovating and equipping a Civic Center replacement at the building known as the Norwood Armory; and funds for the construction thereof; and for any other expenses reasonably related thereto; and further to see if the Town will vote to authorize the Permanent Building Construction Committee to expend said funds, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of the operation and maintenance of the Norwood Armory, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate from the surplus revenue and/or taxation and/or borrowing for the purpose of the operation and maintenance of the Aaron Guild School building, or take any other action in the matter.

ARTICLE 4. To see if the Town will vote to authorize and direct the Board of Selectmen to file a bill with the legislature for permission to transfer a portion of park land consisting of 14,604 square feet, as shown on the plan hereinafter referred to, in order that said land may be used for highway purposes in the proposed change and opening up of Bond Street from Washington to Walpole Street, said parcel being shown on the Plan Showing Proposed Abandonment of Park Land For Street Purposes dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk's Office, or take any other action in the matter.

ARTICLE 5. To see if the Town will vote to abandon a protion of Winslow Avenue, shown as the area containing 3,598 square feet of land on the land Plan Showing Proposed Abandonment Of A Portion of Winslow Avenue dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk's Office, or take any other action in the matter.

ARTICLE 6. To see if the Town will vote to abandon a portion of Cedar Street, shown as the area containing 18 square feet of land on the plan Showing Proposed Abandonment Of A Portion Of Cedar Street, dated November 17, 1982 by W.R. Ryan, Town Engineer, or take any other action in the matter.

ARTICLE 7. To see if the Town will vote to authorize and direct the Board of Selectmen to file a bill with the legislature for the purposes of relocating and constructing University Avenue in the vicinity of Everett Street, including, but not limited to: authorization to transfer portions of so-called "wellfield lands" to highway purposes; authorization to transfer lands in lieu of damages; authorzation to make takings of so-called "wellfield lands" for highway purposes; ratification of a portion of the layout and taking of University Avenue dated October 27, 1966 over so-called "wellfield lands", said portions are shown as parcels A, C, and E on the Plan of Land in Norwood, Mass., proposed land acquisition for highway purposes dated September 21, 1982 by Alvah L. Downs, County Engineer, a copy of which is on file with the Town Clerk's Office; and any other authorizations reasonably related thereto, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of constructing the Sumner Street playground, or take any other action in the matter.

ARTICLE 9. To see if the Town will vote to authorize the Board of Selectmen to sell at public or private sale several parcels of land, designated as lots 165, 166, 168, 169, and 170, on Westover Parkway, on a plan of land, on file with the Town Clerk, entitled Plan of Land on Westover Parkway in Norwood, Mass., Scale 1" = 40 ft., dated August 24, 1982, Walter R. Ryan, Town Engineer, or take any other action in the matter.

ARTICLE 10. To See what sum of money the Town will vote to transfer and appropriate from surplus revenue, and/or borrowing, and/or taxation and/or form other available funds for the purpose of

acquisition costs including damages and for construction and/or reconstruction of an off-street parking facility on Railroad Avenue, or take any other action in the matter.

ARTICLE 11. To see if the Town will vote to authorize and direct the Board of Selectmen to acquire by purchase or eminent domain the parcel of land on Railroad Avenue for off-street parking purposes, said parcel being shown as Lot 6 containing 28,462 square feet of land, more or less, on the Sketch of Plan of Land To Be Acquired for Parking Purposes—(Special Town Meeting, January 24, 1983), a copy of which is on file at the Town Clerk's Office, or take any other action in the matter.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of construction and engineering expenses for a parking deck off Washington Street, over the existing Central Street municipal parking lot, in accordance with Chapter 487 of the Acts of 1980, as amended, or take any other action in the matter.

ARTICLE 13. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of purchasing or leasing a copying machine for the Police Department, or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of providing furnishings and equipment in conjunction with the renovations at the Police and Fire Departments, or take any other action in the matter.

ARTICLE 15. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue, and/or borrowing, and/or taxation and/or other available funds for administration and general expenses in the Municipal Light Department, or take any other action in the matter.

ARTICLE 16. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of installing security alarms at the Father McAleer and Hawes swimming pool facilities, or take any other action in the matter.

ARTICLE 17. To see if the Town will vote to authorize the Board of Selectmen to sell at public or private sale surplus computer equipment no longer in use, or take any other action in the matter.

ARTICLE 18. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of equipment and repairs to the Pellana Road sewage pumping station, or take any other action in the matter.

ARTICLE 19. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of line painting of streets and roads, or take any other action in the matter.

ARTICLE 20. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of audit services, or take any other action in the matter.

ARTICLE 21. To see if the Town will vote to authorize the Board of Selectmen to petition the legislature to eliminate all future Secretaries and Clerks in the office of the Town Clerk and Accountant from Civil Service, or take any other action in the matter.

ARTICLE 22. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing for the purpose of computer services, or take any other action in the matter.

ARTICLE 23. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue for the purposes of up-dating all assessments of real and personal property as of January 1, 1983 for fiscal year 1984 certification requirements in accordance with the order of the Commissioner of the Department of Revenue, or take any other action in the matter.

ARTICLE 24. To see what sum of money the Town will vote to raise and appropriate from surplus revenue for the purpose of securing preliminary plans and estimates for renovations at Norwood Senior High School, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 25. To see what sum of money the Town will vote to appropriate from surplus revenue or other available funds for the purpose of School Custodial Overtime, or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 26. To see if the Town will vote to authorize the Board of Selectmen to enter into a lease with Carla's Incorporated of the so-called "Old Fire Station" located at the corner of Nahatan and Central Streets for a period to exceed ten (10) years, or take any other action in the matter. (On petition of Carla's Incorporated).

ARTICLE 27. To see if the Town will vote to accept Section 12B of Chapter 138 (G.L.) which prohibits nude dancing on premises licensed under Section 12 of said chapter for the serving of alcoholic beverages to be drunk on said premises, or take any other action in the matter.

ARTICLE 28. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of providing additional funds to acquire the land between Pleasant Street and Westborder Road, shown on the Compiled Plan of Land in Norwood, Mass. dated August 31, 1960 by Norwood Engineering Co., Inc., C.E., recorded as Plan No. 1472 of 1960 with Norfolk Deeds in Plan Book 210 and as described in the deed to Stanford Development Corporation dated December 22, 1960 and recorded with Norfolk Deeds in Book 3867, Page 465, which parcel the Board of Selectmen was authorized to acquire by purchase or by eminent domain by Article 20 of the Special Town Meeting of March 26, 1980, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town fourteen days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 4th day of January A.D., 1983.

WILLIAM F. BUTTERS, Chrm.
THOMAS A. RIOLO
WALTER J. DEMPSEY
JOSEPH F. CURRAN
JOHN F. KINALY
Selectmen of Norwood

Norfolk, Norwood ss. January 10, 1983

By virtue of the within warrant I have posted the same as directed. The posting was completed on January 7, 1983.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, January 24, 1983 at 8:00 o'clock in the afternoon.

The meeting was called to order by the Moderator, Robert C. Capasso. The warrant calling the meeting to order was read by Robert M. Thornton, Town Clerk. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. On a motion offered by Thomas DiFrancia, duly seconded by Mr. Baker, it was

VOTED: That the town transfers and appropriates the sum of $1,515,000.00 from the proceeds of the sale of the "Civic Center" for the purposes of obtaining final plans and specifications for bidding purposes for renovating and equipping a Civic Center replacement at the building known as the Norwood Armory; and be it further

VOTED: that said funds be transferred and appropriated for the construction of said "Civic Center" replacement and for any other expenses reasonalby related thereto; and be it further

VOTED: that the sum of $118,200 of said appropriation be devoted to the replacement of the so-called "Veterans' Fund" consisting of the main gymnasium, and that a suitable dedication plaque be included.

and be it further

VOTED: that the Permanent Building Construction Committee be authorized to expend said funds for said purposes.

A motion to amend, offered by Mr. DiMaria, seconded by Mr. Goonan to strike the figure of $1,515,000 and substitute the figure of $1,490,000 was declared lost by voice vote.

The motion offered by the Finance Commission was declared carried by voice vote.

ARTICLE 2. On a motion offered by Thomas DiFrancia, duly seconded by Mr. Baker, it was

VOTED: That the sum of $6,000 be transferred from Surplus Revenue and appropriated for the purpose of maintenance of the Norwood Armory.

Motion declared carried by voice vote.

ARTICLE 3. On a motion offered by Thomas DiFrancia, duly seconded by Mr. Baker it was

VOTED: That the sum of $8,500 be transferred from Surplus Revenue and appropriated for the purpose of the operation and maintenance of the Aaron Guild School Building.

On voice vote motion declared carried.

ARTICLE 4. On a motion offered by William F. Butters, duly seconded by Thomas A. Riolo, it was

VOTED: That the town herewith authorize and directs the Board of Selectmen to file a bill with the legislature for permission to transfer a portion of park land consisting of 14,604 square feet, as shown on the plan hereinafter referred to, in order that said land may be used for highway purposes in the proposed change and opening up of Bond Street from Washington Street to Walpole Street, said parcel being shown on the Plan Showing Proposed Abandonment of Park Land for Street Purposes dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is attached hereto.

On standing vote motion declared carried. Voting Yes, 109; No, 8.

ARTICLE 5. On a motion offered by William F. Butters, duly seconded by Thomas A. Riolo, it was

VOTED: That the Town herewith votes to abandon a portion of Winslow Avenue, shown as the area containing 3,598 square feet of land on the Plan Showing Proposed Abandonment Of A Portion of Winslow Avenue dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is attached hereto; and be it further voted,

That the Board of Selectmen are herewith authorized and directed to file a Declaration of Abandonment of this action with the Norfolk Registry of Deeds.

On voice vote motion declared unanimously carried.

ARTICLE 6. On a motion offered by William F. Butters, duly seconded by Thomas A. Riolo, it was

VOTED: That the Town herewith votes to abandon a portiion of

Cedar Street, shown as the area containing 18 square feet of land on the Plan Showing Proposed Abandonment Of A Portion Of Cedar Street, dated November 17, 1982 by W.R. Ryan, Town Engineer, a copy of which is attached hereto; and be it further voted

That the Board of Selectmen are herewith authorized and directed to file a Declaration of Abandonment of this action with the Norfolk Registry of Deeds.

On voice voted motion declared carried.

ARTICLE 7. On a motion offered by William F. Butters, duly seconded by Thomas A. Riolo, it was

VOTED: That the Town herewith authorizes and directs the Board of Selectmen to file a bill with the legislature for the purposes of relocating and constructing University Avenue in the vicinity of Everett Street, including, but not limited to: authorization to transfer portions of so-called "wellfield lands" for highway purposes; ratification of a portion of the layout and taking of University Avenue dated October 27, 1966 over so-called "wellfield lands", said portions are shown as parcels A, B, C, D, and E on the Plan of Land in Norwood, Mass., proposes land acquisition for highway purposes, dated September 21, 1982, by Alvah L. Downs, County Engineer, a copy of which is attached hereto; and any other authorizations reasonably related thereto.

On standing vote, motion declared carried. Voting Yes, 115; No, 1.

ARTICLE 8. On a motion offered by Mr. DiFrancia, duly seconded by Mr. Baker it was

VOTED: Indefinite Postponement

A substitute motion offered by Mr. Butters, seconded by Mr. Riolo, to substitute that the Town appropriate $235,000 for the purpose of constructing the Sumner Street Playground substantially in accordance with the plan attached hereto was declared lost by voice vote.

A second substitute motion offered by Mr. Eugene Doherty, seconded by Mr. Wohler, to appropriate $235,000 from Surplus Revenue for the purpose of constructing the Sumner Street Playground without any restrictions as to use by organized sports, was declared lost by a standing vote. Voting Yes, 42; No, 51.

The motion of the Finance Commission of Indefinite Postponement was declared carried by voice vote.

*Article 8 reconsidered on January 31, 1983 and then again reconsidered on February 14, 1983.

ANNUAL TOWN ELECTION
APRIL 4, 1983
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections met in various voting precincts designated for their districts in Norwood on Monday, the fourth day of April 1983 at 7:00 o'clock in the forenoon.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty.

Precinct A — Oldham School: Lee A. Griffith, Mary F. Folan, Mary Hayes, Catherine L. D'Espinosa, Evelyn Jurgelewicz, Emily Tibbetts, Mary Hemman, Albina Grigun, Edith Buck, Evelyn D. Lemkin, Harold Wilkinson, James Russell and Claire Groh.

Precinct B — Aaron Guild: Frances A. Phipps, Jean R. Brown, Arlene E. Lindblom, Margaret L. Curran, Mary W. Brierly, Mary C. Amirault, Rosemarie R. Fanning, Lida Parker, Anne P. Shannon, Angela Daly, Bridget McTernan, Eleanor P. Killarney, Roseann Maguire.

Precinct C — Cleveland School: Frances W. Wiggin, Agnes Riley, Janet Webber, Mary Poce, Mary Moynihan, Alice Mantho, Herbert Wiggin and Roberta Dunn.

Precinct D — Balch School: Julia A. Lewis, Edward S. Thomas, Iris Falcone, Helen Ivatts, Doris Dauksis, Anne Boulis, Barbara Barton, Sara Imbrogna, Rose Joseph, Mae L. Bremer, Samuel Thomas, Helen Lewis, and Theresa Curran.

Precinct E — Callahan School: Amedio DeFlaminis, Emilie Moses, Mary Fitzgerald, Barbara Fleck, Katherine V. Connor, Dorothy Rich, William Galle, and Mary G. Groh.

Precinct F — Prescott School: Maureen P. MacEachern, Waldo Nason, Wilfred Turenne, Ethel Moir, Mildred Galle, Vera Kozak, Mary Grassia, Anne Greene, Neil Hawley and Earle Johnson.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the rail. The Town Clerk and Accountant delivered to the clerks, sealed packages marked "Official Ballots, April 4, 1983" and their receipts therefor.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with the official ballots taken from the package received from the Town Clerk and Accountant and were stationed by the entrances and exits of the polling places with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the Wardens and other officals and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls an actual canvass of the ballots showed that forty hundred and thirty eight (4038) votes were cast.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked was forty hundred and thirty eight (4038).

The vote is as follows:

SELECTMEN

For Three Years (Voting for Two)

A True Record

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
ANNUAL TOWN MEETING WARRANT
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood, qualified as the law requires to vote in town affairs, to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, May 9, 1983 at 8:00 o'clock in the afternoon, to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum or sums of money the Town will vote to raise by taxation and/or transfer from Surplus Revenue for the purpose of appropriating such sum or sums for wage increases for all Town employees, including the School Department, or take any other action in the matter.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

ARTICLE 3. To see if the Town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1983, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 5. To see what sums of money the Town will vote to raise, borrow, or transfer from available funds in the treasury and appropriate for the fiscal year beginning July 1, 1983 through June 30, 1984, for the following purposes, or take any other action in the matter. "All sums voted for salaries are to be expended in conformance with the official budget of the Finance Commission unless otherwise voted by the Town Meeting. All sums voted for New Equipment shall be expended for items listed in the budgets approved by the Finance commission and voted by the Town Meeting."

ARTICLE 7. To see what sum the Town will vote to authorize the Board of Assessors to apply from free cash in the treasury in offset to the amount appropriated to be raised by taxation for the fiscal year beginning July 1, 1983 through June 30, 1984, or take any other action in the matter.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to lease for periods not exceeding five years buildings or parts of buildings for the purpose of providing separate and suitable quarters for Post 70 American Legion, Post 2452 Veterans of Foreign Wars, Norfolk County Marine Corps League of Norwood, Chapter 90 Disabled American Veterans and Amvets 153 of Norwood, and to raise and appropriate sums for the payment of rents for the fiscal year beginning July 1, 1983 through June 30, 1984, or take any other action in the matter.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate for the purpose of maintaining the insurance fund to pay Workmen's Compensation.

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate for the purpose of paying part of the premiums for group life insurance, accident, hospitalization, medical and surgical insurance for certain employees and their dependents under the provisions of General Laws, Chapter 32B.

ARTICLE 11. To see what sum of money the Town will vote to transfer from Surplus Revenue and appropriate for the Stabilization Fund, or take any other action in the matter.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate for the payment of hospital, medical and surgical expenses of retired firemen and policemen, as provided in General Laws, Chapter 41, Section 100B, or take any other action in the matter.

ARTICLE 13. To see what sum of money the Town will vote to raise in whatever manner and appropriate such funds to meet the capital and operating cost in connection with the Blue Hills Regional High School assessed to the Town for the fiscal year beginning July 1, 1983 through June 30, 1984, or take any other action in the matter.

ARTICLE 14. To see if the Town will vote to authorize the Board of Selectmen to accept and enter into contract for the expenditure of any

funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of public roads under the provisions of Section 34, Chapter 90 of the General Laws, Ter. Ed., and acts in amendment thereof and in addition thereto.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of $_____ for town funds to be used in conjunction with and in addition to any funds allotted by the Commonwealth and/or County for the construction, reconstruction and improvement of roads under the provisions of Section 34, Chapter 90 of the General Laws, Ter. Ed., and acts in amendment thereof and in addition thereto.

ARTICLE 16. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract with the Mass. Dept. of Public Works and the Norfolk County Commissioners and expend funds made available for the construction, reconstruction and improvement of public ways.

ARTICLE 17. To see what the town under and pursuant to authority granted in General Laws, Chapter 40D, Section 21 (g), as amended, will authorize the Board of Selectmen to enter into a contract with the owner or operator of solid waste disposal facilities to be established in the Town of Plainville for the disposal of refuse, garbage and waste and for the use of recovered energy materials resulting from the operation of such facilities, which contract will

(1) be for a term of twenty years or less;

(2) include provisions for the delivery of minimum amounts of refuse, garbage and waste and payments for the use of the facilities to be based thereon;

(3) provide for the unit prices that will be graduated and for adjustments thereof and for the use of steam, electricity and recovered materials resulting from the use of the facilities and for credits or payments to Town resulting therefrom;

(4) allow the sum by the Town or other municipalities or private parties of the uncommitted capacity of such facilities;

(5) contain other provisions incidental and related to the foregoing general matters; and

(6) be generally in the form of proposed contract negotiated by representatives of the member communities of the 128 West Resource Recovery Council with such changes therein as may be negotiated by said Council and approved by said Board of Selectmen, or take any other action in the matter.

(Copies of the Service Agreement to be placed on file in the office of the Town Clerk and the Board of Selectmen where they may be examined during office hours.)

ARTICLE 18. To see if the town will vote to accept and allow as new town ways, as laid out and reported by the Board of Selectmen, the following: AMERICAN DRIVE from Everett Street to University Avenue; AVON ROAD from Churchill Drive to Victoria Circle (two sheets); BONNEY LANE from Marlboro Street to Victoria Circle;

BUCKINGHAM ROAD from Avon Road to Victoria Circle (two sheets); CHURCHILL DRIVE from Nichols Street to Victoria Circle (three sheets); DORSET STREET from Marlboro Street to Churchill Drive (two sheets); DOWNING STREET from Avon Road to Victoria Circle; EDEN STREET from Westover Parkway to Marlboro Street; KENT ROAD from Churchill Drive to Buckingham Road; MANCHESTER ROAD from Westover Parkway to Churchhill Drive; MARLBORO STREET from Churchill Drive to Sta. 23+47.74 (three sheets); MAYFAIR CIRCLE from Mayfair Street to Sta. 5+41.15; MAYFAIR STREET from Dorset Street to Churchill Drive; ROCK STREET from Neponset Street to Sta. 10+38.79; all as shown on plans and profiles dated December 1, 1982 by W.R. Ryan, Town Engineer, copies of which are on file at the office of the Town Clerk and available for inspection, or take any other action in the matter.

ARTICLE 19. To see what sum of money the town will vote to transfer and appropriate from surplus revenue or other available funds for the purposes of construction, engineering and other reasonably related expenses thereto, for the construction of East Hoyle Street between Washington Street and Broadway, or take any other action in the matter.

ARTICLE 20. To see if the town will vote to remove the restriction on the proceeds of the sale of the so-called Civic Center property as voted under Article 18 of the Adjourned Special Town Meeting of December 6, 1979 in order that the remaining funds may be spent for other legal municipal purposes, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town seven days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this twenty-ninth day of March, A.D. 1983.

WILLIAM F. BUTTERS
JOSEPH F. CURRAN
WALTER J. DEMPSEY
Selectmen of Norwood

Norwood, Norfolk, ss. April 19, 1983

By virtue of the within warrant I have posted the same as directed. The posting was completed Saturday, April 16, 1983.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

COMMONWEALTH OF MASSACHUSETTS
ANNUAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, May 9, 1983 at 8:00 o'clock in the afternoon.

The Town Moderator, Robert C. Capasso called the meeting to order. The warrant calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. On a motion offered by Thomas DiFrancia, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

The Moderator allowed two substitute motions to be offered on this article and they were allowed to be presented and voted on separately.

The first substitute motion offered by Mrs. McKenna, seconded by Mr. Pentowski, was to delete the recommendation of the Finance Commission and substitute in place thereof the following:

VOTED: That the sum of $769,651 be transferred from the Edison Litigation Proceeds account for the purpose of salary increases for the employees of the Norwood School Department as follows:

Administrative Salaries	$ 89,158
Instruction Salaries	617, 763
Custodian Salaries	51,475
Cafeteria Salaries	11,255

This substitute motion was declared carried by a standing vote of Yes, 71; No, 66. Main motion was amended, was declared carried by a standing vote of Yes, 77; No, 59.

The second substitute motion concerning general government salaries offered by Mr. Riolo, seconded by Miss Moses. This motion read as follows:

VOTED: That the recommendation of the Finance Commission be deleted and $475,185 be appropriated from the so-called Edison litigation proceeds for wage and salary increases for General Government employees.

At this point, a motion to amend Mr. Riolo's motion was offered by Mr. DiFrancia, seconded by Mr. John Lydon to approve wage increases for General Government employees and appropriate them by budget line item. In addition this amendment moved to delete the proposed $15,000 for reclassifications included in Mr. Riolo's motion. Mr. DiFrancia's motion was as follows:

Board of Selectmen Salaries	$ 2,790

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn all inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, May 23, 1983, at 8:00 o'clock in the afternoon, to notify and warn the Town Meeting members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum of money the Town will vote to raise, transfer and appropriate from Surplus Revenue or unexpended balances in the Norwood Public Schools budget to the Chapter 766 Account, Transportation - or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 2. To see what sum of money the Town will vote to raise, transfer and appropriate from Surplus Revenue or unexpended balances in the Norwood Public Schools budget to the Chapter 766 Account - Continuing Fees and Services - or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 3. To see what sum of money the Town will vote to raise, transfer and appropriate from Surplus Revenue or unexpended balances in the Norwood Public Schools budget for the purpose of Maintenance of Buildings - Account #610 - or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 4. To see if the Town will vote to adopt as town by-law under the provisions of clause (23) and clause (24) of Section 21 of Chapter 40 of the General laws which provide for the requirement of the designation of parking spaces for disabled veterans and handicapped persons on public and private off-street parking areas and for the prohibition of improper parking in said spaces and for fines for the violation thereof, or take any other action in the matter.

ARTICLE 5. To see if the Town will vote to adopt Section 22D of Chapter 40 of the General Laws in order to authorize the Police Department to tow any vehicle obstructing any curb ramp designated for use by handicapped persons or any parking spaces designated for disabled veterans or handicapped persons, or which vehicles impede the removal or plowing of snow or ice, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to appropriate or transfer, from available funds or surplus revenue for the purpose of payment of clothing allowance under the collective bargaining agreement in the Fire Department, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to appropriate, or transfer from available funds, or surplus revenue for the Fire Department Incidental Account, or take any other action in the matter.

ARTICLE 8. To see if the Town will vote to adopt Section 26C of Chapter 148 of the General Laws which requires automatic smoke and heat detectors in apartment houses containing six (6) or more dwelling units, or take any other action in the matter.

ARTICLE 9. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Police Department Incidental operating expenses, or take any other action in the matter.

ARTICLE 10. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Police Department Overtime Expenses, or take any other action in the matter.

ARTICLE 11. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Public Works overtime expenses, or take any other action in the matter.

ARTICLE 12. To see what sum of money the town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Garage Maintenance expenses, or take any other action in the matter.

ARTICLE 13. To see what sum of money the Town will vote to appropriate from surplus revenue or other available funds for the purpose of Public Works/Snow and Ice, or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Sewer Maintenance expenses, or take any other action in the matter.

ARTICLE 15. To see if the town will authorize the Board of Selectmen to establish from time to time just and equitable annual charges for the use of common sewer and to take any other action with reference thereto.

ARTICLE 16. To see what sum of money the Town will vote to raise and appropriate from available funds, including, but not limited to, surplus revenue, taxation, unexpended balances or borrowing for the purpose of Drain Construction, or take any other action in the matter. (On petition of Savogran Company)

ARTICLE 17. To see what sum of money the town will vote to appropriate from surplus revenue, and/or other available funds, and/or borrowing for the purpose of administration and general expenses in the Municipal Light Department, or take any other action in the matter.

ARTICLE 18. To see what sum of money the Town will vote to appropriate and transfer from Surplus Revenue for the purposes of Collective Bargaining, or take any other action in the matter.

ARTICLE 19. To see what sum of money the Town will vote to transfer and appropriate from Surplus Revenue for the purposes of settling the case of Elaine M. DeMenezes, Adm'x, etal vs Town of Norwood etal (Norfolk Superior Court, Docket No. 113062), or take any other action in the matter.

ARTICLE 20. To see what sum of money the town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of the Wiring Inspector's salary, or take any other action in the matter.

ARTICLE 21. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue for the purpose of paying unpaid bills, or take any other action in the matter.

ARTICLE 22. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue for the purpose of design engineering services and other reasonably related expenses for the construction of approximately 3,000 feet of University Avenue to U.S. Route One, or take any other action in the matter.

ARTICLE 23. To see if the Town will vote to abandon a portion of Bond Street shown as the parcel containing 16,082 square feet of land, more or less, on the plan entitled Town of Norwood, Mass., plan showing proposed abandonment of a portion of Bond Street dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 24. To see if the Town will vote to lay out and accept as a new town way a portion of Bond Street as laid out and reported by the Board of Selectmen and shown as the two parcels containing 15,546 square feet of land as shown on the plan entitled Town of Norwood, Mass., plan showing proposed taking for a portion of Bond Street dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 25. To see what sum of money the Town will vote to transfer and appropriate from surplus revenue and/or other available funds for the purpose of constructing a portion of Bond Street, or take any other action in the matter.

ARTICLE 26. To see if the Town will vote to amend the Zoning By-Law of the Town of Norwood by amending the Zoning Map by changing the zone of the parcel of land as shown on the Plan of Land in Norwood, Mass. by Walter R. Ryan, Town Engineer, dated April 22,

1983, which parcel is generally bounded by the Center line of Washington Street, the center line of Bond Street, the Parkway and the rear lot lines of the houses on Hoyle Street being the major portion of the former Aaron Guild School, a copy of said plan being on file with the Town Clerk and Town Engineer for inspection, by withdrawing said parcel from General Residence (G) zone and establishing the same as Office-Research (O) District, or take any other action in the matter.

ARTICLE 27. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 207,361 square feet of land shown as Parcel A on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 28. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 3,978 square feet of land shown as Parcel B on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6,1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 550 square feet of land shown as Parcel C on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 30. To see if the Town of Norwood will vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the District Boundaries with respect to that portion of the present General Residence Zone, namely the area bounded as follows:

Beginning at a point, said point being the intersection of Norwood-Westwood Town Line and the northerly sideline of Everett Street; thence; S 38°-51'20'' E. A distance of one hundred and sixty two and 15/100 (162.15) feet by the northerly sideline of Everett Street and the Manufacturing Zone; thence; S51°-08'40'' W. A distance of thirty six and 00/100 (36.00) feet; thence; S 32°-23'02''W. A distance of one hundred and thirty six and 97/100 (136.97) feet; thence; S 08°-29'47'' E. A distance of one hundred and twenty four and 75/100 (124.75) feet; thence; S 80°-35'42'' W. A distance of twenty nine and 87/100 (29.87) feet; thence; S 62°-01'11'' W. A distance of one hundred and fifty one and 01/100 (151.01) feet; thence; S 56°-09'12''W. A distance of eighty nine and 68/100 (89.68) feet, the last six (6) courses being by the Manufacturing Zone, thence; N 01°-05'28'' W. A distance of five hundred and eighty five and 75/100 (585.75) feet by the General Residence Zone, thence; S 77°-41'10'' E. A distance of twenty five and 40/100 (25.40) feet; thence; S 72°-51'20'' E. A distance of two hundred and twenty five and 10/100 (225.10) feet, to said point of beginning, the

last two (2) courses being by the northerly sideline of Everett Street and the Norwood/Westwood Town Line.

By withdrawing said portion from General Residence Zone and establishing same as a Business Zone. (On petition of Dimeo Construction Company)

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town fourteen days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 3rd day of May, A.D., 1983.

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Thursday, May 26, 1983 at 8:00 o'clock in the afternoon.

The meeting was called to order by the Town Moderator, Robert C. Capasso. The warrant calling the meeting was read by the Town Clerk, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the Articles of the foregoing warrant:

ARTICLE 1. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $15,000.00 be transferred from Schools Instruction Salaries and appropriated for the purpose of Schools Chapter 766 Account-Transportation.

On voice vote motion declared carried.

ARTICLE 2. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $9,000.00 be transferred from Schools Instruction Salaries and appropriated for the purpose of Schools Continuing Fees and Services.

On voice vote motion declared carried.

ARTICLE 3. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $25,699.00 be transferred from School Utilities and appropriated for the purpose of Schools Maintenance of Building-Account # 610.

On voice vote motion declared carried.

ARTICLE 4. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: To adopt the following by-law:

Handicapped/Disabled Veteran Parking By-Law

1. Any person or body that has lawful control of a public or private way or of improved or enclosed property used as off-street parking areas for businesses, shopping malls, theaters, auditoriums, sporting or recreational facilities, cultural centers, residential dwellings, or for any other place where the public has a right of access as invitees or licensees, shall reserve parking spaces in said off-street

parking areas for any vehicle owned and operated by a disabled veteran or handicapped person whose vehicle bears the distinguishing license plate authorized by section two ov chapter ninety, according to the following formula:

If the number of parking spaces in any such an area is more than fifteen but not more than twenty five, one parking space; more than twenty five but not more than forty, five percent of such spaces but not less than two; more than forty but not more than one hundred, four per cent of such spaces but not less than three; more than one hundred but not more than two hundred, three per cent of such spaces but not less than four; more than two hundred but not more than than five hundred, two percent of such spaces but not less than six; more than five hundred, two percent of such spaces but not less than six; more than five hundred but not more than one thousand, one and one-half percent of such spaces but not less than ten; more than one thousand but not more than two thousand, one percent of such spaces but not less than fifteen; more than two thousand but less than five thousand, three-fourths of one percent of such spaces but not less than twenty; and more than five thousand, one-half of one percent of such spaces but not less than thirty.

2. Parking spaces designated as reserved under the provisions of paragraph (1) shall be identified by the use of above grade signs with white lettering against a blue background and shall bear the words "Handicapped Parking: Special Plate Required. Unauthorized Vehicles May be Removed at Owner's Expense"; shall be as near as possible to a building entrance or walkway; shall be adjacent to curb ramps or other unobstructed methods permitting sidewalk access to a handicapped person; and shall be twelve feet wide or two eight-foot wide areas with four feet of cross hatch between them.

3. all persons shall be prohibited from leaving unauthorized vehicles within parking spaces designated for use by disabled veterans or handicapped persons as authorized by clause (1) or in such a manner as to obstruct a curb ramp designated for use by handicapped persons as a means of egress to a street or public way.

The penalty for violation of this by-law made hereunder shall be as follows: for the first offense, fifteen dollars; for the second offense, twenty five dollars; and for each subsequent offense the vehicle may be removed according to the provisions of section one hundred and twenty D of chapter two hundred and sixty-six.

A motion to amend, offered by Mr. Dixon, seconded by Mr. Wohler to strike the words "residential dwellings" in paragraph one was declared carried by a standing vote of Yes, 57; No, 43.

A second motion to amend, offered by Mr. Ryding, seconded by Mr. S. Wasil, to add the words "except residential dwellings" after the words "or for any other place" in line five of paragraph one was declared carried by voice vote.

A third motion to amend, offered by Mr. Field, seconded by Mr. King, to add the words "at least four spaces" before the words "shall be as near as possible to a building" in line six of paragraph number three of the motion was declared lost by voice vote.

A fourth motion to amend, offered by Mr. DiMaria, seconded by Mr. King to strike the words "the vehicle may be removed according to section 120D of Chapter 266" in the fourth sentence of paragraph five of the original motion, was declared lost by voice vote.

Main motion, as amended, declared carried by voice vote.

ARTICLE 5. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the Town of Norwood herewith adopts Section 22D of Chapter 40 of the General Laws in order to authorize the Police Department to tow any vehicle obstructing any curb ramp or parking spaces for disabled veterans or handicapped persons or any vehicle which impedes the removal or plowing of snow or ice.

On voice vote motion declared lost.

ARTICLE 6. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $4,355.00 be transferred from Fire Department Salaries account for the purpose of payment of clothing allowance under the collective bargaining agreement in the Fire Department.

On voice vote motion declared carried.

ARTICLE 7. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $5,000.00 be transferred from Fire Department Salaries account and appropriated for the Fire Department Incidental Account.

On voice vote motion declared carried.

ARTICLE 8. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the Town of Norwood herewith adopts Section 26C of Chapter 148 of the General Laws in order that apartment houses containing six or more dwelling units, hotels, boarding or lodging houses, or family hotels which are not regulated by sections 26A or 26B shall be equipped with an automatic smoke or heat detector in each dwelling unit and each hallway floor.

On voice vote motion declared carried.

ARTICLE 9. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $15,000.00 be transferred from the Police Salaries account and appropriated for the purpose of Police Department Incidentals.

On voice vote motion declared carried.

ARTICLE 10. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 11. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $10,000.00 be transferred from Department of Public Works Wages account and appropriated for Public Works overtime.

On voice vote motion declared carried.

ARTICLE 12. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $8,000.00 be transferred from Department of Public Works Wages account and appropriated for Garage Maintenance.

On voice vote motion declared carried.

ARTICLE 13. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $2500.00 be transferred from Department of Public Works Wages account and appropriated for Public Works/Snow and Ice.

* On voice vote motion declared carried. This motion was reconsidered on meeting of June 7, 1983.

ARTICLE 14. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $2500.00 be transferred from department of Public Works Wages account and appropriated for the purpose of Sewer Maintenance.

On voice vote motion declared carried.

Meeting adjourned.

A True Record.

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Tuesday, May 31, 1983 at 8:00 o'clock in the afternoon.

The meeting was called to order by the Town Moderator, Robert C. Capasso. The warrant calling the meeting was read by the Town Clerk, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the Articles of the foregoing warrant:

ARTICLE 15. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postponement

A motion to amend was offered by Mr. Riolo, seconded by Mr. Al Doherty to strike out the words indefinite postponement and insert in place thereof the following:

VOTED: That the Town of Norwood herewith authorizes the Board of Selectmen to establish from time to time just and equitable annual charges for the use of common sewers.

A second motion to amend offered by Mr. Plasko, seconded by Mr. Reardon, recommended adding the following restriction after the words "equitable annual charges"—"not to exceed 60 percent of the charge for water".

At this point the main motion, as amended was put to vote. The moderator then read the motion, as amended, to be as follows:

"That the town of Norwood herewith authorizes the Board of Selectmen to establish from time to time just and equitable annual charges not to exceed sixty percent of the charge for water for the use of

common sewers, exept that no charge shall be levied prior to July 1, 1984".

The main motion, as amended, was declared carried by a standing vote of: Voting: Yes, 65; No, 49.

ARTICLE 16. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $12,500.00 be transferred from Edison Litigation Proceeds account and appropriated for Drain Construction.

On voice vote motion declared carried.

ARTICLE 17. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $200,000.00 be transferred from FY '83 Purchase of Electrical Energy account and appropriated for administration and general expenses in the Light Department.

A motion to amend, offered by Mr. Nason, seconded by Mr. Fenton, to transfer $123,000 from the Edison Litigation Proceeds account, and $77,000 from the Purchase of Electrical Energy budget was declared lost by voice vote.

The motion of the Finance Commission was declared carried by voice vote.

ARTICLE 18. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $7500.00 be transferred from Edison Litigation Proceeds and appropriated for Board of Selectmen, Negotiation Fees.

On voice vote motion declared carried.

ARTICLE 19. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $30,000.00 be transferred from Edison Litigation Proceeds amd appropriated for the DeMenezes legal settlement.

On voice vote motion declared carried.

ARTICLE 20. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $760.00 be transferred from Edison Litigation Proceeds and appropriated for the Wiring Inspector's salary.

On voice vote motion declared carrried.

ARTICLE 21. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $1221.84 be transferred from Edison Litigation Proceeds and appropriated for the purpose of paying unpaid bills.

On voice vote motion declared carried.

ARTICLE 22. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postpontment.

On voice vote motion declared unanimously carried.

ARTICLE 23. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the town herewith abandons a portion of Bond Street shown as the parcel containing 16,082 square feet of land, more or less, on the plan entitled Town of Norwood, Mass., plan showing proposed abandonment of a portion of Bond Street dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is attached hereto and a copy of the report of the Planning Board in accordance with Section 81I of Chapter 41 (G.L.) is attached hereto.

And be it further voted that the Board of Selectmen are authorized and directed to file a Declaration of Abandonment with the Norfolk Registry of Deeds.

On voice vote motion declared carried.

ARTICLE 24. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the town herewith votes to lay out and accept as a new town way a portion of Bond Street as laid out and reported by the Board of Selectmen and shown as the two parcels containing 15,546 square feet of land and 14,604 square feet of land as shown on the plan entitled Town of Norwood, Mass., plan showing proposed taking for a portion of Bond Street dated November 17, 1982 by Walter R. Ryan, Town Engineer, a copy of which is attached hereto, and a copy of the report of the Planning Board in accordance with Section 81I of Chapter 41 (G.L.) is attached hereto.

On a voice vote motion declared carried.

ARTICLE 25. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $7,500.00 be transferred from Edison Litigation Proceeds and appropriated for Bond Street Construction.

On standing vote motion declared carried. Voting Yes, 50; No, 39.

ARTICLE 26. REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING MAP OF THE TOWN OF NORWOOD

To: The Citizens of the Town of Norwood:

The Norwood Planning Board through the Daily Transcript in the issue of April 25 and May 2, 1983 gave notice of its intention to hold a public hearing on May 10, 1983 at 7:30 P.M. in the Municipal Building on proposed amendment to the Zoning Map of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend Amendment to the existing zoning map of the Town of Norwood as submitted in the attached motion under Article 26 of the Special Town Meeting of May 26, 1983 for the following reasons:

1. To add value to the sale of the Guild School yet protect the neighborhood interests.
2. The immediate abutters stated that they did not want the building to be used as an apartment complex or as housing for

the elderly and in view of this attitude, the proposed amendment would protect their interests.

3. The location of the building makes the proposed zoning ideal for Offices or Research Offices as outlined in the Zoning By-Law of the town of Norwood.

Respectfully submitted,
PAUL J. DONAHUE
E. WILLIAM BAMBER
ALFRED P. PORRO, JR.
Norwood Planning Board

On a motion offered by Paul J. Donahue, duly seconded by Thomas A. Riolo, it was

VOTED: That the Town of Norwood amend the existing Zoning Map of the Town of Norwood as follows:

With respect to the portion of the present General Residence (G) District namely that area bounded as follows:

The layout lines of this zoning change begin at a point on the westerly sideline of Washington Street and Hoyle Street; thence running N72-33-48W, a distance of 342.76'm thence running N73-27-26W, a distance of 40.01', thence running northwesterly by a curve of radius 226.60', a distance of 89.47'; thence running northwesterly by a curve of radius 578.00', a distance of 99.03'; thence running northwesterly, westerly and southwesterly by a radius of 19.95', a distance of 3141'; thence running N56-38-03E, a distance of 2.07'; thence running northwesterly, northerly and northwesterly by a curve of radius 55.66', a distance of 67.04'; thence running northwesterly by a curve of radius 636.00' a distance of 86.68'; thence running northwesterly, northerly, and northeasterly by a curve of radius 154.30', a distance of 149.19'; thence running northeasterly by a curve of radius 132.30', a distance of 79.83'; thence running N33-04-15E, a distance of 30.00'; to the centerline of Bond Street; thence running southeasterly along the centerline of Bond Street by a curve of radius 495.23', a distance of 71.14'; thence running southeasterly along the centerline of Bond Street by a curve of radius 560.25', a distance of 163.61'; thence running southeasterly, easterly and northeasterly, along the center line of Bond Street by a curve of radius 330.00', a distance of 232.33'; thence running N89-27-59E, along the centerline of Bond Street a distance of 77.32', to a point on the sideline of Washington Street, thence running N89-27-59E, a distance of 33.7' ± to a point at the centerline of Washington Street; thence running S17-43-57W, along the centerline of Washington Street, a distance of 404.2 ± thence running N72-33-48W, a distance of 32.0' ± to a point on the sideline of Washington Street, said point being the terminus of the lines of this Zoning Change and said point being the same as the beginning point of the lines of this description, all lines of which are existing zoning lines to include all of the present General Residence Zone. Within these lines.

By withdrawing said portion from a General Residence (G) Zone and establishing the same as an Office Research Zone (O).

On standing vote motion declared carried. Voting Yes, 72; No, 13.

ARTICLE 27. On a motion offered by Mr. Riolo, duly seconded by Mr. Baker, it was

VOTED: That the town herewith authorizes the Board of Selectmen to sell a portion of the former Aaron Guild School containing 207,361 square feet of land shown as Parcel A on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc. Consulting Engineers and Land Surveyors, a copy of which is attached hereto.

And be it further voted that said land and buildings are to be sold for not less than $1,000,000.

A first motion to amend was offered by Mr. G. Smith, seconded by Mr. J. Sweeney requiring three (3) appraisals of the Guild property to determine current value.

A second motion to amend was offered by Mr. R. Smith, seconded by Mr. Baker to restrict the sale of said property so that it could not be sold to any non-profit tax exempt organization.

A third amendment was offered by Mr. E. McDonough, seconded by Mr. R. Fenton to require that the appraisals of this property be performed by qualified appraisers having the designation of either "S.R.E.A." or "M.A.I."

A fourth amendment was offered by Mr. Shone, seconded by Mr. Fenton, to limit the sale price of the property to the average dollar amount of the two highest appraisals.

At this point, town meeting was adjourned until June 7, 1983.

A True Copy.

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Tuesday, June 7, 1983 at 8:00 o'clock in the afternoon.

The meeting was called to order by the Town Moderator, Robert C. Capasso. The warrant calling the meeting was read by the Town Clerk, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the Articles of the foregoing warrant:

ARTICLE 13. The first order of business was to reconsider Article 13. On a motion by Mr. Rickard, seconded by Mr. Baker, it was voted to reconsider Article 13. Mr. Rickard's original motion for $2500 was withdrawn without objection. On a motion offered by Mr. Rickard, duly seconded by Mr. Baker, it was

VOTED: That the sum of $2500 be transferred from DPW wages and the sum of $64,000 be transferred from Edison Litigation proceeds account and the sum of $22,000 be transferred from Surplus Revenue and appropriated for the purpose of Snow and Ice Removal.

On voice vote motion declared carried.

ARTICLE 27. A motion to amend, offered by Mr. Fenton, seconded by Mr. Dixon to transfer the sum of $7500 from Surplus Revenue and appropriated for the cost of three appraisals was declared lost by voice vote.

A motion for Indefinite postponement, offered by Mr. Riolo, seconded by Mr. Wohler was declared carried by voice vote. The Moderator declared that Indefinite Postponement motion carried.

ARTICLE 28. On a motion offered by Mr. Doherty, duly seconded by Mr. Diggs, it was

VOTED: That the Town authorize the Board of Selectmen to sell 3978 square feet of land on Parcel B for a sum not less than $10,000.

A motion to substitute offered by Mr. Riolo, seconded by Mr. Baker for Indefinite Postponement, was declared carried by voice vote.

The main motion, as amended, was declared carried by voice vote.

ARTICLE 29. On a motion offerd by Mr. Riolo, duly seconded by Mr. Baker, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING MAP OF TOWN OF NORWOOD

TO: The Citizens of the Town of Norwood:

The Norwood Planning Board through the Daily Transcript in the

issue of February 25 and March 4, 1983 gave notice of its intention to hold a public hearing on March 14, 1983 at 8:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend AMENDMENT to the existing Zoning Map of the Town of Norwood as submitted in the attached motion under Article 30 of the Special Town Meeting of May 26, 1983 for the following reasons:

1. The location of the parcel of land is not appropriately zoned at present as a General Residence parcel to allow a positive use of the property.
2. The easements for the abutting housing for the elderly development restrict the use of the land, thereby making the most advisable use a Business Zone.
3. The other parcels on Everett Street, both in Westwood as well as in Norwood, aside from the Elderly Housing development, are presently being used in a business sense, therefore, Business Zoning would be advisable for this parcel.

Respectfully submitted,
PAUL J. DONOHUE
E. WILLIAM BAMBER
ALFRED P. PORRO, JR.
Norwood Planning Board

ARTICLE 30. On a motion offered by Paul J. Donohue, duly seconded by Mr. Baker, it was

VOTED: To recommend that the Town of Norwood amend the existing Zoning Map of the Town of Norwood as follows:

With respect to that portion of the present General Residence (G) Zone, namely, that area bounded and described as follows:

Beginning at a point, said point being the intersection of the Norwood/Westwood Town Line and the northerly sideline of Everett Street; thence, S38-51'-20''E, a distance of 162.15' by the northerly sideline of Everett Street and a Manufacturing Zone; thence, S51-08'-40''W, a distance of 36.00'; thence S32-23'-02''W, a distance of 136.97'; thence S08-29'-47''E, a distance of 124.75'; thence S80-35'-42''W, a distance of 29.87'; thence S62-01'-11''W, a distance of 151.01'; thence S57-09'-12''W, a distance of 89.68'; thence the last six courses being by the Manufacturing Zone thence; N01-05'-28''W, a distance of 585.75'; by the General Residence Zone, thence, S77-41'-10''E, a distance of 25.40'; thence, S72-51'-20''E, a distance of 225.10' to the said point of beginning the last two courses being by the northerly sideline of Everett Street and the Norwood/Westwood Town Line,

By withdrawing said portion from General Residence (G) Zone and establishing same as Business (B) Zone.

On standing vote motion declared lost. Voting Yes, 10; No, 85. Meeting adjourned.

A True Record.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

TOTAL NUMBER OF DEATHS — 663

392 were non-residents of Norwood whose death occurred in Norwood

199 were residents of Norwood whose death occurred in Norwood

72 were residents of Norwood whose death occurred in other towns

REPORT OF THE

TOWN ACCOUNTANT

OF THE

TOWN OF NORWOOD

TOWN ACCOUNTANT'S REPORT

The following represents a summary of some of the significant financial transactions that transpired in Norwood during FY 1983 as recorded through the Town Accountant's office:

Cash and Investments:

The town's financial position in this area as of the end of the fiscal year improved when compared with the end of the previous fiscal year, 1982. Total cash and investments increased from $10,581,416 in 1982 to $15,599,185 in 1983, an increase of $5,017,769. This condition was caused by the cash flow setback that resulted in FY 1982 from setting the town's tax rate so late in the fiscal year. This delay was the result of the comprehensive real estate revaluation program concluded that year.

Excise tax revenues:

Excise tax revenues increased in FY 1983 for the first time since Prop. 2½ was enacted, by $131,000.

State Cherry Sheet Aid:

Net Cherry Sheet aid to Norwood increased in FY 1983 by $260,401. The net State Aid increased from $3,123,332 in 1982 to $3,383,733 in 1983.

Interest earnings:

Total interest income in FY 1983 was approximately $1,467,310. The main components of interest earnings were as follows:

Interest on Surplus Revenue invested	$755,321
Interest on Edison investments	219,996
Interest on Civic fund investments	252,369
Interest on Stabilization fund investments	148,686
Interest on Federal Revenue Sharing fund	90,938

A more complete listing of financial schedules is included in the Town Accountant's report filed hereunder.

I would like to acknowledge and thank the staff of the office of the Town Clerk and Accountant for their dedication, courtesy and patience in efficiently responding to the many calls, letters and personal requests for public documents, licenses and financial information received during 1983. Special thanks is again extended to the other town departments for their help and cooperation in 1983.

Respectfully submitted,

ROBERT M. THORNTON
Town Clerk and Accountant

INDEX OF ACCOUNTANT'S SCHEDULES

Schedule #1: Summary Balance Sheet

This schedule compares the town's financial position at June 30, 1983 to the position at June 30, 1982 on a summary basis. In addition, a brief explanation of the reasons for the changes in financial position is included.

Schedule #2: Detailed Balance Sheet

This schedule provides a more detailed account of the town's financial position at June 30, 1983.

Schedule #3: Cash Summary

This schedule illustrates a summary of the town's General Fund and Federal Revenue Sharing Fund cash activity during FY 1983. Beginning cash balances on July 1, 1982, total cash receipts, total cash disbursements and ending cash balances at June 30, 1983 are accounted for here.

Schedule #4: Schedule of Detailed Cash Receipts

This is a listing of all of the various detailed sources of cash received during FY 1983.

Schedule #5: Schedule of Appropriations and Expenditures

This is a detailed listing of all of the appropriation and special revenue accounts as well as the cash that was expended from these accounts during FY 1983.

Schedule #6: Schedule of Long-Term Debt

This schedule provides a description of the town's various debt commitments outstanding as of June 30, 1983 as well as a breakdown of the various debt payments made during FY 1983.

Schedule #7: Classified Summary of Long Term Debt

This schedule illustrates the town's future debt principal payment commitments through the year 1983.

Schedule #8: Schedule of Interest on Debt

This schedule illustrates the town's future debt interest payments through 1983.

Schedule #9: Schedule of Reserve Fund transfers

This schedule list, by account, the transfers made from the Reserve Fund account during FY 1983.

Schedule #10: Schedule of Free Cash Derivation

This illustrates the methodology used to arrive at the town's level of certified "Free Cash" available for use in FY 1984.

Schedule #11: Schedule of State Cherry Sheet Aid

This schedule shows the net aid received from the State on the "Cherry Sheet" for the past ten years by comparing the Cherry Sheet reimbursements to the Cherry Sheet charges.

Schedule #12: Schedule of Estimated Versus Actual Cherry Sheet Aid

This schedule provides a detailed breakdown of the original Cherry Sheet aid estimates versus the amounts actually collected by the town in FY 1983.

Schedule #13: Estimated vs. Actual Cherry Sheet Charges

This schedule provides a detailed listing of the original estimates of State Cherry Sheet charges versus an actual listing of charges paid to the State in FY 1983.

Schedule #14: Budget Trend Analysis

This schedule reflects trends in budget revenue sources and expenditures over the past three years.

SCHEDULE #1
SUMMARY STATEMENT OF FINANCIAL POSITION—GENERAL FUND
June 30, 1983 and June 30, 1982

	6/30/83	6/30/82	Change Increase (Decrease)
Assets:			
Cash and Investments	$15,599,185	$10,581,416	$ 5,017,769(a)

Subtotal	5,398,375	11,490,058	(6,091,683)
Prior year appropriation balances forward	6,394,439	5,463,062	931,377(n)
Current year appropriation control	43,719,165	41,392,156	2,327,009(o)
Total Liabilities, Reserves, and Fund Balances	$59,032,031	$61,126,973	$(2,094,942)

SCHEDULE 1
EXPLANATION OF BALANCE SHEET FLUCTUATIONS
FY 1983

(a) Cash and Investments - increase of $5,017,769
The main reasons for this increase are as follows:

(1) General cash on hand and invested at 6/30/83 increased by $6,084,000 over 6/30/82 because of the fact that the cash on hand in June of 1982 was lower than normal because the tax rate for FY 82 was not set until June, 1982 (due to the delay in Revaluation of real estate that year). Cash receipts for real estate taxes for FY 82 were not collected until July 1982.

(2) The Stabilization Fund investment increased by $249,000 since FY 1982 due to additional appropriations and interest earnings.

(3) Proceeds invested from the sale of the former Civic decreased by $1,262,000 due to appropriations made from this account for the renovation of the new Civic.

(4) Cemetery Trust Income investments decreased by $52,000 due to appropriations made from this fund for use as a budget offset.

(b) Taxes Receivable — decrease of $7,205,082
The major reason for the large decrease in balances of taxes due to the town as of June 30, 1983 versus amounts due at June 30, 1982 is because of the fact that the tax rate was not set in FY 82 until the month of June in that year. Therefore, tax bills were issued in June, 1982, but they were still outstanding at June 30, 1982 and not collected until following month of July. The reduction in receivables for FY 83 is due to the fact that tax bills were issued in April and the cash was received in May, as usual.

(c) Departmental Accounts Receivable — Increase of $727,798:
The main components of this increase are as follows:

(1) School department accounts receivable: increase of $44,000. This was caused by a timing difference in billings from the vocational school.

(2) Light Department Receivables — Increase of $647,000: This was due to several factors, including increased light rates over FY 1982 and increased billings for electrical construction repair work.

(3) Water Department receivables — up $31,000. This is almost entirely due to increased water rates over FY 82.

(d) Revenue Account — Decrease of $675,685
This decrease was due primarily to the fact that Norwood Town Meeting used more "available funds", or reserves, as budget revenue offsets when voting the FY 84 annual budget in comparison to FY 83.

(e) **Reserves for Uncollected Departmental Receivables: up $727,798**
Uncollected accounts receivable are fully — reserved for, and this increase is a direct result of the increase on departmental receivables, explained in footnote (c) above.

(f) **Revolving Fund Balance Accounts: decrease of $46,494**
The main reason for this decrease was a decline of $47,000 in the Worker's Compensation Revolver balance due to several large worker's compensation settlements.

(g) **Federal & State Grants: increase of $180,984.**
Several new grant balances were on hand at the end of FY 83. The new grant balances on 6/30/83 not existing in FY 82 were as follows: Federal & State Airport Grants — $43,219; State D.P.W. Development Grant — $126,437; State D.E.Q.E. Leak Detection Grant $13,191.

(h) **Receipts Reserved for Appropriation: increase of $45,642**
The Fire Ambulance receipts account was first established in FY 83, accounting for an increase of $38,000; Cable TV Reimbursement Fund was also created in FY 83, an increase of $45,000; These increases were offset by a reduction in the Sale of Cemetery Lots account of $32,000, this being used as an appropriation offset.

(i) **Cherry Sheet Undercharges - decrease of $72,569**
Increases in undercharges were as follows:

State Recreation Areas	8,000
MBTA	3,000
Chapter 766 - Special Ed	15,000

Decreases in undercharges were as follows:

County Tax	(26,000)
MDC Sewer Charge	(72,000)

(j) **Edison Litigation Proceeds — decrease of $1,704,138**
The Edison proceeds were used to fund the following major budget items during town meetings held in FY 83:

Chapter 90 Highway Construction	$ 360,000
FY 84 Wage Increases	1,230,000
Snow Removal	64,000
Light Dept. Legal Fees	200,000

(k) **Overlay Surplus — decrease of $132,398**
The reason for this decline was the fact that this money was used as a budget offset at a FY 83 town meeting.

(l) **Surplus Revenue — decrease of $3,428,597**
There were three Special Town Meetings plus the FY 84 Annual town Meeting held during FY 83. Close to 4 million dollars were appropriated at these town meetings from the Surplus account.

Some if the larger appropriations from Free Cash were as follows:

FY 83 Wage Increases	1,113,377
Group Insurance	65,000
Traffic Improvements	65,000
School-New Computers	72,000
School-Maintenance of Bldgs.	352,000

Sumner Street Playground	124,000
Railroad Ave. Parking Lot	153,000
Assessors Revaluation Update	48,000
Voted to reduce FY 84 tax levy	1,658,368
Light Dept.	69,000
Audit Fees	20,000
School Custodian Overtime	33,000

(m) Miscellaneous Fund Balances — decrease of $928,054

The Proceeds from Sale of Civic Center account was reduced by $1,260,000 due to appropriations for the engineering and construction of the new Civic Center, while the Stabilization Fund was increased by $250,000 due to additional appropriations and investment income.

(n) and (o) Appropriation Accounts

These are budgetary accounts only. The main reason for the increase in prior year appropriation balances brought forward is due to several construction projects being initiated in FY 83 which remained incomplete at the end of the year. The increase in appropriation control is due to the increase in the gross local appropriations (disregarding receipts and offsets) at the FY 84 Annual Town Meeting.

DEPARTMENTAL REPORTS

REPORT OF SELECTMEN FOR THE YEAR 1983

Thomas A. Riolo 45 Driftwood Circle	1984
Joseph F. Curran 77 Hickory Road	1984
Walter J. Dempsey 76 Prospect Street	1985
John F. Kinnaly 27 Sherwood Drive	1986
William F. Butters 354 Nichols Street	1986

Organization

Thomas A. Riolo, Chairman
Ruth E. McCann, Clerk

(The Selectmen's Staff consists of two regular employees)

The regular meetings of the Board of Selectmen were held in the Harry B. Butters Chambers, Room 34, Norwood Memorial Municipal Building, on Tuesday evenings and on other dates or locations as required. The 1983 Annual Municipal Election was held on Monday, the 4th of April.

In addition to innumerable conferences and public hearings on specific subjects of vital concern and interest to the community, the Board of Selectmen conducted a total of forty-five regular meetings and eight special or emergency meetings during the calendar year 1983.

Continued to meet with key department heads on a monthly basis to receive status reports, to discuss problems and to act on recommendations for change and improvement.

Conducted many meetings with residents as well as state and town officials relative to sewage problems, primarily in the Meadowbrook area, declared as the town's first priority. Although it has been determined that the primary reason for the backup problem lies with the Metropolitan District Commission system which is incapable of handling peak flows after heavy rains, resulting in surcharging, some relief is anticipated as a result of the town's aggressive attack on the problem, including town-wide inspection of properties to insure that sump pumps not be allowed to drain water into the sewer system and establishment of a two-for-one infiltration/inflow policy.

Voted to apply for grants, under provisions of the Massachusetts Clean Water Act or other special Act of the Great and General Court, for design of a pumping station for the Norwood Gardens area, raise manholes along three interceptors, enlarge two connections to MDC Sewer System and Recommendations for Sewer System Evaluation Survey.

Reactivated the Water and Sewer Use Committee and adopted a Sewer Use Charge, effective July 1, 1984 and as 60% of the water bill, and adopted a Sewer Use Ordinance. On December 6, 1983 the Municipal Discharge Permit with M.D.C. was signed.

When a relatively small area of Norwood was discovered contaminated with PCB's, worked with the Board of Health, Norwood Hospital, as well as state and federal agencies and officials to clean up the contamination and alleviate fears of residents as quickly as possible.

Held meetings with residents and State DPW officials on the excessive Neponset Street traffic, particularly on the extremely difficult side of street egress and access problems. A committee was established to study proposals for viable solutions to this high priority problem.

Successfully completed lowering of Neponset Street at Wedgewood Drive for improved visibility for motorists.

Held a public meeting on redesign of traffic signals at Dean and Pleasant Street intersection, the project to be funded entirely by the Commonwealth.

Updated and revised Norwood Affirmative Action Plan and appointed a Fair Housing Committee consisting of the following members:

Thomas Coen, Chairman	Paul Donahue
Nancy E. Lane	Philip W. Riley, Esquire
Dora Saia	Phyllis A. McDonough
Robert N. Donahue	Thomas A. Riolo
James L. Simons	Henry W. Diggs
Shirley Clark	Bernard Salim Akram
Mary A. Quinn	Richard J. Smith

Received from the Fair Housing Committee the official copy of the Fair Housing Plan for Norwood, purported to meet the requirements of the Commonwealth in regard to minorities who live in Norwood or may want to.

Met with Assistant Director, Office of Handicapped Affairs, Charles J. Sabatier, Jr. on the subject of making Town Hall services more accessible to handicapped citizens. A handicapped Parking By-Law was adopted, effective September 16, 1983.

With appropriate boards and officials, the Selectmen continued to concentrate on major undertakings such as the Uptown Urban Systems Project, elimination of drainage and sewage backup problems, correction of problems of low flying planes and excessive noise from Norwood Municipal Airport, acquisition of a Railroad Avenue parking lot for commuters, street acceptances, continuing efforts to obtain state and federal funding for a parking garage on Nahatan Street between Broadway and Cottage Street.

The Aaron Guild School property having been declared as no longer needed for municipal purposes, the sale of that property was completed.

Approved locating of the Registry of Motor Vehicles office at the Aaron Guild School building temporarily, while extensive renovations are being made at the Armory building, future site of the Civic Center and also the Registry.

Signed a ten-year lease for occupancy of the old fire station, Central and Nahatan Streets, by a licensed restaurant.

Voted to change American Drive to University Avenue, effective July 1, 1985.

The repair and successful restoration of the Tilton Carillon was accomplished.

This year saw the cumulation of the cable television licensing process when Adams-Russell Cable Services-Massachusetts, Inc. completed installation of cable in the Town of Norwood, of particular note the televising of key board meetings and town meetings. After extensive study, it was determined that the Norwood Senior High School would be an appropriate location for a second studio.

Proclaimed June 6-10 as Water Conservation Week in Norwood.

Observed National Flag Day — Pause for the Pledge — on June 14.

Declared the week of October 15-22 as "Massachusetts Energy Week".

Voted unanimously to endorse November 17, 1983 as "Stop Smoking" Day.

Signed a Proclaimation on the Decade of Disabled Persons (1983-1992) as passed by Congress.

In cooperation with the Commonwealth's Special Commission on Concerns of the Vietnam Veterans, signed a Resolution on the POW/MIA issue.

Established a committee consisting of two members of the School Committee and two Selectmen to study possible location of tennis courts on school grounds. (School Committeeman Roger Pelletier, Superintendent of Schools James R. Savage, Selectman Walter J. Dempsey and Chairman of the Board of Selectmen Thomas A. Riolo)

Appointed Board of Directors for the Norwood Communication Television Corporation, a non-profit corporation: three-year terms — Reverend Clair Anderson, George S. Usevich and Thomas Hayes; two-year term — Jerome Glickman; one-year term — Morris Tobin.

Accepted resignations of John Rockett and Wilfred C. Chesebrough from the Norwood Airport Commission and commended them for their outstanding dedication and service to the community.

Licenses and Permits

On application therefor and after appropriate investigation licenses and permits were granted, renewed or transferred for various activities as delineated under Massachusetts General Laws, as amended, including, but not limited to, the following: on and off-premises liquor licenses, common victualer licenses, one-day all alcoholic beverages licenses, dance permits, music and entertainment licenses, juke box and automatic amusement device licenses, lodging house licenses, public auctioneer licenses, licenses for the storage of volatile inflammable fluids, taxicab licenses, Class I, II, and III Motor Vehicle licenses, tag days, parade and other special event permits.

Claims and Litigation

Claims against the town brought to the attention of the Slectmen by court action or otherwise were, when it appeared to be desirable or necessary referred to Counsel for opinion and appropriate action.

Conclusion

The foregoing report is intended merely to indicate in part the many and varied activities of your Selectmen during the year 1983.

Respectfully submitted,

THOMAS A. RIOLO, Chairman
WALTER J. DEMPSEY
JOSEPH F. CURRAN
WILLIAM F. BUTTERS
JOHN F. KINNALY

In Memoriam

MARIE E. LEE

Marie E. Lee was employed by the town of Norwood in October, 1969. She served the town faithfully and conscientiously from that date until her untimely death on November 2, 1983

The Town of Norwood and her fellow employees express its appreciation for her faithful service and extends their deepest sympathy to her family.

In Retirement

HELEN E. JOSEPH

Helen E. Joseph came to work in the General Manager's Department on April 5th 1943.

She has earned the highest regards of her superiors and co-workers over the years for her loyal and dedicated service. She served the Town of Norwood faithfully and conscientiously until her retirement on June 30, 1983.

The Town of Norwood extends its heartfelt thanks to Helen and wish her many, many years of happiness and good health in her well deserved retirement.

REPORT OF THE SELF HELP INCORPORATED

Self-Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1983, Self-Help, Inc., received a total funding of $11,491,998 and provided 700,828 direct services to the area's limited-income individuals and families. Norwood residents received 7,035 direct services totaling $328,586 during our program year.

The total funding of $11.5 million does not tell the real value of human services delivered to the area as a whole. Self-Help's funding enabled us to mobilize an additional $1,062,180 of other community resources such as CETA, Commonwealth Service Corps, and local city and town contributions as well as volunteers. The gross volume of Self-Help, Inc. during the past program year was $12.6 million.

Self-Help currently employs 252 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/82 to 9/30/83 was a successful one for Self-Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen and town volunteers for helping to make our program a success.

Respectfully submitted,

ULYSSES G. SHELTON, JR.

Executive Director

LIST OF PERSONS QUALIFIED FOR JURY SERVICE
(INHABITANTS OF THE TOWN OF NORWOOD)
AS PREPARED BY THE BOARD OF SELECTMEN ON JULY 1, 1983

Name	Residence	Business or Occupation and Address of Employer or Business

REPORT OF NORWOOD AIRPORT COMMISSION

The Honorable Board of Selectmen
Town of Norwood
Norwood, Massachusetts

Gentlemen:

The Norwood Airport Commission hereby submits its report for the year 1983.

Edwin F. Ofgant, Jr. was elected Chairman and Walter R. Ryan re-elected Secretary of the Commission.

Walter J. Grady, Walter R. Ryan and Edward F. McKenna were appointed to the Commission.

Oulton A. Hues was appointed to fill the unexpired term of John F. Rockett.

Edwin A. Page was appointed to fill the unexpired term of Wilfred A. Chesebrough.

A brief review of matters discussed during the year is as follows:

Jannuary 5, 1983 — Advisory Board appointed to assist the Commission in its selection of a plan to reconstruct the 17/35 Taxi-way.

March 2, 1983 — Commission voted to file a Federal Applicant Grant for a Taxi-way/Parking Apron project.

March 2 — Voted to award the contract for Reconstruction of Runway 17/35 to — J. H. Lynch & Sons of Cumberland, R.I. in the amount of $590.213.

April 27 — U.S. Department of Transportation conducted a Helicopter Noise Survey at the Norwood Airport.

September 7 — Commission authorized the engineering firm of Metcalf & Eddy Inc. to proceed with preliminary design for the reconstruction of Taxi-way 17/35 and a new plane parking apron.

November 8 — Met with the Norwood Board of Selectmen to discuss noise and safety problems at Norwood Airport.

December 28 — Commission initiated a letter of application for a federal grant for an AIP comprehensive noise study at Norwood Airport.

Authorized Metcalf & Eddy Inc. to update the Airport Layout Plan of the Norwood Airport.

Respectfully submitted,

EDWIN I. OFGANT, Chairman
WALTER J. GRADY
PAULINE M. GRASSO
OULTON A. HUES
EDWARD F. McKENNA
EDWIN A. PAGE
WALTER R. RYAN, Secretary

REPORT OF THE ANIMAL CONTROL OFFICER

Mr. John J. Carroll
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

The following is my report as Animal Control Officer for 1983 Annual Report as requested, from January 1 to December 31, 1983.

Number of employees (2) 1 full time, 1 part time

Phone calls received, for Animal related business, dog complaints, dog bites, animals injured by cars dogs lost-found, etc.	3317
Dogs pickup	216
Dogs return to owners	62
Stray dogs placed in new homes and dispose of	154
Dog Licenses	1170
Dog Bites	72
Court citations turn in to Dedham Court	41
Dedham Court Appearances	16
Miles patrol	9190
Dead animal carcasses pickup and dispose of	31

As inspector of Animals I examined all cattle, horses, poultry within the limits of Town of Norwood. Found all to have proper shelter and free from disease.

I would like to thank all Town Officials, department heads, other Town employees and the citizens of the Town of Norwood for their continual assistance and cooperation in helping me to carry out my duties as Animal Control Officer.

Respectfully submitted,

FRANK RODAK
Norwood Animal Control Officer

REPORT OF THE ZONING BOARD OF APPEAL

Honorable Board of Selectmen
Municipal Office Building
Norwood, Ma. 02062

Gentlemen:

The Zoning Board of Appeal employs one secretary.

The Zoning Board of Appeal herewith submits its report for the year 1983. The following is a summary of the applications received and heard by the Board during the year:

1. Request for Special Permits—33
   Approved—23
   Request withdrawn—9
2. Requests for Variances—39
   Approved—28
   Denied—6
   Requests withdrawn—5
3. Amendments to original decisions—4
4. Appeals from Building Inspector's decision—2

The Board of Appeal conducted seventy-one (71) public hearings in 1983, seven of which were continued to second sessions. In addition, the Board also held six meetings.

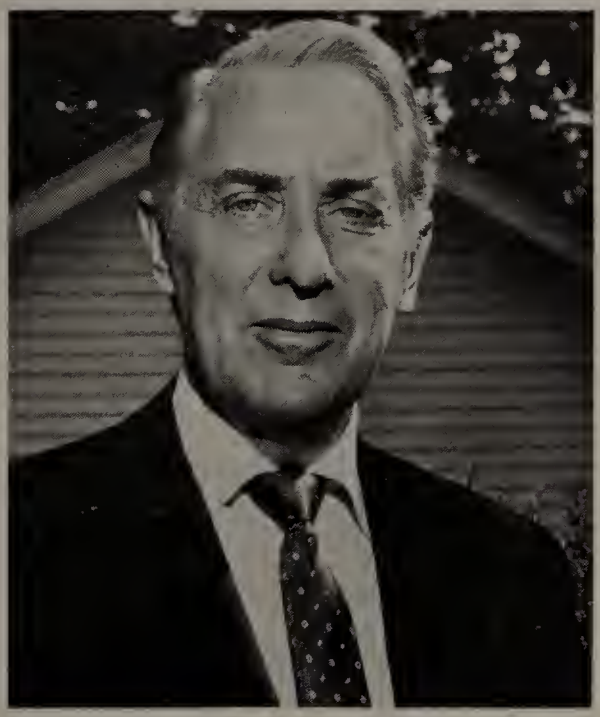
Under the fee schedule, which became effective July 1, 1974, revised September 29, 1982, the sum of $2,945 was collected for filing fees, and turned into the Town Treasurer for the year 1983.

We wish to thank the Associated Members of the Board, Messrs. Joseph R. Olshan, Francis J. Hopcroft, and Brian Heckert; the Building Inspector, Mr. John E. Grover and his staff; and our Secretary, Mrs. Joan M. Geraghty, for their dedication. Our thanks also to the various elected and appointed Town Officials for their assistance and cooperation during the past year.

Respectfully submitted,

ZONING BOARD OF APPEAL
Philip W. Riley, Chairman

In Memoriam



GEORGE T. MAHONEY

George T. Mahoney served the Town of Norwood as an Assessor from August 1, 1978 until his death on March 4, 1983.

He will be long remembered by all who knew him for his dedication, dignity and integrity in the performance of his various duties.

The Town of Norwood through its Board of Assessors wishes to express its appreciation for his faithful service and extends its sympathy to his family.

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their Annual Report for the year 1983, together with a statement showing a comparison of tax rate recapitulations for the fiscal years 1983 and 1984.

A table showing the comparison of valuations, tax rates, and taxes assessed over the past years is attached as a supplemental report.

Organization

Joseph T. Turner was appointed assessor by the Selectmen to serve the unexpired term of the late George T. Mahoney ending April 1, 1986.

*in 1983 the personnel of the Board consisted of six employees:

1 Full-time Assessor
2 Part-time Assessors
1 Head Clerk
1 Senior Clerk
1 Clerk and Typist

Motor Vehicle and Trailer Excise

27,876 Motor Vehicle and Trailers were assessed for the year 1983, and excise in the amount of $1,040,096.31 was committed to the Collector of Taxes as of December 31, 1983.

Appellate Tax Board of Appeals

As of December 31, 1983 there were pending before the Appellate Tax Board the following appeals from valuations determined by the Assessors:

Year	No. of Appeals
Fiscal 1982	19
Fiscal 1983	2

Respectfully,

JAMES J. DRUMMEY, Chairman
JOHN J. DONOVAN
JOSEPH T. TURNER
Board of Assessors

Inspector of Buildings

REPORT OF PLUMBING AND GAS INSPECTOR

A total of 872 plumbing and gas applications were received bringing in $14,183,00 in revenue to the Town of Norwood.

Yours truly,

JAMES J. CAPALDO
P & G Inspector

REPORT OF THE WIRING INSPECTOR

A total of 393 wiring permits were issued bringing in $7,319.50 in revenue to the Town of Norwood.

Yours truly,

JOHN FARRELL
Wiring Inspector
Town of Norwood

REPORT OF THE TOWN COUNSEL

Thomas A. Riolo, Chairman
Norwood Board of Selectmen
Municipal Building
Norwood, Massachusetts

Dear Chairman Riolo,

This is my report as Town Counsel for the 1983 Annual Report in accordance with the General Manager's request to be brief. It is virtually impossible to be accurate and brief because of the nature of the many issues but I will be brief.

Town Counsel has met the numerous and varied requests of all town officials in the highest professional manner possible. Although the position of Town Counsel is referred to as a "part-time" position, Town Counsel has been available on a 24-hour basis because municipal legal problems know not the hour of the day.

Town officials are not always pleased with the advice given by Town Counsel but he has always acted honestly, impartially and with a sincere desire to serve the best interests of his clients. Again, I wish to thank the Board of Selectmen for the opportunity to serve my community and to meet my responsibilities to my family.

I renew my original pledge of eleven years ago to faithfully meet my responsibilities to all town officials to the best of my abilities.

Very truly yours,

JUSTIN C. BARTON

REPORT OF THE CONSERVATION COMMISSION

John J. Carroll
General Manager
Municipal Building
Norwood, MA 02062

Dear Mr. Carroll,

The Conservation Commission met regularly on the third Tuesday of the month at the Town Hall through August at which time it was decided the increased amount of work was necessitating extra meetings and late hours so a regular schedule of meetings on the first and third Tuesdays was instigated. This has proven more satisfactory. Hearings were held under the Massachusetts Wetlands Protection Act and the Town By Law XXV on the following twenty projects: Alden Apartments, Sumner St. Recreation Area, Rte #1, Eilertson, Park Place — Lot 30, Lydon, Norwood Park South — Bldg. 3, Park Place — Lot 30 & 68, Bird'd — Bldg. & R.R., Simoni Flowers, Norwood Airport, Bird's — oil tanks, Reardon, U-Haul, Kerry Place, Pioneer I, II, III, Derenzo, Jet Spray.

Mrs. Cottrell and Mr. Baker were re-elected Chairman and Vice Chairman respectively. Dr. Hawley was elected Financial Secretary.

Members have been active in the Neponset Conservation Association and have also attended other meetings and workshops. New regulations for the Wetlands Protection Act became effective in the spring and to familiarize themselves with these the members participated in several workshops. The Commission was represented at the MACC Fall Conference. Mr. Baker has represented the Commission on the Acquifer Study Committee, Dr. Hawlwy is on the regional Water Resources Study Committee. Mrs. Cottrell is a member of the Citizens Advisory Committee for the new Neponset Valley Interceptor Sewer study.

Through the efforts of our legislators funding for the repair of Ellis Dam has been acquired. This will be a project of major interest to the Commission for several years. Not only will the dam itself be important but revitalization of the pond will also be a challenge.

We hope the community will continue to express its concern to us regarding environmental matters and we will try to be helpful.

REPORT OF COUNCIL ON AGING

The Norwood Council on aging is comprised of eight members who are appointed by the Town Selectmen. Meetings are held on the second Thursday of each month at the Drop-In Center which is located in the basement of the United Church, Washington Street. All meetings are open to the public. Present members are:

Julia A. Rogers, Chairman	William Balfour
Margaret M. Amirault, Vice Chairman	William Buckman
F. Peter Corsini, Treasurer	K. Frances Dolaher
Nora M. Mitchell, Secretary (Vol.)	Margaret Fitzgerald
Robert H. Ivatts, (Recreation Dept. - ex-officio	Edward Freedman

Employees are:

Harriette Halley, Director of Drop-In Center - part-time
Harry Olsen, Mini-bus Driver - part-time
Diane Brady, Outreach Worker - part-time (DEA Grant)

The Council continues its efforts to identify the needs of the elderly population and to educate the community at large in the wants and necessities of its senior citizens.

This is largely accomplished by publishing a monthly newsletter which is distributed to convenient locations throughout the town and by weekly articles published in the local newspapers.

We have had a very successful year and the membership at the Center has increased over the last year. Under the direction of Harriette Halley, it is the focus of activity. Visitors are made welcome and there is something interesting going on all the time. Programs such as Arts and Crafts, table games, whist, cribbage, scrabble and beano are ongoing, as well as monthly birthday parties and monthly shopping trips to Walpole Mall. Various bus trips were arranged during the year which were entertaining, educational or cultural. These trips are most popular and very well attended.

A group of 20 or more loyal and dependable volunteers help out at the Center every day and are largely responsible for the success of its operation. They are dedicated and give willingly of their time and talent. We are most grateful to them.

Through Self Help Program, free butter and cheese were distributed at the Center on two different occassions to senior citizens and others who qualified.

At Thanksgiving and Christmas, canned goods and money were donated for the purpose of distributing baskets to the needy through the cooperation of the Department of Social Services and St. George's Church in South Norwood.

The mini-bus now has an established route which is strictly followed and provides an average of 100 rides per day. This includes medical appointments which have priority and for hot lunches served at the Henry O. Peabody School.

Through our Outreach Worker a referral list of services and agencies has been compiled. This has contributed largely to the needs of the elderly with appropriate advice or personal services offered through her counseling and home visits.

The Council's foremost desire is to provide, to the best of its ability, needed services for our senior citizens. The members have been diligent and working hard to accomplish these goals and to offer anything which will prove beneficial to the welfare and happiness of the elderly.

We look forward with anticipation to our new quarters in the Armory which will also be headquarters for the Recreation Department.

JULIA A. ROGERS
Chairman, COA

HARRIETTE HALLEY
Director, Drop-In Center

REPORT OF THE TOWN ENGINEER

Mr. John J. Carroll
General Manager
Town of Norwood
Norwood, Massachusetts

Dear Sir:

The Town Engineer hereby submits his Annual report for the calendar year 1983.

Present Engineering Department personnel are: Town Engineer, Assistant Town Engineer, Grade III Engineer and one Northwestern University Co-op student.

The usual utility construction jobs, both public and private, continued in Norwood during 1983. A list of the more important work follows:

WATER CONSTRUCTION

Location	Lin. Ft.	Size
Washington Street (E. Hoyle St. to Rockhill St.)	316	6"CIDI
	171	8"CIDI
	7545	12"CIDI

Dean Street (Route One to Neponset Street.)	34	6'' CIDI
	34	8'' CIDI
	2994	12'' CIDI
Neponset Street (Dean St. to Norton Dr.)	52	6'' CIDI
	44	8'' CIDI
	2333	12'' CIDI
Walpole Street (Winter St. to Garden Pkwy.)	173	6'' CIDI
	173	8'' CIDI
	8531	12'' CIDI
Kerry Place (Dean St. to Cul-de-Sac)	1100	8'' CIDI

SEWER CONSTRUCTION

Shattuck Park	560	8'' PVC
Neponset Street (Dean St. to Hemlock St.)	934	8'' PVC

DRAIN CONSTRUCTION

Kerry Place (Dean St. to Cul-de-Sac)	1134	36'' RCP
	250	30'' RCP
Lenox Avenue (Exist 54'' Drain main to Lenox St.)	750	18'' RCP
Pleasant Street (Morse St. to Pleasant St.)	381	18'' RCP
Union Street (Exist. 15'' drain to Sumner St.)	190	12'' RCP

Following streets were accepted as Town ways:

American Drive; Avon Road; Bonney Lane; Bond Street; Buckingham Drive; Churchill Drive; Dorset Street; Downing Street; Eden Street; Kent Road; Manchester Road; Marlboro Street; Mayfair Circle; Mayfair Street; Rock Street.

Supervised the construction of Sumner Street playground; supervised the reconstruction of Bond Street (Washington St. to Parkway), and East Hoyle Street (Broadway to 350 ft. east of Washington Street).

Field inspections on private and Town construction jobs were made as required, including new developments being constructed under the sub-division control law.

A partial tabulation of projects that are now in varied levels of development follows:

The Infiltration/Inflow Study of the Town Sanitary Sewer System

Nahatan Street Corridor Projects

Establishment of a Water Resources Protection District

Extension of University Avenue

Median barrier and reconstruction of Route One

Proposed new traffic lights at the intersection of Dean Street and Pleasant Street.

These projects and others like them, in addition to the regular work requests should keep the Department well occupied during 1984.

Respectfully submitted,

WALTER R. RYAN
Town Engineer

FINANCE COMMISSION: (Left to Right) Peter Bamber, Thomas DiFrancia, Norman Rickard, William Collins, Joseph Adakonis

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized in the year 1983 as follows:

Norman E. Rickard, Chairman
Joseph R. Adakonis
E. Peter Bamber
Thomas DiFrancia
William J. Collins

On July 1, 1983, the debt outstanding of the Town of Norwood was $4,640,000, with maturities during 1983-84 of $620,000.

The Finance Commission examined the requests for appropriations for FY 1984 which were submitted by all town departments, met with the department heads and committees that are charged with the disbursement of appropriations to discuss their budget requests, and then made detailed budget recommedations to the Town Meeting.

The sum of $200,000 was appropriated for the FY 1983 Reserve Fund. The following transfers were approved from the Reserve Fund by the Finance Commission during FY 1983:

Renovation of Municipal Building	30,395.00
Maintenance of Schools	22,091.41
School Custodian Overtime	18,013.00
Unfunded COLA settlement—AFSCME	14,018.00
Public Works Overtime	13,830.00
Police Incidentals	11,068.00
Special Legal Counsel	10,000.00
Sewer Maintenance	7,516.40
General Government	7,178.86
Light Department Overtime	7,000.00
Meadowbrook Land Purchase	7,000.00
Civic Maintenance	6,500.00
Assessors Department	5,810.00
Computer Services	5,000.00
Water Construction	4,661.00
Election Department	3,900.00
Renovation of Police/Fire Building	3,800.00
School Administration Salaries	3,500.00
School Administration Expenses	2,999.00
Finance Commission Incidentals	2,800.00
Traffic Study	2,000.00
Board of Health	1,629.68
Board of Selectmen	1,000.00
Retired Police/Fire Medical	1,000.00
Police New Equipment	1,000.00

Schools-New Equipment	565.57
Miscellaneous	1,306.31
	195,582.23

Respectfully submitted,

NORMAN E. RICKARD, Chairman
JOSEPH R, ADAKONIS
E. PETER BAMBER
THOMAS DiFRANCIA
WILLIAM J. COLLINS

REPORT OF THE FIRE DEPARTMENT

Mr. Thomas Riolo, Chairman
Honorable Board of Selectmen
Norwood, Massachusetts

Dear Mr. Riolo:

It is a pleasure to present to you and the citizens of Norwood the Annual Report of the Fire Department for 1983.

Although total Fire Department responses were down slightly for the year, several damaging building fires accounted for an increase in fire dollar losses. For the first time in three years an increase was noted in residential fires. On the positive side, reductions were noted in grass fires and false alarms. There were no fire deaths and only two cases of minor injuries were noted for non-Fire Department personnel as a result of fires.

Considerable time was spent in two areas of Fire Prevention, the school education program and the requirement of smoke detectors in apartment buildings. The school program provided fire prevention education of over 2500 youngsters in the 35 programs given by the Department.

Many hours were spent both inspecting and certifying the new addition at Norwood Hospital. In December over 200 hours were spent in familiarizing Fire Fighters with both the building and the special procedures needed for fire fighting.

During the year reconstruction of Washington Street and other water main construction required constant monitoring to insure adequate response routes and access to buildings. We are pleased to report no major problems occurred and we were certainly pleased when things returned to normal in December.

1983 was the second year of the reorganization and the changes made in 1982 proved to be more successful than anticipated. Inservice training improved and for the first time an active inservice inspection program was in progress. We also spent many hours reviewing our Emergency Medical Services, and have developed an improved operational plan for 1984. Funds were provided by ambulance billing to purchase a new ambulance which is expected in April.

We look towards the future with optimism and anticipation of further progress with the Department.

I would like to express may appreciation for the assistance and direction given by the Board of Selectmen. I would also like to thank the various Town Departments for their cooperation and assistance during the year.

Respectfully submitted,

REPORT OF THE BOARD OF HEALTH

The Board made the following appointments

Lowell E. Fox, M.D., Public Health Physician
Phyllis M. Boucher, Superintendent/Director

Miss Boucher was appointed as Superintendent/Director of the Norwood Board of Health by a unanimous decision on September 14, 1983. The position became effective September 26, 1983.

Miss Boucher holds a Masters Degree in Public Health, is a registered sanitarian and is a certified Health Officer in the Commonwealth. She brings to Norwood a great deal of experience in the area of environmental health.

Public Health Nursing

Norma Herig, RN, Public Health Nurse
Margaret Barker, RN, Public Health Nurse

The Public Health Nursing Staff is Responsible for:

1. Investigation and control of the spread of communicable diseases
2. Immunization of all school age children for DPT, Polio, MMR (Measles, Mumps & Rubella), TD.
3. Clinics for the administration of Flu and Pneumonia vaccine for the elderly and high risk groups.
4. Home visits for the new-born
5. Mantoux testing & certification for Tuberculosis control
6. Keep clinics & a comprehensive hypertension program for persons 20 years of age and over
7. Referral of venereal disease, alcohol or drug related problems and mental health problems to the proper agencies

DENTAL CLINIC 1983/84

Maria Krivishlokoff, DMD, Clinic Dentist
Claire Morrison, RN, Dental Assistant

The Dental clinic serves Norwood Public Schools and St. Catherine's Parochial School. Students are examined, and notices sent for parental consent if treatment is to be performed at the Dental clinic.

Treatment includes cleanings, fillings, emergency care, instruction in dental hygiene, plaque control and counselling in good nutrition for health teeth and gums.

SCHOOL NURSING SERVICES — ST. CATHERINE'S

John O'Day, MD, School Physician
Anna E. Tobin, RN, School Nurse

The Board continued its nursing services with the private schools of the town as mandated by State Law. Routine examinations were performed by the school physician. Parents were notified of any physical defects and advised to consult their family physician. In accordance with the school immunization Law, all school-aged children were fully immunized. Vision testing and hearing testing were also conducted. Defects were noted and referrals made to the appropriate specialists.

Scoliosis screening was held for 170 children in grades 5-9 by Dr. Roy T. Lydon, to find early signs of possible spinal problems. It is not a diagnostic service, but only identifies those who should have further medical evalutation.

BOARD REPORT

The Norwood Board of Health continues to take positive steps to meet its obligations to the citizens of Norwood and to fulfill its duties under MGL 111:5, 26-33. Responsibilities include enforcement of State sanitary and environmental codes, reporting of disease dangerous to the public health, review of preliminary and definitive plans for subdivision control, inspection of landfill sites and protection of surface and groundwater sources from contamination. The Board of Health took an active role in attempting to formulate a plan to alleviate the problems and concerns of Norwood residents regarding the inadequacies of the sewer system. The Board stood alone in declaring a moratorium on any further sewer connections, and worked in unison with DEQE in bringing this problem to the forefront.

The Board felt this moratorium was necessary due to the severe health hazard posed by sewage backups in the affected areas.

Discovery of PCB contaminated soil in a field at the corner of Route One and Dean Street was the main focus of the Board of Health for several months. Soil from the field was removed under the direction of DEQE and the EPA. Through money appropriated by Town meeting, the Board of Health performed their own soil tests. Testing was accomplished with the assistance of a private environmental engineering firm. Results were well within normal ranges.

Blood testing was carried out with the combined cooperation of the Board of Health, the Department of Public Health, the Norwood Hospital and the Center for Disease Control.

Thursday, July 21, 1983 the Massachusetts Department of Public Health completed blood sampling of 88 persons who had the greatest contact with the site where high concentrations of PCB's (poly chlorinated biphenyls) were found. Thirty samples were tested by CDC, and the remaining 58 were analyzed by DPH. Findings from both CDC and DPA showed that Norwood citizens did not absorb any excess PCB's as a result of activities on or near the site. All serum blood tests performed on Norwood residents through December were within normal levels.

A public hearing was requested by Norwood Hospital for the assignment of an incinerator to burn wastes Types I through IV. After due public hearing the Board granted the assignment.

Norwood Board of Health

PATRICIA A. TALBOT, Chairman
MICHAEL C. DONAHUE
HENRY T. McAULIFFE

In Retirement

ROY T. LYDON, M.D.

1954—1983

Dr. Roy T. Lydon served the Town of Norwood as a Member of the Board of Health, and then as Board of Health Physician until his retirement in 1983.

The Board extends its wishes for a happy and fruitful retirement.

In Acknowledgement

BARTLEY J. KING

1941—1983

The Norwood Board of Health wishes to acknowledge the 42 years of service of Bartley J. King to the Town of Norwood and to the Board of Health.

In Memoriam

HARRY A. SHANNON

1893—1982

Harry A. Shannon was elected to the Norwood Board of Health on February 1, 1934 and he served in that office with distinction until June 27, 1939.

The Board of Health appointed Harry A. Shannon to the position of plumbing Inspector on July 1, 1939 and he filled that position until February 1, 1963 when he retired from the service of the Town of Norwood.

Harry A. Shannon always treated the tradesman and homeowner in a courteous and understanding manner during his tenure as plumbing Inspector for the Town.

Harry was married to the late Marion A. Clark.

NORFOLK MENTAL HEALTH ASSOCIATION

Through its artnership with the Norfolk Mental Health Association, the town of Norwood is able to guarantee its residents — children, youth and adults — access to an integrated network of quality outpatient mental health services. Town contribution enables Cutler Counseling Center, a comprehensive clinic sponsored by the Association with limited support from the State Department of Mental Health, to provide a wide range of outpatient counseling services to citizens who need them at fees based on their ability to pay.

The Norfolk Mental Health Association is a private non-profit corporation, governed by a citizen Board of Directors who represent each of the twelve towns in its service area, Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham.

The major programs of NMHA available to residents are: CUTLER COUNSELING CENTER, which has a large multi-disciplinary staff serving individuals, couples and families. Services include evaluation, referral, treatment, educational and support groups (e.g. Widowed Lifeline, Gym Program for Children, Social Rehabilitation, Divorce-Separation Workshops, Stress Managment,) children's groups, parent-toddler groups, as well as consultation and training services to community agencies, schools, and local industries; NORFOLK CLINICAL CHILDREN'S CENTER, a therapeutic day program for emotionally, behaviorally or developmentally distressed children ages 3-8; SUPERVISED APARTMENT PROGRAM, a residential program providing supervised living for deinstitutionalized mentally ill/mentally retarded adults; PROJECT HIRE, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment training and counseling, sheltered long-term employment, and transitional employment and job placement; CASE-AIDE AND PARENT-AIDE PROGRAMS, offering trained and supervised volunteer aides who provide one-to-one help to clients both in the community, families and individuals in crisis, victims of domestic violence , parents at risk of abusing or neglecting their children, isolated elderly; INTERGENERATIONAL CARE PROGRAM, providing the opportunity for elderly residents in a Nursing Home to participate in providing group child care to pre-school children from families experiencing stress, simultaneously giving respite and support to the parents; COMMUNITY EDUCATION AND INFORMATION, offering publication of an inform- ative newsletter, The Reporter, to every home in the service area, speakers for community meetings, workshops, consultation and educational materials.

During fiscal year 1983, Cutler Counseling Center provided direct services to approximately 1,022 people from Norwood. It also provided 114 hours of consultation to schools and community agencies. The total value of these services was $271,295 of which the town of Norwood allocated $14,666.

In the past year people from Norwood who came to us for assistance were often referred by friends, neighbors or family, may have read our

newspaper, or were referred by clergy, school, physicians or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relationships, school or behavior-related problems, alcohol or drug abuse, and work related problems.

The Norfolk Mental Health Association Board of Directors includes Arthur Gerome, James Hilliard and John Murphy from Norwood.

SNCARC — ANNUAL REPORT

The South Norfolk County Association for Retarded Citizens, Inc., is a dynamic, vigorous organization run by and for local citizens, dedicated to the dignity and potential of all people.

Its function is to advocate the rights of mentally retarded and developmentally disabled citizens of the South Norfolk communities and to provide or obtain quality services for individuals and their families.

SNCARC is a private, nonprofit organization which has been a vital part of the twelve South Norfolk County communities since 1954.

SNCARC provides a comprehensive and integrated network of services designed to address a wide range of needs and developmental levels.

The Early Intervention Team provides preventive professional consultation, counseling and community education, and home-based programming for families with children age birth to three.

Our vocational programs provide prevocational, basic skills, work adjustment, on-site job training and job placement services. Our newest program this year is a Day Habilitation Program at the First Baptist Educational Center in Westwood which provides intensive training in speech, physical and occupational therapy, skills of daily living and prevocational training.

SNCARC also provides a residential program which includes group homes, supervised apartments and cooperative apartments providing living environments which are conductive to personal growth.

Everyone is welcome at our social and recreational programs, many of which are held at the First Baptist Educational Center and include a Tuesday Drop-in Center and monthly dances at St. Denis Church, also in Westwood.

Our Family Support Services include information and referral services, respite care, training projects, parent and sibling groups, special interest groups, and regular social functions. We sponsor two teen groups, one of which is held on Tuesday nights in St. Martha's Parish in Plainville and the other on Wednesday evenings in the Deerfield School, Westwood.

The Citizen Advocacy Program is a way in which interested citizen volunteers can show their concern for mentally retarded persons in the most meaningful way by forming close personal relationships with them and helping them to realize their full potential as individuals.

Our Community Education and Consultation provides speakers and/or professional consultants to local public and private groups, professional agencies, business and industry, schools, etc.

The overall goal of the agency is to enable individuals to become increasingly more self-sufficient, productive and creative, and to become respected and valued participants in the life of their community.

For information call: 762-4001.

REPORT OF THE NORWOOD HOUSING AUTHORITY

The Norwood Housing Authority, a Public Corporation, was organized in 1948, as authorized by Chapter 121B of the General Laws of the Commonwealth of Massachusetts.

ANNUAL MEETING: The First Tuesday after the Annual Town Election.

REGULAR MEETING: The First and Third Tuesday of each month at 7:30 P.M.

John C. Adelmann	Treasurer	April 1986
Phyllis A. McDonough	Asst. Treasurer	April 1988
Edmund R. McGrath	Commissioner	April 1984
Kevin F. Maguire	Executive Director Secretary	

Personnel employed by the Authority consists of one Executive Director, one Deputy Executive Director, one Program Coordinator, one Clerk/Computer Operator, one Maintenance Supervisor, one Maintenance Mechanic, two Laborer Mechanics, two Maintenance Laborers and two Maintenance Aides.

The duties of the Norwood Housing Authority and the objective ot the Public Housing Legislation is to provide decent and adequate housing for families and elderly persons of low and moderate income at rents they can afford. The primary function of the Authority is to administer Public Housing in the Town of Norwood and to recommend and apply for financial assistance to State and Federal Agencies for new developments, when they are needed.

The Norwood Housing Authority administers a 591 unit housing program within the town. Of this total 481 of the units are located in buildings owned by the Authority and the balance of 110 units are privately owned and leased under the Federal Section 8 and State 707 programs. Within its owned units the Authority has 389 units for the elderly and 17 units specifically designed for the handicapped and 75 units for families.

During the past year the Authority selected Putnam & Associates, Architects to prepare plans/specifications for Modernization work, in the amount of $345,000, to upgrade the Public Housing stock owned by the Authority. Work already completed consists of installation of

NORWOOD HOUSING AUTHORITY—Back row: John C. Adelmann, Kevin F. Maguire (Executive Director), Phyllis A. McDonough. Front row: Edmund R. McGrath, Margaret E. Hart, John L. Griffin (Chairman.)

storm/screen doors at the Frank L. Walsh Housing for the Elderly and replacement of Boilers at Willow-Wood Terrace Elderly complex. The remaining work to be done includes kitchen renovation, attic insulation and the development of additional parking spaces at the Washington Heights Family Development; replacement of Security Doors and new roofing at Willow-Wood Elderly Housing as well as window replacement at the Nahatan Village Elderly complex.

At this time the Norwood Housing Authority would like to express our sincere thanks to all who have contributed time and effort to assist the Authority in making this past year successful.

REPORT OF MORRILL MEMORIAL LIBRARY

Board of Library Trustees

Eileen B. Sullivan, Chairman	Eleanor H. Monahan
Thomas J. Cummings	Stuart R. Plumer
Roger C. MacLeod	George M. Ruboy

Budget & Value Received

Appropriated and Spent (½ FY '82 & ½ FY '83 budgets)	$405,976.00
State library monies received	$ 14,855.00
Actual local library monies	$391,126.00
Library percent of town budget	0.95%
Per capita library tax levy	$ 13.34
Items Circulated	$192,987.00
Average per item cost of materials	$ 20.00
Average per capita value of materials:	
a. borrowed (6.58 items × $20.00)	$ 131.60
b. value minus tax levy (−$13.34)	$ 118.26
Museum Pass usage:	
a. number of borrowings	1,019
b. patron value (family of 4 × borrowings)	$ 13,812.00

Library benefits not monetarily calculable: reference materials and services; adult and children's programs; study facilities; meeting rooms for public use; outreach services to the elderly and shut-ins; library use instruction at schools; literacy training; story hours.

Appreciations

Special thanks are rightly given to the Norwood Women's Community Committee (for financially supporting 2 N.E. Aquarium passes and materials for the Literacy Training program), to the Oldham School PTA (for a pass to the Museum of Fine Arts), and to the Friends of the Library (for their support of the children's summer reading program special events and awards).

Problems

An increase in disposable income, and the introduction of cable TV, seem to have had a slightly adverse effect on patron borrowing.

The economic constraints of Proposition 2½, and continuing increases in publishers prices, have markedly affected the library's ability to serve all patrons to the degree commensurate with their needs and the library's goals.

New occupancy limitations on the Historical Room have somewhat reduced its use by larger groups.

Conclusion

While problems exist, the full support given by the Board of Library Trustees, staff, municipal officials and departments, and the library's patrons, has resulted in a most gratifying year.

CARL J. HIMMELSBACH
Director

REPORT OF THE MUNICIPAL LIGHT DEPARTMENT

Mr. John J. Carroll
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as superintendent of Norwood Municipal Light Department for the year 1983.

During 1983 we experienced a 6.76 percent growth in KWHRS due to activity in commercial customers.

The Light Department in 1983 has effectivly completed the Federal/State funded street lighting project aimed at improving the lighting levels on the roadway and reducing energy consumption with the use of High Pressure Sodium fixtures. The Town is continuing this effort, to increase the lighting levels and reduce energy cost on roadways not covered by the Urban Systems Project.

During 1983 a settlement was reached with New England Power Company to supply electricity to the Town of Norwood. Starting in November 1983, 40% of Norwood's electric needs will be supplied and 100% by November 1, 1985.

I offer the following statistical data relative to the operation of the Light Department.

Respectfully submitted,
WILLIAM J. KATES

Energy Purchased 1983	233,745,000 KWHR
Average Cost per KWHR	$.061
Increase in KWHR usage	14,804,000 KWHR

In Retirement

JEAN ABREAU

On January 20, 1976 Jean Abreau was appointed as a Junior Clerk in the Light and Water Billing Department. She was promoted to Senior Clerk in 1983 and served in this capacity until her retirement on November 14, 1983.

We of the Norwood Light Department wish to extend out best wishes to Jean for a healthy and happy retirement.

LOUISE NIEDERBERGER

During her 21 years of exceptional service in the Norwood Light Department, Louise Niederberger held the positions of Junior Clerk Typist, Senior Clerk Typist and Head Clerk.

During this period of tremendous change and growth, only a person with Louise's intelligence and dedication could have done such a fine job. She was a devoted employee, conscious of her responsibility and ever willing to perform her duties effectively and efficiently.

Louise is to be commended for the especially fine job that she did during her tenure and when she retired on May 1, 1983 the Light Department lost an employee that was a credit to the Light Department and to the Town. Louise was well liked and respected by all and she will be truly missed.

We of the Norwood Light Department in appreciation of unparalleled service, extend our sincere best wishes for a good health and a very enjoyable retirement.

In Retirement

MARY GRIFFIN

Mary Griffin came to work for the Norwood Light Department on June 16, 1969 and served as a Junior Clerk until her retirement on February 11, 1983.

Mary performed her duties well and will be missed by her fellow employees.

We of Norwood Light Department, in appreciation of excellent service, extend our sincere best wishes for good health and a very enjoyable retirement.

In Retirement

EDWARD WENZEL

Edward Wenzel came to work for the Norwood Light Department on May 31, 1955 and worked as a groundman. He was appointed to the position of Lineman in 1960 and served in this capacity until his retirement on August 31, 1983.

Ed performed his duties in an excellent and timely fashion and will be missed by his fellow employees.

We of the Norwood Light Department, in appreciation of excellent service, extend our sincere best wishes for good health and a very enjoyable retirement.

REPORT OF THE PERMANENT BUILDING CONSTRUCTION COMMITTEE (1983)

This is the eighteenth Annual Report of the Permanent Building Construction Committee. During this past year, the Committee has held meetings virtually weekly to fulfill its obligation of providing supervision, planning, and studies as assigned by Town Meeting.

Mr. William A. Ward, after serving as a valued member of the Committee for eight years, resigned as he has moved out of town. In May 1983, Mr. Nicholas Joseph was appointed to fill the Committee vacancy.

CHARLES W. ELIOT PARK — In the spring of 1983, this Recreational Facility was officially turned over to the Board of Selectmen and opened for use by the Recreation Department and the townspeople.

POLICE & FIRE STATION — The renovations authorized by Town Meeting and started in 1982 were completed in May 1983.

NORWOOD ARMORY — RECONSTRUCTION FOR RECREATION — Final plans were completed, construction bids received, and the construction contract awarded August 25, 1983. Completion of this project is scheduled for 1984.

NORWOOD SENIOR HIGH SCHOOL — The Town Meeting authorized funds on January 24, 1983 for preliminary plans and costs upgrading certain educational areas, handicapped access, heating, ventilating, electrical, energy conservation, etc.

These plans etc. were completed and presented to the Town Meeting in November 1983. The Town Meeting on November 21, 1983 approved funds for final plans, specifications, and construction costs. The Committee is proceeding with the required procedures to select an architect.

It is planned to complete the final plans phase in mid-1984 for presentation to the Town Meeting.

The Committee is appreciative of the support provided by Town Departments and offices.

REPORT OF THE POLICE DEPARTMENT

Mr. John J. Carroll
General Manager
Town of Norwood
Norwood, Mass.

Dear Sir:

I hereby submit the report of the Norwood Police Department for the year ending December 31, 1983.

May I take this opportunity to thank the Board of Selectmen, the General Manager and other various town departments for their cooperation with the Norwood Police Department throughout the past year.

Respectfully submitted,
GEORGE J. DiBLASI
Chief of Police

In Memoriam

DAVID V. COSTA

David V. Costa was appointed as a Patrolman in the Norwood Police Department on June 22, 1943 and served the Town of Norwood faithfully and conscientiously until his retirement on September 24, 1977. On October 27, 1983, retired Officer David V. Costa died. The Members of the Norwood Police Department and the Town of Norwood express their gratitude for his many years of faithful service and extends their sympathy to his family.

CRIME PREVENTION

On February 14, 1984, the Police Department announced the formation of the Crime Prevention Unit. Officers Raymond A. McCue and William G. Brooks were assigned to the unit and underwent 80 hours of training in preparation for the project. The unit is designed to help merchants and homeowners recognize and correct situations which may precipitate criminal activity.

Initially, the unit will address itself to the problem of house breaks. The officers currently offer a residential security survey to residents who wish to improve security in their homes. Upon request, a crime prevention officer will visit the resident's home and review with him the proper use of lighting, locks and other security hardware. A survey report will be prepared on the individual's home and presented to the owner. The resident will also have the opportunity to participate in Operation Identification. This program provides the resident with an electric engraver, on a loaned out basis, so that he may engrave his driver's license number on his valuables. This provides a deterent to theft and makes identification of the article possible should it be stolen.

The Crime Prevention Unit will also be available for speaking engagements on a variety of related topics. In addition, the unit may be contacted by merchants on a consultation basis for advice on policies regarding check cashing, robbery, shoplifting and other areas of concern.

Residents and merchants are encouraged to take advantage of the program by filling out the form below or by contacting Officers Brooks and McCue any evening after 6:00 P.M. at the police station: 762-6888.

REPORT OF PUBLIC WORKS DEPARTMENT

John Carroll
General Manager
Town of Norwood
Norwood, Massachusetts 02062

Dear Sir:

Please accept herewith my report as Superintendent of the Public Works Department for the year 1983.

The Department consists of three major sections: Administration, Engineering and Maintenance. This report is primarily an overview of the accomplishments of the Maintenance section. This group is broken down as you will see into seven divisions. The Highway Division is responsible for maintaining all streets, sidewalks, rights-of-way, alley ways, drainage ditches, medians and servicing all the sandboxes and receptacles throughout the Town. With an emphasis on beautification, the Forestry Division has expanded and the landscaping abilities have been utilized to the fullest extent. The Parks and Playground Division have taken on and successfully completed the varied tasks given to them. The Cemetery Division has continued to maintain the high standards of one of the best cemeteries in the area. The Water Division is responsible for over 110 miles of water mains, 7590 meters, and 940 hydrants; they are also called upon to repair and replace when necessary over 7590 water services. The Sewer Division has over 90 miles of sewer mains with approximately 2300 manholes to keep in top condition along with responding to any of over 7500 sewer services. The Drains Division is tasked with 55 miles of storm drain mains, over 1380 manholes, and 1950 catch basins. The Department is also responsible for running sanitary landfill for the use of our citizens.

We take pride in our accomplishments and our ability to respond to calls from other government branches to render assistance. the Department is service oriented and will continue to provide on a broad scale those services which help meet the daily needs of the citizenry in the most efficient and professional manner.

We had a work force of 35 permanent full-time employees and 10 temporary full time employees at the P.W.D. and 7 permanent full-time employees and 3 temporary full-time at the Cemetery. The administrative staff consists of 5 permanent full-time employees.

Respectfully submitted,

PAUL E. WOLLENHAUPT
Superintendent

WATER DIVISION

Once every week water samples are taken from five sections of Town and delivered to the Metropolitan District Commission Laboratories for analysis. Also four times per year water samples are taken to the State Laboratories in Lawrence for analysis.

Dead end water lines are blown off as required. All hydrants were inspected in the spring and fall and continuously during the winter months and after each use by the Fire Department. Leak detection and repair was a continuing operation of Water Department personnel.

Maintenance of the Water Distribution System required the following:

Installation of new remote meters	158
Replacement of defective meters	40
Repairs of leaking meters or connections	150
Incorporation of new water services	17
Renewal of existing water services	36
Abandonment of old water services	10
Replacement of hydrants hit by vehicles	9
Repair of damaged hydrants	37
Repair of water service leaks	79
Repair of water main leaks	11
Miscellaneous service calls	322

A new 12' water main on Washington Street between Hoyle Street and Rockhill Street was installed and put into service.

Water Consumption

Maximum Day Consumption.....6,891,600 Gal.
Total Consumption for the Year.....1,544,902,000 Gal.

SEWER DIVISION

All sewer lines were checked and cleaned regularly throughout the year. Maintenance of the sewer system required the following:

Clearance of sewer stoppages	379
Miscellaneous service calls	210
Clearance of main stoppages	65
Reconstruction of manholes	48
Replacement of broken castings	62
Repair of broken services	16
Addition of new services	17
Abandonment of old services	2

A new 8" sewer main was installed on Neponset Street and Shattuck Park Road.

DRAIN DIVISION

All catch basins were cleaned in the spring and fall, all those in critical areas were cleaned as often as necessary.

New drain lines were installed on Union Street, Pleasant Street and Lenox Avenue.

HIGHWAY DIVISION

The Highway Crew is directly responsible for the maintenance of all our town sidewalks and roadways. some of the programs that they are involved in are: street sweeping, sidewalks, cleaning culverts, curbing and guardrail repair, bridge repair and emptying roadside containers. This year the first full year we had a masonry crew in the Highway Division which resulted in a large savings to the town.

The Highway Asphalt Crew used a total of 615½ tons of bituminous concrete in caring for our service trenches, roadway hazards and citizen complaints.

The Highway Sign Crew installed a total of 271 street and traffic control signs and 74 specialty signs throughout the town. They are also responsible for the maintenance and repair of our parking meters and also involved in the starting of our "booting" policy for parking ticket violators.

The Highway Masonry Crew repaired or rebuilt a number of manholes and catch basins. They replaced concrete sidewalks and patched cellar walls as a result of sewer water or drain work. This crew also repaired walls damaged by snow plowing and finally they installed 95 feet of concrete sidewalk on Nichols Street.

The following is a list of streets resurfaced in the past year.

1) Berwick Place
2) Wheelock Avenue
3) Juniper Drive
4) Broadway Street
5) Pleasant Street — approx. Sumner St. to E. Walpole Line
6) Vernon Street — Prospect to Hawthorne
7) Lincoln Street — Prospect to Winter
8) Pine Street
9) Arcadia Road
10) Access Road
11) Gardner Road
12) Harding Road
13) Fairview Road
14) Westover Parkway
15) Churchill Drive
16) Cameron Road
17) Hill Street
18) Melville Avenue
19) Morrill Road
20) Bond Street
21) Oak Road
22) Nichols Street
23) Ash Road
24) Myrtle Street
25) Heather Drive
26) Yew Drive
27) Sturtevant Avenue

28) Winter Street — Prospect St. to Westwood Line
29) Fales Avenue
30) Rock Street

This amounted to approximately 6 miles of roadway paved in 1983.

Some of the Highway Crews other duties included the following: repairs to fences and highway sandboxes, filling and maintaining roadway shoulders, implementing our 4-week leaf pick up program, assisting with the operation of the sanitary landfill area, aiding all other departments on various projects and finally co-ordinating all sanding and plowing operations.

FORESTRY DIVISION

Again this year, this division was manned by members of both the Highway and Park Divisions.

In the past year, our town crews removed 28 diseased trees and 11 of our newly planted trees that had been damaged by vandalism. All other trees were cared for as time and manpower permitted.

All trees were sprayed in the spring to control the spread of the gypsy moth and again in the fall to combat the web worm.

This crew did extensive maintenance to Shattuck Park and Westover area and also cleared a line into the woods off of Union Street to repair a damaged manhole on our main sewer line. Finally this crew cleared a line along the edge of Meadowbrook in the Pellana Road area for the possible installation of a fence.

PARKS AND PLAYGROUNDS DIVISION

The Parks Crew worked very closely with both the Little League and Babe Ruth League organizations. All ballfields were limed, fertilized, loamed and seeded in the early Spring. These fields were continually groomed throughout the growing season with special attention given to tournament games when possible.

The Parks Crew was involved in two major projects, the biggest being the lowering of Neponset Street. This crew dug out, loamed and seeded approximately 780 feet of roadway shoulder between Wedgewood and Norton Drives. They also dug out and loamed the entrance to the Aaron Guild School, cleaned up, loamed and seeded the recently opened Bond Street extension as well as transplanting 4 large red maples that had to be removed as a result of the widening of Hoyle Street.

The Parks Crew assisted the Recreation Department by maintaining of the grounds and buildings at Father MacAleers and Hawes Pools. Both were made ready for opening in June and secured in September for the winter. They also took over maintenance of some of the school fields in June and the Permanent Building Committee released the new Elliots fields to us in the spring of 1983.

Some of the other duties of the Parks Crew were: the loaming and seeding of roadway shoulders and lawn areas from sewer and water breaks they set up and dismantled the voting booths for all elections, they were responsible for repairing, setting up and dismanting all Christmas decorations and mangers. They maintained all bleachers and playground equipment and finally the skating areas at Hawes, Hartshorn Swale and behind the Ellis Nursing Home were filled and maintained as time permitted.

CEMETERY DIVISION

In the past year, the Cemetery Crew, consisting of four permanent and six temporary full time employees, prepared and conducted 242 interments and 2 inter-cemetery transfers. The effects of level funding the cemetery budget for the second year in a row will mean a reduction in some of the overall appearance should be relatively the same due to the professional manner and the pride that the employees take in caring for the grounds as Highland Cemetery.

Some of the other duties and services of the Department are as follows:

FOUNDATIONS:	Recapped 16, repaired or reset 19 and dug and poured 79 new foundations. A Total of 25 yards of concrete was used.
SHRUBBERY REMOVED:	68 bushes at the request of lot owners and 10 in order to make interments.
WINTER GRAVES & PERPETUAL CARE REQUESTS MATERIALS:	Reseeded, repaired or resodded a total of 278 grave areas — 900 pounds of seed, 18 tons of lime and 21 tons of fertilizer.
FLUSH MARKERS INSTALLED:	37 bronze veterans markers, 1 granite veteran's marker and 10 private markers.
VANDALISM:	22 Vigil lights stolen or destroyed, 26 water faucets broken off and 4 upright water pipes broken, 14 monuments overturned and 3 garage windows broken.
LOTS SOLD:	38 companion (2 grave lots) 5 of which were pre-need - 28 garden lots (4 graves) 3 were pre-need - 5 single graves, 1 pre-need and 1 veteran's lot.
CEMETERY IMPROVEMENT:	40 new trees planted in various sections - new shrubbery planted along dump road - 80 new companion lots layed out and approximately 1 acre of the expansion area has been limed, fertilized and seeded for future companion and garden lots.

REPORT OF THE RECREATION DEPARTMENT

John J. Carroll
General Manager
566 Washington Street
Norwood, Massachusetts 02062

Dear Sir:

I hereby submit the Recreation Department annual report for the year of 1983.

Personnel:

Robert Ivatts.....Superintendent
Gerald Miller.....Program Director
Mary Jennings.....Clerk
Michael Halpin.....Custodian
50 Part-time employees

It is a pleasure to reflect to you the activities that have taken place at the Recreation Department for the year just concluded.

The Department enjoyed a very busy summer with many varied and interesting porgrams. The list of activities ranged from the old faithful neighborhood playgrounds to special events like Wilderness Camp, Sports Camp and family oriented programs. We are quite happy with the interest and participation of some of our novel programs. The playgrounds closed on Friday, August 19th.

The Special Needs program was conducted by the department for six weeks period starting on Tuesday, July 5th through Friday, August 12th at South Junior High. Each of the participants took advantage of the swimming program which was held daily at Hawes Pool.

The Aaron Guild was the focus of both programs and meeting rooms for Recreation and Town sponsored groups. Programs that are repeated by popular demand and have remained popular over the years are: gymnastics, three divisions of gym hockey, volleyball, basketball, baton, aerobic dance for women, fitness program for men, karate, weightlifting and arts and crafts. Also keeping Recreation trend toward Special Events we offered trips to the Boston Bruins, Ski Trips, Walt Disney on Ice and our monthly Junior High dances.

Making use of the meeting room for organizational meetings were many Town athletic groups such as Little League, Youth Soccer, Babe Ruth, the softball leagues and the men's basketball league. Local groups using the facilities included the Norwood Arts Association, Camp Fire Girls and the Tiots. The Department co-sponsored special activities with fraternal organizations including the Norwood Elks Free Throw basketball contest, Hershey Track and Field, Pepsi-Cola Hotshot contest and the "Haunted House" at the Day House.

The pools opened on Saturday, June 25th and remained open until Monday, September 5th. The facilities were open to the public Monday thru Saturday from 12-noon to dusk and Sundays from 1 p.m. to dusk. This schedule is maintained to the middle of August when the schedule

changes for public swimming from 11 am to dusk, this occurs because of the earlier sunset.

Swimming lessons were offered to every child from seven years of age or older. The department enrolled 1,500 children and issued approximately 850 certificates. Each child received instruction in the basic swimming skills set down by the American Red Cross. The program ran for eight weeks from June 27th to August 19th.

The Sting-Rays had 90 registered swimmers who participated in "age group" competition as members of the Suburban Swim League. Team members are boys and girls ranging in age from 7 to 18 years old. Work outs were conducted at Hawes Pool, Monday through Friday from 7 am to 9 am, additional practices were held from 12-noon to 1 pm at the same location. The Swim Team finished its season with a field trip to Canobie Lake and a good time was had by all.

The entire year was completed without any serious accident or injury due in great part to the diligence and competence of the Staff, and for this they all should be congratulated. I would also like to Thank the many groups and individuals for their help and cooperation during this past year. My Thanks also to the General Manager and his Staff, the Board of Selectmen, Public Works Department and the School Department, and other Town Departments and Boards with whom the Department had contact during the year.

Sincerely,

ROBERT H. IVATTS
Superintendent

REPORT OF THE RETIREMENT BOARD

To the Honorable Board of Selectmen
Norwood, MA

Gentlemen:

The following report is being submitted for the Norwood Retirement Board to reflect the activities of this Board from January 1, 1983 to December 31, 1983. The financial statement and other records of the retirement system are required by statute to be maintained on a calendar year basis.

Meeting Dates

Regular meetings of the Retirement Board were conducted in the Municipal Building on the second Monday of every month in 1983. In addition of the twelve regular meetings, four special meetings were held during the year.

NORWOOD RETIREMENT BOARD: Left to Right: Robert Thornton, Thomas Collins, Clement Riley, Julia Lundin

Organization:

In 1983 the Retirement Board was organized as follows:

Thomas J. P. Collins, Elected Member, Chairman
Robert M. Thornton, Ex Officio Member, Administrator
Clement A. Riley, Appointed Member
Julia E. Lundin, Clerk/Secretary

In September 1983, Mr. Collins was re-elected to the Board by active and retired members of the system for a term of three years pursuant to Section 20, Chapter 32 of the General Laws.

Investment Results:

Acting upon recommendations made by the Board's investment advisor, Bank of New England, the Retirement Board continued its program of improving the overall quality of our investment portfolio of approximately $8,000.000. During 1983 twelve (12) new issues were purchased for the retirement portfolio, while twelve (12) issues were also either sold or matured during 1983. The positive impact that these transactions had on the portfolio may be seen from the following summary:

Buy or Sell	No. of Issues	Average Size	Average Interest Rate
Sell	12	$ 76,000	10.3%
Buy	12	225,000	11.6%

Unfunded Liability

The Retirement Board again recommended continuation of the funding plan that was initiated in 1980 for the purpose of reducing the actuarially-computed unfunded pension liability. The continued support of both the Board of Selectmen and Finance Commission resulted in Town Meeting approval of $600,000 for additional funding of this unfunded pension liability. The purpose of continuing with the funding plan is to eventually accumulate a fund large enough to generate sufficient investment revenues to offset the ever-increasing burden of yearly pension appropriations.

The total accumulated for this unfunded liability fund to date is $2,183,000. This money is currently invested in various high-grade investments with an average yield of 11.6 percent. Total interest income generated since the plan's inception through December 31, 1983 is $291,572.

The Following graph illustrates the severity of the growth over the last 20 years in the "pay as you go" pension outlays required to be appropriated to pay annual pension costs:

Year	Pension Appropriation	Percentage of Total Budget
1960	$ 54,000	.9%
1965	103,000	1.1%
1970	219,000	1.6%
1975	520,000	1.9%
1981	1,020,000	2.6%
1982	1,314,000	3.2%
1983	1,612,439	4.0%

Membership information:

	Active Employees	Retirees	Bene-ficiaries	Totals
Membership at 1/1/83.....	464	166	50	680
Added: New Members.....	32		3	35
Deduct:				
Deaths.....	(2)	(6)	(3)	(11)
Withdrawals.....	(13)			(13)
Transfers:				
Members retired.....	(19)	19		
Membership at 12/31/83...	462	179	50	691

The board regretfully recorded the following deaths in 1983:

Retirees: Frank DiCicco
Mary Stone
Mary Logue
Charles Sparrow
Alice (Babcock) Maier
David V. DeCosta
S. Maude Bernier
Joseph Purpura
Mary Thornton

Employees: Frederick Dorci
Marie E. Lee

Members of the System who retired in 1983 were as follows:

Ruth Arner
Majorie Groh
Margaret Bartsch
Terrence Kelly
Louise Neiderberger
Joseph Sastavickas
Alvin Crowell
Peter J. Curran
Helen Joseph
Anthony Grinavic
Jean Abreau
Anne Sullivan
Mary Griffin
Thomas J.P. Collins
George H. Foley
James F. Maroney
Ronald D. Groh
Robert J. Lawrie
Edward F. Wenzel

Rates of Interest Credited to Members Account:

According to Mass. laws interest is credited to active members' accounts in the Annuities Savings Fund based upon the average statewide earnings rate of the 104 associated Retirement Systems in the Commonwealth during the preceding year. The rate of return actually earned by the Norwood Retirement System compared to the average earnings of the state retirement systems for the last 5 years is as follows:

Year	Norwood Actual	State Average
1982	11.5	9.5
1981	9.2	8.4
1980	8.1	6.7
1979	6.8	6.4
1978	6.7	6.4

Financial Data:

Submitted below are various financial reports for the Retirement System for 1983:

Balance Sheet, December 31, 1983

Assets

Cash - checking	$ 11,158.42
Cash - Money Market	200,608.72
Certificate of Deposit	1,085,000.00
Bonds (at Book Value)	6,348,030.45
Common Stocks (at Market Value)	261,425.00
Guaranteed Annuity Contract	200,000.00
Accrued Interest	20,250.23
	$8,126,472.82

Liabilities and Fund Balances

Expense Fund	$ 16,123.72
Annuity Savings Fund	4,224,160.65
Annuity Reserve Fund	1,549,302.89
Pension Fund	2,336,885.56
	$8,126,472.82

Cash Receipts and Disbursements, 1983:

Receipts:

Member payroll deductions	441,309.81
Town's annual appropriation	1,452,755.00
Interest and dividends	616,014.64
Pension reimbursements-other systems	19,277.90

In Retirement

MARJORIE E. GROH

Majorie E. Groh was appointed Secretary to the Contributory Retirement Board on January 2, 1971 and served the town of Norwood faithfully and conscientiously until her retirement on January 31, 1983.

The Town of Norwood and her fellow employees extends its best wishes for good health and a long and happy retirement.

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

To: CHAIRMAN
HONORABLE BOARD OF SELECTMEN

Ladies and Gentlemen:

We respectfully submit the 20th Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member towns during 1983.

AVON	Bernard H. Baher
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	John T. Driscoll
RANDOLPH	Albert L. Willis
WESTWOOD	Gerard A. Baker

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. John T. Driscoll and Mr. Gerard A. Baker presided as Chairman and Vice Chairman respectively: William J. Carr Esq. of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent-Director and Mr. Paul C. Murphy of Canton as Treasurer.

During 1983, the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District:

. . . Blue Hills Regional Day Programs.....	1702
. . . Adult Evening Program.....	414
. . . Holbrook Career Development Program....	76
. . . Randolph Career Development Program....	236
TOTAL	2428

The total enrollment for the Blue Hills Technical School and the Technical Institute Day Programs remained constant during the 1982-1983 school year.

The Technical Insitute continued to operate on a self supporting basis and enjoyed a successful year. The Technical Institute had a student enrollment of 531 for the 1982-1983 school year with a tuition charge to each student in the amount of $2,130.

The Adult Evening Program also continues on a self-supporting basis with an average cost of $75.00 per course.

The Blue Hills Regional School continues to support the communities by completing projects in our auto repair, auto body, metal fabrication, machine shop, structural wood, health services, graphic arts and electrical departments.

The Chateau de Bleu Restaurant serves our residents on a daily basis with gourmet meals.

The Computer Center served our towns in a multitude of school department and town government operations.

The Regional District School Committee is indebted to our local School Committee, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1983.

To the citizens of the seven member towns, the parents and the town meeting members, who by their vote of confidence, have provided quality vocational and technical training for our regional youth, we are deeply grateful.

Respectfully submitted,

JOHN T. DRISCOLL, Chairman
GERARD A. BAKER, Vice Chairman
ALBERT L. WILLIS, Secretary
BERNARD H. BAHER
WILLIAM T. BUCKLEY
BENSON DIAMOND
JAMES E. SULLIVAN

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Mr. John J. Carroll
Town Manager
Town of Norwood, Mass.

Dear Sir:

I herewith submit the annual report of the Department of Weights & Measures for the year ending December 31, 1983.

Weights & Measures Devices

Tested	719
Sealed	698
Adjusted	94
Not Sealed	8
Condemned	6

Spot Checking Measurements

Tested	1625
Correct	1020
Understated	198
Overstated	407

Other Inspections

Gasoline meters and computers	213
Self-service gas meters and computers	70
Vehicular fuel meters and computers	17
Comercial scales	179
Weights	249
Scale computers with cash registers	84
Taxi meters and time clocks	28
School personal weighors	14
Peddlers and licenses	8
Fuel certificates	24

Fees collected & paid to town.....$1842.80

Technological changes in electronic weighing and measuring devices, in conjunction with computers, sophisticated cash registers and price scanner laser systems in supermarket checkouts today are presenting one of our greatest headaches and challenges.

The food industry alone today possibly accounts for the highest cost of living item for the average home provider. Most individuals are only occasionally involved with some general laws; whereas, all of us every few moments of our lives are in some way, some place or other, are constantly effected or involved by weights and measures somewhere.

Through the constant course of supervising, applying simple mechanical basics and arithmetic, observing merchandise markings against proper coordination of sales promotion prices posted within computers (occasionally neglected) that seems to address this need.

However, it should behoove shoppers to help themselves by being extremely alert and save their cash receipt scanner tapes so that they may cross check against possible incorrect or double charges, thus aiding merchants to make adjustments if necessary.

I wish to thank the Town Manager Mr. Carroll and his staff, the Selectmen, Police Dept., local industry and the general public for their cooperation.

Respectfully,

FREDERICK F. BROWN
Sealer of Wts. & Meas.

REPORT OF VETERANS' DEPARTMENT

John J. Carroll
General Manager
Norwood, Massachusetts

Dear Sir:

I respectfully submit the report of the Department of Veteran Services for the year ending December 31, 1983.

The Department consists of two employees, a Director and a Clerk.

With the energy crisis, an increase in unemployment, Veterans' benefits may increase as a result of prolonged illness cases, rising fuel costs, hospital and medical costs along with the customary requests for financial assistance by the veteran community.

For the last six years the Department of Veterans Services has taken applications for the fuel energy program. This program was for the benefit of all Norwood residents. I am happy to say that last year over 400 families were aided by this program.

Also we administrate a Transfare Program for the elderly and disabled. At the end of 1983, we had over 600 applicants. This program is to assist people with their transportation problems.

The Department also is involved in parking violations. I am at the present time the hearing officer for parking tickets.

Veterans' Services continue to increase as more and more servicemen and women return home and need assistance in finding jobs and schooling. They are thoroughly briefed upon being discharged from the armed forces and brought up to date on all state and federal benefits available and they are personally encouraged to take advantage of them.

The estimated expenditures by the Veterans Administration to Veterans and their dependents in the Town of Norwood for the Fiscal Year 1982 was close to three million dollars. These benefits are for compensation to dependents of veterans who died in the service or of service connected disabilities, disability pensions, disability compensations, burial awards, and special equipment for automobiles for veterans with service connected disabilities, vocational rehabilitation training for the disabled, their sons, daughters, wives or widows, education readjustment training, veterans insurance and indemnities.

The Department of Veterans' Services composed as it is two component parts, is operated under Chapter 115 of the General Laws of the Commonwealth as amended by Chapter 584, Acts of 1946, for the purpose of administering Veterans' Benefits and Services. All assistance cases were investigated and payments made in accordance with Chapter 115 of the General Laws, which assures the Town of Norwood a fifty percent (50%) reimbursement from the Commonwealth of Massachusetts. As of December 1983 we have received from the Commonwealth a total of $40,115.15 for the first six months. We anticipate additional reimbursements in the last six months of the fiscal year.

The purpose of the Department of Veterans' Services is to assist veterans and/or their dependents in procuring financial assistance, information and benefits to which they are entitled relative to vocational or other educational opportunities, G.I. Loans, hospitalization, medical care, compensation, pensions, on-the-job and apprenticeship training, insurance, burial allowance, grave markers, photostats and other benefits granted under existing State and Federal laws.

Every request for assistance under existing regulations are invariably granted. Our one aim is to give all veterans and their dependents the best service at all times and to administer the laws and regulations affecting them impartially, efficiently and effectively.

There was complete cooperation with the Veterans' Administration and the various local civic and veterans' organizations that interest themselves in veterans' affairs and exceptional cooperation extended this department throughout the year by the State Department of Veterans' Services.

Grateful acknowledgement is made to the Honorable Board of Selectmen, the General Manager and his staff, the Town Counsel, other Town Departments and any others who have assisted the Director of Veterans Services in the performance of his duties.

GEORGE THOMAS
Veterans Agent

REPORT OF THE YOUTH COORDINATOR

Mr. John J. Carroll, General Manager
Municipal Building
Norwood, Massachusetts 02062

Dear Sir:

The primary function of the Youth Coordinator is crisis intervention, counseling and casework with young people and their parents. Some of the most common problems presented are family problems, truancy, drug involvement, court involvement and runaways. The referrals may come from a variety of sources including but not limited to: the Norwood Public Schools, other area schools, the Norwood Police and young people themselves. This office is open to any young person or member of their family who needs help or wishes to be referred to another type of agency or service. All inquiries and counseling sessions are confidential. There is a twenty four hour a day answering service available seven days a week and every effort is made to respond as rapidly as possible.

In addition, this office also offers information and referral for social services, youth advocacy, informative meetings concerning youth, etc. Obviously, it is important to be in touch with as many young people and parents as possible. This is accomplished through contact with the schools, in classes, assemblies and through public meetings, civic organizations, etc.

A growing need in Norwood, as well as other surrounding towns has been an Emergency Shelter for adolescents in need of temporary placement. This is often necessary if the home situation is too unstable, volatile or even dangerous. The Shelter can provide housing while parent and child work out a counseling plan with the staff and referring agency. The Emergency Shelter, which is located in Walpole, serves the twelve town area and each child with an average length of stay of thirty to forty five days. The Youth Coordinator serves on the Emergency Shelter

Advisory Board which offeres support to the Shelter and helps develop the policies which govern its operation. To this date, the Shelter has been utilized by 26 Norwood residents. It is obviously a welcomed addition to the area.

My thanks to all town departments and agencies for their constant cooperation and support.

Respectfully submitted,

MAUREEN KENNY
Youth Coordinator

ANNUAL REPORT

OF THE

NORWOOD PUBLIC SCHOOLS

TOWN OF NORWOOD

MASSACHUSETTS

FOR THE 1982-1983 SCHOOL YEAR

NORWOOD SCHOOL COMMITTEE—L. to R.—Seated: James R. Savage (Superintendent of Schools), Margery H. McKenna (Chairman). Standing: Richard W. Kief, Timothy J. McDonough, Alan M. Uliss, Roger M. Pelletier, Joseph M. Pentowski, Mimi Mahegan (Clerk), Charles C. Saraca.

REPORT OF NORWOOD PUBLIC SCHOOLS

It is a pleasure to submit this Annual Report of the Norwood School Committee for the year 1983.

Norwood has a comprehensive school system serving over 4000 students of varying capabilities. Running it efficiently and effectively is a real challenge. Particularly in this era of declining enrollments, good management is absolutely essential. In the interest of improving management, the School Committee and the Superintendent this year adopted new procedures for identifying weaknesses in the system, setting goals and objectives to deal with them and periodically evaluating progress. This has proved effective in organizing and directing our efforts.

We have been deeply involved in long range planning, utilizing an excellent report prepared by our citizens' committee, supplemented with detailed data researched by our administrators. We have made a commitment to retain the High School at its present location, and to merge the two Junior Highs into the Jr. High South building in Sept. 1984. The High School will require extensive renovation. Town Meeting in November approved the funding of plans and specifications for the project. The future use of Jr. High North has not yet been determined.

The Norwood School Committee and Supt. Savage are committed to the renewal of educational excellence that has been written about so much lately in reports like A NATION AT RISK. Our school system had a head start on excellence in many respects: excellent staff, strong discipline, fine buildings for the most part. We have been able to maintain comfortable class sizes, extensive curriculum, modern textbooks, and a growing collection of computers. This year we created a new position, Director of Computer Curriculum and Services, to ensure the maximum utilization of our computers both in curriculum and in administration. Faculty members have been engaged in the study of other aspects of the curriculum as well, with a goal of evaluation, improvement and coordination of programs, and inservice training of teachers.

Norwood is well known for its fine Chapter 766 programs that are beneficial to our special needs students. In recent years a real concern has developed because of the continual, budget-defying escalation in the cost of tuitions and transportation, which drains our resources. We have been able to effect some savings through our association with The Education Collaborative (TEC), a regional school collaborative, which serves some of our low incidence special needs students.

We of the School Committee are most appreciative of the efforts of all the employees of the Norwood School System. Their talents, their spirit, their enthusiasm, their commitment have been beyond compare.

We are grateful also to the town of Norwood for its generous support of the schools.

MARGERY H. McKENNA
Chairman
Norwood School Committee

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I am pleased to submit this Annual Report of the Norwood Public Schools for the academic year, 1982-1983.

The late Robert Maynard Hutchins, long-time President of the University of Chicago and educational reformer, used to say: "What is honored in society will be honored in the schools." And so, Mr. Hutchins' premise seems to ring true today as society this past year has begun to reflect a growing consciousness that all is not well in our schools. There is growing concern that the permissiveness and laxities of society during the seventies have created a serious decline in the quality of our Nation's schools. Consequently, educators today are buoyed-up by the renewal interest and concern for the quality of our schools. Today we face the future with confidence since we now know that the public shares with us the commitment to make our schools reflect the excellence that we all wish to attain for our children.

In review of the past year, we concentrated much of our energy in the planning and developing of ideas for curriculum improvements. As a result of these efforts, our School Committee approved the addition of a Computer Science Course and a full year SAT review to our High School Course of Study. In addition, we strengthened the graduation requirements by mandating that all seniors take five major subjects. Curriculum improvements were also extended to the Junior High level with the implementing of a ninth-grade computer course and a seventh-grade reading program. We feel these improvements made this past year a beginning for future changes. We will continually strive to improve the curriculum to meet the needs of our students who are the future citizens of an ever-changing society. We are presently developing plans and strategies to strengthen our reading and writing curriculums in the hope of providing uniformity of experience through a well-articulated scope and sequence approach to these disciplines.

In May, 1982, the Federal Environmental Protection Agency published regulations which required all public and private elementary and secondary schools to identify and locate any friable asbestos-containing materials used in their school buildings. Since we considered this a priority relative to the health of our students and employees, we responded to the aforementioned mandate immediately. We hired Eastern Analytical Laboratories, Incorporated, to inspect and evaluate all our buildings to assure compliance and maximum safety for all who use our public schools. I am pleased to report to you that we have addressed our problems in this area and now have no asbestos-exposure hazards present in our buildings. This effort was accomplished with the teamwork of our School Committee, the Finance Commission, the Board of Selectmen, and our Town Manager. This concerted effort made it possible to remedy our problems in a very short period of time.

During a heavy rainstorm in August of 1982, the Senior High School Boys' Gymnasium roof and floor suffered considerable water damage due to blocked drains. This event generated considerable interest and concern for the condition of all our school-building roofs. As a result of this incident, during the repairs at the High School, a well-developed

program of roof repair was inaugurated to restore all our school roofs to their proper condition. The first phase of this program was approved with an appropriation of $224,000 by Town Meeting.

The Norwood School Committee, reacting to the trend of continuing student-enrollment decline, created the Norwood Public Schools' Long-Range Planning Committee in December, 1981. On February 14, 1983, this Committee made its final report after extensive study of our School System.

The essence of the Long-Range Planning Committee's final report consisted of several alternative plans. The primary recommendation included renovating the Senior High School; merging the two Junior Highs; and closing the Oldham and Callahan Schools in favor of occupying the modern Junior High School North as an elementary school.

During this same period of time, the Norwood Administrators had been meeting and discussing various long-range plans. These discussions finally resolved into analyzing and evaluating the citizens' Long-Range Planning Committee's Final Report.

In an effort to focus on minimum number of viable, alternative, long-range plans, the Superintendent of Schools initiated joint partnership of administrators and citizens from the Long-Range Planning Committee to simulate various alternative school-housing models. The value of this concerted effort dramatized to the participants that the Final Report of the Long-Range Planning Committee did focus on the only reasonable alternatives to our present school organization.

It is our hope that all of the aforementioned efforts of our administrators and volunteer citizens will assist our School Committee in making the crucial decisions that will have a profound impact on the future of our School System.

It is interesting to note that in the academic year of 1982-83, we had a strong revival of interest in the renovation of Norwood Senior High School. This interest was precipitated by two major events. In the fall of 1982, our High School was cited by the Governor's Office for Handicapped Affairs and the Federal Government for violation of Section 504 of the 1973 Rehabilitation Act. In essence, we were mandated to comply with the Federal Law to provide accessibility and equal educational opportunities for the handicapped in our High School. Consequently, compliance with these directions will eventually necessitate the installation of elevators, lifts, and ramps.

The second major event that occurred during the winter was the citizens' Long-Range Planning Committee's Final Report. This important report characterized the High School as "the Achilles' Heel" of our School System. It strongly recommended the updating of the inadequate electrical service; the improvement of the aging heating and ventilating systems; the development of laboratory areas; and the redesigning needed to modernize instructional and library facilities. Specifically, the renovation recommended attention to the following areas: energy conservation (heating and ventilating); the refurbishing of classrooms, corridors, workrooms, and offices; the renovation of locker rooms and

lavatories; special education classrooms; the modernization of the language laboratory; the exterior of the building; auditorium refurbishing; handicapped accessibility; and the redesigning of the outdoor athletic fields.

I am pleased to report that Town Meeting supported this request for the High School renovation by approving the sum of $20,000 for a feasibility study. We feel encouraged by this support and feel that the prospect of the High School project being undertaken in the near future is a strong reality.

In summary, this has been a very busy and productive year. We have made great strides in Long-Range Planning and improving the possible opportunities for renovating our High School. Our curricula has been improved with the realization that more effort should be expended in this area, particularly in reading and writing. In addition, considerable time and attention has been devoted to Cable TV; programs for the Gifted and Talented; communications between and among professional staff; the development of meaningful staff in-service programs; and a much needed, preventive-maintenance program for our school buildings. On reflection, though this report is essentially a review of the past year, it does generate many challenges for us in the future.

JAMES R. SAVAGE
Superintendent of Schools

ANNUAL REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I am pleased to submit this annual report. I have devoted most of what follows to a commentary on enrollments and the implications of compulsory education.

Staff Development in Computer Science

During school year 1982-83, a major effort was initiated involving staff members from all levels in training institutes designed to develop literacy and training in computer science. Over 140 teachers were involved in the program. Mr. Louis J. Buscone, Vice Principal at Norwood Senior High School and highly versed in computer science over a period of approximately two decades assumed leadership as the coordinator.

The combined financial resources committed from local and federal sources was in excess of $100,000. This permitted the introduction of micro-computers at the elementary school level and at the secondary level there were substantial additions to the computer equipment available for instructional purposes.

Within a short period of time, scarcely more than a decade, we were being transformed into a computer-based society. The information age was upon us.

The ground work was being laid to mount a massive effort aimed at bridging the gap between the world of high technology and the classroom.

We Had An Artist in Residence

As a result of interest and enthusiasm on the part of members of our supervisors and teachers of art, monies were secured from outside private and governmental sources to fund An Artist in Residence program. The artist, Mr. Harry Brock set up studios in order to observe, first hand, the artist at work. Mr. Brock is an abstract painter. In addition, Mr. Brock visited extensively in the classrooms of our schools.

He spoke about the work and life of an artist, answered questions, and interacted with the students. The program was a most valuable and worthwhile learning experience.

We hope that there will be similar opportunities in the future.

Enrollments

Enrollments began to climb substantially in the mid fifties. They continued to climb for about fifteen years, peaking at 7200+ in the school year 1970-71. Enrollments have been declining since. At the elementary level, it is our belief that they will continue for several more years. These conclusions are reflected in the studies of the citizens' Long-Range Planning Committee and the study being conducted by the Norwood Administrators.

What Impact Has the Enrollment Decline Had on the Norwood Public Schools?

Following are six charts. Each contains data on certain components of our school system: Enrollments, Buildings, and Staffing.

Chart I: Note that during the five year period 1978-1983, enrollments dropped from 5460 to 3822, a loss of 1638 pupils. Over the same period, the instructional staff was reduced by 98.3 positions.

Chart II: This depicts the ten year enrollment trend. There were 6950 pupils enrolled in 1973 and 3822, in 1983, or drop of 3128, a most substantial decline.

The other charts depict recent enrollments and staff trends by levels, schools and departments.

How Successful Have Our Schools Been in Keeping Children in School?

Nowadays Hardly Anyone Drops Out of School! The dropout rate of Norwood students for the last several years has been so small as to be neglible. This is in marked contrast with the dropout rate of "the good old days". In this respect, the conditions which prevailed in the Norwood Public Schools seventy years ago is representative of the conditions which generally prevailed elsewhere. The dropout rate was startling and alarming. This is vividly portrayed in the following passage extracted from the Norwood School Committee Report of 1913. The School Committee writes: "One half of the pupils enrolled as members of the sixth grade do not complete the work of the ninth grade and eighty-five percent do not graduate from high school. These pupils do not leave school because they are obliged to work. The majority of them drop out because they do not find in the studies now being taught sufficient incentive to remain".

In times past, the student who could not keep up with his age group was repeatedly kept back until the only alternative was to drop out of school. (It was easier back then for schools to solve their learning problems. Just get rid of them.) This was understandable because universal education and compulsory attendence were new. Only those capable of learning attended school in the past.

Now all children, not only attend school, but they stay. This is as it should be if we are to grow as a democratic society and enhance opportunities for a better life.

But compulsory education for all children, regardless of the individual's facility to learn, gives rise to unrealistic goals for our schools. Still, if we were to use the dropout rate as a measure of success, we would conclude that the results have been most positive, indeed. The school drop out is now a rarity.

In order to achieve this, schools have had to adopt a humanistic attitude. There has developed a concern for students as individuals. This recognition of uniqueness or the concept of individual differences has been translated from theory to practice.

As one who has spent the last thirty-seven years as a teacher and administrator, I can attest to this development. In future years, when this particular era is characterized, it will be depicted as one of concern for humanistic qualities. The sense of what developed can be drawn from the following message. (I do not know its origin.) "They (children) don't care how much you know until they know how much you care."

Unlike the conditions that prevailed in 1913 when eighty-five percent of the sixth grade dropped out before finishing high school, all but the smallest percentage now graduate from high school and most go on to college.

Children were welcomed in school — all children of all of the people. In this era, the schools nurtured the slow learner as well as the academically talented. Those with disabling handicaps were taught as well as those with outstanding abilities. Those with special needs were

provided for as well as those with special talents. There was concern for basic skills, but physical, mental, and emotional health were also considered basic. During this era, the schools cared more because for many, the family and society could care less.

Now we hear voices in the land; even voices at the highest level of government, and they are getting louder. We are hearing that schools should get strict and that higher standards be established for all to meet. We support this interest in academic achievement, this effort to encourage Scholarship. However, we must not forget that students are individuals who progress at different rates, that as children, physically, grow differently; so too they grow at different rates, mentally, socially, and emotionally. In our zeal to mold students to meet higher standards, we must beware lest we lose those who cannot fit the mold. We must guard against reinistituting those conditions which made it necessary for children to drop out.

Conclusion

I shall soon retire from my position as Assistant Superintendent. At this time, therefore, I express to all who, with me, have been part of this school system, my deep appreciation for help and support so generously given throughout my years of service to the Norwood Public School.

Best Wishes Always!

UMBERTO V. C. NAPOLEONE
Assistant Superintendent

REPORT OF THE PRINCIPAL OF NORWOOD HIGH SCHOOL

It is a pleasure to submit the annual report of the Norwood Senior High School for the school year 1982-83.

During the year the town appropriated a sum of money for architectural fees to determine item costs for a renovation of the Senior High School. The proposal as approved by the School Committee was submitted to the Permanent Building Committee for development.

RENOVATION PROPOSAL FOR NORWOOD SENIOR HIGH SCHOOL

Under this proposal there will be no addition of space; rather, a redistribution of existing space will be used for plan development. The following guide outlines major areas to be addressed.

Library

The present library seats about forty students and includes book storage in an adjacent area. This book area is also used for the English as a Second Language program. In its last evaluation, the New England Association of Schools and Colleges cited our library as being inadequate.

The library should be at least doubled in size. It should have proper lighting, soundproofing, security system, individual study carrels for cassette recording and viewing, and updating of ancillary library

equipment. According to the American Library Association, the minimum number of volumes should be 19,500 for a high school population of our size; we presently have 11,250 volumes.

Computer Laboratory

Presently we have two computer rooms used for students in the Mathematics and Business Departments. The high technology industry and our society in general necessitates computer literacy for all students and advanced training for many.

An additional computer room is needed to accommodate the projected increased use of computers in the Mathematics Department and the anticipated course expansion of Computer Technology. The Science Department has indicated that computer use will be forthcoming in their curriculum. The laboratory would be available to students throughout the day for independent use.

Production Video Studio

A production video studio which would enable broadcast of pre-recorded and live programs such as class programs, activities, and performing arts presentations to selected classrooms from cable, educational, and national television is needed. School events could be recorded and transmitted to individual students, classes, or throughout the community via cable television. Drama classes and anticipated communications classes would utilize the studio. A library of pre-recorded television tapes would enhance the educational program.

Music Program

The bands and orchestra rehearse on stage in the Auditorium. No practice or small ensemble rooms exist. Secure instrumental storage is lacking. Needed are the following: (a) Small practice rooms for individual or ensemble rehearsal designed and equipped with proper acoustics; (b) Adequate band storage area to secure musical instruments, uniforms, and equipment.

Cafeteria, Kitchen, and Service Areas

The kitchen, serving, and dining room areas need complete upgrading and renovating; included should be acoustical considerations. Stockroom, walk in freezer, and refrigeration areas are inadequate and obsolete for our program.

Energy Conservation - Heating and Ventilation

Sections of the building's ventilation system are inoperative and in some cases obsolete. Consideration should be given to lowering of ceilings, installation of thermopane maintenance-free windows, and a cost efficient system for energy conservation.

Electrical Service

The entire electrical system should be reviewed for code compliance and usage. The addition of computers, electric typewriters, business machines, video lighting, and energy-consuming equipment, along with

our present inadequacy, indicate a need for increased electrical capacity. This renovation proposal in itself will add use to the present system. Fire and intrusion concerns should be addressed within this item.

Classrooms, Corridors, Workrooms, and Offices

There are classrooms and corridors that need to be retiled. Classrooms with wooden floors that buckle should be repaired and tiled or carpeting installed in classrooms and offices throughout the 1927 building. Doors should be upgraded to increase security and to prevent maintenance cost. Painting of the interior of the school is needed. Selective repair and replacement of chalkboards and bulletin boards throughout the building is needed. Furniture in classrooms, teacher workrooms, and offices must be replaced as needed. The gym bleachers are in need of renovation, and the gym movable doors should be reconditioned.

Locker Rooms and Lavatories

Physical Education locker areas are in need of renovation, which include the replacement as needed of all lavatory stalls, water closets, sinks, water bubblers, and dispensers. We must convert locker areas of the 1927 building to usable rooms. Physical Education and student lockers should be repaired or replaced and security cages installed in the Physical Education locker areas.

Administration and Guidance Areas

Once Vice-Principal's Office is not located in the Administrative complex. The addition of the computer terminal has taken space away from the complex. Students must stand in the waiting area because of limited space. The head secretary should be removed from the main open-office area. The addition of the adjacent small classroom to the Administrative complex and redistribution of areas will provide space for the Vice-Principal and secretary relocation as well as more space for students' and parents' waiting area.

The Guidance reception area serves also as a center for career information and is limited. The following are needed: six counselor offices, two locations for secretaries, area for eight 4-drawer files, conference area for meetings and representatives' visits, area for career information center (including catalogs and occupational information), area for computerized terminal, and sufficient area for students and parents to wait for appointments.

Exterior of Building

Renovation of the building exterior should include the reconditioning of the building roof areas not recently reconditioned. Cement repointing of the exterior brick building is necessary in some areas, along with the exterior waterproofing of the building. Repairs to the granite walls and cement walks should be performed, as well as repairs to the wooden columns and fire excapes. The student courtyard should be appropriately paved and landscaped to provide a suitable meeting area for all members of the student body. The tower clock should be returned to working order and the exterior of the building painted.

Special Education Classrooms

The Home Economics living room with no corridor access is used as a Learning Disability Room. English as a Second Language Program is in the book storage area of the Library. The Adjustment Counselor's office has no heat, fresh air, or ventilation. A small classroom to adequately service Special Needs students and relocation of the Adjustment Counselor's office is needed.

Language Laboratory

Modernized student stations are needed to keep pace with the latest trends in technology. The current Language Laboratory equipment does not permit the use of cassette players. Current materials are produced on cassettes which are less expensive than reel-to-reel, more adaptable for individual student use, and less vulverable to vandalism

The Language Laboratory should be equipped with efficient, modern, electric multi-sensory instructional equipment which should include the following:

(a) Console with inter-communication system permitting communication contact with the individual students or entire classes;

(b) Console with reel-to-reel tape deck, cassette player deck, and record player deck, (or two (2) cassette players and input plug-in for record player);

(c) Thirty (30) student booths with tri-level capability of listening, recording, and speaking. These booths should be equipped with headsets, cassette recorders on flat surface, and the front of the booth should be glassed.

Chemistry Laboratories

The ventilation system is inadequate. The Massachusetts Association of Schools and Colleges has noted this insufficiency on two separate evaluations. A proper exhaust system for the removal of odors and/or toxic gases emitted from student laboratory experiments should be installed.

Trainer's Room

The present Trainer's Room is in a boys' athletic locker area. A co-educational Trainer's Room with facilities to provide proper therapeutic services will be relocated in an area available to both boys and girls to meet equal opportunity compliance in accordance with Chapter 622.

Auditorium

Seats are made of plastic with wooden backing and arms and are in need of renovation or replacement, whichever is more cost-efficient. Security apparatus for the lighting console and drapery replacement are needed.

Outdoor Fields

Enlarge the present track to regulation size and include all track and field event stations for outdoor interscholastic competition. Enlarge the field hockey field to regulation size and construct softball and soccer fields.

Handicapped Accessibility

Develop recommendations relating to the Norwood Senior High School's physical plant in order to comply with Section 504 of the Federal Rehabilitation Act of 1973.

CURRICULUM NOTES

Guidance

The guidance counselors at the high school have indicated that seventy-six percent of the class of 1983 has indicated definite plans to continue their education after graduation. The following is a profile of the educational plans of the class of 1983.

2 year public college	10%
4 year public college	22%
2 year private college	6%
4 year private college	30%
4 year nursing program	2%
Other R. N. programs	2%
Other post-secondary programs	80%
Military	4%
Work	20%

Through the career exploration process students in the class of 1983 have indicated the following occupational intentions:

Agribusiness and Natural Resources	5%
Business and Office	32%
Communications and Media	3%
Construction	2%
Consumer and Homemaking	1%
Health	9%
Environment	.5%
Fine Arts and Humanities	13%
Hospitality and Recreation	6%
Manufacturing	11%
Marine Science	1%
Marketing and Distribution	6%
Personal Services	4%
Public Service	8%
Transportation	1%
Unknown	2%

The Division of Occupational Education in the Massachusetts Department of Education awarded a grant to the Norwood High School Guidance Department to implement a project of career awareness among full-time employment bound seniors. Follow-up studies indicated that approximately twenty per cent of Norwood High School graduates seek full-time employment. The project provided involved students with new career awareness of occupational clusters compatible with their skill training and individual potential. Participants were students enrolled in home economics, business, industrial arts, and mathematics programs. Two on-site industrial visitations per month from September through

March were organized by the guidance counselors. In March two job seeking skills seminars were held at the High School. Presented by an outside consultant with expertise in employment practice, participating students were acquainted with several of the variables involved in the interview process, completion of employment application forms and the preparation of a resume. In May the Guidance Department completed the final step in the three-phase program by hosting a highly successful Job Bank in our library at which representatives from twelve prospective employers interviewed senior who plan to enter the job market full-time in June. This interview process saw students using skills which were acquired at the two job-seeking skills seminars held in March. As a direct and immediate result of the Job Bank, many employment applications were submitted, and several company representatives requested follow-up interviews on site with participating students. The follow-up interviews resulted in actual employment for interested and qualified students.

The Guidance Department hosted a variety of meetings for distribution of information to parents. Following is a listing of such opportunities for parents to receive important information:

September — Grade twelve parents were provided with a review of good post high school planning.

October — In a regionally planned higher education program over two hundred fifty college admission representatives were available to talk with interested students and parents.

January — Specialists in the field of Financial Aid reviewed financing of higher education for interested parents and students.

February — The high school program and curriculum were reviewed for grade nine parents.

March — Testing results and scheduling opportunities were outlined for grade ten parents. Preliminary and appropriate good post-high school planning was delineated for parents of grade eleven students.

April — A second regionally planned higher education program was provided for parents and interested students. Over two hundred college and university admission's representatives responded to the needs of parents.

Over one hundred twenty junior students were taken on a field trip by the counselors to the Boston Area National College Fair in Woburn, Massachusetts. Over three hundred college and university admission representatives were available to talk with students in regard to career planning, financial aid and college programs.

English

The Department continued to stress basic skills. With the return to full-year English classes, use of standard grammar and literature texts, required written work, and required reading selections, the Department has been able to focus clearly on basic skills. This year electives in public speaking and drama workshop afforded students the opportunity to

improve their communication skills. Another elective, SAT Review, provided students with exposure to the test itself and test taking techniques. It was decided to make SAT Review a full-course course, starting in September, 1983.

The video-tape equipment was used extensively by the drama and speech classes to tape their performances and to study technique. Individual teachers also utilized the equipment to tape class projects and to tape special TV programs which would enhance their classes. Incorporating SAT Skills into the curriculum became the focus of several meetings held with elementary and secondary teachers. The Department updated its responses to the recommendations of the 1979 New England Association of Secondary Schools and Colleges.

Mathematics

The most significant events of the year centered around computer science. After Town Meeting approved funds, the Department evaluated different computers, made a hardware selection and eventually received thirteen (13) new Commodore Super-pet computers. The School Committee also approved of a new Advanced Placement Course in computer science.

In addition, computer science courses will be opened to sophomores. During the past year there were five (5) sections of Computer Science, compared to eleven (11) sections for the 1983-1984 school year.

Continuing on the Computer Science front, many math teachers received in-service training in the use of the new computers and in the learning of the language Pascal. Supporting the great interest in computer science, Mr. Leo Immonen formed the Computer Science Club, an academic team competing several times per year.

Special note should be made of the following students for their high academic achievements in mathematics.

—Jim Clarke—high scorer on the Actuaries Test

—Kesevan Srinivasan—2nd high scorer on the Actuaries Test

—David Grasfield—Renssalaer Medal winner

—Stephanie Golub—outstanding Junior in Mathematics

—Diane Brusco—outstanding Sophomore in Mathematics.

Art

The Artist-In-Residence Program, in which students from all levels participated, helped to make this year the most active and exciting one to date in the art department. Harry Brock, an abstract painter, set up his studio in each of the junior high schools and worked with groups of students, including ten from the high school, each afternoon. In addition, Mr. Brock spoke at each of the elementary schools and at a meeting of the Norwood Art Association. He also attended the opening and closing receptions where his and student work was exhibited. Due to tremendous support and cooperation from administration, faculty, student and members of the community, this program was exciting and worthwhile.

Art students were honored this year in the Scholastic Art Awards contest on the national levels. For the first time, one student's portfolio was one of the few from the region to compete at the national level. Seven students were inducted into the National Art Honor Society in January, and a sophomore received the first Annual Art Achievement Award at the Awards Assembly in May. This award is given to an underclassman who shows not only artistic dedication and accomplishment, but consideration for others in the department.

As usual, students' art work was exhibited throughout the year at a number of locations: Regal press Gallery, the School Committee Room, Kline's End-of-the-year Exhibit, Music Concert Exhibits, Youth Art Month Exhibits within the school and the Norwood Public Library, the Massachusetts School Committees' and Superintendents' Convention, and a rotating exhibit in the front display case of the school.

Service activities for town organizations in which art students and faculty participated this year include: posters for the Friends of the Norwood Library, visuals activities involving the school include posters, signs and other work for: PTA, Senior Play, Careerfest, swim and football teams, Madrigal Christmas Dinner, student council activities, Gong Show and the H. O. Peabody School.

Art students successfully competed in a number of contests: H. O. Peabody Logo Contest, U. S. Post Office Stamp Contest, Boston Ballet Costume Design Contest, and the Norwood Commission for the Arts Logo Contest.

The art curriculum will undergo some changes in the future. Because of the report concerning toxic art materials, various supplies have been removed from the department resulting in the eliminating of certain projects. There has also been a development of art history and sculpture units which will be integrated into the curriculum.

Business

Nineteen students who were enrolled in the Distributive Education program attended the DECA District 4 Career Conference which was held on February 2nd at the Holiday Inn in Dedham. Accompanying the students were their teacher-coordinators, Mr. John Sullivan and Mr. Robert Weber. Mr. George Usevich, Administrative Assistant was the Master of Ceremonies for the banquet and presentation of trophies.

Fifteen students were awarded 17 trophies for the following written and career competency events: apparel and accessories, finance and credit, food marketing, general merchandising, restaurant services and petroleum services.

The trophy winners were Carla Campagnone, John Corcoran, Stephen Denaro, Bette DiFlaminies (two events), James Ierardi, Janine Kelley, Kathy Lebel, Brenda Morrison, Elizabeth Onishuk, Brad Rigby, Jeremy Sheehan (two events), Tracey Wall, Michael Walsh, Tracey Zimmerman, and Joseph Zinfolino.

A Federal funding grant was approved for the current school year to provide opportunities for students who are enrolled in the Distributive

Education program to gain electronic cash register knowledge and skills through the acquisition of equipment and instructional materials. The three electronic cash registers will be used in the DE laboratory and the high school's school store which the DE students manage and operate.

This year, we offered for the first time Accounting 2 (College). Students in either Grades 11 or 12 may enroll in the new accounting subject offering if they have successfully passed Accounting 1 (College).

Foreign Language

The highlights of the year include first time events heralding a new era and concern for the enhancement of the study of foreign languages by American students. This year, the staff was encouraged by the beginning of a national concern which focussed on the need for foreign language study in American education.

During the year, the staff prepared and made available motivational reading material for the ninth grade parent's night in response to the question, "Why study foreign languages?" Also, for the first time in many years, ten (10) Spanish students participated in the national examination held by the American Association of Teachers of Spanish and Portuguese. Two (2) students, Jennifer Hilton and Kevin Kuphal placed among the first ten (ten).

Physical Education

Because of the water damage the boys' gym was not available during the school year. Even though this lack of facility caused a number of inconveniences, the physical education department had a successful year.

The highlights of the year included: (1) seven alcoholic awareness programs presented by various private and public agencies and individuals, (2) a meeting with Mr. Robert Anastos to discuss the highly publicized Students Against Drunk Driving Program, (3) four special films concerned with asbestos, smoking, rape awareness, and first aid problems, (4) a special presentation by a registered nurse to sophomore girls on pregnancy, and (5) physical fitness testing to all students in the fall and spring.

Social Studies

Governor Edward King made a visit to Norwood Senior High School. Students in the Social Studies classes prepared a series of questions for the Governor in a press-conference format assembly.

Social Studies teachers took part in preparing students to view televised movie "The Winds of War". Handouts were given to students with a chronology of events leading up to World War II, as well as, identification of people, places, ideas, isms and events.

Four students from Norwood Senior High School were among those attending the Project Close-Up program in Washington, D.C. earlier this spring. George Phipps, Elizabeth Melvin, John Foley, and Denise Discepalo were accompanied by Bruce Gregory, social studies teacher at the senior high school.

Approximately two hundred students from the Greater Boston area met with members of the legislative, executive, and judicial branches of government during their full-week's stay in the nation's capital. Norwood's students were paired with students from Arizona for the week to acquaint them with other viewpoints and different cultural traditions. Mr. Gregory, who has been taking students to Washington for project Close-Up for the last six years, said, "The project is a living classroom with Washington as the text book." The trip was sponsored in part by the Norwood Women's Community Council and the Norwood Lion's Club.

Students campaigned for either an elective office or an appointive office for Student Town Government Day. On April 4th, students held an election simulating the Town of Norwood elections. Those students elected and appointed were hosted by the town government counterparts for the day gaining a valuable experience in the daily activities of a town official.

Written and oral exams were administered to students in the Social Studies Department to determine achievement awards. David Grasfield won the American History Award and Stephanie Golub won the United States History Medal.

Science

Curriculum days this past year were used mainly to review our final examinations. The final examination in biology consisting of 150 questions underwent an intensive review and was significantly amended. Test results will be reviewed next year. The New England Association of Schools and Colleges report was also reviewed.

The in-service workshops conducted during the year were generally regarded as interesting and useful and it is hoped that this program will be continued.

Acid rain is the latest threat to our environment and keeping informed of developments in this area so as to inform and enlighten our students is vital. Mr. Thomas Burbridge attended a regional meeting of the Environmental Protection Agency regarding acid rain at the Agricultural Field Station in Dighton, Massachusetts in February and reported on this meeting.

Joanne McGrath enrolled in the Basic I and Basic II computer course sponsored by the School Department. It is hoped that this course will be offered again next year and that we can interest more members of the department to enroll.

Industrial Arts

Career choice exploration was given added emphasis this year. Four guest speakers from accredited technical schools made non-commercial presentations of a general career/vocational nature. Complementing this, our guidance department arranged for field trips to the Boston Globe, General Motors Training Center, and the New England Telephone Company.

Our students and staff have again demonstrated a spirit of cooperation by performing the many "in-house" maintenance, construction, and printing tasks requested of them. Inter-communication phones were repaired, maintenance department equipment was cut and welded, sets for the senior play were constructed, and donated stage risers were rebuilt. Along with the many tickets and forms printed, our department printed the Student Hand Book and the Careerfest Programs and graduation programs.

Concern for student/teacher/environment health came under preliminary study this year. Toxic materials used in the shop were identified, disposed of, and replaced by non-toxic equivalents wherever possible. Noise level tests were performed in the wood, metal, and graphic art shops to identify equipment producing unhealthy noise levels.

Special Education

There were one hundred and twenty-six students who received special education services under Chapter 766 this year. The staff consisted of the following full-time staff-members: two Learning Center teachers, a Resource Room teacher, and an Adaptive Education counselor. The part-time servicing staff included a Speech and Language Therapist, School Psychologist, Evaluation Facilitator and an Adaptive Physical Education Instructor.

Seventy-five students received services in the Learning Center during the year. There were nine students in some Resource Room classes. Seventeen saw the Speech and Language Therapist, forty-five worked with the Adjustment Counselor, and nine the Adaptive Physical Education teacher. Sixty-five students met with the Psychologist for testing and/or consultation. Nine students were enrolled in alternative schools or programs, and four of these were seniors who earned their high school diploma this year. There were forty-one evaluations at the high school; 28 resulted in a recommendation of services. The recommendations of the other 13 were that no services were required.

National Merit Scholarship Competition

Lisa A. Therman was awarded Finalist standing in the National Merit Scholarship Program. She earned Academic recognition in being a member of the select group which represents less than half of one percent of American high school seniors.

Paul E. Anderson, Ellen M. Belur, Maribeth Castonia, James W. Clarke, Valerie M. Dawson, Julie A. Harrold, Daniel J. Kenefick, Linda J. Monbouquette, Christopher Phillips, Julie A. Power, James G. Silk and Marlene L. Sullivan received letters of commendation. These twelve students are members of a group which represent less than two percent of the total graduating seniors in our country.

Chancellor's Academic Talent Award Competition

Chancellor Joseph Duffy of the University of Massachusetts announced that two juniors at the High School were selected as winners in the 1984 Chancellor's Academic Talent Award Competition.

Receiving this recognition were Stephanie Golub and David Grasfield. As winners, Stephanie and David are offered a merit scholarship with a four-year waiver of tuition if they enroll at the University of Massachusetts at Amherst for school year 1984-1985.

National Honor Society

Our local chapter of the National Honor Society indicated six (6) seniors and twenty-eight (28) juniors during the school year. In order for a student to be eligible, one must successfully demonstrate the qualities of character, service, leadership and scholarship. To qualify for the academic requirement, a student must achieve an eighty-five (85) percent average each term, as well as gained Honor Roll status for five consecutive terms, two of which shall be first honors or above.

Elected to office for the academic year were Kathleen Bacon, President; Amy Josephson, Vice-President; Carole Louie, Treasurer, and Marlene Sullivan, Secretary.

Membership certificates were presented to inductees of the Art Honor Society: Paula Butters, Michelle Cormier, John Fraone, Michelle Gendreau, Carolyn Sansone, and Jennifer Wheeler.

The new inductees were: Class of 1983, James Clarke, Kevin Mahan, Elizabeth Melvin, Beth Newmark, Susan Pink, and Julie Sansone.

Class of 1984: Paul Andreotti, Lisa Arpino, Karen Barker, Susan Brady, John Bretti, Diane Carchedi, Beth Carmitros, Mary Ellen Chambers, Barbara Clarke, Catherine Condon, Vanessa Corliss, Lisa Cotellesso, Stephanie Golub, John Goode, David Grasfield, Brian Hansberry, Cynthia Hellelfinger, Tay Ho, Long Huynh, Paul Lang, Denise MacDonald, Jane McCarthy, Albert Medwar, Cathleen O'Donnell, David Raymond, Stacey Sweeney, Charles Venditti, and Eileen Wynne.

Honors Banquet

Each year the High School Parent Teachers Association sponsors an honor banquet. At this dinner recognition is given to those students who during the year have distinguished themselves by earning excellence in scholastic achievement.

The following students were honored: Valerie Dawson, Paul Anderson, Kesavan Srinvasan, Linda Monbouquette, Julie Harrold, Karen Naughton, Maribeth Castonia, Amy Josephson, Lisa Berman, Michele Troilo, Kathleen Sennott, Paul McSweeney, James Clarke, Julie Power, John Lee, Robert Armour, Stephen Rotondi, Darlene Spicer, Christopher Perkins, Daniel Kenefick, Leslie Sheehan, Elizabeth Melvin, Carol Louie, Sheila Dailey, James Silk, Marlene Sullivan, Rita Curley, Kathleen Bacon, Marcy Frank, Nancy Quigley, Paula Goggin; Juniors David Grasfield, Stephanie Golub, Brian Hansberry, Charles Venditti Albert Medwar, Lisa Cotellesso, Cathleen O'Donnell, Paul Lang, Jane McCarthy, Cynthia Heffelfinger, David Raymond, Tay Ho, Alan Weiner, Mary Ellen Chambers, Paul Andreotti. Sophomores, Cristal Metta, Lisa Allen, Irene Skricki, Diane, Brusco, Michael Phillips.

A list of the Lane Medal recipients and those seniors who received special awards at graduation follow.

Lane Medals—Valerie Dawson, Paul Anderson, Kesavan Srinivasan, Linda Monbouquette, Julie Harrold, Karen Naughton, Maribeth Castonia, Amy Josephson, Lisa Berman, Michele Troilo, Kathleen Sennott, Paul McSweeney, James Clarke, Julie Power, John Lee, Robert Armour, Stephen Rotondi, Darlene Spicer, Christopher Perkins, Daniel J. Kenefick, Leslie Sheehan, Elizabeth M. Melvin, Carol Louie, Sheila Dailey, James Silk, Marlene Sullivan, Rita Curley, Kathleen Bacon, Marcy Frank, Nancy Quigley, Paula Goggin, Matthew MacDonald, Pamela Palumbo, David Sullivan, Jane Kelly, Therese Alty, Christine Jennings, Kathryn Hoffman, Jeffrey Fox, Denise Bilotta, Mark Williamson, Beth Newark, Carey Louie, Kenneth DeCosta, Karen Zilfi, Susan Rossie, Eileen Herlihy, Terrence Tangney, Philip Robbins, Thomas Ferrari, Thomas Lyons, Paula Butters, Juli Sansone, Susan Pink, Joanne Anello, Jeffrey Cox, Ellen Belur, Kevin Barner, Christine Ryan, Patricia Brown, Jill Sansone, Joseph Hilton, Dianne MacPhee, Patti-Jean Kelter, Arthur Mistler, Laura DelRossie, Paul Carchedi, Christine White, Carolyn Slowe, Jeannette Nadeau, Stephen Gorman, Lisa Corcoran, Steven Barner, Robert Bossio, Lisa Carmitros, Caroline Curran, Steven Capobianco, Curt Lindenberger, Kevin Kuphal, Michele Gallucci, Diane McKenna, Bruce Patrick, Rosamaria DeCosta, Christine Weber, Kevin Mahan, Federico Rondinelli, Erik Covitz, Mark Breen, Marilyn Jackson, Annemarie Teahan, Marcia Wytrwal, Debra Quinlan, Louis Jennings, Timothy McKeown, Stephen Murphy, Gary Pusateri, Norma Waitekus, Judith Ward, Jean Ann Dima, Brion Ball, Lawrence Taylor, Alison Heller, Joan Coyne.

REPORT OF THE DIRECTOR OF THE HENRY O. PEABODY SCHOOL

The trustees of the Henry O. Peabody School presented $91,257.00 to the town of Norwood. This money represents the interest accrued during the past year from the various investments made by the trustees. We are truly indebted to the generosity of these people who volunteer their time and service.

A federal project, "ROCETT" - pronounced rocket - "Realization of Career Elected Through Tutoring" began in October 1982. Two tutors were hired through these funds for 600 hours each. The tutors assisted students with current studies.

Mr. Maher attended a "Media Seminar" in Wellesley as well as monthly Educational Advisory Committee meetings and the Annual meeting with the Board of Education and Commissioner of Education in Auburn.

The school was visited by the Department of Education to evaluate our Admissions Policy. We received approval and many fine commendations. Mr. Maher was selected to be a member of a state advisory board preparing a State-wide Admissions Policy Handbook for Vocational Schools.

This year meetings were held with the "Norwood Cluster Program-New England Home for Little Wanderers", The Massachusetts Commission for the Blind, Norfolk Human Services, Inc. and TEC, to name a few. A joint effort in cooperation with Norwood High School and TEC will begin next September to assist special needs students with actual career involvement.

Mr. Maher, Mrs. Gorman and Miss Keyes attended the first meeting of the "Council on Hotel, Restaurant and Institutional Education" (CHRIE) at the University of Massachusetts. One of the major areas of discussion was the issue of access to Higher Education/Transfers and the need for closer alliance with Industry.

The Henry O. Peabody School Alumni held several organizational meetings and are looking forward next Fall to holding their first social. Alumni from both in and out of state have been contacting the school for information. Several have returned to demonstrate their skills to our present class and others are hiring graduates for employment in their own businesses.

The Evening Practical Arts Program enrollment for 1982-1983 increased over that of the previous year. Several new courses are being incorporated and of particular interest are those involving the computers we now have. This past year we offered two courses in Basic and four in Wordprocessing. After school, In-Service courses in computers were held at the Henry O. Peabody School for teachers in the System.

Guidance

To update guidance facilities, an Apple II Microcomputer and a microfiche reader were received through a federal grant for use in

occupational, educational and financial information dissemination. The Town of Norwood added a video display unit to make the microcomputer usable.

In the fall all postgraduate Cosmetology students were given a reading test to determine those who could benefit from a class which provides additional help in reading and study skills. A supplementary reading test was given to a few LPN applicants this spring. During the year a number of college representatives spoke to Henry O. Peabody students about continuing education degree opportunities at their respective schools. Jenny Senier, local United States Air Force Representative, and Sergeant Roy Summers of the United States Army, along with an Army Food Specialist, spoke on two separate occasions regarding career opportunities in the Armed Forces.

Guidance Counselor, Polly Gorman, represented the School at the TEC Higher Education Night in Wayland, Regional Career Night in Franklin, and at Brookline High School's Career Program. William Maher, Director, represented the Henry O. Peabody School at Attleboro's Career Night. Chris Matthys accompanied Polly Gorman for presentations at the two Junior High Schools in Norwood. The slide presentation assembled and presented by Ms. Matthys is designed to make both students and faculty at other schools more aware of the instructional programs at the Henry O. Peabody School. Students from both junior high schools later visited the Henry O. Peabody School and spent time in the programs that interested them.

Mrs. Gorman spoke at sophmore, junior and senior class meetings at Norwood High School. Chris Matthys visited a number of area schools, and made several presentations in high school classes. This spring, for the first time, the Henry O. Peabody was represented by a booth at the New England Hotel and Restaurant Show in Hynes Auditorium.

Polly Gorman was invited to be a counselor at the New England College Fair held at the Northeast Trade Center. She processed 46 HELP Loans for Henry O. Peabody Students this year, a 67% increase over last year. Financial Aid Workshops were attended by her at Regis College and in Andover. Eligibility for Pell Grants is in the process of becoming activated as a result of our new Candidate for Accreditation Status.

Many part-time and full-time placement opportunties are processed through the Guidance Office, with arrangements frequently made for interviews here at the School. Alumni also make use of both career counseling and job opportunities through this office. The number of out-of-state inquiries has increased as the Henry O. Peabody School is listed in additional career publications, and represented at more interstate events.

Business

Seven Commodore microcomputer systems were added to the Business Machines Lab through monies received form federal grant and the Town of Norwood. These microcomputers function as word processors, or may be used for accounting problems, enabling students to familiarize themselves with some of today's most modern office

equipment. A federal grant written for continued updating of equipment, and presently under favorable consideration, should provide funds for the purchase of additional microcomputers.

This year the John Hancock Awards for recognition of outstanding achievement in business studies were presented to Lisa Stanton of the Secretarial program and Lori Devine of the Business Machines' program. The many jobs available in the insurance field were described by Brian Kaveney of the Frank Morrill Insurance Agency, Norwood. Chances for advancement and career development within an insurance agency were emphasized. A question and answer period following a discussion on 1983 car insurance concluded the presentation. The proper approach to obtaining a job was the topic for Ann Buckingham's visit to the business students. Job availability, skill requirements, and the importance of a neat appearance for the job interview were discussed by Mrs. Buckingham of Buckingham Personnel of Norwood. She explained how a Personnel Agency functions, invited students to visit her office to explore job opportunities.

Intensive grammar and punctuation training with emphasis on correct spelling, better business letters and individual vocabulary development were taught by Mrs. Brown in her related English class. Organizational and verbal skills were encouraged with each student responsible for workbook and classroom projects simulating and clarifying actual business practices. An oral presentation was given by each student, after she interviewed a professional working in a business related area.

In late March, business students made a field trip to John Hancock in Boston where a demonstration of the Wang Word Processing System was given, after a tour of the offices. Employment Interviewer Edythe Massey spoke to the students about the importance of the interview and pre-employement testing, later describing career opportunties available within the Company. In April, students made a field trip to the First National Bank of Boston where they toured the Word Processing Center which uses the Wang System. A member of the Bank's Personnel Department spoke to students about the skills required for an entry level position as well as those for growth opportunities at the First National Bank of Boston. In June another stimulating field trip took students to Sun Life of Canada in Wellesley.

The Business Advisory Committee, made up of local business people, met in March to discuss the business programs. Some suggestions were made to change the name of the Business Machines' Program to attract more students to the word processing training. Committee members were most impressed with the usage of the microcomputers in the Business Machines' Lab.

Cosmetology

All graduates of the Cosmetology program must take both a written and a practical exam administered by the Massachusetts Board of Licensure. This year, for the first time, two such examinations were administered at the Henry O. Peabody School. Cosmetology students have classroom coursework in related English, Science and Art, as well

their laboratory work. Salon Management was added to the eleventh and twelfth grade curricula, to increase students' awareness of professionalism. Combined workshops, presented by both the science and laboratory instructors, were presented on color, permanent waving and other topics. These sessions provided students with the opportunity to ask questions and participate in discussions with both related and the practical application teachers on hand. This approach resulted in lively discussions and an enhanced understanding of the newest procedures. Demonstrations of chemical changes, occurring in beauty materials were presented in class, while the effect of "PH" on food and cosemetics was shown at Open House.

Students were introduced to various beauty supplies and equipment on the field trips to Shakour's Beauty Supply House in Worchester and to Bi-Rite Beauty Supply House in Pawtucket. Judges for the hairstyling contest were Carmen Accolla, owner-manager of Carmen's Hair Design in Norwood, Michael Fitzhenry of John Dellaria's in Norwood, and Salvatore Abramo, owner-manager of Hair Fair Salon in Islington. This display of talent assisted a number of students with end-of-the-year employment opportunities. Mr. Accolla's two daughters, Tony '81 and Betty 82', showed talent and enthusiasm when they assisted their father in a demonstration for current students. Great inspiration was given by these two young professionals, both Henry O. Peabody School scholarship recipients.

Kenneth Tracy, owner-manager of Frank's Hairstyling in Walpole, an alumnus of the Henry O. Peabody School and an employer of graduate students, demonstrated current trends in hairstyling and permanent waving. Various techniques in precision haircutting with the use of air and blow drying were shown by Karen Parazzo, '79, along with Michael Fitzhenry, both of John Dellaria's Beauty Salon of Norwood. This Salon interviews and employs a number of our graduates each year. A precision cutting demonstration was also given by Deborah Erskine of Norwood, a graduate of Paul Michell's Cutting School of New York. Techniques for accentuating facial features through the proper use of cosmetics were demonstrated by John Eagen, Cosmetic Consultant and instructor at the Cambridge Center for Adult Education. Lavenia Brewster and ten of her students from the Hubert Humprey School in West Roxbury demonstrated Thermal Waving and Chemical Hair Relaxing on black and hispanic hair.

Attendance at two trade shows, one at the Northeast Trade Center in Woburn, and the other at the Venus de Milo Restaurant in Swansea, exposed students to the newest trends in hairstyling, cutting, hair coloring and other hairdressing features. Placement of the Henry O. Peabody School Cosmetology graduates continues to be excellent.

Culinary Arts

The Culinary Arts' Department has had a most successful and productive year. The study of vocabulary pertinent to their field was required in their related English class, as well as the presentation of an oral report based on a relevent article from "Consumer Reports" magazine. Mrs. Brown also included a unit on job interviewing and

resume writing, as a part of their curriculum. Assignments in literary works were given to enhance reading skills, and to enrich their total learning experience. Each class covered the proper grammatical and punctuation skills deemed useful for success in the students' chosen career.

As an introduction to the Related Math course, basic skills were strengthened. Followed by such topics as standard recipe conversion, daily food production recording, menu pricing, portion control, and physical and perpetual inventory preparation. Knowledge of this material will prove invaluable in the students' future employment.

The basic Food Science Course is being revised and tested continuously to present basic concepts of science and the application to processes and activities of the Bakery, Dining Room and Cafeteria. Examples are basic concepts of radiant energy applied to microwave, infrared heating, color perception of food, light and heat absorption, and refrigeration. Henry O. Peabody students heard Chris Eames, dietician at the United States Army Natick Research and Development Laboratories, in November. Her topic was blast frozen dehydrated foods developed in the Natick Research Facility, and their use in the armed service, space travel and potential commercial application. The process of developing these foods was explained, followed by their advantages: shelf life of one year without refrigeration, reduced space reqired for storage, lighter weight for combat and space travel, and no waste. Though costs are presently high, there is much potential for their application in commercial food service and for the average consumer. It is expected that these foods will begin to appear in local markets within a year.

In March, as part of National Nutrition Month, second year postgraduate culinary students developed nutrition awareness cards to coordinate with items served as part of the cafeteria menu. These cards listed major nutrients and their function in the body. Several student prepared a daily menu selection of low calorie content. Students showed much interest in this project which will be expanded next year. The Science Department has purchased an audio-visual module which introduces the student to basic cell theory and the most up-to-date knowledge in the field of cell biology. This is used for both culinary and cosmetology science classes.

Dining Room Operations' students assumed responsibility for programming special theme luncheons throughout the year. Henry O's featured ethnic meals of Mexican, Irish, Italian, and Chinese cuisine. In conjunction with the annual Harvest Fair, the dining room held New England Harvest Days. During times of unusually heavy orders ot fill, the Bakery students reported to school early to assure that all orders were completed, such as during the holiday season. The Culinary Arts' students organized a program of sports activities including football, basketball and softball, using the Willett School facilities.

Among the accomplishments of the Henry O. Peabody School Culinary Arts Students and faculty were catering - both on and off premises - field trips, guest lectures and food competitions. On premise catering functions were held in the form of breakfasts for both the

Norwood Town Selectmen, and the Senior Citizens. Weekly Wednesday luncheons were held for the Norwood Kiwanis Club, with individual luncheons for both the Norwood High School Student Government under advisorship of George Usevich, and the Honor Society for which Charles Parker is advisor. Additional undertakings were a Masonic Testimonial Dinner and the Annual Trustee/Advisory/School Committee and Faculty Dinner for the Henry O. Peabody School.

Off premise catering was done for the Junior Guild of Catholic Charities on four holiday occasions. The Old Colony Boy Scout Banquet the Norwood High School Music Department's Medieval Christmas Dinner were catered. Food for the Kiwanis Fashion Show was prepared and served, and food for the Annual Kiwanis Clam Bake was prepared at this school. Another successful food service event was the Norfolk County Agricultural Extension Service Luncheon.

Field trips were made to ITT Continental Baking Company in Natick, a Connecticut Baker's Association monthly meeting, and the New England Hotel and Restaurant Show at Hynes Auditorium. Bill Merlis gave a "Breads and Rolls" Demonstration, while John McDonnell '77 gave an ice carving demonstration. At that time, John was Head Chef at the South Shore Country Club in Hingham. He is now located in a hotel in Bermuda.

Among the food competitions entered this year were the Old Colony Cake Decorators' Show, the New England Hotel and Restaurant Show, and the Boston Epicurean Show. At the Henry O. Peabody School Open House, the first annual student competition was initiated.

A new brochure has been designed to enhance the presentation of this outstanding program.

Fashion Design

The Fashion Design Class of '82-'83 proved to be a motivated and productive group of students who performed above average in the lab area. Projects chosen for construction were executed with a flair for creativity in the coordination of color and texture of fabrics. Machine grading, combined with handgrading, was a successful learning experience with minimal difficulties in sizing, using the grading formula.

A Singer Memo-Matic knitting machine was purchased for use in the Fashion Group Art program. The students learned basic operational skills while making a ski hat. Some students advanced to making simple apparel items.

Field trips througout the year allowed the students to interact with industry, fashion personnel and the arts. On September 16, 1982 the students visited Fabric Place in Framingham to view a fashion show by McCall Pattern Co. which emphasized the importance of a coordinated and interchangeable wardrobe. They also participated in a "Color Me Right" lecture and demonstration that addressed the fundamental theory of color in relation to hair color and skin tones. On October 19, 1982 free-lance fashion illustrator, Jane Fortun, lectured to Fashion Illustration class, demonstrating the professional procedure which she uses for newspaper illustrations. The students were allowed time to ask

questions and examine the samples of art work which Mrs. Fortun provided. "Where's Boston", an audio visual presentation of the city and it's multi-faceted neighborhoods, was viewed at 60 State Street on November 18th. A walking tour of the shops and boutiques in Faneuil Hall Marketplace and Chestnut Hill Mall provided students with a variety of unusual color coordinates and design ideas. An extensive tour of the Scotts Woolen Mill and the Stanley Woolen Company in Uxbridge in December acquainted students with the processing of raw materials into yarn and fabric.

To make Christmas a little happier for needy youngsters, Fashion Design students learned how to crochet. They donated yarn and made hats and dresses for forty dolls which were provided by the Greater Boston Chapter of the American Red Cross. A certificate of appreciation was awarded by the Red Cross to each student who participated in this charitable activity.

In mid-March, students toured the print gallery at the Museum of Fine Arts, Boston, to view "Photos by Helen Levitt", a renowned photographer with a special talent for black and white photographs. This was demonstrated in the exhibit of New York City's streets and people. A colorful exhibit, "Century of Modern Drawing", was also viewed. In April, Amy Peters, Fashion Design instructor, accompanied by students, Cathy Metta and Denise O'Rourke, gave a lecture on careers in the fashion industry at Norwood High School's "Careerfest '83". Art instuctor, Terri Howe, presented a "Color Analysis" demonstration. Fashion students enjoyed a lively fashion show, "Collection '83", presented by Apparel Design Students at Rhode Island School of Design in May.

To prepare students for our annual fashion show, professional model, Cheryl Major, conducted a modeling session on May 5th. On May 10th they were given individual instruction in the application of make-up by Enid Goldsmith, Newbury St., Boston. "Colorfest '83" was presented at Concannon's Village, Norwood, on May 18, 1983. Approximately one hundred pieces, created and modeled by the Class of '83, included a colorful collection of sweatshirt fashions, coats, suits, sportswear, silk-screened designs, fantasies, dresses and formals. Funds generated from this event helped defray the expenses of a one day visit to New York City on June 9th. The itinerary included a tour of "Healthtex", a knitwear manufacturer, and a visit to the Metropolitan Museum of Art.

The Apprenticeship Program has been instituted as a term IV requirement for the successful completion of the Fashion Group curriculum. Students were accepted to participate at Collegetown, Fiandaca and The Golden Needle. The student served without compensation for a total of thirty-five hours. Two of the students received and accepted placement with these companies.

Fashion Merchandising

To more adequately reflect the curriculum, the Fashion Merchansising Program has been renamed, RETAIL MANAGEMENT,

for 1983-1984. The course will continue to have a fashion orientation, as fashion relates to all aspects of retailing and marketing, but will be broader in scope. Presently, students are trained in management principles and techniques. Advertising and Display classes were added to the curriculum, enabling students to relate theory directly to practice in their retail laboratory, Corky Row Boutique. This allows Mrs. Howe, the related Art Instructor, to present more depth to the study of Costume History and Textiles. In their related English class, emphasis is placed on skill development for effective reading, and writing and speaking. This includes oral reports on various aspects of consumerism and merchandising.

Students are exposed to the fundamentals of buying through buying field trips to the Boston Gift Show at Hynes Auditorium, to the Womens' Apparel Show, the Shoe Show and the Gift Market in Burlington. Cosmetology students accompanied the group to EXPO at the Northeast Trade Center. Sales representatives visit students during Boutique hours to show their lines. Other field experiences took students to the Museum of Fine Arts for Advertising and Display inspiration, and to Yolanda's in Waltham to view her exemplary beauty/fashion/health salon. Several Cosmetology students accompanied the group on this trip.

The Corky Row Boutique operation is now a bona fide business setup, no longer must a massive move operation be performed to open and close daily. This allows more time for creative merchandising: relocating merchandise, redesigning displays and signs, ordering merchandise, retailing invoices, and keeping the books - thus, putting into practice the theory gained from the Math curriculum.

To create a store window look, students redesigned the exterior board, which will give a new look for the '83-'84 selling season. A large chrome sign holder was purchased to herald Special Sales or Merchandise Arrival Notices, and several three-sided glass cubic showcases were added to deter shoplifting. Profits from the Boutique help to defray costs for DECA (Distributive Education Clubs of America) conference trips, purchase of supplies and equipment, and the annual New York City Field Experience. This year the DECA Conference was held in Niagara Falls, with a side trip taken to Cooperstown.

This year's New York City Field Experience exposed students to the following: The Metropolitan Museum of Art Costume Exhibit, "La Belle Epoque"; a viewing on the line at College Town and instruction in the art of buying and merchandising by their Sales Manager, Sherry Purcell; the upper East Side boutiques, Fifties and Madison Ave. shops, retailing along 5th Ave. to 34th and Herald Square (Macy's), and down to the bargain shops on lower 7th Ave. Culturally and educationally their other exposures included: the play, "42nd Street", a night in Greenwich Village, the Staten Island Ferry ride, a visit to the New York Stock Exchange and luncheon at Four Seasons, as well as the ride on Amtrak.

Guest lecturers included Advisory Board Member, Mr. Howard Metcalf, who gives of himself annually to instruct and impress the students in the importance of types of lettering for sign making and Miss Gina Marinucci, buyer of Marshall's of the Virgin Islands described her

job to them (and the Business students), the glamorous and not-so-glamorous aspects. Former student Cyndi Lawless energized students as she described her latest enterprise. Cyndi has completed an Associate's Degree at Dean Jr. College, while Joy Cornell has completed a computer course at Massassoit Community College; both girls were '82 DECA Scholarship recipients.

Mrs. Elizabeth Matthys, Fashion Merchandising Instructor, was selected for '83-'84 edition of Who's Who of American Women. She also served on the evaluation team for the Warwick Area Vocational Technical School, Warwick, R.I.

Practical Nursing

September 1982 heralded the arrival of 35 students to begin the 27th class of Practical Nursing students, the second year of the 42-week program, and the second class to be housed at the George F. Willett School.

In December of 1982, a request was presented to the Board of Registration in Nursing to permit the addition of the Ellis Nursing Center to our list of clinical affiliations for Term I. Permission was subsequently granted and usage will begin in September of 1983.

South Shore Hospital was not used for Maternal-Child Health this year due to the conflict in schedules presented by other affiliating schools. All students had Maternity Nursing and Pediatric experience at the Norwood Hospital. This required a schedule adjustment which has operated very smoothly and resulted in better utilization of services for all students.

Through an effort by all of the teaching staff, the amount of medication education provided to students has been greatly increased and a greater use of primary nursing has resulted. This should produce more competent and confident graduates.

There have been some upheavals in the health field which will have immediate and long range effects on nursing job opportunties at all levels. Chapter 372 (Cost Containment Regulations) was enacted. This has resulted in cut backs in hiring practices and has caused wage freezes. This law will continue to affect the job market for some time.

Our nursing students continue to provide excellent nursing service while learning under the expert guidance of nursing instructors who are dedicated to educational excellence. The 27 students who graduated on July 18, 1983 were deeply involved in their own learning experience and the greater commitment to community service as they approached the successful completion of their goal.

Conclusion

The Henry O. Peabody School is not only part of the Norwood Public Schools but is a state-aided vocational school under the Department of Vocational Education. Besides qualifying for state and federal aid, the school is in the process of seeking accreditation by a National Accrediting Agency. On May 11, 1983 the school became affiliated with the New England Association of Schools and Colleges in the category of candidate for accredition. Candidacy is not accreditation. It is the first

step taken by the school to attain it and has been approved for affiliation. The actual accreditation will benefit the school, students and community. During the next two years the faculty will be involved in a self-study process leading to a school visitation from the New England Association of Schools and Colleges.

Respectfully submitted

WILLIAM P. MAHER
Director

REPORT OF THE PRINCIPAL OF JUNIOR HIGH NORTH

Enrollment

Junior High School North began its fourteenth year on September 8, with children from the Callahan and Oldham districts in combination with some students from the Cleveland district.

Of 38 Grade 8 students from St. Catherine's who live in the North District, 24 entered Grade 9 this year, and 3 entered Grade 8.

Since the opening of school, 14 students have transferred to North, while 11 have moved to other communities or schools.

Based on current projections, our enrollment for next year should be about 440. The final figure depends on a number of factors, such as the number of students who actually enter from St. Catherine's; students who attend private schools, such as Xaverian, Catholic Memorial, Noble and Greenough, etc.; students who enroll in vocational schools, such as Blue Hills and Norfolk County Agricultural High School; and the effects of increases/decreases in apartment house dwellers.

Guidance

The Guidance Department is comprised of two full-time Counselors. The absence of secretarial assistance, although not a new situation, was still acutely felt this year, our second year of operating with our staff reduced to two Counselors.

During the year, counselors met with parents as well as students to review and discuss information in students' cumulative folders. Meetings with students were held in compliance with the Massachusetts law of 1975 governing rights of access to records. Our students and their parents are made aware of this law through the office of Junior High North.

The Guidance Department has organized a number of assemblies this year, including Blue Hills High School, Norfolk County Agricultural High School, and the Peabody School. In addition, interested students had the opportunity to tour Blue Hills Regional High School and the Peabody School accompanied by a Counselor.

From late January to the end of April, the main concentration of the

Guidance Department was on the programming of over 640 students for next year's classes. This involved several activities, besides the individual scheduling conferences with students at Junior High North. We held a meeting for Grade 6 teachers regarding curriculum, a Parents' Night to discuss the programming procedure and curriculum offerings, assemblies for our own students to discuss this same information, and also visited St. Catherine's School in order to present an assembly for Grade 8 students as well as to meet with the students individually.

Particular attention is focused on the programming and orientation of Grade 6 students about to enter the Junior High. This change is a significant one for these students, both academically and emotionally. Students entering the Junior High are faced with new responsibilities, particularly in meeting new students and teachers. In addition, they must learn to cope with a larger school in which they may face up to seven teachers daily, in as many different classrooms, as opposed to one or two teachers and classrooms in the elementary setting. Counselors attempt each year to make the move from Grade 6 to Grade 7 as comfortable as possible.

In this regard, in addition to the meeting with Grade 6 teachers, elementary students were given the opportunity to visit the Junior High School and tour the building. Students from Grade 6 at Oldham, Callahan, and Cleveland, as well as Grade 8 students from St. Catherine's participated in this orientation program. Students met in the auditorium for a meeting with the Counselors, 2nd a slide presentation and discussion period. In addition, Grade 9 guides led the elementary students in small groups on a tour of the building, observing classes in session.

In addition to our Grade 6 orientation program, we again organized two group meetings for Grade 9 students with their Senior High Counelors. During these sessions, information was presented regarding curriculum and Senior High School policies, and question and answer periods were held.

Once again this year the bulk of our testing program was done in Grade 8 (the Short Form Test of Academic Aptitude, the California Achievement Test, and The Gates Mac-Ginitie Reading Test). In addition, the Reading Test was also administered to students in grades 7 and 9. These tests were administered in the Fall, and results were sent home when available from the scoring service. As mandated by the Commonwealth of Massachusetts, the Massachusetts Test of Basic Skills was again administered this year to Grade 8 students and to some students in Grade 9. The Reading and Math sections were administered by the Guidance Department, which also coordinated the administration of the Writing Skills test through the English Department. This year, for the first time the Basic Skills Testing program also included a Listening Skills test. This was administered to all grade 9 students in the Fall. As of this date, the results of all tests have been sent home.

Publications from the Guidance Department have been somewhat limited by the availability of secretarial services. Typing, duplicating, collating and dissemination of materials require a great deal of time, and

it is difficult to publish worth while information if secretarial assistance is as restrictive as it has been for the past eleven years. However, the 1982-1983 INFORMATION BOOKLET ON COURSES, CLUBS and ACTIVITIES was again prepared and published this year in coordination with the Guidance Department of Junior High South. The booklet was distributed to over 500 students for their use in planning for the next academic year, as well as to parents who attended our programming P.T.A.

During the year, the Guidance Department has been a liaison between school and community. Through our office, students have been notified of, and applications have been processed for, the annual babysitting course offered by the Norwood Women's Community Committee. In addition, the Guidance Department screened the ninth grade and organized a student guide program. This program provides student aides to help during P.T.A. nights, music concerts, open house, visits of elementary students, and other meetings sponsored by Junior High North. Besides providing assistance to the school, this program allows students the opportunity to act as representatives of Junior High North, and to have a new ans positive experience in dealing with other people.

In late Spring, counselors review report cards and notify students of Summer School registration to meet minimal requirements for promotion.

In addition to these projects, counselors are continually involved with student interviews regarding academic progress, school adjustment, programming, vocational planning, etc. The Guidance Department continues to serve as a resource to students, as well as to others who deal with our students - parents, teachers, administrators, and the community. We welcome comments or suggestions the community at large may wish to make.

English

The English Department continues its efforts to provide all students with a meaningful curriculum by taking a number of steps during the current school year.

With a sensitivity to the needs of students to perform to their maximum capabilities in all basic skills areas and, eventually, on the Scholastic Aptitued Tests in high school, articulation within North English staff as well as with representatives form the other secondary schools in Norwood should provide further strengthening of our offerings. Also expected to have dramatic impact impact on performance is the newly added study skills course required of all seventh graders.

Continued positive results on various standardized tests are a reflection of the excellent work done by our teachers and the cooperation and acceptance of the curriculum by students.

Our annual poetry and public speaking contests remain extremely popular with heavy involvement from students. This year all students also participated in a spelling bee with the winner, Julie Kampen, going on to a high finish in the South Shore District Spelling Bee.

Foreign Languages

During 1982-83, approximately eighty percent of the students at North were enrolled in foreign language courses. Most seventh grade students explore French and Spanish as well as some Latin in a minor course which stresses study skills and enjoyable language activities. A two-year sequence beginning in grade eight offers the majority of students the opportunity to complete level I French or Spanish by the end of Grade nine. Exceptionally talented students may begin a five year sequence in grade eight. Students also have the opportunity to begin French, Spanish or Latin in Grade nine.

This year students attended bi-lingual productions of Don Quixote and Cyrano de Bergerac as well as participating in a New England French competition. Classes strengthened listening comprehensive and speaking ability via use of the language laboratory, filmstrips, and the videotape equipment. In addition, they prepared foreign food specialties in a cafe setting, "shopped" in the target language, and broke pinatas. The Latin class prepared a Roman banquet and chariot race. All classes participated in National Foreign Language Week with costumes, buttons, signs, and announcements in foreign languages. Staff members attended several professional conferences, giving a presentation on our seventh grade program which has resulted in visits from other towns. We were also fortunate to have a student teacher in Spanish from Framingham State College from September to December. This year we are initiating annual Foreign Language Awards to recognize student excellence.

Mathematics

During the 1982-1983 school year the members of the Junior High North Mathematics Department all took part in the Computer course offering at the Senior High School. We found the course interesting, exciting and very informative.

With the appointment of Daniel McKenna as Vice-principal and Jack Cook as Head of the Mathematics Department at Junior High North, we welcome Mrs. Jean Newcomb as a new addition to our staff.

Throughout the 1982-1983 school year many discussions have taken place during Mathematics Department meetings in preparation for our new course offering—introduction to Computer Programming using the basic language. Three members of our department (Jack Cook, Tom Sanford and Pat Murphy) served on the Computer Curriculum Committee (C-3) during the past year.

The members of the Department spent considerable time rearranging and setting up the Math Lab into a computer center. The computer center has been designed to be utilized as a Resource Area, Lab Area, and a Computer classroom.

This year, as in past years, we participated in the Continental Math League and N.E. Math League Math contests. The 9th grade scored in the 80.4th percentile with over 250 schools participating in the contests. (The competition involved many private as well as public schools).

Lastly, the State Minimal Competency examination was given again this year. Once again less than 2% of our students failed to reach the minimum standard. This small group will be programmed into a remedial program for the next school year.

Science

During the past year the Science Department of Junior High School North held its first annual Science Fair under the direction of Bill Neviackas. Some outstanding work was done by the participants, and it was enthusiastically received by the judges and the large number of individuals - from both the school and community - who came to view the exhibits. The Science students at Junior High North participated in the second annual National Science Olympiad. On the whole, students compared favorable with students from all over the country. Ribbons or medals were presented to the prize winners of the above events at the school's awards ceremony in June.

In an effort to maintain high standards of professional excellence, members of the Science faculty took part in the following programs. Irene Hill and Bill Neviackas completed a course in Basic Computer Programming for teachers which was offered at Norwood High School. Priscilla Bailey, Irene Hill and Bill Neviackas attended the Mass. Association of Science Supervisors Convention.

Career Education

As the 1982-1983 school year concludes it is satisfying to reflect on our successes. The Industrial Arts courses are still highly popular because they allow students to learn by doing and to gain "hands-on" experience with a number of different power tools.

We introduced a total new technique in the woodworking area, Professional Woodburning. It is a highly artistic and very creative concept which created a high interest and motivational factor as well. All types of wall plaques and clocks were adopted and styled. Kids were extremely please as well as proud of their own accomplishments. All types of screens, animals forests, nauticals and colonials are selectively etched into the wood and then sealed with several coats of varnish. In the metals area, we have introduced a tool box with drawer as the required project. This project is made completely in our shop and is a much more challenging project than past 9th grade required projects.

Social Studies

The Social Studies Department had a very active year. We were pleased this year to present a Career Education project to our Ninth Grade students. The unit was developed and taught by Mr. Harry Fladd of TEC. The department continued to offer our varied program of guest speakers and field trips. For the 13th year, the department sponsored the annual trip to Washington, D.C. for ninth grade students. We are continuing our very successful Social Studies awards Program begun last year. Finally, a majority of the department completed computer education courses sponsored by the Norwood Public Schools in-service program.

Art

The highlight of this year's art program was the Artist-In-Residence Program. In all aspects, it was a success: (fund-raising by the Art Dept., two receptions for artist student work, exposure of the student body to a professional artist and core group participation in the program).

Our student work was beautifully displayed in several exhibits: (the Annual Art Exhibit in store front windows and the monthly exhibits at the Regal Instant Print and School Committee Room). We also had a Blue Ribbon Finalist in the Scholastic Art Awards whose work was on display at the Prudential Center.

Other events included two field trips to the Scholastic Art Awards Exhibit and a Performance Art Exhibit in Boston.

Health and Physical Education

The goal of the Health and Physical Education Department is to develop well rounded individuals with a positive attitude toward life and toward themselves. Through active participation with peers in a physical environment we help students meet new challenges, and achieve greater accomplishments in a clean, wholesome way.

The three year program of Health and Physical Education at North will combine to provide a student with a careful blend of facts and experiences that will aid in decision making and problem solving now and in a very important future.

Conclusion

It is with great satisfaction that I summarize for you my first year as principal of Junior High North. This has been a year of transition for our students and faculty and they have responded very well. It is with pride that I reflect upon the quality education provided by the faculty at North and the enthusiasm and responsiveness of our student body. I am grateful also to the parents for their continued interest and support of our many programs and projects.

On behalf of Mr. McKenna, our Vice-Principal, and myself, I want to acknowledge with deep appreciation the tremendous support and leadership our Superintendent, Mr. James R. Savage and Assistant Superintendent, Mr. Umberto Napoleone have given me during this my initial year as principal. Finally, to the School Committee we express our appreciation for their assistance and understanding.

Respectfully,

JOHN A. POCE
Principal

REPORT OF THE PRINCIPAL OF NORWOOD JUNIOR HIGH SOUTH

In September, 1982 we welcomed 550 students to Junior High South. We also welcomed 3 professionals to the staff.

Mr. John Minichiello was assigned on a full time basis to Junior High South having previously taught a split schedule between the Senior High and South. Mr. Gary Spurr was hired to replace Mr. Mario Ranalli who transferred to the Senior High School.

Finally, Mr. William Riley transferred from the Senior High to our South Social Studies Department replacing Mrs. Baglione who was granted one year maternity leave.

Language Arts

The Language Arts Department observed National Education Week in the fall of 1982 by conducting a school-wide spelling bee. Contest were held among English classes to select the 30 semi-finalists in each grade. Parents were invited to attend the final rounds, in which a winner and runner-up were determined for each grade. The eighth grade winner went on to participate in the regional spelling bee sponsored by the **Patriot Ledger**.

Department members continued to work assiduously in teaching basic skills, and many teachers again participated in the holistic scoring sessions which are a part of the state testing program. All students in the school passed the writing test, and after remediation of a few students, everyone passed the reading test as well.

Plans were made to implement a madatory reading/study skills program for seventh graders beginning in the fall of 1983. Mrs. Poce devoted many hours to developing a curriculum for these new classes.

Another indication of this renewed emphasis on reading was the successful completion of the second year of the reading period, the program which incorporates a free reading period into the school day. Also, the Language Arts Department has revised the summer reading program so that beginning with the summer of 1983, all students must do some summer reading and report on the books read when school resumes in the fall. English teachers spent considerable time developing reading lists for this new requirement.

The Norwood Lions Club again funded our annual creative writing contest. The grand prize winner received a $50.00 savings bond and had her story published in the **Norwood Courier.** All 10 winning entries were exhibited at the school fair in May and published in the final edition of the school newspaper, the **Sojourn.**

As a follow-up to the reading of Shakespearian drama in English class, a group of ninth graders went on a field trip in June to the Huntington Theater in Boston where they was a profession production of "Taming of the Shrew."

Mathematics Department

The major concern of the mathematics department during 1982-83 was the planning of computer education at the junior high levels. Decisions had to be made concerning equipment, curriculum, staff development, and scheduling for computer education. The result was an elective course for ninth graders in computer programming to meet twice a week for the entire school year. Five Commodore 64's have already arrived (late May) and two more are expected by the fall. Four teachers have been selected and trained, to be the instructors for this course next year.

The math lab was open frequently this year and proved to be an active place. Although for much of the year we only had two TR-5 computers, many students were frequently found using them. Near the end of the year we borrowed a few computers from the high school and the lab was used even more extensively.

Once again Junior High South participated in two math leagues. About 40 students competed in the New England Mathematics League and one of our students, Mark Jaffe, tied for first place in Norfolk County. Over 300 students participated in the Continental Math League. We plan to continue with our participation in these leagues, although we plan to reduce the number of participants in the Continental League.

A new textbook was introduced in certain seventh grade classes. A new textbook to coincide with this one is to be introduced in sequential eighth grade classes next year.

Science Department

This year the science department took two field trips. Mr. Shachoy visited the Boston Science Museum with three of his classes in November. While there they attended the laser show which was presented during the month.

In June, Mr. Hottleman and Mr. Minichiello took three classes on a Whale Watch. The group left from Plymouth and went 30 miles out in Cape Cod Bay. The trip was thoroughly enjoyed by the students and we are planning on taking a much larger group next year.

1983 was also the year of our bi-annual school fair. All science accelerated students entered a project in the fair as part of their final term grade.

Finally, two members of the department, Mr. Hottleman and Mr. Lauzon attended In-Service Basic Computer course as we will attempt to involve the use of computers into our Science Curriculum in the immediate future.

Social Studies Department

In the second full year of required social studies courses at grade 7, 8, and 9, Junior High South had great success in all academic areas. In addition, each student used an up-to-date text, and there was an ample supply of supplemental reading and AV material.

The Social Studies department again this year worked diligently on the building and reinforcing of basic skills (reading, map and chart interpretation, listening, porblem-solving, speaking, research). As regards the latter, all social studies students were required this year to engage in some form of library research. These assignments ranged from short, written or oral reports to term papers.

The Social Studies Department is involved in an on-going program of updating and replacing used AV material, and adding to our department inventory.

Several field trips to points of interest to our students were also conducted (Washington, D.C., Boston, Charlestown, Fall River, etc.) and were extremely successful.

The Social Studies departments of the 3 secondary schools (North and South Junior High and Senior High) conducted several group meetings to determine what, if any, changes are needed in our 7-12 offerings. Several suggestions are currently under study, and a final determination is expected in the coming school year. We are confident that any changes made will contimue to reflect on the outstanding curriculum we currently offer.

The Social Studies Department along with the Guidance Department was responsible for administering the state mandated basic skills listening test to 9th grade students. We are pleased to report that all 9th graders met the minimum standard.

Foreign Language Department

The Foreign Language Department has sponsored various cultural and educational activities throughout the year. In the fall, Spanish students participated in a field trip to **Don Quixote**, followed by lunch at Chi Chi's; French students enjoyed **Cyrano de Bergerac** and lunch at a creperie. During National Education Week, parents were encouraged to visit language classrooms where fiestas and skits were taking place. For the '83 School Fair, the Language Department again sponsored its "Cafe International", featuring foods from France, Spain and Germany. Students dressed in ethnic costumes and French chefs added to the international decor.

Highlighting the year was the four-day trip to Quebec and Montreal, where forty-five students experienced life in an authentically French setting.

Mrs. Yvette Parks and Ms. Hellas Assad were selected speakers for this year's Massachusetts Foreign Language Teachers' Association Conference held in Worcester. Their session, entitled "Foreign Languages are Alive and Well at. . ." was a presentation of last year's successful Foreign Language Week activities.

Career Education

The Career Education Department of Junior High South had a very successful year. We were very pleased to have Mrs. Upshaw returned to us as our full time Business teacher.

The Graphic Arts Department acquired a second offset press from Junior High North and it was put to good use immediately. Career Education had a very large display at the school fair and there were many positive comments about the projects which were on display.

Our annual field trip to General Motors had to be cancelled because of the shut down of the plant.

It has been a very productive year for all areas in the Career Education department.

Physical Education/Health Department

The Health program at Junior High South was taught almost exclusively again this year by department head, Mr. Louis Jennings. Every student, with the exception of one seventh grade class met weekly with Mr. Jennings.

The curriculum remained basically the same as last year in grade seven. The students studied the structural composition of the human body, the skeletal, muscular, articular and respiratory systems.

Grade eight continued with an in depth review of grade seven and new areas of the circulatory system, and an extensive unit on alcohol.

Both seventh and eighth grades were given final examinations at the conclusion of their programs.

Grade nine expanded the family unit this year, and had a mid-term examination. The ninth grade students favored this idea. The drug unit concluded the second half of the year for the ninth graders.

The most noticeable difference in this years ninth grade class was the majority of high academic averages and very few failures. The students adapted to the health requirements with an enthusiastic attitude which resulted in an excellent year.

The philosophy of the Physical Education classes is to encourage as many students as possible to participate in a wide variety of physical educational activities.

Highlights of this years program included the square dancing unit, and the battle of the stars competition.

Team teaching and co-educational classes were the usual environment in most classes.

Indoor and outdoor activities ranging from flag football, soccer, tennis, softball, field hockey, lacrosse, and archery to gymnastics, volleyball, wrestling, speedball, and weight lifting are an integral part of the annual program at Junior High South.

The "Mr. South" weight lifting program was a huge success, as more students participated in this event than any previous year.

The Physical Education Department concluded a fine year with a championship softball game between the students of different classes.

Art Department

The 1982-83 school year has been a very productive, as well as busy year, for the Art Department. We continued several activities:

1. Regal Instant Press Gallery exhibits of student work
2. Art work displayed in the School Committee Room
3. Student art work in classrooms during March, National Youth Art Month
4. Hall exhibit for National Education week
5. Decorating town store windows for the winter holidays (this year the addition of the Norwood Hospital Cafeteria)
6. Winter and Spring Music Concert decorations (in addition North and South collaborated on decorations for "POPS" night
7. Annual K-12 town art exhibit in the Spring

The ninth grade minor class made batiks which will hang permanently in the IMC as part of its reorganization program.

Our 1st Artist in Residence program was initiated in the school system encompassing grades K-12. The 12 week session, plus a final reception and exhibit of student work at the Day House in Norwood, was a very favorable and enjoyable experience for everyone involved.

Four South students were awarded gold keys at the Globe Scholastic Art Awards. Their work was exhibited at the Prudential Center in Boston. Two of the students won blue ribbon awards and went to N.Y. for National Competition. For the first time within the Norwood School System, one work was selected for The Washington, D.C. exhibit (only 461 works displayed from nationwide entries).

Guidance Department

The Guidance Department along with the Social Studies Department had added responsibilities this academic year in the form of the state mandated basic skills listening test which was administered to all 9th grades. We continued our regular program of orientation for all sixth graders, inviting these students for a day's visit to become acquainted with the physical plant, classes and personnel.

Evening meetings were held with parents to explain curriculum and career opportunities for their children.

Tours to various vocational schools were conducted for interested students. Schools such as Peabody, Norfolk Agricultural and Blue Hills Regional were visited.

The testing program continued and all 8th and 9th graders who had not taken the Basic Skills reading, mathematics, and writing samples had to be given them this year. This program is mandated by the Commonwealth of Massachusetts. The Guidance Department is responsible for the preparation, administration and follow up of the entire testing program. Results of all test given are mailed home to parents.

An intensive counseling program was carried out on all grade levels. Conference were held on a scheduled basis, and at the request of teachers, parents and students. Referrals were made to other agencies when needed.

Counselors continue to be the student advocates for all children getting services under Chapter 766.

New Students were programmed and current students screened to determine whether program adjustments were necessary.

Many activities were planned for our student body, which included a "Dress Up" Day, Rent-a-Kid Day, Awards Assembly and Class Day which are all annual events at Junior High South.

The National Junior Honor Society which was re-instituted at Junior High South five years ago was again very active and inducted 14 new members.

In addition, an activity period was instituted this year. It proved to be very successful due to the efforts of the professional staff and cooperation of the student body. Activities ranged from model rocketry to Photography, and at one time there were 23 activities in operation. Activities met twice a week and plans are to continue the program next year.

The Daily Silent Reading Program continued this year. Every morning students and staff read for 25 minutes. This relaxing and enjoyable progrm sets a positive tone for the day as well as giving students and staff an opportunity to read for pleasure.

South's Gifted and Talented committee under the direction of Ms. Mary MacVey had for a new program a successful year. The committee has revised several aspects of the program including the guidelines and criteria for acceptance and we are looking forward to next year and continued refining of the program.

In closing, I wish to thank Mr. Savage and Mr. Napoleone and the School Committee for their continued support and cooperation.

PATRICK J. CAMMARATA

Programs Offered

(A) Counseling

In conjunction with Chapter 766, the responsibilities of the Adjustment Counselor (Principal co-chairs of the evaluation team) works well especially in coordinating scheduling, referral process, notifying parents, conferences, and development and implementation of the educational plans. Balch is assigned two adjustment counselors on different days.

The Core Facilitator, assigned to the Balch since October, 1979, makes all the necessary schedules, contact people, and act as a liaison for the CET.

Group counseling (for pupils in grades 2-6) focuses on the objectives of more responsible social relationships and more positive self-images.

(B) Resource Center

The Resource Center at Balch services all the elementary schools in Norwood via a step-by-step procedure with Chapter 766. The program is geared to assist special needs children adjusting to a regular classroom procedure. Work is individualized and the curriculum is based on each child's particular need. The materials are varied, but come primarily from the child's classroom plus any supplementary materials needed. The classroom teacher and the Resource teacher meet as the need occurs to develop the ideal situation for the child. The Resource teacher is assisted by two aides, as mandated by Chapter 766. We use a regular classroom and also a conference room to accomodate the children in a proper educational setting.

The aim of the program is successful intergration in to the regular program of the classroom, and I am delighted and optimistic when I see positive results

(C) The Balch Learning Center provides diagnostic evaluation and remedial therapeutic assistance to children with learning disabilities. Each child's program is individually designed and included work in academic and/or nonacademic areas. Special emphasis is given to learning style, so that each child can best "learn to learn" using strategies most effective for him/her classroom experience whenever possible.

(D) Reading Enrichment

The Enrichment teacher works with the gifted readers in small groups of six to eight at grade levels one through six. She provides additional reading extensions to develop interests, inferential and comprehension skills on a higher level. Units included fairy tales, plays, poetry, creative work, and famous literature - Caldecott winning books. The children are always enthused.

(E) It is the goal of the Remedial Reading Department to develop a favorable self-image and reasonable academic aspirations and achievements in the students, using a variety of interesting and meaningful materials. To insure successful and rewarding experience in the Remedial areas, the goals are to stimulate an interest in reading and reenforce basic phonetic skills, visual and auditory discrimination, increase attention span and cultivate power in oral reading.

(F) Science

The elementary schools will formally experience a new textbook next Fall - **Accent on Science** (Merrill Co.)

We look forward to a uniformed system of teaching science, avoiding repetition etc.

Grades 5 and 6 were involved in science fairs this year. All the classes visit the cafeteria to see the projects devised by these pupils. This gave the pupils of grades 5 and 6 an experience which will prepare them for secondary science education.

(G) Penmanship

This is an area needing reinforcement. We do enough, as we have handwriting guides, but more pride should be incorporated. At Balch, we continue our "contest" and select the best papers from each room for display in the library. Certificates are given to the deserving recipients. We hope this small token instills pride and concern in Penmanship.

(H) The Modified Kindergarten and Transitional I Programs

These programs have completed their seventh year and marked improvement can be seen in their levels of ability to: Listen to directions accurately, discriminate consonant sounds, identify rhyming words and pictures, sequencing events, oral language development, auditory memory, motor control, eye-hand coordination, special development and self-control. Children are selected who are not ready for regular kindergarten and regular grade 1. They perform grade level tasks but at a deliberate pace. Children from all other elementary schools in Norwood have and are attending these programs - all with parental approval. We have received excellent comments from the parents of these children. Norwood needs this program.

(I) Grade Six International Days

In June Balch School sixth grades participated in their eleventh annual International Day. The day was highlighted by three events. The children and parents provided and prepared delicious, varied meals common to European and Asian countries. All had plenty to eat and found it fun to sample foods from their ancestors' countries.

Each child's report on the country of their family's origin was displayed for all visitors to view and enjoy. These reports depicted and explained what makes up a country. The day was concluded with the children providing entertainment from foreign countries in the form of dances, magic acts, solos, duets, etc. Also, dolls representing the various countries were on display for all to enjoy. The sixth grade teachers are to be commended for their planning and successful implementation of this annual educational and social program, as are the P.T.A. Executive Board who assisted in financial and visible ways.

(J) The Parent-Teacher Association

The P.T.A. had a successful year both financially and socially, with the result that two three hundred dollar scholarships were awarded to

two outstanding Norwood High School graduates. The Cub pack has been effectively organized at Balch and the scouting program which was definitely needed made great headway, thanks to some energetic parents and P.T.A. support.

The P.T.A. organization is well interested in the educational Welfare of the pupils of the Balch School.

(K) Building Maintenance

The cleanliness standards of the building and grounds is being properly maintained, and credit goes to our three custodians, who continually do excellent work.

(L) Professional Growth

T.E.C. has again become vital to my professional growth this past year. The annual Craigville Conference for Elementary Principals of the T.E.C. towns, along with our quarterly meetings, have helped stimulate my educational goals.

In the future I again stress the need for an ongoing In-Service Program for Administrators be made available. Through T.E.C. this can be planned and carried out in order that all T.E.C. Principals will benefit.

I wish to mention the benefit of the In-Service Workshop for Administrators on Evaluation.

(M) Title I (ASPIRE)

At the Balch School we are engaged in a daily ESEA Title I Program. Each child in our Title I program must have approval and recommendation of the classroom teacher and written permission of the parent.

The program is geared to meet the needs of each child who will visit the Title I Tutor on a regular basis several times weekly. (We have two Title I teachers assigned to Balch)

The purpose of ASPIRE is to provide additional and supportive help to children, who by performance have displayed a need in the areas of reading and/or math.

(N) English-as-a-Second Language (ESL)

The English as a Second Language Program (E.S.L.) is designed to reinforce the concepts of the English Language—both in speaking and in the mechanics. This program is particularly beneficial to children who speak another language at home and who have difficulty speaking English in school.

(O) Additional Comments

The year was marked by successful in-service workshops, providing an opportunity for professional improvement. We are grateful to the Steering Committee, Central Administration, and the School Committee for the success and support of these workshops.

The series of ten-week courses in Logo and Basic Computer Literacy were well attended and appreciated. This has been markedly

demonstrated in the constant demand for the three Apple 2 computers in this building, resulting in formal scheduling for staff usage. Next year I plan to purchase reliable, commercial software to enhance the programs.

The Basal English textbook is marvelous. It is used primarily in grades 3-6, with consumabes used in grades 1-2. This excellent series enables teachers to systematically organize the Language Arts format. I feel the writing skills will generally begin to improve in time as a result of this book being an essential part of our curriculum.

(P) Future Considerations

I would like to see the return of the "double lines" on the salary scale for increment purposes, because staff turnover will be at a minimum, resulting in possible stagnancy. To offset this and enhance professional growth, courses could be offered via local and NCTA means. People in all walks of professional life update their knowledge —so should we.

I suggest elementary staff be rotated to different grades and even to different schools, to avoid complacency. We are in the throes of changes and it would be an enlightening experience for staff members to have a feel for change.

In conclusion, I extend my appreciation to the Norwood School Committee, the Superintendent of Schools, and the personnel at Central Administration for the cooperation continually given the building Principals in their endeavors to provide quality education for the children of Norwood.

Sincerely,

ANDREW CIARLETTA
Principal

REPORT OF THE PRINCIPAL OF C.M. CALLAHAN SCHOOL

As I write this annual report, I find myself at a disadvantage without my usual reference to the previous reports. However, we will do the best we can.

This is something of a milestone as it is my twenty-fifth anniversary as an elementary principal in Norwood. Let it be noted that my ending years are to be spent where I began in 1950 at the Callahan School.

We continue to be basically a neighborhood school with two classes of each grade including kindergarten. There were no changes in the basic support staff of reading, speech, learning center or Chapter I tutors. We feel that we have put together an excellent team which serves our clients well.

We continue to use two regular classrooms for other purposes. One in the new wing which has a sink and is quite large is used on two days for

art and on three days mostly for individual or small group music lessons. The other room in the older part of the building is used for a learning center and a meeting place for the 766 cores. The Chapter I tutors must share a room accross from the Library which is quite adequate. Both reading and speech have their own rooms. Since the speech teacher is here only half the week, the school psychologist uses that space when testing is to be done. The adjustment counselor uses the teachers' dining room to conduct his business. The net effect of declining enrollement at the Callahan has been the loss of two regular classroom teachers and the freeing up of space for the specialists.

As I glance over copies of the monthly reports, I am struck by the impact of the Long-Range Planning Committee Report on this school in particular. Time alone will tell whether their recommendation will be accepted by the Community. My recommendation will continue to be —maintain the status quo until we are sure where we are going. In the meantime, we should spend a minimal amount to keep the building in shape.

Probably the introduction of two Apple Computers has had the most potential for impact on the curriculum. Nearly all of the staff have taken an introductory course in computers. With the expected appointment of Director of Computer Services, I expect that the whole field of computer education will take off.

Of equal importance to the curriculum was the acceptance of a town-wide science series. I expect that next year will see an equally strong drive in the area of reading.

The P.T.A. under the leadership of President, Ann Adams, continues to be supportive and child-oriented: they proved childrens programs which benefit all; they help pay for field trips to many worthwhile places; they help out in the Library; they provide delicious refreshments for our meetings.

One of the high points of Callahan activities has to be the two sports nights sponsored jointly by the men teachers and the PTA. They were held in April — one for boys and one for girls. These activities are to be encouraged because not only did the participants enjoy themselves, but it serves as a tremendous public relations vehicle for the school.

I could not conclude this report without paying a tribute to those who planned the in-service workshops this year. I had direct experience in two and participated in all others. I consider the time well-spent and worthy of repetition during the next school year.

I will end this abbreviated report with two culminating activities held at the school. On May 31, there was a combined concert of flutophone and elementary bands. On June 9, the sixth grade presented their extravaganza to a cheering houseful!

REPORT OF THE PRINCIPAL OF F.A. CLEVELAND SCHOOL

It is a pleasure to submit my twelfth annual report as the principal of the Frederick A. Cleveland School.

As we think of the educational program at the Cleveland School and the framework within which it operates, we must consider the staff, the students, and the plant, as well as the activities designed to promote learning experiences consistant with our established goals. We are concerned with creating an atmosphere in which the children feel secure, and offering a program that will prove to be effective stimuli for all. We are aware of the individual differences among children and the intra-individual differences within a child. Finally, we recognize that educational growth is continuous. Educational habits and patterns are established and have their roots at the elementary school level. Our curriculum, the content and methods, must be evaluated and changed to meet the needs of the children today in order that they will be ready to meet the challenge of the future.

The Staff

The most significant consideration affecting any educational program is the ability of the classroom teacher. We at the Cleveland are most fortunate to have a highly competent professional team. There are twenty regular classroom teachers and three additional full-time specialists; one responsible for our intensive reading program, one assigned to our Learning Center, and the third is our teacher of Speech and Language. The other specialists assisting the classroom teachers include physical education, art, vocal and instrumental music, library, as well as the adjustment counselor and the school psychologist.

Miss Susan Hussey, teacher of grade one from the Oldham School, replaced Mrs. Miriam Raphel who was granted a leave of absence.

Enrollment and Plant

The Cleveland School has twenty-two classrooms. In addition it has a library, gymnasium, cafeteria, conference room, a primary activities area, an art room and two small group instruction areas for speech and reading. Regular classes occupy twenty rooms and the other two are utilized as a Learning Center and as a Pre-school Diagnostic classroom. The ASPIRE classes are held in the primary activities area. The school adjustment counselor and the reading enrichment teacher share the conference room. Instrumental music lessons are held in the Auditorium, Library, the kitchen and unassigned classrooms.

The enrollment as of October, 1982, was four hundred forty one (441). Generally speaking, we had a favorable class-pupil ratio. We did, however, experience difficulty at times providing satisfactory areas for some of the supportive programs.

Curriculum

In the annual report of 1982, we discussed the current education trend, "Back to Basics." In the report it was emphasized that the philosophy of the Norwood elementary schools has always stressed the

teaching of basic skills. This year the School Committee voted to adopt the Charles E. Merrill science series, "Accent on Science" as the basic text for the Norwood Elementary Schools. The recommendation of this science series completed the town-wide programs in the basic skills area. The other programs are Spelling, Silver Burdett; Arithmetic, Laidlow; Language, McDougal; and Social Studies, Follett. The Ginn Reading Series is used in most of the buildings. It is believed that the Reading Committee will make a specific recommendation regarding a basic reading text in the near future.

Report of the Science Textbook Committee

In the spring of 1982, Mr. Napoleone, the Assistant Superintendent of Schools, announced plans for an elementary science textbook selection committee for the school year 1982-83. Mr. William Kenny, principal of the Cleveland School, was appointed the administrative leader and the committee, comprised of teacher representatives from each of the elementary schools, included: William McNamara, Balch School, Grade 6; Kathleen Naughton, Callahan School, Grade 2; Gail Vincent, Callahan School, Grade 5; Michael Czyryca, Cleveland School, Grade 6; Barbara Albaro, Cleveland School, Grade 3; Mary Ball, Oldham School, Grade 4; Richard Esper, Prescott School, Grade 5.

Mrs. Claire Ball was elected chairperson. An eight-step study plan was developed and is outlined as follows:

1. The Committee adopted a science philosophy to serve as a guide line for the study.
2. Science teachers representing the Junior High Schools were invited to discuss their curriculum with the members of the Committee in an effort to co-ordinate the elementary and junior high school programs.
3. Representatives of the Reading Committee identified reading guide lines to be considered for the recommended text.
4. Twelve major publishing companies were contacted regarding their science programs. Appointments were scheduled with the companies to make presentations and display their materials.
5. Cost figures were collected and analyzed for the companies under consideration.
6. The teachers were surveyed through a science textbook questionnaire developed by the committee.
7. A textbook criteria check list was used to assist with the decision of the final recommendation.
8. On February 15, 1983, the Textbook Selection Committee unanimously voted to recommend the Charles E. Merrill series, **Accent on Science, 1983.**

We are happy to report that the School Committee, on recommendation of the Superintendent of Schools, adopted the Merrill Series as the basic science textbook for the Norwood Public Schools.

Time Schedules

In September all teachers submit to the principal their programs with a time schedule. This includes the academic subjects as well as special subject areas of curriculum. The teachers have time allotment guides for each subject area. Although the schedule is designed to assist teachers in daily lesson planning, the allotments are intended to indicate the amount of time alloted weekly to specific subject areas. The instructions emphasize that the daily allotments are flexible and teachers are encouraged to integrate and correlate subjects. If a program has an appreciable change in the time allotment, it must be approved by the building principal. Special programming must be taken into account to accomodate children with educational plans mandated under Chapter 766. Other areas of the curriculum that also must be considered are: instrumental music, remedial and enrichment reading, speech, the Diagnostic Center, testing and counseling.

Grouping

All classes at the Cleveland School have initially grouped heterogeneously. An attempt is made to create a "balance" within and among the classes by assigning children after certain identifiable characteristics are assessed. Differences are recognized as normal among children and it is also recognized that these differences contribute to the appeal as well as the difficulty of teaching. The physical, emotional and mental potential of a group as well as the social attitude, the varied interest and special talents of the children are important factors to be taken into account. All teachers are encouraged to individualize or personalize instruction to meet the needs of the students. It is not expected that all subjects will be individualized; however, it is expected that all children will be treated as individuals.

Speech

During the school year sixty-two children were serviced in the speech program. There were twenty-one children evaluated, five of whom were found to need no service.

During the first two weeks of October, the children in kindergarten were screened and two were found to need further evaluation.

A pilot program was instituted this year in which September's kindergarten class was tested in May. It was anticipated that this would help in proper placement and service for the new students. Again this year the speech therapist was involved in the Handicap Awareness Program offered to the third grade classes.

The speech department, as a whole, worked toward the goal of standardizing tests used within the various schools. One in-service day and two other meeting dates were set aside to discuss this much-needed standardization.

Diagnostic Center

The Diagnostic Center continued to provide early intervention services as mandated by Chapter 766 to children between the ages of three and five. This town-wide program provided screening, evaluation,

consultation and direct service during the past year. Direct services included speech and language therapy, center-based classroom, adaptive physical education and occupational therapy.

A discussion group for parents was also offered as part of the program's efforts to involve parents in the goals of early intervention. In addition, the program continued to work closely with community agencies and early childhood programs in order to identify and serve young children with special needs.

During the 1982-83 school year approximately sixty pre-school screenings were conducted and thirty-six pre-school children had individual education plans.

WILLIAM KENNY

REPORT OF THE PRINCIPAL OF JOHN P. OLDHAM SCHOOL

It is with pleasure that I submit my Fourth Annual Report as Principal of the John P. Oldham School.

Enrollment—Personnel

This year we enrolled 307 students at the John P. Oldham School with a complement of fourteen full-time teachers.

Supportive to our regular classroom staff, we have a full-time Reading, Speech and Learning Center teacher. In addition we house a Resource Room and a Primary Generic Class in which placement is through Chapter 766. This program is geared to assist children with special needs. Work is based on the pupil's individual needs and, where possible, mainstreaming of the students into regular classrooms is provided.

Because of the large kindergarten class this past year, a third first grade has been added for the 1983-84 school year. This was accomplished by consolidating our three fourth grades into two fifth grades. It should also be noted that our kindergarten registration for the school year 1983-84 has given us the largest enrollment (56) of kindergarten children in recent years.

Curriculum

It is worthy of note that with the usual updating of curriculum in the areas of basic skills, we had many other diversified activities in the school relating to curriculum matters.

This year the consultant for our new English series by McDougal, Littell gave an inservice to the staff and demonstrated writing skills activities in the second and fourth grades. An International Day was held by the sixth grades. The third grades had their annual Town Government

unit enhanced by having all the Town Department Heads address the children. A "Grandparents Day" which was initiated by the first grade teachers was held in the spring and was a huge success. Miss Mullaney's fourth grade class met with their counterparts from the Prescott School after a year of corresponding to one another.

With the advent of the back to basics movement and the state mandated competency tests, the meaning of the "basics" has taken on greater significance. It should be noted that the basic philosophy of the Norwood Elementary Schools has always emphasized the teaching of basic skills.

An important adjunct in helping with the reinforcing of the basic skills areas are the Chapter I teachers. These teachers provide additional and supportive services to children who need further strengthening and reinforcement in the basic skills area.

The addition of three computers for the school has greatly aided in instructing and familiarizing the children in computer competency.

Plant — Grounds

The John P. Oldham School has sixteen regular classrooms with two being used as Resource Rooms. All available space is being used with some ancillary services being held in the cafeteria, main lobby (Chapter I) and other spaces when available.

In a communication to the Superintendent's Office the State Pesticide Board reported no contamination (chlordane) in the air samples they took from the school this past winter.

As noted in the past the John P. Oldham School is in generally good condition with a few exceptions, as noted below:

1. Added hardtop needed in play areas.
2. Further clearing of woods adjoining play areas to enlarge playground.
3. Interior of building needs painting (kitchen and cafetorium are high priority areas).
4. Reseeding of some play areas.
5. Added exterior lighting needed (security reasons).
6. Repairing of roof leaks.
7. Installation of exterior bell sytem.
8. Reglazing of windows for leaks and energy conservation.
9. Clearing of woods adjoining pathway from Nahatan Street to Pine Street.

RICHARD TALANIAN
Principal

REPORT OF THE PRINCIPAL OF THE C.J. PRESCOTT SCHOOL

Enrollment and Staff

The September, 1982 enrollment of two hundred fifty five represents a decrease of thirty-four students from September, 1981. The decline in enrollment at the kindergarten level resulted in a single session and Mary Boyle, kindergarten teacher, was assigned half time to the Balch School.

Ruth Conrad, librarian, replace Phyllis Bouchard who was transferred to Junior High South. Mrs. Conrad formally retired in June, 1983.

Computers

Two additional computers were purchased with town funds and Block Grant monies which allowed for greater utilization by students. The two new computers arrived in February and were assigned to the fourth and fifth grades, while the sixth grade made use of the third.

The increased amount of computer software has created programs of a more sophisticated level this past year and as a result the demand for computer time has been increased to a point where more computers are needed. Although emphasis was placed on the intermediate grades this past year, the primary grades were highly motivated by some mathematics software which involved considerable action and superior graphics.

Numerous teachers participated in an in-service course, after school hours, for ten weeks of instruction in the Logo Language, and conveyed the newly acquired skills to students in their classes. The course was taught by Robert Tucker, an intermediate grade teacher from the Lexington Public Schools, on a leave of absence this year, who had been involved with computers for many years.

The Computer Curriculum Committee composed of teachers and administrators, K-12, met numerous times during the year for the purpose of reviewing curriculum, service contracts, budget proposals and restrictions. I was assigned as chairman of the elementary component of this committee and selected one teacher from each of the five elementary schools to serve as building coordinator.

Computer software programs have been designed for administrative uses and a limited attempt was made this year to try the Visi-Calc and PFS (Personal Filing System) systems. The MMS (Modular Management System) was recently purchased and should save considerable time next year in the development of class lists and bus lists.

Cultural Activities Committee

The Cultural Activities Committee, with funds provided by the P.T.O., arranged for several outstanding programs this year for all pupils. The New England Theatre Guild performed "The Emperor's New Clothes" and "The Ugly Duckling" — two excellent speakers from the Museum of Science provided programs on physical science and animals, and Dick Lucius, a falconer, exhibited five birds of prey, one of which was a golden eagle.

Kathy Glennon, parent volunteer on this committee, has worked diligently to make these programs a success this year and will meet once a month in the future with members of the West Suburban Arts Council for the purpose of selecting the best programs available at a reasonable cost.

Outstanding Teachers

The second grade teachers, Barbara O'Beirne Pingree and Linda Scollins, are to be commended for their efforts in implementing an outstanding program which involved numerous speakers and field trips this past year. They were very creative in coordinating activities with the academic subject areas and pupils were so highly motivated that the process of learning was considered fun.

Booklets were created by students to enhance the learning experience in the following areas:

Art and Sculpture — recognition by name and style and creating in the style of Picasso, Renior, Rembrandt, Matisse, Calder.

Ballet — stories of famous performances

Botony — wild and garden flowers and vegetables

Literature — famous illustrators, Caldecott winners, fairy tales, fables.

Opera — "Peter and the Wolf" — Musical instruments

Zoology — vertebrates, invertebrates, aquatic and woodland animals.

Additional units on Egypt and Japanese wood block prints were also included in this special program.

Programs were arranged on a monthly basis as follows:

September — Speaker: Hope Anderson — Children's Librarian — "Alphabet Books"

October — Speaker: Hope Anderson — Children's Librarian — "Tomi Di Paola, author and illustrator" Field Trip: Hale Reservation, Trailside Museum — "Naturalist Day"

December — Speaker: Hope Anderson — Children's Librarian — "Holiday Books" Field Trip: Berklee Performance Center — "Nutcracker Ballet" Boston Common and Christian Science Center.

January — Speaker: Hope Anderson — Children's Librarian — "Caldecott Medal Books" "Mate from the Mayflower" — Museum Instructor for Plimoth Plantation — "Life in Early Plimoth" Field Trip: Plimoth Plantation — a museum workshop day

February — Speaker: Betty Anderson — Audubon Society — "The Owl"

March — Speaker: Hope Anderson — Children's Librarian — "Folktales" Speaker: Betty Anderson — Audubon Society — "The Oppossum" Speaker: Robert Ellis — Kendall Whaling Museum — "Whales" Speaker: Alan Wonson, Principal — "Whaling and

Scrimshaw'' Field Trip: New England Aquarium — ''Sounds of the Sea'' and ''Dolphin and Sea Lion Show''

April — Speaker: Hope Anderson — Children's Librarian — ''Fairy Tales'' Speaker: Alan Wonson, Principal — ''Coin Collecting'' and ''Fossil Collecting''

May — Speaker: Hope Anderson — Children's Librarian — ''Fables'' Speaker: Betty Anderson — Audubon Society — ''The Woodchuck'' Speaker: Dave Rapaport — Greenpeace — ''Whales, Seals, Dolphins, and Pollution'' Speaker: Michael Smith — U.S. Post Office — ''Proper Mailing Procedures and Stamp Collecting'' Speaker: Alan Wonson, Principal — ''Stamp Collecting'' Field Trip: Museum of Fine Arts, North Shore Music Tent — ''The Wizard of Oz''

June — Speaker: Betty Anderson — Audubon Society — ''The Skunk'' Field Trip: Morrill Memorial Library, Day House and Post Office.

Numerous activities (i.e. planting flowers and vegetables, making salads, and fruit molds) were conducted during the year to create interest and motivate students.

A ''Thank-you'' party for parents was held in June, in appreciation for the financial support necessary for the numerous field trips.

A summer reading program was prepared to culminate activities and many parents voiced their positive feelings for the teachers and the program.

Environmental Education

Pupils in grade five participated in the ninth annual week-long program at Nature's Classroom in West Swanzey, New Hampshire. The philosophy of this program is based on the premise that ''children should be exposed to the out-of-doors in order to develop an intial awareness which can later lead to a reasonable understanding of man's dependence on his natural environment''.

Courses which pupils select, conducted by teachers trained in the enviromental sciences, are as follows: herbal essence, forest management, live animal trapping, natural dyes, colonial soap making, wormology, woodland medicines, alternative energy systems and others too numerous to list.

This program, when combined with the town-wide Audubon Program, constitutes an excellent program in the natural sciences at this level.

In-Service For Administrators

An in-service course for administrators in evaluation and supervision was conducted by Dr. Albert Kovner and Dr. Robert Reed of Northeastern University. The main theme of the numerous sessions centered on methods of affecting positive change. The fundamental concepts of staff input at all levels of planning and implementing changes and formally commending those who are a positive example to the organization were also included in the seminar sessions.

Heimlich Maneuver

Ann McCarthy, school nurse, gave several demonstrations and lectured on the Heimlich Maneuver. She made a conscientious effort to insure that all classroom teachers as well as ancillary personnel i.e. lunchroom supervisors, cafeteria workers, were properly instructed for emergency situations.

Safety

Members of the fire and police departments discussed the elements of safety at each grade level in a series of meetings designed to help children become more aware and alert. The culminating activity involved a voluntary art project and contest to name the new police "Safety Bug" which was brought to school for a demonstration.

School Custodians

M. Joseph Fitzgerald, senior custodian, retired in October following thirty-two years of dedicated service to the Norwood Public Schools. His friendly personality and the meticulous pride which he took in the C. J. Prescott School building earned him the respect and admiration of many people. The students and teachers honored him with prose, poetry and song on his last day at work, and parents, friends and administrators gave him recognition at the October 13, 1982 P.T.A. meeting, and dedicated the school auditorium to his only son who was killed in Viet Nam.

Fred Dorci, junior custodian, became ill and was hospitalized in June. A bus full of students, five from each classroom and two classroom teachers held a twenty-foot sign ("Good Luck, Fred") in the parking lot and waved to him at his window in an effort to cheer him up.

Building

Two permanent walls were placed in the health room to provide space for a faculty room and the adjustment counselor. The room originally designed as a faculty room, was converted into a speech room last year and was used again this year for speech classes. The small area designed for the adjustment counselor this year has also been used by the school psychologist for testing and parent conference.

ALAN R. WONSON,
Principal

In Memoriam

FREDERICK J. DORCI

March 18, 1931 - July 26, 1983

Fred Dorci began his career at the Norwood Senior High School on August 1, 1966, transferring to the C. J. Prescott School on April 6, 1970. For seventeen years he gave unselfishly his time and energy to make these schools a better environment in which all could be proud. The extra effort on his part in dealing with minor problems before they became major tasks, which would involve substantial funding, coupled with his conscientious attention to the daily duties and responsibilities created an atmosphere of respect from all who knew him.

If one were to isolate a single thought with which to remember Fred Dorci, it would be his love of people. Fred would go out of his way to help others, especially the children, and in doing so would receive a just reward—friendship.

The students, parents, professional staff, fellow-workers, administrators, family and friends will always remember his kindness.

In Retirement

RUTH W. CONRAD

1970 - 1983

Mrs. Ruth Conrad served the needs of the young people for thirteen years as a Librarian in the elementary and secondary schools of Norwood.,

Satisfaction from Mrs. Conrad's educational service and professional accomplishments should provide her with fond memories in the years ahead.

The members of the Norwood School Committee and the Superintendent of Schools, in appreciation of the fine services renderd by Mrs. Ruth W. Conrad extend best wishes for continued good health and good fortune upon the occasion of her retirement.

In Retirement

ANTHONY F. GRINAVIC

1968 - 1984

Anthony F. Grinavic has been a dedicated worker since his appointment as Building Custodian on March 5, 1968. During his years with the Norwood Public Schools he has worked at the Senior and Junior High Schools and the various elementary schools. In 1973 he was appointed as a member of the Custodian/Equipment Operator, Class I Team. He operated various tractors and equipment maintaining athletic fields and grounds at all schools, also substituted as the lunch truck operator throughout the system. His congenial manner and positive attitude will long be remembered by all those who came in contact with him.

The Norwood School Committee, Central Administration, and staff extend their sincere best wishes to "Tony" for many years of good health and happiness in his retirement.

JOSEPH SASTAVICKAS

1972 - 1983

Since his appointment in 1972, Joseph Sastavickas has been a loyal and dedicated worker for the Norwood Public Schools. Mr Sastavickas has earned the respect of his colleagues as well as the children and adults he has been associated with at various elementary schools as well as Junior High South. His retirement in June of 1983 marks the culmination of a productive and successful association with the Norwood School System

The members of the Norwood School Committee and Administration, in appreciation of the fine services rendered, extend best wishes for continued good health and good fortune.

In Retirement

TERRENCE KELLY

1971 - 1983

Terrence Kelly was appointed a member of the custodial staff on November 8, 1971. He faithfully served the Norwood Public Schools for eleven years at the F. A. Cleveland Elementary School. Mr. Kelley was admired by all with whom he came in contact. The membership of the P.T.A., the teaching staff and the children appreciated his polite manner and his friendly personality. He remains a permanent, honorary, member of the Cleveland Staff.

The Norwood School Committee, the Central Administration and the staff wish him many years of happiness in his retirement.

ALVIN CROWELL

1958 - 1983

Alvin Crowell was employed by the Norwood School Department for twenty-five years. He was initially employed as a Junior Custodian at the Balch School in 1958. In 1963 he was appointed Senior Building Custodian of the Shattuck School. He also worked at the Prescott, Oldham, Guild and Cleveland Schools from which he retired on July 1, 1983. Having had these several building assignments during his length of service, Mr. Crowell made many friends throughout the system with his cheerful attitude and friendliness.

The Norwood School Committee, the Central Administration and the teaching staff wish him many happy and prosperous years in his retirement.

ACT NOW
SERVE YOUR COMMUNITY

Town Government needs citizens who are willing to contribute time and expertise in the service of their community. Norwood will best be served if as broad a segment of the community as possible is involved in the function of our local government.

A TALENT BANK has been established by the Selectmen, the General Manager and the Town Moderator as a means of compiling names of citizens interested in serving on boards and committees, on a voluntary basis. This file is also available at the office of the Board of Selectmen for use by the public.

TALENT BANK files are continuously being updated to indicate categories consistent with the changing needs of the Town. Your order of preference should be indicated and the form below returned to:

REPORT OF

TOWN CLERK and ACCOUNTANT

ABSTRACTS OF

RECORDS OF TOWN MEETINGS

AND

VITAL STATISTICS

TOWN CLERK AND ACCOUNTANT'S STATEMENT TO THE BOARD OF SELECTMEN

The Honorable Board of Selectmen:

The annual report of the Town Clerk and Accountant for 1984 is hereby submitted. Included in this report is a summary of the major activities that transpired in the office of the Town Clerk and Accountant during fiscal 1984.

TOWN CLERK'S REPORT

The following represents a summary of some of the significant events in the Town Clerk's facet of this department during 1984.

Licenses and permits issued:

*The issuance of various licenses and permits through this office resulted in a collection of $33,187 in fees to be used to offset the tax levy in FY 1984. Departmental receipts from the Town Clerk's office used to offset the tax levy for the past six years is as follows:

Year	Offset Fees	Increase (%)
1984	$33,187	$3229 (11%)
1983	29,958	4368 (17%)
1982	25,590	3240 (15%)
1981	22,350	1892 (9%)
1980	20,458	2425 (13%)
1979	18,033	938

Elections:

During 1984 the Town Clerk's Office presided over four elections: the April Town Election, the March Presidential Primary, the September State Primary and the November Presidential Election. Complete results are listed elsewhere in this report.

Census and Voter Registration:

The results of the January 1984 census conducted by this office revealed that there were 29,577 residents in Norwood. The number of registered voters in Norwood in 1984 totaled 17,847. The following analysis of the population and number of registered voters in Norwood in the last four years reveals a condition of stability, with negligible growth or decline patterns noted. The registered voter increase in 1984 was due primarily from it being a Presidential election year.

Year	Population	Registered Voters
1984	29,577	17,847
1983	29,945	16,323
1982	30,001	16,169
1981	30,032	16,993

Town Meetings:

The results of the votes taken at town meetings held in 1984 were recorded and made a part of the town's permanent records by this office. During 1984 there were three Special Town Meetings held in addition to the Annual Town Meeting held in May.

A complete listing of each town meeting held during the year is incorporated as part of this report.

Vital Statistics:

The Town Clerk's office is responsible for recording, issuing and maintaining all records relating to births, deaths, and marriages in the town. A summary of the last three years' vital statistic records accumulated in this office is as follows:

Births	**1982**	**1983**	**1984**
Norwood residents born in Norwood	138	135	119
Norwood residents born out of town	163	168	171
Subtotal—Norwood residents	301	303	290
Non-residents born in Norwood	748	652	622
Total Births	1049	955	912
Deaths:			
Norwood residents dying in Norwood	193	199	241
Norwood residents dying out of town	78	72	76
Subtotal—Norwood residents	271	271	317
Non-residents dying in Norwood	380	392	379
Total Deaths	651	663	696
Marriages:			
Total number of marriage certificates issued	274	304	296

A complete detailed listing of this vital statistic information is included in this report.

RECORDS OF TOWN MEETING

FISCAL YEAR 1983-1984

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT

(Seal)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High South on Washington Street in said town on Monday, November 7, 1983 at 8:00 o'clock in the afternoon, to notify and warn the Town Meeting members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 207,361 square feet of land shown as Parcel A on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 2. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 3,987 square feet of land shown as parcel B on the plan of Land on Washington street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 3. To see if the Town will vote to authorize the Board of Selectmen to sell a portion of the former Aaron Guild School containing 500 square feet of land shown as Parcel C on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection, or take any other action in the matter.

ARTICLE 4. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of a traffic study of the Neponset Street area between Route 1 and Route I-95, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or

borrowing for the purpose of repairs to the Morrill Memorial Library, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of an engineering department vehicle, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of police new equipment, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of installation of basketball backboards at the James M. Murphy Playground on Pleasant Street, or take any other action in the matter.

ARTICLE 10. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of paying unpaid bills, or take any other action in the matter.

ARTICLE 11. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of water construction in conjunction with the reconstruction and widening of Route 1, or take any other action in the matter.

ARTICLE 12. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of sewer system rehabilitation and construction, or take any other action in the matter.

ARTICLE 13. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of land damages in conjunction with the construction of University Avenue (American Drive) and Everett Street, or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of providing funds for the purchase or taking of land on Railroad Avenue for off-street parking, in conjunction with Articles 10 and 11 of the adjourned Special Town Meeting of January 31, 1983, or take any other action in the matter.

ARTICLE 15. To see if the Town will vote to appropriate or transfer from available funds a sum of money for the purchase of a new ambulance and equipment for the Fire Department and to authorize the Board of Selectmen to trade in or sell by bid the existing ambulance, or take any other action in the matter.

ARTICLE 16. To see the Town will vote to appropriate or transfer from available funds a sum of money for the purchase of a station wagon for use in the Fire Department, or take any other action in the matter.

ARTICLE 17. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds, including but not limited to unexpended funds appropriated by Article 8 of the Special Town Meeting of May 17, 1982 for architectural and engineering services in connection with the proposed Civic Center, for the purpose of construction and furnishing of the Civic Center at the Norwood Armory, or take any other action in the matter.

ARTICLE 18. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of modifications to the Town Hall for access to the handicapped, or take any other action in the matter.

ARTICLE 19. To see if the Town will vote to accept the provisions of Section 8J of Chapter 40 (G.L.) in order to create a handicapped commission, or take other action in the matter.

ARTICLE 20. To see if the Town will vote to grant an easement for drainage purposes over town-owned land in the so-called Meadow Brook area for the purpose of providing drainage from the so-called Kerry Place subdivision off Dean Street between the Boston-Providence Turnpike and Pellana Road. Said town-owned land being shown as Parcel E-2 (1909 s.f.) on the Plan of Easements in Norwood, Mass. dated June 1, 1983 by Norwood Engineering Co., Inc., a copy of which is on file with Town Clerk for inspection, or take any other action in the matter.

ARTICLE 21. To see if the Town will vote to accept the grant of easements from John J. Birmingham, John E. Reardon and Paul D. Reardon, owners of the so-called "Kerry Place Subdivision", and Edward Sons and Freida Sons, owners of other land, in order to provide drainage from said subdivision to the Parcel E-2 (1,909 s.f.) in the foregoing article, or take any other action in the matter.

ARTICLE 22. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of paying Blue Cross/Blue Shield premiums, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 23. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of salary increases for the School Nurses, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 24. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of salaries for the Norwood Schools Secretaries and Clerks, or take any other action in the matter. (On petition of the School Committee).

ARTICLE 25. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and /or borrowing and/or other available funds for the purpose of renovations to Norwood Senior High School, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 26. To see if the Town Meeting will authorize the transfer of the care, custody, management and control of land from the Town of Norwood Highland Cemetery to the Town of Norwood School Department called Parcel "A"—Ref. Assessor's Map 12, Sheet 1K. Starting at a point 57.55 feet N 17-39-23 E of the North Easterly corner of the property of Harold C. & Barbara Shapiro (Lot 151) Marlboro Street called point "A" proceed South Easterly approximately 190.00+ feet along the property line of the Town of Norwood School Department to point "B"; then 90.00+ feet North Easterly to point "C"; then South Westerly 210.23+ feet to point "A". The parcel would be triangular and contain approximately 9,000 sq. ft.

And further to see if the Town Meeting will authorize the transfer of the care, custody, management and control of land from the Town of Norwood School Department to the Town of Norwood Highland Cemetery called Parcel "B"—Ref. Assessor's Map 12, Sheet 1K. Starting at point "D" the intersection of the properties of the Town of Norwood School Department, Town of Norwood Highland Cemetery and the Town of Norwood Water Department a curved and straight line approximately 312.00+ feet to point "C" then South Easterly 200.00+ feet to point "E" on the property line of the Town of Norwood Water Supply; then North Westerly and North Easterly approximately 240.00+ feet along the boundary between the Town of Norwood School Department and Town of Norwood Water Supply to point "D". This encloses approximately 20,600 square feet called parcel "B" or take any other action in the matter. (A copy of said plan is on file for inspection at the office of the Superintendent of Schools).

ARTICLE 27. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of building repairs at various schools, or take any other action in the matter.

ARTICLE 28. To see if the Town will vote to authorize the Board of Selectmen to sell at public or private sale paving blocks surplus to the Washington Street reconstruction project, or take any other action in the matter.

ARTICLE 29. To see if the Town will vote to authorize the Board of Selectmen to petition the legislature for legislation to authorize parking by permit only in the Town of Norwood, or take any other action in the matter.

ARTICLE 30. To see if the Town will vote to adopt a by-law regulating printed matter vending machines substantially in the form of the by-law on file in the office of the Town Clerk for inspection, or take any other action in the matter.

ARTICLE 31. To see if the Town will vote to amend the existing Zoning By-Law of the Town of Norwood as follows:

To add to Section 4, Table A, Paragraph I, the following Section and district designation:

6. A Town of Norwood Licensed Cable Television Studio and/or Office as part of a Cable Television System.

Res.	Bus.	Off. & Ind.
R, S2 S1, S G	LB B	O LM M
S.P. GA	Yes Yes	Yes Yes S.P.

Or take any other action on the matter. (On petition of the Norwood Cable Communications Commission).

ARTICLE 32. To see what sum of money the Town will vote to appropriate from surplus revenue, and/or borrowing, and/or taxation for the purpose of operating the Norwood Cable Communications Commission, or take any other action in the matter. (On petition of the Norwood Cable Communications Commission).

ARTICLE 33. To see if the town will authorize and direct the Board of Selectmen to petition the General Court for legislation to amend Chapter 541 of the Acts of 1947 by deleting Section 15 therein and substituting the following:

SECTION 15:

No vote passed at any representative town meeting under any article in the warrant, except a vote to adjourn, or a vote authorizing the expenditure of less than ten thousand dollars or votes appropriating money for the payment of notes or bonds of the town and interest becoming due in the then current financial year, or votes for the temporary borrowing of money in anticipation of revenue or a vote declared by preamble by a two-thirds vote of the town meeting members present and voting thereon to be an emergency measure necessary for the immediate preservation of the peace, health, safety or convenience of the town shall be operative until after expiration of seven days exclusive of Sundays and holidays, from the dissolution of the meeting.

If, within said seven days, a petition signed by not less than three percent of the registered voters of the town, containing their names and addresses as they appear on the list of registered voters, is filed with the selectmen asking that the question or questions involved in such a vote be submitted to the registered voters of the town at large, then the selectmen, after the expiration of five days, shall forthwith call a special meeting for the sole purpose of presenting to the registered voters at large the question or questions so involved. The polls shall be opened at two o'clock in the afternoon and shall be closed not earlier than eight o'clock in the evening, and all votes upon any questions so submitted shall be taken by ballot and the check list shall be used in the same manner as in the election of town officers.

The questions so submitted shall be determined by a vote of the same proportion of the registered voters at large voting thereon as would have been required by law had the question or questions been finally determined at a representative town meeting, but no action of the representative town meeting shall be reversed unless at least twenty per cent of the registered voters shall vote. Each question so submitted shall be in the form of the following question which shall be placed upon the official ballot—"Shall the town vote to approve the action of the representative town meeting whereby it was voted (brief description of the substance of the vote)? If such petition is not filed within said period of seven days, the vote of the representative town meeting shall become operative and effective upon the expiration of said period; or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this town fourteen days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 18th day of October, 1983.

THOMAS A. RIOLO, Chm.
WALTER J. DEMPSEY
WILLIAM F. BUTTERS
JOSEPH F. CURRAN
JOHN F. KINNALY
Selectmen of Norwood

Norwood, Norfolk, ss. October 24, 1983

By virtue of the within notice I have posted the same as directed. The posting was completed October 24, 1983.

ATTEST: ROBERT M. THORTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, November 7, 1983 at 8:00 o'clock in the afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The warrant calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

***ARTICLE 1. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was**

VOTED: That the Board of Selectmen are herewith authorized to sell a portion of the former Aaron Guild School containing 207,361 square feet of land shown as Parcel A on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors, a copy of which is on file with the Town Clerk and Town Engineer for inspection for not less than $1,500,000.00; and be it further: Voted: That the Selectmen are to include the Deed Restrictions and Buffer Strips as provided for in paragraphs 12 and 13 on Page 124 the bidding documents on file with the General's Office.

A motion to amend offered by Mr. Rickard, seconded by Mr. Nason that the recommendation of the Board of Selectmen be amended by adding the following: That the proceeds from the sale of land as described in Article One be restricted in order that expenditures of said proceeds may be only used for the proposed renovation project at the Senior High School.

On voice vote motion declared carried as amended.

*See motion to reconsider this article on November 21, 1983.

***ARTICLE 2. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was**

VOTED: That the Board of Selectmen are herewith authorized to sell a portion of the former Aaron Guild School containing 3,978 square feet of land shown as Parcel B on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors a copy of which is on file with the Town Clerk and Town Engineer for inspection, for not less than $10,000.00 subject to a right of way appurtenant to Lot C shown on said plan.

A motion to amend, offered by Mr. Rickard, seconded by Mr. Nason that the recommendation of the Board of Selectmen be amended by adding the following: That the proceeds from the sale of land as described in Article One be restricted in order that expenditures of said proceeds may be only used for the proposed renovation project at the Senior High School.

Main motion as amended, declared carried by voice vote.

*See motion to reconsider this article on November 21, 1983.

***ARTICLE 3. On a motion offered by Thomas A Riolo, duly seconded by Alfred H. Doherty, it was**

VOTED: That the Board of Selectmen are herewith authorized to sell a portion of the former Aaron Guild School containing 550 square feet of land shown as Parcel C on the Plan of Land on Washington Street, Norwood, Mass., Revised January 6, 1983 by Norwood Engineering Co., Inc., Consulting Engineers and Land Surveyors a copy of which is on file with the Town Clerk and Town Engineer for inspection, for not less than $1,100.00 with an appurtenant right over Parcel B on said plan.

A motion to amend, offered by Mr. Rickard, seconded by Mr. Nason that the recommendation of the Board of Selectmen be amended by adding the following: That the proceeds from the sale of land as described in Article One be restricted in order that expenditures of said proceeds may be only used for the proposed renovation project at the Senior High School.

Main motion, as amended, declared carried by voice vote.

*See motion to reconsider this article on November 21, 1983.

ARTICLE 4. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $8,000.00 be taken from FY 1983 Group Insurance account and appropriated for the purpose of a traffic study of the Neponset Street area between Route 1 and Route I-95.

On voice vote motion declared carried.

ARTICLE 5. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 6. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement

On voice vote motion declared carried.

ARTICLE 7. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement

A motion to substitute offered by Mr. Riolo, duly seconded by Mr. Al Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

Voted: That the town appropriate and transfer the sum of $11,350.00 from the unexpended balance in the 1982-1983 Police Special Counsel account for the purpose of Police New Equipment.

On voice vote motion to substitute declared lost by voice vote. The motion of the Finance Commission of Indefinite Postponement was declared carried by voice vote.

ARTICLE 8. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A motion to substitute offered by Mr. Riolo, seconded by Mr. Al Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

Voted: That the Town appropriate and transfer the sum of $6,200.00 from surplus revenue for the purpose of an engineering study for an E-911 emergency telephone communications system.

Main motion, as amended, was declared carried by voice vote.

ARTICLE 9. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 10. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 11. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $36,000.00 be taken from the FY 1980 Water Construction Account and appropriated for the purpose of Water Construction in conjunction with the reconstruction and widening of Route 1.

On voice vote motion declared carried.

ARTICLE 12. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A motion to substitute offered by Mr. Riolo, duly seconded by Mr. Al Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

Main motion, as amended, declared carried by voice vote.

ARTICLE 13. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $67,200.00 be taken from FY 1984 Highway Construction (Chapter 90) Account and appropriated for the purpose of land damages in conjunction with the construction of University Avenue (American Drive) and Everett Street.

On voice vote motion declared carried.

ARTICLE 14. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A substitute motion offered by Mr. Riolo, duly seconded by Mr. Al Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

Voted: That the town appropriate and transfer the sum of $7,950.00 from surplus revenue for the purpose of the purchase or taking of land on Railroad Avenue for off-street parking, in conjunction with Articles 10 and 11 of the Adjourned Special Town Meeting of January 31, 1983.

Main motion, as amended, declared carried by voice vote.

Meeting adjourned.

A True Copy.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, November 14, 1983 at 8:00 o'clock in the afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The warrant calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

ARTICLE 15. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A motion to amend offered by Mr. Riolo, duly seconded by Mr. A.

Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

Voted: That the town appropriate and transfer the sum of $49,000.00 from the fire ambulance revenue account for the purpose of acquiring a new ambulance and related equipment for the Fire Department; and be it further

Voted: That the Board of Selectmen are authorized to trade-in or sell the existing ambulance.

A motion to amend Mr. Riolo's motion, offered by Miss Moses, duly seconded by Mr. DiMaria, to delete the last sentence of Mr. Riolo's motion was declared lost by voice vote.

Mr. Riolo's motion was declared carried by voice vote.

ARTICLE 16. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

***ARTICLE 17. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was**

VOTED: That the sum of $45,500.00 be taken from the FY 1982 Engineering of Armory Building Account and appropriated for the purpose of construction and furnishing of the Civic Center at the Norwood Armory.

On voice vote motion declared carried.

*See motion to reconsider this article on November 21, 1983.

ARTICLE 18. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 19. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the town accepts the provisions of Section 8J of Chapter 40 of the General Laws for the purpose of creating a handicapped commission.

On voice vote motion declared carried.

At this point a motion to act on Article 31 next was offered by Mr. Fenton, duly seconded and declared carried by voice vote.

ARTICLE 31. Representatives from the Cable Commission decided to withdraw their motion at this time without prejudice. No further action was taken by Town Meeting under Article 31.

For Articles 20 and 21, the Moderator stepped down from the Chair due to the fact that he had represented L.J. Reardon Co. in other legal matters. He suggested to Town Meeting that, if there were no objections, William Plasko would serve as Moderator for Articles 20 and 21. There were no objections from the floor and Mr. Plasko acted as Moderator for Articles 20 and 21.

ARTICLE 20. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the town vote to authorize and direct the Board of Selectmen to grant an easement for drainage purposes over town owned land in the so-called Meadow Brook area for the purpose of providing drainage from the so-called Kerry Place Subdivision off Dean Street between the Boston-Providence Turnpike and Pellana Road being the right and easement as appertaining to the land owned by Paul J. Birmingham, John E. Reardon and Paul D. Reardon shown as Lots 1 through 7 and Kerry Place on a Plan entitled KERRY PLACE Subdivision Plan of Land in Norwood, Massachusetts dated December 30, 1982 by Norwood Engineering Co., Inc., to construct, install, use, maintain and repair and replace an underground storm drainage system over, under, and across the parcel shown as E-2 to and into Meadow Brook on a plan dated October 27, 1983 entitled Plan of Easement in Norwood, Massachusetts prepared by Norwood Engineering Co., Inc., said plan to be recorded with the grant of said easement.

On standing vote motion declared carried. Voting Yes, 73; No, 44.

ARTICLE 21. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the town accept the grants of easements from Paul J. Birmingham, John E. Reardon and Paul D. Reardon, owners of the so-called "Kerry Place Subdivision" and Edward Sons and Freida Sons, owners of other land, in order to provide drainage from said subdivision to the Parcel E-2 (1,909 s.f.) in Article 20 of this same warrant being the permanent right and easement, in common with Grantors of said easements, to construct, install, use, maintain, repair, and replace underground storm drainage pipes from the end of Kerry Place on a northeasterly direction over, under and across a strip of land 30' wide to and into the Meadow Brook as shown on a plan entitled KERRY PLACE Subdivision, Plan of Land in Norwood, Massachusetts dated December 30, 1982 as prepared by Norwood Engineering Co., Inc., said plan to be recorded with the grant of said easements.

On voice vote motion declared carried.

ARTICLE 22. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 23. On A motion offered by Mr. Rickard, duil seconded by Mr. Nason, it was

VOTED: That the sum of $7,620.30 be transferred from FY 1983 Group Insurance account and appropriated for the purpose of salary increases for School Nurses.

On voice vote motion declared carried.

ARTICLE 24. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

At this point a motion was made by Mr. DiMaria, duly seconded to skip past Articles #25 and 26 and act on them at the end of the warrant, was declared carried.

***ARTICLE 27. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was**

VOTED: Indefinite Postponement.

A motion to substitute, offered by Mr. Riolo, duly seconded by Mr. Doherty that the recommendation of the Finance Commission be deleted and that there be substituted therefor the following:

VOTED: That the town appropriate and transfer the sum of $225,000.00 for the purpose of building repairs at various schools said appropriation to be $200,000.00 from surplus revenue and $25,000.00 from the unexpended balance in the 1982-1983 renovation of school buildings account.

This substitute motion was declared lost by voice vote. The motion as submitted by the Finance Commission was declared carried by voice vote.

*See motion to reconsider this Article at meeting held on November 21, 1983.

ARTICLE 28. On a motion offered by Thomas A. Riolo, duly seconded by Mr. Alfred H. Doherty, it was

VOTED: That the Board of Selectmen are herewith authorized to sell the surplus paving blocks from the Washington Street reconstruction project at public or private sale.

On voice vote motion declared carried.

ARTICLE 29. On a motion offered by Thomas A. Riolo, duly seconded by Alfred H. Doherty, it was

VOTED: That the Board of Selectmen are authorized and directed to petition the legislature for legislation to authorize parking by permit only in the Town of Norwood.

On standing vote motion declared carried. Voting yes, 64; No, 29.

Meeting adjourned to Monday, November 21, 1983.

A True Record.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk ss.

In pursuance with the foregoing notice, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, November 21, 1983 at 8:00 o'clock in the afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The warrant calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

The next order of business was to vote to reconsider Article 1. A motion to reconsider Article 1, offered by Mr. Nason, duly seconded by Mr. Hayes, was declared lost by voice vote.

The next order of business was to vote to reconsider Article 2. A motion to reconsider Article 2, offered by Mr. Nason, seconded by Mr. Hayes, was declared lost by voice vote.

The next item of business was to vote to reconsider Article 3. A motion to reconsider Article 3, offered by Mr. Nason, duly seconded by Mr. Hayes, was declared lost by voice vote.

The next item of business was to vote to reconsider Article #17. A motion to reconsider was made by Mr. Rickard, duly seconded by Mr. Swain and declared carried by voice vote. At this point, a motion to amend the original motion passed for Article 17 was offered by Mr. Rickard, duly seconded by Mr. Swain to amend the original motion by the Finance Commission to add the following: and be it further:

VOTED: That the Permanent Building Construction Committee be authorized to expend said funds for said purposes.

Motion declared carried by voice vote. Main motion declared carried, as amended.

The next item to be acted upon was Article #27. A motion was made to reconsider Article #27 by Mr. A. Doherty, duly seconded by Mr. Clifford. The motion to reconsider Article #27 was declared lost by standing vote. Voting Yes, 57; No, 59.

The next item of business was to act on a motion to reconsider Article #14. A motion duly made and seconded to reconsider Article #14 was declared carried by a standing vote of: Yes, 112; No, 4. The purpose of this reconsideration was to obtain a standing vote to insure that the motion for this article passed by a 2/3 vote. The motion on Article #14 as originally carried on November 7, 1983 was declared carried by a standing vote of: Yes, 112; No, 4.

The next item of business acted upon was Article #25.

ARTICLE 25. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $275,000.00 be transferred from Surplus Revenue and appropriated for the purpose of definitive plans and specifications for the renovation project for the High School.

And be it further

VOTED: That the Permanent Building Construction Committee be authorized to expend said funds for said purposes.

and be it further

VOTED: That the Board of Selectmen be herewith requested to insert referendum question on the Annual Town Election ballot ("Shall the Town of Norwood be allowed to exempt the amounts required to pay for the bonds issued in order to renovate the Senior High School?") in accordance with Chapter 59, Section 21 (c) of the Mass. General Laws.

The Moderator announced that he would require separate votes on each of the two separate motions of the Finance Commission being made.

The first motion to amend was offered by Mr. Fenton, duly

seconded by Mr. Grady to delete $225,000.00 from the proposed renovation project for furniture and fixtures as described on page 11-1 of the architect's report, and also the money requested for a Cable TV studio. This motion was declared lost by voice vote.

A second motion to amend, offered by Mr. Hayes, duly seconded by Mr. Goonan to have the Moderator appoint a committee of eleven (11) people from the Board of Selectmen, Finance Commission, School Committee and Town Meeting to review the renovation proposal was declared lost by voice vote.

At this point, the motions by the Finance Commission were acted upon. The first motion "that the sum of $275,000.00 be transferred from Surplus Revenue and appropriated for the purpose of definitive plans and specifications for the renovation project for the High School and that the Permanent Building Construction Committee be authorized to expend said funds for said purposes" was declared carried by voice vote.

The second motion by the Finance Commission on this Article #25 that the Board of Selectmen insert a referendum question on the annual election ballot to exempt from Proposition 2½ any debt payments from the renovation project was declared lost by voice vote.

The next item to be acted upon was Article #26. The original motion on this Article was withdrawn by the School Committee. No further action was taken at this time.

ARTICLE 30. On a motion offered by Mr. Riolo, duly seconded by Mr. Doherty, it was

VOTED: That the town adopt the Printed Matter Vending Machines By-Law in accordance with the by-law as follows and made a part hereof:

Printed Matter Vending Machines By-Law

1. No person, firm, corporation, association, partnership, trust, or other type of entity shall place, install, use, or maintain any printed matter vending machine on any public or private property, without obtaining a written permit therefor from the Norwood Board of Selectmen.

2. A "printed matter vending machine" (hereinafter called "machines") shall mean any coin or token operated box, container, rack, stand, storage unit or other dispenser or device installed, placed, used, operated or maintained for the display and sale or distribution of newspapers, periodicals, or other printed matter for public use.

3. The application for the permit shall fully and specifically describe the printed matter vending machine by setting forth its size by height, depth, and width or any other relevent dimensions if varying in height, depth and width, the name and business address of the applicant, the exact date or dates said machines will be in place or in operation, the exact place where said machine will be located, the manner by which said machine shall be affixed or held in place, and the description of any object to which said machine shall be affixed. Further reasonable information which may affect the public safety, health, or order in the

community may be requested from the applicant. An annual application fee, the amount of which will be determined upon passage of this By-Law and annually thereafter by the Norwood Board of Selectmen, which fee will be reasonably related to the costs of processing said application, shall be paid for each machine licenses. The form of application shall be approved by the Town Counsel.

4. Within twenty days of receipt of such completed application, the Norwood Board of Selectmen shall grant a permit or shall order a hearing within an additional 10 days, giving at least 5 days written notice to the applicant.

5. Within ten days next following the close of the hearing, the Norwood Board of Selectmen shall grant such permit or shall deny such application upon as finding that issuance of such a permit would lead to the creation of a nuisance or would endanger the public health, safety or order by:

(a) unreasonably increasing pedestrian traffic in the area in which the machine is located;

(b) endangering the public safety as follows: by reason of the machine's projecting onto, into, or over any part of the roadway of any public street; by reason of its being affixed to a site or location used for public utility purposes, public transportation purposes, or governmental use; or by reason of its being located in such a manner as to unreasonably interfere with or impede the flow pedestrian or vehicular traffic, sidewalk or street cleaning and/or snow removal, and the ingress or egress from any residence, place of business or any legally parked or stopped vehicle; by reason of esthetic harm and defacement caused by its being affixed to poles, posts, traffic signs or signals, hydrants, mailboxes or other objects at or near such location;

6. No machine shall be chained, bolted, or otherwise attached to property owned or maintained by the Town of Norwood; within three feet of any crosswalk; within fifteen feet of any fire hydrant, within five feet of any fire or police call box or other emergency facility; within five feet of any driveway, public or private, within three feet ahead or fifteen feet to the rear of any designated bus stop, taxi stand, or placed marked for handicapped parking; within three feet of any bus bench or shelter; at any location whereby the clear space for the passageway of pedestrians is reduced to less than four feet; within three feet of any display window of any building abutting the sidewalk or other public place in such a manner as to impede or interfere with the reasonable use of such window for display purposes;

7. No machine shall be used for advertising signs or publicity purposes other than that which is essential to identify on no more than two sides of the machine the printed matter offered for sale therein. No letter thereon shall exceed two square inches in size.

8. Each machine shall be maintained in a clean and neat condition and in good repair at all times, and it shall be of one color that does not unnecessarily contrast with the immediate surroundings except that the lettering may contrast with such one color. No reflectorized paint,

day-glo, fluorescent, or scotchlite reflective materials or materials of like nature may be used on such machine.

9. The person who places or maintains such machine shall have his name or Massachusetts agent's name, address, and telephone number affixed thereto in a place where such information may be easily be seen.

10. All persons who have placed or intend to place machines in the Town of Norwood shall have thirty days from passage of the within By-Law by the Town Meeting and approved by the Attorney General to comply with the said provisions or such additional time as the Norwood Board of Selectmen may allow in their discretion.

11. Notice of the denial of an application for permit shall be in writing and accompanied by a statement of the reasons therefor. No application shall be denied if the anticipated harm is not significant or if the likelihood of its occurrence is remote. The Norwood Board of Selectmen may impose conditions upon the permit, but said conditions may only relate to compliance with applicable laws or ordinances or to public safety, health or order, or to steps required to be taken to guard against creation of a nuisance or to insure adequate safety and security for the public. No applicant having been denied a permit as aforesaid shall submit the same or similar application within one year of said denial without including in said new application facts showing that the circumstances upon which the original denial was based have substantially changed.

12. Violation of the terms and conditions in this by-law or in any permit granted hereunder shall be punishable by fines not to exceed $200.00 and said violation shall be cause for cancellation suspension, revocation or modification, after hearing, upon three days written notice, sent registered or certified mail, to the name and address set forth in the annual application. The Town of Norwood may petition the Superior Court department of the trial court to enjoin any violation of this by-law or the conditions in any permit granted hereunder. If, after hearing, the applicant fails to comply with the order of the Norwood Board of Selectmen, said Selectmen may order the removal of said machines and place them in storage in a secure place; the cost of removal and storage shall be paid by the permit holder.

13. If such machine is not used for the distribution of printed matter for a period of 60 calendar days, the same shall be deemed as abandoned property and may be disposed of according to law.

On voice vote motion declared carried.

ARTICLE 32. Withdrawn, without prejudice. No action taken.

ARTICLE 33. A motion to amend was offered by Mr. Plasko, duly seconded by Mr. Field to add the following restriction to the above motion:

VOTED: If, within said seven days . . . that said petition is to be circulated on a form to be provided by the Town Clerk and said form is to be available to petitioners on the next business day following the lissolution of the town meeting.

ARTICLE 33. (cont.) A second motion to amend, offered by Mr. Smith, duly seconded by Mr. McDonough to amend the second paragraph, second sentence by striking the words "three percent" and inserting in place thereof the words "five (5) percent" and to vote the motion to read as follows:

VOTED: That the Board of Selectmen are authorized and directed to petition the General Court for legislation to amend Chapter 541 of the Acts of 1947 by deleting Section 15 therein and substituting therefor the following:

Section 15: No vote passed at any representative town meeting under any article in the warrant, except a vote to adjourn, or a vote authorizing the expenditure of less than ten thousand dollars, or votes appropriating money for the payment of notes or bonds of the town and interest becoming due in the then current financial year, or votes for the temporary borrowing of money in anticipation of revenue or a vote declared by preamble by a two-thirds vote of the town meeting members present and voting thereon to be an emergency measure necessary for the immediate preservation of the peace, health, safety or convenience of the town shall be operative until after the expiration of seven days exclusive of Sundays and holidays, from the dissolution of the meeting.

If, within said seven days, a petition signed by not less than five (5) percent of the registered voters of the town, containing their names and addresses as they appear on the list of registered voters, is filed with the selectmen asking that the question or questions involved in such a vote be submitted to the registered voters of the town at large, then the selectmen, after the expiration of five days, shall forthwith call a special meeting for the sole purpose of presenting to the registered voters at large the question or questions so involved. The polls shall be opened at two o'clock in the afternoon and shall be closed not earlier than eight o'clock in the evening, and all votes upon any questions so submitted shall be taken by ballot and the check list shall be used in the same manner as in the election of town officers.

The questions so submitted shall be determined by a vote of the same proportion of the registered voters at large voting thereon as would have been required by law had the question or questions been finally determined at a representative town meeting shall be reversed unless at least twenty percent of the registered voters shall so vote. Each question so submitted shall be in the form of the following question which shall be placed upon the official ballot—"Shall the town vote to approve the action of the representative town meeting whereby it was voted (brief description of the substance of the vote)?" If such petition is not filed within said period of seven days, the vote of the representative town meeting shall become operative and effective upon the expiration of said period.

Motion as amended was declared carried by a standing vote. Voting Yes, 62; No, 57.

The main motion offered by Mr. Capasso, duly seconded by Mr. Hayes was declared carried on standing vote. Voting Yes, 94; No, 10.

Meeting adjourned.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
PRESIDENTIAL PRIMARY
(Seal)
TOWN OF NORWOOD

Town of Norwood Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town qualified to vote in elections, met in the various voting precincts designated for their districts in Norwood on Tuesday, the thirteenth day of March, 1984 at 7:00 A.M.

The following election officers were sworn by the Warden in each percinct to the faithful performance of their duty:

Precinct A — Oldham School: Lee A. Griffith, Mary F. Folan, Mary Hayes, Catherine L. D'Espinosa, Evelyn Jurgelewicz, Theresa Curran, Emily Tibbetts, Mary Hemman, Albina Grigun, Evelyn D. Lemkin, Harold Wilkinson and Claire Groh.

Precinct B — Aaron Guild: Frances A. Phipps, Jean R. Brown, Arlene E. Lindblom, Margaret L. Curran, Mary E. Brierley, Mary C. Amirault, Rosemarie R. Fanning, Charlotte Baskin, Anne P. Shannon, Angela Daly, Bridget McTernan, and Marguerite Conley.

Precinct C — Cleveland School: Frances W. Wiggin, Agnes Riley, Janet Webber, Mary Poce, Herbert Wiggin, Mary Moynihan, Alice Mantho, Roberta Dunn.

Precinct D — Balch School: Doris Dauksis, Edward S. Thomas, Iris Falcone, Helen Ivatts, Thomas Coen, Anne Boulis, Barbara Barton, Ruth Curran, Rose Joseph, Mae L. Bremer, Samuel Thomas and Anne Fahrenholt.

Precinct E — Callahan School: Amedio DeFlaminis, Emilie Moses, Mary Frederick, Barbara Fleck, Katherine V. Connor, Benjamin Busch, William Galle and Mary G. Groh.

Precinct F — Prescott School: Maureen P. MacEachern, Waldo Nason, Sarah Imbrogna, Gedman Dauksis, Mildred Galle, Vera Kozak, Wilfred Turenne and John F. Fitzgerald.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots March 13, 1984" and their receipts thereof.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this election. They were supplied with the official ballots taken from the package received from the Town Clerk and were stationed by the

entrances and exits of the polling places with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the wardens and other officials and found to be empty. The registers were then set at zero.

The polls were declared open for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls an actual canvass of the ballots showed that four hundred and nine (409) votes were cast in the Republican Party and thirty nine hundred and ninety six (3996) votes were cast in the Democratic Party.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked equalled the same as above, forty four hundred and five (4405).

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT

(Seal)

TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the auditorium of the Junior High School South on Washington Street in said town on Monday, March 19, 1984, at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting members to meet and act at said time and place on the following articles, namely;

ARTICLE 1. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Snow and Ice Removal, or take any other action in the matter.

ARTICLE 2. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Public Works Overtime, or take any other action in the matter.

ARTICLE 3. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Garage Maintenance, or take any other action in the matter.

ARTICLE 4. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Sewer Maintenance, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Particular Sewers, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Sewer Construction, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Building Inspector Departmental Expenses, or take any other action in the matter.

ARTICLE 8. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Police Departmental Expenses, including but not limited to telephone services, or take any other action in the matter.

ARTICLE 9. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Police New Uniforms, or take any other action in the matter.

ARTICLE 10. To see what sum of money the Town will vote to appropriate or transfer from available funds or surplus revenue for the Fire Department Incidental Account, or take any other action in the matter.

ARTICLE 11. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of General Government Incidental Expenses, or take any other action in the matter.

ARTICLE 12. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Municipal Light Department Overtime, or take any other action in the matter.

ARTICLE 13. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Streetlighting, or take any other action in the matter.

ARTICLE 14. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Selectmen's Negotiating Services, or take any other action in the matter.

ARTICLE 15. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Workmen's Compensation, or take any other action in the matter.

ARTICLE 16. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds and/or borrowing for the purpose of Computer Management, or take any other action in the matter.

ARTICLE 17. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other avaiable funds and/or borrowing for the purpose of Unpaid Bills, or take any other action in the matter.

ARTICLE 18. To see what sum of money the Town will vote to appropriate from surplus revenue and/or other available funds, and/or borrowing for the purpose of updating all Real and Personal Property for Fiscal 1985, as mandated by the Department of Revenue, or take any other action in the matter.

ARTICLE 19. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of litigation to recover tuitions owed the Town of Norwood, or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 20. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of moving certain furnishings and equipment from Junior High North to Junior High South, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 21. To see what sum of money the Town will vote to transfer from the Unexpended Balance of Fiscal 1982-83 Group Insurance, for the purpose of paying premiums due to Blue Cross/Blue Shield, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 22. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of Custodial Overtime, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 23. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of Special Needs Tuitions, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 24. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of Regular Transportation, or take any other action in the matter. (On petition of the Norwood School Committee).

ARTICLE 25. To see if the Town will vote to accept Section 26G of Chapter 148 (General Laws) for the purpose of requiring the installation of automatic sprinkler systems in non-residential buildings of over 7,500 square feet. This to apply to new buildings, additions or major alterations occurring after adoption of this law, or take any other action in the matter.

ARTICLE 26. To see if the Town of Norwood will vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the district boundaries with respect to that portion of the present General Residence (G) District, namely that area bounded and described as follows:

The layout lines of this zoning change begin at a point, said point being the intersection of the southerly line of Prospect Street and the westerly line of Chestnut Street; thence running S21-52-30E along the side line of Chestnut Street, a distance of 337.65 feet; thence running S69-44-50W a distance of 285.18 feet; thence running N21-25-10W along the side line of Myrtle Street, a distance of 315.50 feet; thence running northwesterly, northerly, and northeasterly by a curve of radius 25.00 feet a distance of 40.10 feet; thence running N70-29E along the side line of Prospect Street a distance of 257.01 feet to a point, said point being the terminus of the lines of this zoning change and said point being the same as the beginning point of the lines of this description.

By withdrawing said portion from a General Residence (G) Zone and establishing the same as a Single Residence (S) Zone. Or whatever action may be taken on the matter.

ARTICLE 27. To see if the Town will vote to abandon a portion of the Order of Taking, Rustic Acres District, Drain Easement dated April 15, 1980 and recorded with Norfolk Deeds in Book 5727, Page 362 shown as the parcel containing 625 s.f. portion to be abandoned on the plan entitled Plan of a Portion of Sewer & Drain Easement to be Abandoned, Rustic Acres District dated February 27, 1984 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk for inspection, or take any other action in the matter. (On petition of Alan and Joan Uliss).

ARTICLE 28. To see if the Town of Norwood will vote to amend the existing Zoning By-Law of the Town of Norwood as follows:

To add to Section 4, Table A, Paragraph I, the following Section, and District Designation:

"6. A Town of Norwood Licensed Cable Television Studio and/or Office as part of a Cable Television System when located in a Municipal Building:

Res.	Bus.	Off. and Ind.
R, S2, S1, S G, A	LB B	O LM M
SP SP	SP SP	SP SP SP

Or any other action which may be taken on the matter.
(On petition of the Norwood Cable Communications Commission)

ARTICLE 29. To see if the Town of Norwood will vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the district boundaries with respect to that portion of the present General Residence (G) Zone, namely that area bounded and described as follows:

Beginning at a point, said point being the intersection of the Norwood-Westwood Town line and the northerly sideline of Everett Street; thence;

S 38°-51'-20''E, a distance of one hundred sixty-two and 15/100 (162.15) feet by the northerly sideline of Everett Street and the Manufacturing Zone; thence;

S 51°-08'-40''W, a distance of thirty-six and 00/100 (36.00) feet; thence;

S 32°-23'-02''W, a distance of one hundred thirty-six and 97/100 (136.97) feet; thence;

S 08°-29'-47''E, a distance of one hundred twenty-four and 75/100 (124.75) feet; thence;

S 08°-35'-42''W, a distance of twenty-nine and 87/100 (29.87) feet; thence;

S 62°-01'-11''W, a distance of one hundred fifty-one and 01/100 (151.01) feet; thence;

S 56°-09'-12''W, a distance of eighty nine and 68/100 (89.68) feet; the last six (6) courses being by the Manufacturing Zone, thence;

N 01°-05'-28''W, a distance of five hundred eighty-five and 75/100 (585.75) feet by the General Residence Zone, thence;

S 77°-41'-10''E, a distance of twenty-five and 40/100 (25.40) feet; thence;

S 72°-51'-20''E, a distance of two hundred twenty-five and 10/100 (225.10) feet; to the said point of beginning, the last two (2) courses being by the northerly sideline of Everett Street and the Norwood/Westwood Town Line.

By withdrawing said portion from General Residence (G) Zone and establishing same as a Business (B) Zone.

Or any other action which may be taken on the matter.

(On petition of John F. Moynihan, Trustee, Everett Realty Trust)

ARTICLE 30. To see if the Town of Norwood will vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the District Boundaries with respect to that portion of the present General Residence (G) Zone, namely, that area bounded and described as follows:

Beginning at a point, said point being the intersection of the Norwood-Westwood Town Line and the northerly sideline of Everett Street; thence;

S 38°-51'-20'' E, a distance of one hundred sixty-two and 15/100 (162.15) feet by the northerly sideline of Everett Street and the Manufacturing Zone; thence;

S 51°-08'-40''W, a distance of thirty-six and 00/100 (36.00) feet; thence;

S 32°-23'-02''W, a distance of one hundred thirty-six and 97/100 (136.97) feet; thence;

S 08°-29'-47''E, a distance of one hundred twenty-four and 75/100 (124.75) feet; thence;

S 08°-35'-42''W, a distance of twenty-nine and 87/100 (29.87) feet; thence;

S 62°-01'-11''W, a distance of one hundred fifty-one and 01/100 (151.01) feet; thence;

S 56°-09'-12''W, a distance of eighty-nine and 68/100 (89.68) feet; the last six (6) courses being by the Manufacturing Zone, thence;

N 01°-05'-28''W, a distance of five hundred eighty-five and 75/100 (585.75) feet by the General Residence Zone, thence;

S 77°-41'-10''E, a distance of twenty-five and 40/100 (25.40) feet; thence;

S 72°-51'-20''E, a distance of two hundred twenty-five and 10/100 (225.10) feet to the said point of beginning, the last two (2) courses being by the northerly sideline of Everett Street and the Norwood/Westwood Town Line.

By withdrawing said portion from General Residence (G) Zone and establishing same as an Apartment (A) Zone.

Or whatever action which may be taken on the matter.

(On petition of John F. Moynihan, Trustee, Everett Realty Trust.)

ARTICLE 31. To see if the Town of Norwood will vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the district boundaries with respect to that portion of the General Residence Zone, namely the area bounded as follows:

Beginning at a point on the northerly sideline of Dean Street, said point being a point of curvature of a curve to the left of a radius of Six Hundred Sixty and 00/100 (660.00) feet; thence:

Northwesterly By the aforementioned curve along the northerly sideline of Dean Street, a distance of One Hundred Fifty-nine and 23/100 (159.23) feet; thence

N. 11°-39'-10''E. By the existing Business Zone, a distance of Eleven and 09/100 (11.09) feet; thence

N. 85°-22'-50''E. By the existing Business Zone, a distance of One Hundred Seventy and 21/100 (170.21) feet; thence

N. 12°-48'-20''W. By the existing Business Zone, a distance of Three Hundred Thirty-Nine and 05/100 (339.05) feet; thence

N. 43°-27'-00''W. By the existing Business Zone, a distance of Ninety-Five and 75/100 (95.75) feet; thence

N. 28°-00'-30''E. By the existing Manufacturing Zone, a distance of Four Hundred Thirty-Nine and 09/100 (439.09) feet; thence

S. 62°-27'-55''E. By the existing General Residence Zone, a distance of Three Hundred Fifty-One and 58/100 (351.58) feet; thence

S. 29°-08'-47''W. By the existing General Residence Zone, a distance of Four Hundred Fifty-Seven and 64/100 (457.64) feet; thence

S. 02°'25'-55''W. By the existing General Residence Zone, a distance of Four Hundred Nineteen and 63/100 (419.63) feet; thence

N. 58°-07'-30''W. By the northerly sideline of Dean Street, a distance of One Hundred Ninety-Three and 30/100 (193.00) feet to the point of beginning.

By withdrawing said portion from a General Residence Zone and establishing same as a Manufacturing Zone, or take any other action in the matter. (On petition of David Spiegel, Trustee, Providence Highway Realty Trust).

ARTICLE 32. To see if the Town of Norwood will vote to amend the existing Zoning By-Laws of the Town of Norwood as follows;

By amending Section 10, Paragraph E - Off Street parking requirements:

To include the attached dimensions and requirements (filed with the Town Clerk's office for inspection).

Or any other action which may be taken on the matter. (On petition of the Norwood Planning Board).

ARTICLE 33. To see if the Town of Norwood will vote to amend the existing Zoning By-Law of the Town of Norwood as follows:

By amending Section 22, Subsection (K) Street as follows:

The word street includes all public ways established or maintained under public authority, private ways open for public use or used in common by more than two owners and private ways plotted or laid out for ultimate public use or shown on a plan approved by the Planning Board (whether or not constructed). Provided, however, the definition of street above shall not include roads designated by the Commonwealth as limited access highways (Being a major highway intended to carry a larger volume of high speed traffic between or through several communities, entrance to and exit from which is controlled through interchanges with other streets, all direct access from abutting property being prohibited).

Or any other action which may be taken on the matter. (On petition of the Norwood Planning Board).

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town fourteen days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day and time of said meeting.

Given under our hands at Norwood this 28th day of February, 1984.

THOMAS A. RIOLO, Chrmn.
WALTER J. DEMPSEY
WILLIAM F. BUTTERS
JOSEPH F. CURRAN
Selectmen of Norwood

Norwood, Norfolk, ss. March 5, 1984

By virtue of the within warrant I have posted the same as directed. The posting was completed Friday, March 2, 1984.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

A True Copy.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)

VOTED: Indefinite Postponement.

A substitute motion was offered by Margery McKenna, duly seconded by Mr. Pentowski, to delete the recommendation of the Finance Commission and substitute therefore the following:

VOTED: That the town appropriate and transfer the sum of $7,100.80 from the unexpended balance of the 1982-83 Group Insurance Account for the purpose of paying premiums due to Blue Cross/Blue Shield as a result of an audit for the period of May 1, 1978 to March 1, 1981.

The substitute motion was declared carried by a standing vote of: Yes, 105; No, 5.

Main motion, as amended was declared carried by a vote of Yes, 105; No, 5.

ARTICLE 22. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A substitute motion was offered by Margery McKenna, duly seconded by Mr. Pentowski, to delete the recommendation of the Finance Commission and substitute therefore the following:

VOTED: That the town appropriate and transfer the sum of $15,040 from the unexpended balance of the 1983-84 School Utilities Account for the purpose of Custodial Overtime.

The Substitute motion was declared carried by voice vote. Main motion, as amended, was declared carried by voice vote.

ARTICLE 23. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $61,404.00 be transferred from FY '84 School Instructional Salaries account and appropriated for the Chapter 766 account.

On voice vote motion declared carried.

ARTICLE 24. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $4500.00 be transferred from FY '84 School Instructional Salary account and appropriated for the School Transportation account.

On voice vote motion declared carried.

ARTICLE 25. On a motion offered by Thomas A. Riolo, duly seconded by Edward Thomas, it was

VOTED: Indefinite Postponement by the Board of Selectmen.

On voice vote motion declared carried.

ARTICLE 26. REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING MAP OF THE TOWN OF NORWOOD

TO: THE CITIZENS OF THE TOWN OF NORWOOD

The Norwood Planning Board through the Daily Transcript in the issue of February 23 and March 1, 1984 gave notice of its intention to hold a public hearing on March 12, 1984 at 9:00 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws and Map of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend Amendment to the existing Zoning Map of the Town of Norwood as submitted in the attached motion under Article 26 of the Special Town Meeting of March 19, 1984 for the following reasons:

1. The change would be more restrictive and thus improve the area.
2. The change would allow development of the area which is not used at present, and would allow usage in keeping with the area.
3. The proposed Single Family Residence Zoning would be the best use of the land.

Respectfully submitted,
PAUL J. DONOHUE
JOHN B. SWEENEY
ALFRED P. PORRO, JR.
Norwood Planning Board

ARTICLE 26. On a motion offered by Paul J. Donohue, duly seconded by John B. Sweeney, it was

VOTED: To recommend Amendment to the existing Zoning Map of the Town of Norwood as follows;

By altering the district boundaries with respect to that portion of the present General Residence (G) Zone, namely that area bounded and described as follows:
The layout lines of this Zoning change begin at a point, said point being the intersection of the southerly line of Prospect Street and the westerly line of Chestnut Street; thence running S 21-52-30 E along the side line of Chestnut Street, a distance of 337.65 feet; thence running S 69-44-50 W, a distance of 285.18 feet; thence running N 21-25-10 W, along the side line of Myrtle Street, a distance of 315.50 feet; thence running northwesterly, northerly, and northeasterly by a curve of radius 25.00 feet a distance of 40.10 feet; thence running N 70-29 E along the side line of Prospect Street, a distance of 257.01 feet to a point, said point being the terminus of the lines of this change and said point being the same as the beginning point of the lines of this description.

On standing vote motion declared carried. Voting Yes, 91; No, 7.

ARTICLE 27. On a motion offered by Thomas A Riolo, duly seconded by William J. Plasko, it was

VOTED: That the Town abandon that portion of the Order of Taking, Rustic Acres District, Drain Easement dated April 15, 1980 recorded with Norfolk Deeds in Book 5727, Page 362 shown as the parcel containing 625 s.f. of land as the portion to be abandoned on the plan entitled Plan of a Portion of Sewer and Drain Easement to be abandoned, Rustic Acres District dated February 27, 1984 by Walter R. Ryan, Town Engineer, a copy of which is attached hereto; and be it further VOTED that the Board of Selectmen are directed to record Declaration of Abandonment of this abandonment with the Norfolk Registry of Deeds.

On voice vote motion declared unanimously carried.

ARTICLE 28. REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

TO: THE CITIZENS OF THE TOWN OF NORWOOD

The Norwood Planning board through the Daily Transcript in the issue of February 24 and March 2, 1984 gave notice of its intention to hold a public hearing on March 12, 1984 at 9:30 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend Amendment to the existing Zoning By-Law of the Town of Norwood as submitted in the attached motion under Article 28 of the Special Town Meeting of March 19, 1984 for the following reasons:

1. The proposed studio will be located at Norwood High School which would be an educational enhancement.

2. The recommended SP in each designation will limit the location and place restrictions by the Board of Appeal.

3. The proposed studio will be in the best interest of the Town of Norwood.

Respectfully submitted,
PAUL J. DONOHUE
JOHN B. SWEENEY
ALFRED P. PORRO, JR.
Norwood Planning Board

ARTICLE 28. On a motion offered by Paul J. Donohue, duly seconded by John B. Sweeney, it was

VOTED: to recommend amendment to the Zoning By-Laws of the Town of Norwood as follows:

To add to Section 4, Table A, Paragraph I, the following Section and District Designation:

"6. A Town of Norwood Licensed Cable Television Studio and/or office as part of a Cable Television System when located in a Municipal Building:

Res.	Bus.	Off. and Ind.
R, S2	LB B	O LM M
Sl, S, G, A		
SP SP	SP SP	SP SP SP

On standing vote motion declared lost due to lack of 2/3 vote required by law. Standing vote: Voting, 57; Voting No, 42.

Meeting adjourned to Monday, March 27, 1984 at 8:00 P.M.

ADJOURNED SPECIAL TOWN MEETING
TOWN OF NORWOOD

Pursuant to the provisions of the by-laws of the town of Norwood notice is hereby given that at the Special Town Meeting of Norwood of the inhabitants of the town of Norwood held on Monday evening, March 19, 1984, it was voted that the meeting stand adjourned to meet at 8:00 P.M. on Monday. March 26, 1984 in the Junior High School Auditorium on Washington Street.

It was further voted that Article 29 through Article 33 be laid on the table and acted upon at the adjourned session of this meeting.

ROBERT M. THORNTON
Town Clerk and Accountant

Norwood, Norfolk, ss. March 22, 1984

By virtue of the within notice I have posted the same as directed. The posting was completed Wednesday, March 21, 1984.

MARTIN P. CONNOLLY
Constable, Town of Norwood

A True Copy.

ATTEST: ROBERT M. THORTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
ADJOURNED SPECIAL TOWN MEETING

(Seal)

TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said Town of Monday, March 26, 1984 at 8:00 o'clock in the afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The notice calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

The Town Meeting body voted to act upon ARTICLE #30 first (ahead of Article #29).

ARTICLE 30. On a motion offered by Paul J. Donohue, duly seconded by John B. Sweeney, it was

VOTED: To recommend that the Town of Norwood vote to amend the existing Zoning Map of the Town of Norwood as follows:

By altering the District Boundaries with respect to that portion of the present General Residence (G) Zone, namely, that area bounded and described as follows:

Beginning at a point, said point being the intersection of the Norwood/Westwood Town Line and the northerly sideline of Everett Street; thence;

S 38°-51'-20''E, a distance of one hundred sixty-two and 15/100 (162.15) feet by the northerly sideline of Everett Street and the Manufacturing Zone; thence;

S 51°-08'-40''W, a distance of thirty-six and 00/100 (36.00) feet; thence;

S 32°-23'-02''W, a distance of one hundred thirty-six and 97/100 (136.97) feet; thence;

S 08°-29'-47''E, a distance of one hundred twenty-four and 75/100 (124.75) feet; thence;

S 08°-35'-42''W, a distance of twenty-nine and 87/100 (29.87) feet; thence;

S 62°-01'-11''W, a distance of one hundred fifty-one and 01/100 (151.01) feet; thence;

S 56°-09'-12''W, a distance of eighty-nine and 68/100 (89.68) feet; the last six (6) courses being by the Manufacturing Zone, thence;

N 01°-05'-28''W, a distance of five hundred eighty-five and 75/100 (585.75) feet by the General Residence Zone, thence;

S 77°-41'-10''E, a distance of twenty-five and 40/100 (25.40) feet; thence;

S 72°-51'-20''E, a distance of two hundred twenty-five and 10/100 (225.10) feet, to the said point of beginning, the last two (2) courses being

by the northerly sideline of Everett Street and the Norwood/Westwood Town Line.

By withdrawing said portion from General Residence (G) Zone and establishing same as an Apartment (A) Zone.

On standing vote motion declared lost. Voting Yes, 31; No, 70.

ARTICLE 29.

REPORT OF THE NORWOOD PLANNING BOARD AMENDING EXISTING ZONING MAP OF THE TOWN OF NORWOOD

TO: THE CITIZENS OF THE TOWN OF NORWOOD

The Norwood Planning Board through the Patriot Ledger in the issue of February 24 and March 2, 1984 gave notive of its intention to hold a public hearing on March 12, 1984 at 8:15 P.M. in the Municipal Building on proposed amendment to the Zoning Map of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend INDEFINITE POSTPONEMENT WITHOUT PREJUDICE to the existing Zoning Map of the town of Norwood as submitted in the attached motion under Article #29 of the Special Town Meeting of March 19, 1984.

Respectfully submitted,
PAUL J. DONOHUE
JOHN B. SWEENEY
ALFRED P. PORRO, JR.
Norwood Planning Board

ARTICLE 29. On a motion offered by Paul J. Donohue, duly seconded by John B. Sweeney, it was

VOTED: Indefinite Postponement without prejudice.

On voice vote motion declared carried.

Next, a motion was offered by Mrs. Jean Taylor, seconded by Mr. Neil Reardon, to reconsider Article #28. This motion was declared lost by a standing vote of: Voting Yes, 54; No, 61.

ARTICLE 31.

REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING MAP OF THE TOWN OF NORWOOD

TO: THE CITIZENS OF THE TOWN OF NORWOOD

The Norwood Planning Board through the Daily Transcript in the issue of February 23 and March 1, 1984 gave notice of its intention to hold a public hearing on March 12, 1984 at 9:15 P.M. in the Municipal Building of proposed amendment to the Zoning Map of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board

herewith submits its final report and recommendation which is in the following form:

We recommend AMENDMENT to the existing Zoning Map of the Town of Norwood as submitted in the attached motion under Article #31 of the Special Town Meeting of March 19, 1984 for the following reasons:

1. Property is located on Route 1 which is not conducive to General Residence.
2. Due to the number of easements on the property, the land is limited to its use in development.
3. Manufacturing Zoning would be contiguous with existing zoning on Route 1.

Respectfully submitted,
ALFRED P. PORRO, JR.
JOHN B. SWEENEY
ANNE LYDON
Norwood Planning Board

ARTICLE 31. On a motion offered by John B. Sweeney, duly seconded by Waldo Nason, it was

VOTED: To recommend Amendment to the Zoning Map of the Town of Norwood by altering the district boundaries with respect to that portion of the General Residence Zone, namely that area bounded and described as follows:

Beginning at a point on the northerly sideline of Dean Street, said point being a point of curvature of a curve to the left of a radius of Six Hundred Sixty and 00/100 (660.00) feet; thence;

Northwesterly By the aforementioned curve along the northerly sideline of Dean Street, a distance of One Hundred Fifty-Nine and 23/100 (159.23) feet; thence;

N11°-39'-10''E By the existing Business Zone, a distance of Eleven and 09/100 (11.09) feet; thence;

N85°-22'-50''E By the existing Business Zone, a distance of One Hundred Seventy and 21/100 (170.21) feet; thence;

N12°-48'-20''W By the existing Business Zone, a distance of Three Hundred Thirty-Nine and 05/100 (339.05) feet; thence;

N43°-27'-00''W By the existing Business Zone, a distance of Ninety-Five and 75/100 (95.75) feet; thence;

N28°-00'030''E By the existing Manufacturing Zone, a distance of Four Hundred Thirty-Nine and 09/100 (439.09) feet; thence:

S62°-27'-55''E By the existing General Residence Zone, a distance of Three Hundred Fifty-One and 58/100 (351.58) feet; thence;

S29°-08'-47''W By the existing General Residence Zone, a distance of Four Hundred Fifty-Seven and 64/100 (457.64) feet; thence;

S02°-25'-55''W By the exsiting General Residence Zone, a distance of Four Hundred Nineteen and 63/100 (419.63) feet; thence

N58°-07'-30''W By the northerly sideline of Dean Street, a distance of One Hundred Nine-Three and 30/100 (193.30) feet to the point of beginning.

By withdrawing said portion from a General Residence Zone and establishing same as a Manufacturing Zone.

On standing vote motion declared lost due to lack of 2/3 vote required. Voting Yes, 55; No, 49.

Next, a motion to reconsider Article #29 offered by Mr. Fenton, duly seconded, was declared lost by voice vote.

ARTICLE 32.
REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To: THE CITIZENS OF THE TOWN OF NORWOOD:

The Norwood Planning Board through the Daily Transcript in the issue of February 23 and March 1, 1984 gave notice of its intention to hold a public hearing on March 12, 1984 at 8:45 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend Amendment to the existing Zoning By-Laws of the Town of Norwood as submitted in the attached motion under Article #32 of the Special Town Meeting of March 19, 1984 for the following reasons:

1. The change would clearly define the parking requirements required which is not so at the present time.

S. The Building Inspector, the enforcement officer of the Zoning By-Law, has requested and recommended the change.

3. The change will eliminate any question as to the number and size of parking spaces required for development.

Respectfully submitted

PAUL J. DONOHUE
JOHN B. SWEENEY
ALFRED P. PORRO, JR.
Norwood Planning Board

ARTICLE 32. On a motion offered by Paul J. Donoohue, duly seconded by John B. Sweeney, it was

VOTED: To recommend AMENDMENT to the Zoning By-Law of the Town of Norwood as follows:

To include the attached dimensions and requirements.

On standing vote motion declared carried. Voting Yes, 105; No, 4.

TYPICAL PARKING DIMENSIONS IN FEET

Short term parking - 8.5' wide. Short term parking shall include but not be limited to parking of one hour (1 Hr.) or less.

Medium term parking - 9.0' wide. Medium term parking shall include but not be limited to all other parking not otherwise defined as short term or long term parking as provided herein.

Long term parking - 9.5' wide. Long term parking shall include but not be limited to parking for a substantial portion of the normal work period.

ARTICLE 33.
REPORT OF THE NORWOOD PLANNING BOARD ON AMENDING EXISTING ZONING BY-LAW OF THE TOWN OF NORWOOD

To: THE CITIZENS OF THE TOWN OF NORWOOD

The Norwood Planning Board through the Daily Transcript in the issue of February 23 and March 1, 1984 gave notice of its intention to hold a public hearing on March 12, 1984 at 8:30 P.M. in the Municipal Building on proposed amendment to the Zoning By-Laws of the Town of Norwood, said hearing as advertised was duly held and notices mailed in compliance with Chapter 808 of the Acts of 1975 and the Planning Board herewith submits its final report and recommendation which is in the following form:

We recommend AMENDMENT to the existing Zoning By-Laws of the Town of Norwood as submitted in the attached motion under Article 33 of the Special Town Meeting of March 19, 1984 for the following reasons:

1. The present definition of "street" as contained in the Zoning By-Law is ambiguous and this change would clearly define the term "Street"

2. The Building Inspector, the enforcement officer of the Zoning By-Law, has requested and recommended the change.

3. The change will insure proper enforcement of the By-Law and the term "Street" as contained therein.

Respectfully submitted,

PAUL J. DONOHUE
ALFRED P. PORRO, JR.
JOHN B. SWEENEY
Norwood Planning Board

ARTICLE 33. On a motion offered by Paul J. Donohue, duly seconded by John B. Sweeney, it was

VOTED: To recommend that the Town of Norwood vote to amend the existing Zoning By-Laws of the Town of Norwood as follows:

By amending Section 22, Subsection (K) Street as follows:

The word street includes all public ways established or maintained under public authority, private ways open for public use or used in common by more than two owners and private ways plotted or laid out for ultimate public use or shown on a plan approved by the Planning Board (whether or not constructed). Provided, however, the definition of street above shall not include roads designated by the Commonwealth as limited access highways (Being a major highway intended to carry a large volume of high speed traffic between or through several communities, entrance to and exit from which is controlled through interchanges with other streets, all direct access from abutting property being prohibited). Provided further that no street will be considered for purposes of frontage unless constructed in accordance with the Rules and Regulations of the Norwood Planning Board or shown on an approved plan as provided above.

On voice vote motion declared carried unanimously.

Meeting adjourned.

A True Record.

COMMONWEALTH OF MASSACHUSETTS
WARRANT FOR TOWN ELECTION
APRIL 2, 1984
(Seal)
TOWN OF NORWOOD

Norfolk, ss.
To either of the Constables of the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified to vote in elections to meet in the various voting precincts designated for their districts in Norwood on Monday, the second day of April, 1984 at 7:00 o'clock in the forenoon, then and there to act on the following:

To choose all necessary Town officers: The following are to be chosen by ballot, namely: Two Selectmen for three years; one Town Treasurer and Collector of Taxes for one year; one Moderator for one year; one Member of the Board of Health for three years; one Member of the Board of Health for two years (to fill vacancy); two Members of the School Committee for three years; one Finance Commissioner for three years; two Trustees of the Morrill Memorial Library for three years; one Member of the Town Planning Board for five years; one Member of the Norwood Housing Authority for five years; one Constable for three years; five Town Meeting Members for District One for three years; seven Town Meeting Members for District Two for three years; five Town Meeting Members for District Three for three years; two Town Meeting Members for District Three for one year (to fill vacancies); twelve Town Meeting Members for District Four for three years; seven Town Meeting Members for District Five for three years; six Town Meeting Members for District Six for three years; seven Town Meeting Members for District Seven for three years; ten Town Meeting Members for District Eight for three years; one Town Meeting Member for District Eight for one year (to fill vacancy); nine Town Meeting Members for District Nine for three years.

For these purposes, the Polls will be open at 7:00 o'clock in the forenoon and shall be kept open until 8:00 o'clock in the afternoon when they may be closed.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town seven days at least before the time and day of said meeting.

Given under our hands at Norwood this seventh day of March, 1984.

THOMAS A. RIOLO
JOSEPH F. CURRAN
WILLIAM F. BUTTERS
WALTER J. DEMPSEY
Selectmen of Norwood

Norwood, Norfolk, ss. March 16, 1984

By virtue of the within warrant I have posted the same as directed. The posting was completed March 15, 1984.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

A True Copy. ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
TOWN OF NORWOOD
ANNUAL TOWN ELECTION
APRIL 2, 1984

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood qualified to vote in elections met in the various voting precincts designated for their districts in Norwood on Monday, the second day of April, 1984 at 7:00 A.M.

The following election officers were sworn by the Warden in each precinct to the faithful performance of their duty:

PRECINCT A—Oldham School: Lee A. Griffith, Benjamin B. Bush, Emily W. Tibbets, Theresa M. Curran, Catherine L. D'Espinosa, Evelyn D. Lemkin, Mary H. Hemman, Albina H. Grigun, Mary J. Hayes, Evelyn Jurgelewicz, James B. Russell, Harold H. Wilkinson, Jr. and Claire Groh.

Precinct B—Aaron Guild: Helen G. Bulger, Juliette Bugeau, Lola DiBerto, Jean R. Brown, Arlene E. Lindblom, Margaret L. Curran, Mary E. Brierley, Mary C. Amirault, Rosemarie R. Fanning, Charlotte Bashian, Anne P. Shannon, Angela Daly, Bridget McTernan, Charles R. Riley and Mary Frederick.

Precinct C—Cleveland School: Frances W. Wiggin, Agnes Riley, Janet Webber, Mary Poce, Mary Moynihan, Alice Mantho, Herbert Wiggin and Roberta Dunn.

Precinct D—Balch School: Doris Dauksis, Edward S. Thomas, Julia Ostergren, Helen Ivatts, Virginia Abromowski, Gedman Dauksis, Barbara Barton, Ruth Curran, Rose Joseph, Mae L. Bremer, Samuel Thomas, John F. Fitzgerald and Anne Fahrenholt.

Precinct E—Callahan School: Amedio DeFlaminis, Emilie Moses, Mary Fitzgerald, Barbara Fleck, Katherine V. Connor, Dorothy Rich, William Galle, and Mary G. Groh.

Precinct F—Prescott School: Maureen P. MacEachern, Waldo Nason, Sarah Imbrogna, Thomas Coen, Mildred Galle, Vera Kozak, Wilfred Turenne, and Anne Greene.

In accordance with the laws of the Commonwealth of Massachusetts governing elections, the voting precincts designated for their districts were fitted up as polling places, a place railed off and compartments provided for the convenience of voters in marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities.

Cards of instruction and specimen ballots were posted in five different parts of each polling place outside the rail. The Town Clerk and Accountant delivered to the ballot clerks, sealed packages marked "Official Ballots April 2, 1984" and their receipts thereof.

The Ballot Clerks were provided with duplicate sets of registered voters of the Town, as prepared by the Registrars of Voters for use at this

election. They were supplied with the official ballots taken from the package received from the Town Clerk and were stationed by the entrances and exits of the polling places with instructions to deliver such ballots only to voters whose names were found and checked on the voting list. The ballot boxes used in elections were opened in public meeting, examined by the wardens and other officials and found to be empty. The registers were then set at zero.

The polls were declared for the reception of ballots at 7:00 o'clock in the forenoon and were declared closed at 8:00 P.M. At the close of the polls an actual canvass of the ballots showed that thirty-four hundred and thirty (3430) votes were cast.

The names checked on the voting list by the ballot clerks at the entrances of each polling place were counted and found to agree, and the total number of names so checked equalled the same as above, thirty-four hundred and thirty (3430).

The vote is as follows:

SELECTMEN

FOR Three Years (Voting for Two)
Joseph F. Curran had seventeen hundred and seventeen (1717) votes
Thomas A. Riolo had nineteen hundred and forty-three (1943) votes
Richard E. Fenton had seven hundred (700) votes
Julia King had twelve hundred and twenty-one (1221) votes
Blanks, twelve hundred and seventy-nine (1279)
Joseph F. Curran elected and sworn by Town Clerk and Accountant
Thomas A. Riolo elected and seorn by Town Clerk and Accountant

VOTE BY DISTRICTS

A True Record

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING WARRANT
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Norwood qualified as the law requires to vote in town affairs to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, May 14, 1984, at 7:30 o'clock in the afternoon, to notify and warn the Town Meeting members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see if the Town will vote to abandon a portion of the Order of Taking, Rustic Acres District, Drain Easement dated April 15, 1980 and recorded with Norfolk Deeds in Book 5727, Page 362 shown as the parcel containing 625 s.f. portion to be abandoned on the plan entitled Plan of a Portion of Sewer and Drain Easement to be Abandoned, Rustic Acres District dated February 27, 1984 by Walter R. Ryan, Town Engineer, a copy of which is on file with the Town Clerk for inspection, or take any other action in the matter. (On petition of Alan and Joan Uliss)

ARTICLE 2. To see what sum of money the Town will vote to raise and appropriate from surplus revenue, and/or borrowing, and/or taxation, and /or any other available funds for the purpose of overtime in the Public Works Department.

ARTICLE 3. To see what sum of money the Town will vote to raise and appropriate from receipts from the Electric Light Department, and/or surplus revenue, and/or borrowing, and/or taxation, and/or any other available funds for the purpose of overtime in the Electric Light Department, or take any other action in the matter.

ARTICLE 4. To see what sum of money the Town will vote to raise and appropriate from receipts of the Norwood Electric Light Department for the purpose of purchase of power, or take any other action in the matter.

ARTICLE 5. To see what sum of money the Town will vote to raise and appropriate from the receipts of the Norwood Electric Light Department, and/or surplus revenue, and/or borrowing, and/or taxation and/or any other available funds for the purpose of maintenance for the Norwood Electric Light Department, or take any other action in the matter.

ARTICLE 6. To see what sum of money the Town will vote to raise and appropriate from the receipts of the Norwood Electric Light Department and/or surplus revenue, and/or borrowing, and/or taxation, and/or other available funds for the purpose of administration for the Norwood Electric Light Department, or take any other action in the matter.

ARTICLE 7. To see what sum of money the Town will vote to raise and appropriate from surplus revenue, and/or borrowing, and/or taxation, and/or other available funds for the purpose of constructing rest rooms at the so-called Elliot Field, or take any other action in the matter.

ARTICLE 8. To see if the Town will vote to accept Sections 16A to 16F, inclusive, of Chapter 83 (G.L.) in order that liens may be placed upon real estate for the providing of sewer systems or rendering services or furnishing materials in connection therewith, or take any other action in the matter.

ARTICLE 9. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of Custodial Overtime, or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 10. To see what sum of money the Town will vote to raise and appropriate from surplus revenue and/or taxation and/or borrowing and/or other available funds for the purpose of Snow Removal, or take any other action in the matter. (On petition of the Norwood School Committee)

ARTICLE 11. To see if the Town will vote to authorize and direct the Board of Selectmen to file legislation which would require the State Department of Public Works to approve a traffic signal on Neponset Street at Wedgewood Drive, or take any other action in the matter.

ARTICLE 12. To see what sum of money the Town will vote to raise and appropriate from surplus revenue, and/or borrowing, and/or taxation, and/or any other available funds for the purpose of unpaid bills, or take any other action in the matter.

ARTICLE 13. To see if the Town will vote to remove the restrictions of Article 18 of the Adjourned Special Town Meeting held on December 6, 1979 at which time the use of the receipts from the sale of the so-called Civic Center to the Norwood Hospital were restricted for limited purposes in order that the remaining funds may presently be expended for any proper municipal purpose or purposes, or take any other action in the matter.

ARTICLE 14. To see if the Town will vote to remove the restrictions of Articles 1, 2, and 3 of the Special Town Meeting held on November 7, 1983 at which time the use of the receipts from the sale of the so-called Aaron Guild School were restricted for use for the proposed renovations project at the Senior High School in order that the remaining funds may presently be expended for any proper municipal purpose or purposes, or take any other action in the matter.

And you are directed to serve this warrant by posting attested copies thereof in ten public places in this Town fourteen days at least before the time and day of said meeting. Hereof fail not and make due return of this warrant with your doings thereon to the Selectmen on or before the day time of said meeting.

Given under our hands at Norwood this 24th day of April, 1984.

JOSEPH F. CURRAN
THOMAS AQUINAS RIOLO
WILLIAM F. BUTTERS
JOHN F. KINNALY
Selectmen of Norwood

Norwood, Norfolk, ss. April 30, 1984

By virtue of the within warrant I have posted the same as directed. The posting was completed Friday, April 27, 1984.

NICHOLAS J. CONNOLLY
Constable, Town of Norwood

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
SPECIAL TOWN MEETING
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

In pursuance with the foregoing warrant, the inhabitants of the Town of Norwood, and Town Meeting Members qualified to vote in elections and Town affairs met in the auditorium of the Junior High School South on Washington Street in said town on Monday, May 14, 1984 at 7:30 o'clock in the afternoon.

The Moderator, Robert C. Capasso called the meeting to order. The warrant calling the meeting to order was read by the Town Clerk and Accountant, Robert M. Thornton. Tellers being appointed and sworn, the following action was taken on the articles of the foregoing warrant.

ARTICLE 1. On a motion offered by Walter J. Dempsey, duly seconded by Alfred H. Doherty, it was

VOTED: That the Board of Selectmen are directed to record a Declaration of Abandonment of this abandonment with the Norfolk Registry of Deeds.

On voice vote motion declared carried.

ARTICLE 2. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 3. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion was declared carried.

ARTICLE 4. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $1,175,000.00 be taken from the receipts of the Electric Light Department and appropriated for the purpose of purchase of power.

On voice vote motion declared carried.

ARTICLE 5. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $10,500.00 be taken from the receipts of the Light Department and appropriated for the purpose of Light Department Maintenance.

On voice vote motion declared carried.

ARTICLE 6. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $55,500.00 be taken from the receipts of the Light Department and appropriated for the purpose of Light Department Administration.

On voice vote motion declared carried.

ARTICLE 7. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

A substitute motion offered by Mr. Dempsey, seconded by Mr. A. Doherty that:

The Town transfer and appropriate the sum of $25,000.00 from the receipts of the sale of the so-called "Civic Center" to the Norwood Hospital for the purpose of constructing rest rooms at the so-called "Elliot Field". And be it further voted that said funds be expended by the Permanent Building Construction Committee.

On voice vote this substitute motion declared carried. Main motion, as amended was declared carried by voice vote.

ARTICLE 8. On a motion offered by Mr. Dempsey, duly seconded by Mr. Riolo, it was

VOTED: That the Town herewith accepts Sections 16A to 16F, inclusive of Chapter 83 (G.L.) in order that liens may be placed on real estate for the providing of sewer systems or rendering services or furnishing materials in connection therewith.

A motion to amend to "Indefinite Postponement", offered by Mr. Posnick, seconded by Mr. Hayes, was declared lost by voice vote.

Main motion declared carried by voice vote.

ARTICLE 9. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $4,960.00 be transferred from School Instructional Salaries account and appropriated for School Custodial Overtime.

VOTED: That the sum of $13,888.70 be transferred from FY '83 School Utilities account and appropriated for School Maintenance of Grounds.

On voice vote motion declared carried.

ARTICLE 11. On a motion offered by Mr. Dempsey, duly seconded by Mr. Doherty, it was

VOTED: That the Board of Selectmen are herewith authorized and directed to file legislation which would require the State Department of Public Works to approve a traffic signal on Neponset Street at Wedgewood Drive.

On standing vote motion declared carried. Voting Yes, 112; No, 7.

ARTICLE 12. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: That the sum of $1,000.00 be transferred from the FY '83 Purchase of Electrical Energy account and appropriated for the purpose of paying unpaid bills.

On standing vote motion declared carried. Voting Yes, 107; No, 4.

ARTICLE 13. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

ARTICLE 14. On a motion offered by Mr. Rickard, duly seconded by Mr. Nason, it was

VOTED: Indefinite Postponement.

On voice vote motion declared carried.

A True Record.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

COMMONWEALTH OF MASSACHUSETTS
ANNUAL TOWN MEETING WARRANT
(Seal)
TOWN OF NORWOOD

Norfolk, ss.

To either of the Constables in the Town of Norwood in said County, Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and worn the inhabitants of the Town of Norwood, qualified as the law requires to vote in town affairs, to meet in the Auditorium of the Junior High School South on Washington Street in said town on Monday, May 14, 1984 at 8:00 o'clock in the afternoon to notify and warn the Town Meeting Members to meet and act at said time and place on the following articles, namely:

ARTICLE 1. To see what sum or sums of money the Town will vote to raise by taxation and/or transfer from Surplus Revenue for the purpose of appropriating such sum or sums for wage increases for all Town employees, including the School Department, or take any other action in the matter.

ARTICLE 2. To hear and act on the reports of Town Officers and Committees.

ARTICLE 3. To see if the town will vote to authorize the Collector of Taxes to use the same means as a Town Treasurer may use when acting as Collector.

ARTICLE 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning July 1, 1984, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter 44, Section 17.

ARTICLE 5. To see what sums of money the Town will vote to raise, borrow, or transfer from available funds in the treasury and appropriate for the fiscal year beginning July 1, 1984 through June 30, 1985, for the following purposes, or take any other action in the matter. On voice vote motion declared carried.

ARTICLE 17. On a motion offered by Mr. Dempsey, duly seconded by Mr. Riolo, it was

VOTED: That the Board of Selectmen are herewith authorized to sell the so-called "Quarry Land" on Prospect Street at the intersection of Myrtle Street containing approximately 2 acres 9,253 square feet of land and shown as Lot 31 on Sheet 14 of Map 5 of the Norwood Assessors Plans, as more particularly described in deeds recorded with Norfolk Registry of Deeds in Book 1277, Page 28 and Book 1277, Page 214 for not less than $125,000.00.

On voice vote motion declared carried.

A True Record.

ATTEST: ROBERT M. THORNTON
Town Clerk and Accountant

VITAL STATISTICS

BIRTHS RECORDED IN THE TOWN OF NORWOOD—1984

TOTAL NUMBER OF DEATHS — 696

379 were non-residents of Norwood whose death occurred in Norwood
241 were residents of Norwood whose death occurred in Norwood
76 were residents of Norwood whose death occurred in other towns

REPORT OF THE

TOWN ACCOUNTANT

OF THE

TOWN OF NORWOOD

TOWN ACCOUNTANT'S REPORT

The following represents a summary of some of the significant financial transactions that transpired in Norwood during FY 1984 as recorded through the Town Accountant's office:

Excise tax revenues:

Excise tax revenues increased in FY 1984 by $173,000.

State Cherry Sheet Aid:

Net Cherry Sheet aid to Norwood increased in FY 1984 by $524,059.

Sale of Real Estate:

The town sold the Aaron Guild Building in 1984 for $1,500,000.

Interest earnings:

Total interest income in FY 1984 was approximately $1,317,003. The main components of interest earnings were as follows:

Interest on Surplus Revenue invested	$932,519
Interest on Edison investments	41,128
Interest on Civic fund investments	124,284
Interest on Stabilization fund investments	137,260
Interest on Federal Revenue Sharing fund	81,812

Audit Report:

The Town's financial records for fiscal 1984 were audited by the CPA firm of Peat, Marwick & Mitchell. A copy of their audit report and financial statements are included hereunder.

I would like to acknowledge and thank the staff of the office of the Town Clerk and Accountant for their dedication, courtesy and patience in efficiently responding to the many calls, letters and personal requests for public documents, licenses and financial information received during 1984. Special thanks is again extended to the other town departments for their help and cooperation in 1984.

Respectfully submitted,

ROBERT M. THORNTON
Town Clerk and Accountant

INDEX OF ACCOUNTANT'S SCHEDULES

Schedule #1: Statutory Balance Sheet

This schedule provides a detailed account of the town's financial position at June 30, 1984.

Schedule #2: Schedule of Detailed Cash Receipts

This is a listing of all the various detailed sources of cash received during FY 1984.

Schedule #3: Schedule of Appropriations and Expenditures

This is a detailed listing of all of the appropriation and special revenue accounts as well as the cash that was expended from these accounts during FY 1984.

Schedule #4: Schedule of Long-Term Debt

This schedule provides a description of the town's various debt commitments outstanding as of June 30, 1984 as well as a breakdown of the various debt payments made during FY 1984.

Schedule #5: Classified Summary of Long-Term Debt

This schedule illustrates the town's future debt principal payment commitments through the year 1984.

Schedule #6: Schedule of Interest on Debt

This schedule illustrates the town's future debt interest payments through 1984.

Schedule #7: Schedule of Reserve Fund transfers

This schedule lists, by account, the transfers made from the Reserve Fund account during FY 1984.

Schedule #8: Schedule of State Cherry Sheet Aid

This schedule shows the net aid received from the State on the "Cherry Sheet" for the past ten years by comparing the Cherry Sheet reimbursements of the Cherry Sheet charges.

Schedule #9: Auditors Report and Combined Financial Statements

This is a copy of the FY 1984 audit opinion, audited financial statements and supplemental schedules as certified by Peat, Marwick, Mitchell & Co., CPA's.

TOWN OF NORWOOD
Combined Financial Statements and Supplementary Data
(Schedule %9)
June 30, 1984

ıe Board of Selectmen
ɔwn of Norwood, Massachusetts:

ɜ have examined the combined financial statements of the Town of Norwood, ıssachusetts as of and for the year ended June 30, 1984 as listed in the ːcompanying table of contents. Our examination was made in accordance with ɜnerally accepted auditing standards and, accordingly, included such tests of ıe accounting records and such other auditing procedures as we considered ːcessary in the circumstances.

ɨ described in note 2(a) to the combined financial statements, the Town (1) ɔes not maintain a record of its general fixed assets and (2) the Water and ectric Light Department operations are accounted for as operating depart-ɨnts of the General Fund rather than as separate Enterprise Funds. These ·actices are not in conformity with generally accepted accounting principles.

our opinion, except that, the omission of the general fixed assets group of ·counts results in an incomplete presentation and except for the effects of ıt reporting the Water and Electric Light Department operations as enterprise ·tivities, as discussed in the preceding paragraph, the aforementioned com-lned financial statements present fairly the financial position of the Town of lrwood, Massachusetts at June 30, 1984 and the results of its operations for ıe year then ended in conformity with generally accepted accounting princi-ɟes which have been applied on a basis consistent with that of the preceding ɣar.

ɕr examination was made for the purpose of forming an opinion on the combined ınancial statements taken as a whole. The supplementary data listed in the tble of contents are presented for purposes of additional analysis and are not ərequired part of the combined financial statements of the Town of Ɣssachusetts. The supplementary data have been subjected to the auditing ɒocedures applied in the examination of the combined financial statements ąi, in our opinion, are fairly stated in all material respects in relation to tɜ combined financial statements taken as a whole.

Peat, Marwick, Mitchell & Co

TOWN OF NORWOOD

Notes to Combined Financial Statements

June 30, 1984

(1) Definition of Reporting Entity

The combined financial statements present information on organizations and activities of the Town of Norwood, Massachusetts for which the Board of Selectmen have oversight responsibility. The operations of the Norwood Hospital and the Boston Metropolitan Airport, Inc. (Norwood Airport) are not part of the defined reporting entity and therefore are not included in the combined financial statements of the Town. Both agencies are excluded because neither falls within the oversight responsibility of the Board of Selectmen and no financial interpendency exists with the Town.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial condition and results of operations of the Town's retirement system are presented for the year ended December 31, 1983. All other funds are reported for the fiscal year ended June 30, 1984. The accounting policies of the Town conform with generally accepted accounting principles, except as follows:

(i) The Town does not maintain a general fixed asset group of accounts.

(ii) The Town has not established separate enterprise funds to account for the Water and Electric Light Departments. Such operations are accounted for as operating departments of the General Fund.

(b) Fund Accounting

The accounts of the Town are organized on the basis of funds and a long-term debt account group, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. The funds are summarized by type in the combined financial statements. The following fund types and account groups are used by the Town:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the Town are financed. The acquisition, use, and balances of the Town's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the Town's governmental fund types:

General Fund - The General Fund is the general operating fund of the Town. It is used for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts and major capital projects) that are restricted to expenditures for specified purposes.

TOWN OF NORWOOD

Notes to Combined Financial Statements

Capital Project Funds - Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by trust funds).

FIDUCIARY FUND TYPE

Trust and agency funds are used to account for assets held by the Town in a trustee capacity.

ACCOUNT GROUP

The long-term debt group of accounts is used to establish control and accountability for the Town's general long-term debt.

(c) Basis of Accounting

The modified accrual basis of accounting is followed by governmental and expendable trust funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when liabilities are incurred. The Town accrues as revenues the amount of property and excise taxes and departmental receivables collected within 60 days of the end of its fiscal year.

Property taxes are levied for a fiscal year based upon assessed values as of the previous January and are due and payable in two installments on November 1 and May 1.

(d) Deferred Revenue

Deferred revenues are recognized for receivables which are measurable but not available to finance current operations.

(e) Encumbrances

Appropriations are encumbered for obligations outstanding. An amount reserved for encumbrances is included in fund balance.

(f) General Fixed Assets

General fixed assets are recorded as expenditures in the governmental funds.

(g) Vacation and Sick Leave Benefits

Employee vacation leave is vested annually but may not be carried forward to succeeding years. Sick leave may accumulate to a maximum of 180 days, of which a maximum of 20 days may be paid upon termination. The Town's policy is to recognize vacation costs at the time payments are made.

(Continued)

TOWN OF NORWOOD

Notes to Combined Financial Statements

(3) Long-Term Debt

Notes payable outstanding at June 30, 1984 bear interest at rates ranging between 4.40% and 6.50% with a weighted average rate of 4.90%. Outstanding debt matures during subsequent fiscal years as follows:

1985	$ 620,000
1986	620,000
1987	620,000
1988	585,000
1989	430,000
1990 through 1993	1,145,000
	$ 4,020,000

The Town is located in Norfolk County and is a member of the Massachusetts Bay Transportation Authority (MBTA), Metropolitan District Commission (MDC) and the Blue Hills Regional Vocational School District (School District). Aggregate net costs of service, including debt service requirements, are assessed to the Town and other members of these entities in accordance with various formulae. The following summary sets forth the amount of long-term debt of each entity at June 30, 1984, the Town's estimated share and the total assessment (including debt service requirements) paid by the Town for 1984:

	Long-term debt outstanding	Norwood estimated share	1984 Assessment
Norfolk County	$ 5,655,000	4.90%	$ 296,045
MBTA	515,315,000	.57%	554,786
MDC:			
Sewer	82,064,000	.015%	393,339
Water	111,931,000	.015%	301,368
School District	$ 5,635,000	21.80%	$ 481,938

Under the General Statutes of Massachusetts the legal debt margin of the Town at June 30, 1984 is calculated as follows:

Equalized valuation - July 1, 1983		$ 899,245,000
Debt limit - 5 percent of equalized valuation		44,962,000
Amount of debt applicable to debt limits:		
Total bonded debt	$ 4,020,000	
Less:		
Bonded debt not included in computation of legal debt margin as defined in Massachusetts statutes	4,020,000	-
Legal debt margin		$ 44,962,000

(Continued)

TOWN OF NORWOOD

Notes to Combined Financial Statements

(4) Budget Basis of Accounting

The Town's budget was developed as follows:

Town meeting authorization:	
May 23, 1983	$ 43,172,397
November 21, 1983	667,150
March 26, 1984	2,779
May 14, 1984	1,577,070
State and County assessments	1,805,379
Net budget, year ended June 30, 1984	$ 47,224,775

Summarized as follows:

Budgeted expenditures	$ 47,124,775
Budgeted operating transfers to other funds	100,000
	$ 47,224,775

Financed as follows:

Budgeted revenue	$ 42,823,586
Budgeted operating transfers from other funds	89,918
Transfer from unreserved fund balance to finance current year operations	2,279,297
Transfer from reserved fund balance to finance current year operations	443,449
Proceeds from Boston Edison litigation	1,588,525
	$ 47,224,775

The Town's General Fund budget is prepared on a basis other than generally accepted accounting principles (GAAP). The actual results of operations in the Statement of Revenues and Expenditures - Budget and Actual -General Fund, are presented on a "budget basis" to provide a meaningful comparison with the budget. The major differences between the budget and GAAP basis are that:

(a) Revenues are recorded when cash is received except for real estate and personal property taxes which are recorded as revenue when levied (budget) as opposed to when susceptible to accrual (GAAP); and

(b) Encumbrances are recorded as the equivalent of expenditures (budget) as opposed to a reservation of fund balance (GAAP).

(Continued)

TOWN OF NORWOOD

Notes to Combined Financial Statements

A summary of the differences between the General Fund results of operations presented on a budgeted basis and those presented in accordance with GAAP is as follows:

	Revenues	Expenditures
As reported on a budgetary basis	$ 44,615,799	46,357,740
To record real estate and personal property taxes on a modified accrual basis	435,679	
To record motor vehicle excess tax on a modified accrual basis	(83,439)	
To record departmental revenue and charges for services (water and electric) on a modified accrual basis	(118,041)	
To record 1983 encumbrances paid in 1984		2,260,365
To eliminate 1984 encumbrances		(1,056,756)
As reported on GAAP basis	$ 44,849,998	47,561,349

Employees' Retirement System

The Town of Norwood Contributory Retirement System (the System) covers all the Town's employees except the public school teachers, who are eligible for the Commonwealth of Massachusetts Teachers Retirement System. The System is currently subject to benefit provisions and financing requirements set forth in the Massachusetts General Laws (primarily Chapter 32 of the M.G.L.). As such, the System is required to contribute to its trust fund each fiscal year an amount approximately equal to the pension benefits (less certain interest credits) expected to be paid during the year ("pay-as-you-go" method). This amount is determined in advance by the Department of Insurance and is based in part on the previous year's benefit payout. The State currently reimburses the System on a quarterly basis for the portion of benefit payments owing to cost-of-living increases granted after the implementation of Proposition 2½. The balance of the total benefits payable is provided by annuities payable from an annuity reserve fund, into which amounts are transferred from an annuity savings fund as employees retire.

In addition to the amount determined by the Department of Insurance, the Town has established its own program of setting aside funds to meet future pension obligations. The Town's contribution to the System for the year ended June 30, 1984 was $2,206,799 which approximates the actuarially determined amount, of which $600,000 represented advance funding of future obligations.

(Continued)

The advance funding provided by the Town is as follows:

Fiscal year ending June 30,	Appropriations
1981	$ 150,000
1982	350,000
1983	800,000 (maximum)
1984	600,000

Actuarial and net asset information of the System as of January 1, 1983, the latest actuarial valuation, follows:

Actuarial present value of accumulated plan benefits:	
Vested	$ 21,818,255
Nonvested	4,367,444
	$ 26,185,699
Net assets available for benefits	$ 9,094,822

The weighted average assumed rate of return used in determining the actuarial present value of accumulated plan benefits was 6.50 percent, compounded annually.

The Town also pays certain pensions ($228,432 for the year ended June 30, 1984) under a noncontributory plan to certain retired employees.

Investments of the Pension Funds as presented in the accompanying financial statements are valued at amortized cost. At December 31, 1983, the market value of the aforementioned investments was $336,262 less than cost.

(6) Contingencies

There are several pending lawsuits against the Town. The Town is of the opinion that the potential claims not covered by insurance resulting from such litigation would not materially affect the financial position of the Town. No provision has been made in the financial statements for the effect, if any, of such matters.

(7) Self Insurance - General Fund

The Town follows the policy of self-insuring its workmen's compensation risks for Town employees, other than police and fire personnel. During the current year, approximately $70,442 of claims expense was incurred.

DEPARTMENTAL REPORTS

In Retirement

MILDRED E. SMITH
Assistant Clerk, Board of Selectmen

For over fourteen years as a invaluable assistant in the Selectmen's office, Mrs. Smith's performance epitomized the highest standards of efficiency and expertise.

With sincere appreciation for her understanding and dedication, the Selectmen on behalf of the entire community wish Mildred many happy years of good health and good fortune on her retirement.

In Memoriam

MARY G. WILFORD

Born: November 1, 1901 Died: July 15, 1984

Mrs. Wilford served the Town of Norwood with distinction, efficiency and integrity for over thirty years, the last ten years as a dedicated Clerk of the Board of Selectmen.

The Town of Norwood expresses its gratitude for Mrs. Wilford's invaluable contributions to this community and extends its sympathy to her family.

REPORT OF THE SELECTMEN FOR THE YEAR 1984

Walter J. Dempsey 76 Prospect Street	1985
William F. Butters 354 Nichols Street	1986
John F. Kinnaly 27 Sherwood Drive	1986
Joseph F. Curran 77 Hickory Road	1987
Thomas A. Riolo 45 Driftwood Circle	1987

Organization

Walter J. Dempsey, Chairman
Ruth E. McCann, Clerk

(The Selectmen's staff consists of two regular employees)

The meetings of the board of Selectmen were held in the Norwood Memorial Municipal Building on Tuesday evenings, as well as on other dates and at other locations, as posted. The 1984 Annual Municipal Election was held on Monday, the 2nd of April.

The Board of Selectmen conducted all public hearings as required by statute, as well as innumerable public meetings and conferences on particular subjects of interest and vital concern to the community, during forty-five regular meetings and several special or emergency meetings in the calendar year 1984.

Monthly meeting were held with certain key department heads to receive status reports of activities in respective departments, to discuss specific problems and to act on recommendations wherever indicated.

Student Government Day was observed on April 10, 1984. The student Board of Selectmen consisted of Peter Kelly, Chairman, John Ryan, Debbie O'Donnell, Bill Glaropoulas and George Morrice; the General Manager was Jennifer Hilton.

The Printed Matter Vending Machines By-Law was full force and effect as of February 17, 1984

In a joint meeting of the Board of Health with the board of Selectmen, Jean Taylor was appointed as successor to Henry T. McAuliffe on the Board of Health and served until April, 1984 Municipal Election.

The Town's first priority being to correct sewage problems, especially in the Meadowbrook area, quarterly meetings were held with MDC officials, consultants and residents, and a number of conferences took place with State officials. Although final resolution of the problems is predicated as several years away, vis-a-vis the proposed New Neponset Valley Relief Sewer Facilities, the Town's infiltration/inflow bank program and other vigorous efforts to effect improvement will continue.

A number of meetings were held in 1984, trying to arrive at some viable solution to the continuing problem of escalating traffic on Neponset Street. Traffic light installation at Neponset Street and Wedgewood Drive was approved by the Town of Norwood, funding by State approved by the Legislature.

Groundwork was started to attempt again to take steps which would connect I-95 to Route I to substantially reduce traffic on Neponset Street which, it is estimated, in ten years will carry 35,000 cars each day.

Received from the Commonwealth were appropriations of $450,000 for preparation of plans and rehabilitation of the Ellis Pond Dam project; $400,000, through the Division of Waterways, in connection with construction of the Meadowbrook Drain; and a check for $106,750 as reimbursement for the cost of acquiring Railroad Avenue parking lot.

Plans for the Nahatan Street reconstruction project, which will result in improved visibility and safety from Washington Street to the Pleasant Street intersection, have been approved, to be funded by the State Department of Public Works and the Federal Highway Administration, and the Town to pay for the design consultant expenses.

Dedication of the reconstructed Uptown Norwood Shopping area took place on Friday, May 18th, attended by residents and local and state officals, including Governor Dukakas and DPW Commissioner Robert Tierney.

Uptown merchants, with the assistance of the Norwood Area Chamber of Commerce, raised in excess of $10,000 in connection with an application for a grant under the Massachusetts Small Cities/Main Streets Program for Norwood's main business area. The grant in the amount of $20,000 was subsequently approved, and Margaret Griffin was named as the Norwood Main Street Project Manager.

In January, a conference was held with members of the local Clergy, who presented a statement signed by members of Norwood Clergy Association, affirming the right of the Town to continue the practice of displaying Nativity Scenes on municipal property.

The past Christmas Season was highlighted by a tree-lighting ceremony on the Town Common, a Holiday Parade and Santa's workshop, under auspices of Uptown Merchants, the Norwood Council and Chamber of Commerce, ably assisted by many Norwood's Senior Citizens and other enthusiastic volunteers.

A public meeting to discuss proposals to apply for funds to the City and Town Commons Grant Program was held—to renovate and upgrade Veterans of Foreign Wars Park (Town Square or Common) and a committee for this purpose was formed.

After meetings were held with local merchants and consultants, a planning advance agreement with the Excutive Office of Communities and Development and the Town of Norwood was signed, for a study of the current parking conditions and characteristics in the central business district—grant of $21,000.

Amendment to the boundaries of the Midtown Commercial Area Revitalization (CARD) was approved, to include the Aaron Guild and the Russell properties on Washington Street.

The Board voted to apply to the State Department of Public Works for a Public Works Economic Development Grant to reconstruct Broadway and Central Streets in the downtown area.

Continued to move forward on the University Avenue project. The entire length of American Drive and a Section of Everett Street to be renamed as University Avenue, effective July 1, 1985.

At the former Norwood Armory on Nahatan Street, the new quarters of the Registry of Motor Vehicles were dedicated on September 6th and the World War II Memorial Civic Center for Recreation and Senior Citizens' activities was dedicated on September 24th.

Dedication of the corner of Bond, Winter and Washington Streets took place Saturday, September 29th, attended by many town officials, residents, friends and family of the late Charles L. Rich, who served as an honored and dedicated Selectman from 1949 until his death in 1976.

A project was begun to display in Memorial Hall of the Municipal Building Veterans' plaques to honor Norwood people who served in World Wars I and II, Korea and Vietnam. Contributions to implement the plan are being gratefully received from the public.

The Fair Housing Proclamation was issued, resolving that the Town of Norwood has Reaffirmed its commitment to ensure equal opportunities in housing for all persons who are residing, or who wish to reside, within its boundaries. The Town of Norwood shall take all action necessary and appropriate to prevent discrimination in housing because of race, color, creed, sex, age or natural origin.

The Fair Housing Plan, completed after more than a year of diligent work by the Fair Housing Committee, chaired by Mrs. Dora Saia, was accepted by the Board of Selectmen and forwarded to the Massachusetts Commision Against Discrimination. The Fair Housing Plan is a Significant link to the Town's overall Affirmative Action

The Town of Norwood Affirmative Action Plan 1984-1988 has been approved by the Town.

General Manager John J. Carroll was named as the Town's designee to act as the "responsible employee" to coordinate implementation of the Handicapped discrimination required as mandated by Revenue Sharing regulations.

Sincere appreciation was expressed to the members of the Handicapped Commission for their report prepared according to the Rehabilitation Act of 1973, Section 504. The Selectmen held a conference with Commission to review the report in detail and to take action on its many recommendations.

A service agreement between the Town of Norwood and MBTA was signed, to add a Handifare Program to its Transfare Program.

The Selectmen approved the Crime Prevention Program, including a plan for Residential Security Surveys, as proposed and to be conducted by the Norwood Police Department.

The Selectmen, as the local licensing authorities, worked with The Alcoholic Beverages Control Commission in banning "Happy Hours" at all establishments in Norwood licensed to sell Alcoholic beverages.

Emphasis was placed on continuing efforts to arrive at viable solutions to increasingly criticla problems of rubbish disposal, both short and long term.

The following Proclamations were signed:

The week of January 15-21 as Jaycees Week.

June 3-9 as Water Conservation Week.

September 7th as Peace Day, subscribed to by the International Association for World Peace.

The week of September 10-15 as "DOVE Week" (Domestic Violence ended).

Week of September 16-22 as Conservation Week.

Massachusetts Emergency Medical Services September 16 thru 22nd.

October 24th as United Nations Day in Norwood.

National Bible Week, November 18-25.

Claims and Litigation

Claims against the town brought to the attention of the Selectmen by court action or otherwise, when it appeared to be desirable or necessary, referred to Counsel for opinion and appropriate action.

Conclusion

The foregoing report is intended merely to indicate in part the many and varied activities of your Selectmen during the year 1984.

Respectfully submitted,

WALTER J. DEMPSEY, Chairman
JOHN F. KINNALY
JOSEPH F. CURRAN
WILLIAM F. BUTTERS
THOMAS A. RIOLO

REPORT OF THE SELF HELP INCORPORATED

Self Help, Inc., is Greater Brockton's and Attleboro's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1984, Self Help, Inc., received a total funding of $12,006,267 and provided 578,338 direct services to the area's limited-income individuals and families.

Norwood residents received 2,849 direct services totaling $295,625 during our program year.

The total funding of $12 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enable us to mobilize an additional $954,823 of other community resources such as PIC, Commonwealth Services Corps and local Cities and Towns contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was $12.9 million.

Self Help Currently employs 253 Individuals, many of whom are limited income and minorities.

We Feel that the program year 10/1/83 to 9/30/84 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the Board of Selectmen and town volunteers for helping to make our program a success.

Respectfully submitted,

ULYSSES G. SHELTON, JR.
Executive Director

LIST OF PERSONS QUALIFIED FOR JURY SERVICE

REPORT OF NORWOOD AIRPORT COMMISSION

The Honorable Board of Selectmen
Town of Norwood
Norwood, MA

Gentlemen:

The Norwood Airport Commission hereby submits its report for the year 1984.

Walter J. Grady, was elected chairman and Walter R. Ryan was re-elected secretary of the Commission.

A brief review of matters discussed during the year is as follows:

Airport layout plan approved FAA and MAC.

Voted to award the contract for the reconstruction of Taxi-way 17/35 and new plane parking area to Reynolds Bros. Inc. of Canton, MA in the amount of $1,874,530.

Eastern Air Charter Inc. (passenger and cargo service) and Strato-Graphics (aerial and ground photograph) granted permits to operate at the Norwood Airport.

Commision voted to file a Federal Applicant Grant for the reconstruction of Runway 10/28.

Commision met with FAA and MAC officals to discuss noise problems and police power to enforce aeronautical rules and regulations.

Drafted a proposed raise abatement procedure for VFR Departure Runway 35.

Respectfully submitted,

WALTER J. GRADY, Chairman
PAULINE M. GRASSO
OULTON A. HUES
EDWARD F. McKENNA
EDWIN I. OFGANT
EDWIN A. PAGE
WALTER R. RYAN, Secretary

REPORT OF THE ANIMAL CONTROL OFFICER

Mr. John J. Carroll
General Manager Town of Norwood
Norwood, Massachusetts

Dear Mr. Carroll:

It is with great pleasure that I submit the following annual report for the year of 1984.

Number of Employees	1
Phone calls received, for Animal related business, dog complaints, dog bites, animals injured by cars, dogs lost-found, etc.	3786
Dogs picked up	208
Dogs returned to owners	43
Stray dogs placed in new homes and disposed of	165
Dog Licenses	1243
Dog Bites	62
Court Citations turned into Dedham Court	35
Dedham Court Appearances	7
Dead Animal carcasses picked up and disposed of	27
Miles patrolled	10,287

All premises where livestock and poultry is kept have been visited and inspected and comply with regulations set forth by Division of Animal Health. All reported dog bites investigated and quarantine regulations carried out. No positive cases of rabies were found.

Again I want to thank all Town Officials, department heads, other Town employees and the citizens of the Town of Norwood for their continual assistance and cooperation in helping me carry out my duties as Animal Control Officer.

Respectfully submitted,

FRANK RODAK
Norwood Animal Control Officer

REPORT OF THE ZONING BOARD OF APPEAL

Honorable Board of Selectmen
Municipal Office Building
Norwood, MA 02062

Gentlemen:

The Zoning Board of Appeal employs one secretary.

The Zoning Board of Appeal herewith submits its report for the year 1984. The following is a summary of the applications received and heard by the Board during the year:

1. Requests for Special Permits—14

   Approved—7
   Denied—3
   Requests Withdrawn—4

2. Requests for Variances—29

   Approved—19
   Denied—4
   Requests Withdrawn—6

3. Amendments to original decisions—1

4. Show cause hearings—2

5. Remanded by the court—1

6. Null and void hearing—1

The Board of Appeal conducted forty-eight (48) public hearings in 1984. Two of these hearings were continued to second sessions. In addition, the Board also held six meetings.

Under the fee schedule, which became effective July 1, 1974, revised September 29, 1982, the sum of $2,110 was collected for filing fees, and turned into the Town Treasurer for the year 1984.

We wish to thank the Associate Members of the Board, Messrs. Francis J. Hopcroft, Willard Krawnow and Daniel Desatnick; the Building Inspector, Mr. John E. Grover and his staff; and our Secretary, Mrs. Joan M. Geraghty, for their dedication. Our thanks also to the various elected and appointed Town Officials for their assistance and cooperation during the past year.

Respectfully submitted,

ZONING BOARD OF APPEAL
Emilie Moses, Chairperson

REPORT OF THE BOARD OF ASSESSORS

To the Citizens of Norwood:

The Board of Assessors herewith submit their Annual Report for the year 1984, together with a statement showing a comparison of tax rate recapitulations for the fiscal years 1984 and 1985.

A table showing the comparison of valuations, tax rates and taxes assessed over the past years is attached as a supplemental report.

Organization

John J. Donovan was reappointed as assessor by the Board of Selectmen to serve for the term of three years commencing April 1, 1984.

Olga Turcotte retired from her position of Head Clerk to the Board after eighteen years of service. The Board unanimously appointed Paul F. Wanecek, formerly of the Tax Collector's Office, to fill that position.

In 1984 the personnel of the Board consisted of six employees:

1 Full-time Assessor
2 Part-time Assessors
1 Head Clerk
1 Senior Clerk
1 Clerk and Typist

Motor Vehicle and Trailer Excise

28,467 motor vehicles and trailers were assessed for the year 1984, and excise tax in the amount of $1,249,983.00 was committed to the Collector of Taxes as of December 31, 1984.

Appellate Tax Board Appeals

As of December 31, 1984 there were pending before the Appellate Tax Board the following appeals from valuations determined by the Board of Assessors:

Year	No. of Appeals
Fiscal 1982	4
Fiscal 1983	1
Fiscal 1984	5

Respectfully,

JAMES J. DRUMMEY, Chairman
JOHN J. DONOVAN
JOSEPH T. TURNER
Board of Assessors

BOARD OF ASSESSORS: Left to Right: Joseph T. Turner; James J. Drummey, Chairman; John J. Donovan; Paul F. Wanecek, Clerk

In Retirement

OLGA TURCOTTE

Olga Turcotte served the Board of Assessors from 1966 until her retirement in 1984. For eight of the eighteen years of her employment she served as Head Clerk to the Board.

The Town of Norwood through its Board of Assessors wishes to express its appreciation for her faithful service and wishes her health and fulfillment in her retirement.

In Memoriam

EDWARD A. FLAHERTY

TERM
1927 - 1953

JAMES T. FLAHERTY

TERM
1959 - 1970

They will long be remembered by all who knew them for their dedication, dignity and integrity in the performance of their duties.

Other Estimated Receipts and Available Funds	4,350,862.01	—	—	—
Total Estimated Receipts and Available Funds	$32,274,852.01			

NOTE: This report will be incomplete for fiscal 1985 due to the lateness in setting the tax rate, because of the revaluation of Real and Personal Property. The following are not known at this time:

1. Appropriations from Available Funds
2. Overlay
3. Other Estimated Receipts and Available Funds

Completed figures will appear in the next report (1986).

REPORT OF THE BUILDING DEPARTMENT

To: John Carroll
From: John E. Grover

1984 Annual Report of the Building Department

For the calendar year 1984 the Building Department brought in a total of $155,603.16 in revenue for the Town of Norwood. That revenue is broken down as follows:

Building Permits	$106,547.88
Cert. of Inspection	4,478.00
Water Meters	2,400.00
Wiring Permits	22,776.28
P & G Permits	19,401.00

A total of 563 building permits were issued in the following categories:

Single family dwellings	46	$3,433,000.00
Two family dwellings	2	140,000.00
Increase in housing units	7	25,900.00
Apartments:		
139 units	1	5,000,000.00
17 units	1	575,424.00
Residential Additions & Alterations	279	1,870,217.00
Residential garages	7	88,500.00
Demolish:		
buildings	6	————
single family dwelling	1	————
Public building alteration	1	8,344.00
Non-residential buildings	30	32,979.00
Structures other than buildings	81	289,350.00
Office, Bank, Professional buildings	12	10,760,600.00
Repair garages	2	128,000.00
Warehouse/industrial buildings	9	3,447,600.00
Commercial additions & alterations	78	4,715,833.00
	563	$30,515,747.00

Each year our Department sets a priority on maintaining open communication with the various Departments with which we work and with you, the public. This year is no exception. We acknowledge the support given by our Town agencies, particularly, the men of the Police and Fire Departments, the Board of Health and General Government

staff. We also want to thank the people of Norwood for making every effort to inform themselves of their responsibilities and abide by the requirements of our local and state laws. As a regulatory agency enforcing standards, it is our responsibility to ensure that construction meets both local zoning and State Building, Plumbing, Gas and Electrical Code requirements. We encourage your questions and sincerely hope that you will continue to work with this office to maintain the highest level of inspections for safety of yourself and your property. It is our goal, and we hope yours, to maintain a high standard of living within our community.

Yours truly,

JOHN E. GROVER
Inspector of Buildings

REPORT OF PLUMBING AND GAS INSPECTOR

To: John Carroll
From: James J. Capaldo

1984 Report of the Plumbing & Gas Inspector

A total of 857 plumbing and gas applications were received bringing in $19,401 in revenue to the Town of Norwood.

Yours truly,

JAMES J. CAPALDO
P & G Inspector

REPORT OF THE WIRING INSPECTOR

To: John Carroll
From: William Vincent Shea

1984 Wiring Inspectors Annual Report

A total of 702 wiring permits issued in 1984 bringing in $22,776.28 in revenue to the Town of Norwood.

I would like to take this opportunity to remind you that a wiring permit is necessary when you do any electrical work. Always keep in mind—a permit is your least expensive form of insurance to ensure quality workmanship that meets State Code requirements. The safety of you, your family and property are our utmost concern.

Yours truly,

WILLIAM VINCENT SHEA
Wiring Inspector

REPORT OF THE TOWN COUNSEL

Walter Dempsey, Chairman
Norwood Board of Selectmen
Municipal Building
Norwood, Massachusetts 02062

Dear Chairman Dempsey,

This is my report as Town Counsel for the 1984 Annual Town Report in accordance with the request to be brief. It is extremely difficult to be accurate and brief because of the nature of the numerous issues presented to Town Counsel

Town Counsel has met the numerous and varied requests of all town officials in the highest professional manner possible. There have been times when some town officials appear to have been disappointed because they have not heard the answers which they desire to hear.

Town Counsel can only advise town officals of his honest opinion as to the state of the law as he sincerely believes it to be. This is the only manner in which Town Counsel can seek to keep town officials within the law and hopfully out of court.

I wish to thank the Board of Selectmen for providing me with the opportunity to serve my community and to meet my responsibilities to my family obligations. I renew my original pledge of twelve years ago to faithfully meet my responsiblities to all town officials to the best of my abilities.

Very truly yours,
JUSTIN C. BARTON

REPORT OF THE CONSERVATION COMMISSION

John J. Carroll
General Manager
Municipal Building

Dear Mr. Carroll,

The Conservation Commission met regularly on the first and third Tuesdays of the month at the Town Hall. Fourteen hearings under the Massachusetts Wetlands Protection Act and the Town By-Law XXV were held on the following projects: Scandinavian Design, Whitten, Tomasello (4), Alpha, Grandview II-phase II, Countryside Village, Dash Realty, Rama, Piso, Boardwalk, and Frank Simoni. Consultations over several on-going projects were held and site inspections were conducted.

Mrs. Cottrell and Mr. Baker were re-elected Chairman and Vice Chairman repectively. Dr. Hawley was re-elected Financial Secretary.

Members have also been active in the Neponset Conservation Association and have attended other meetings and workshops. Dr. Hawley participated in the Water Resources Study Committee and Mrs. Cottrell was a member of the Citizens Advisory Committee for the Neponset Interceptor Sewer Study.

It was gratifying to have the recommendations of the Acquifer Study committee passed by the Town Meeting as this gives the Commission a new zoning tool to work with. Another useful item is the complete botanical survey made by Paul Brown at the request of the Commission of all Conservation land. This report has potential usefulness also for school classes as well as other nature oriented groups.

Plans for the repair of the Ellis Dam are progressing.

The community seems to be increasingly aware of the necessity for environmental concern and we hope we will be able to answer any problem referred to us.

REPORT OF COUNCIL ON AGING

The Norwood Council on Aging is comprised of eight members who are appointed by the Town Selectmen. Meetings are held on the second Thurday of each month at the Drop-In Center which is located at the Civic Center. All meetings are open to the public.

Present members are:

Margaret M. Amirault, Chairman
Mary E. Wynne, Vice Chairman
F. Peter Corsini, Treasurer
Nora M. Mitchell, Sectretary (Vol.)
Robert H. Ivatts,
(Recreation Dept.-ex-officio)
William Balfour
William Buckman
K. Frances Dolaher
Margaret Fitzgerald
Edward Freedman

Employees:

Harriette Halley, Director of Drop-In Center—part-time
Harry Olsen, Mini-bus Driver—part-time
Diane Brady, Outreach Worker—part-time (DEA Grant)

The Council continues its efforts to identify the needs of the elderly population and to educate the community at large in the wants and necessities of its senior citizens.

This is largely accomplished by publishing a monthly newsletter which is distributed to convenient locations throughout the town and by weekly articles published in the local newspapers.

We are now located in our new quarters at the Civic Center. The seniors are greatly pleased and thankful for their new home and the number attending the center each day has grown considerably.

Programs such as Arts and Crafts, table games, whist, cribbage, scrabble and beano are on-going, as well as monthly birthday parties and monthly shopping trips to Walpole Mall. Various bus trips are arranged during the year which are entertaining, educational or cultural. These trips are most popular and very well attended.

A group of 30 or more loyal and dependable volunteers help out at the Center every day and are largely responsible for the success of its operation. They are dedicated and give willingly of their time and talent. We are most grateful to them.

Through Self-Help Program, free butter and cheese were distributed at the Center on five different occasions to senior citizens and others who qualified.

In conjuntion with uptown merchants, Santa's Workshop was opened two weeks before Christmas in one of the empty stores on Washington Street. This was manned by 46 cheerful and willing volunteers who gave their time to those who came in with children or grandchildren to have their pictures taken with Santa. Others came in for the opportunity to have Christmas gifts wrapped.

The mini-bus has an established route which is strictly followed and provides an average of 120 rides per day. This includes medical appointments which have priority and for hot lunches served at the Henry O. Peabody School.

The Outreach Program has been of great value to the seniors. The Outreach Worker's advice and personal service to the frail elderly and shut-ins has proven to be very effective.

At the suggestion of the Council, a men's club was formed. The first meeting was held in October with Chairman, Frank Karshis presiding and with 52 charter members present.

The Council anticipates further growth in attendance and continued variety in the programs that are offered to Norwood's seniors.

MARGARET M. AMIRAULT
Chairman, COA

HARRIETTE HALLEY
Director, Drop-In Center

REPORT OF THE TOWN ENGINEER

Mr. John J. Carroll
General Manager
Town of Norwood
Norwood, MA

Dear Sir:

The Town Engineer submits his annual report for the calendar year 1984.

The report sets forth the wide range of activities of the Town Engineers as they participate in the planning, developmental, construction, and operational phases of the many projects in the Town of Norwood involving public and private agencies.

Present Engineering Department personnel are: Town Engineers, Assistant Town Engineers, Grade III Engineer, and one Northeastern Univeristy Co-Op student.

The usual utility construction job, both public and private, continued during 1984, a listing of the more important work follows:

WATER CONSTRUCTION

Location	Lin. Ft.	Size
Anne Road	1180'	10'' CLDI
Royal Court	455'	10'' CLDI
LaSalle Road	455'	8'' CLDI
Bay Colony Drive	278'	8'' CLDI
Plantation Circle	1368'	8'' CLDI
Pilgrim Drive	150'	8'' CLDI

DRAIN CONSTRUCTION

Location	Lin. Ft.	Size
Anne Road	240'	24'' RC
	200'	18'' RC
	400'	15'' RC
	270'	12'' RC
Royal Court	297'	12'' RC
Winter Street (culvert at Westwood Town line)	70'	29'' x 42'' corrugated
Bay Colony Drive	410'	36'' RC
Plantation Circle	755'	30'' RC
	180'	42'' RC
	90'	30'' RC
Pilgrim Drive	145'	24'' RC

SEWER CONSTRUCTION

Location	Lin. Ft.	Size
Anne Road	1075'	8'' PVC

Location	Lin. Ft.	Size
Royal Court	392'	8'' PVC
Bay Colony Drive	300'	8'' PVC
Plantation Circle	1318	8'' PVC

The Engineering Department provided the usual scope of miscellaneous engineering assistance during the work year, namely:

New building and additions were measured and data plotted on the Assessor's cards.

Town, zoning and utility maps were updated.

83 guarantee deposit estimates of cost for new connections to Town utilities.

Traffic counts were taken in various locations.

Continued on street acceptance program.

Assisted Metcalf & Eddy Inc. in the preparation for a contract to construct a taxi-way parallel to runway 17/35 and construct a parking apron.

A partial tabulation of projects that are now in various levels of development follows:

Median barrier and reconstruction of Route One from Dean Street to the Walpole Town Line.

Extensions of University Avenue and reconstruction of Everett Street.

New traffic lights at the intersection of Dean Street and Pleasant Street.

The infiltration/inflow study of the Town Sanitary sewer system

Nahatan Street corridor project.

Design and improvement of the Meadowbrook drainage system.

Preparation of an uptown parking master plan.

These projects in addition to the regular work requests should keep the Department well occupied during 1985.

Very truly yours,

WALTER R. RYAN
Town Engineer

REPORT OF THE FINANCE COMMISSION

To the Citizens of Norwood:

The Finance Commission was organized in the year 1984 as follows:

Allan D. Howard, Chairman
Joseph R. Adakonis
E. Peter Bamber
William J. Collins
Norman E. Rickard

On July 1, 1984 the debt outstanding of the Town of Norwood was $4,020,000, with maturities during fiscal 1985 of $620,000.

The Finance Commission examined the requests for appropriations for the Annual Town Meeting for FY 1985 which were submitted by all town departments, met with the departments heads and committees that are charged with the disbursement of appropriations to discuss their budget requests, and then made detailed budget recommendations to the Town Meeting.

The sum of $200,000 was appropriated for the FY 1984 Reserve Fund. The following transfers were approved by the Finance Commission from the Reserve Fund during FY 1984:

TOWN OF NORWOOD
SCHEDULE OF RESERVE FUND TRANSFERS
(Schedule 7)

	TOTAL	$153,396.97

Respectfully submitted,

ALLAN D. HOWARD, Chairman
JOSEPH R. ADAKONIS
E. PETER BAMBER
WILLIAM J. COLLINS
NORMAN E. RICKARD

REPORT OF THE FIRE DEPARTMENT

Walter J. Dempsey, Chairman
Honorable Board of Selectmen
Norwood, Massachusetts

Dear Mr. Dempsey:

I hereby submit the annual report of the Fire Department for the year 1984.

Responses for the year were greater than in 1983. This pattern has shown a continuing growth since the late seventies. A dramatic rise in accidental alarms was caused by the new alarm systems now required in apartment buildings. As the new systems have the "bugs" worked out of them, the number of accidental alarms will be reduced. There was one fire death during the year and four civilian injuries.

Fire prevention continued to be a major effort of the Department. Inspection of residential smoke detectors required on change of ownership numbered 315. Over 95% of the apartment buildings now required to have alarm systems were in compliance by the end of 1984. This totaled over 110 buildings and nearly 2500 apartment units.

Plan reviews were carried out for many new commercial buildings. The growth rate in this area has been rapidly increasing.

Fire prevention education continued in the schools and training for employees was carried out in several businesses and our nursing homes. Inspections were carried out quarterly in all Town buildings as well as nursing homes and lodging houses. In addition, on duty personnel made inspections of commercial and industrial properties on a scheduled basis.

With the completion of the Uptown revitalization project, the Department started using the "opticom" system for emergency traffic control. This system which uses a rapid strobe emitter light on the apparatus to preactivate the traffic lights along Washington Street has been a valuable assist to our responding units not only for time saved but for safety of the public.

During the year we placed in service a new ambulance and converted or replaced all the fire fighter's breathing apparatus. Town Meeting also approved purchase of a new pumper, Chief's car and a used police car for the shift Commander. Department apparatus is in good condition and no major purchases are expected in the near future. Improvement in radio equipment and replacement of ungrounded electrical equipment is a top priority for 1985.

The growth of the Town in the past few years has continued to be extremely rapid in the area of commercial property and multiple residential buildings. Because of the recent increase in office type buildings and retail commercial properties, our day time population has risen drastically. Anyone attempting to drive through Town can see that traffic conditions are not improving. As stated earlier, the Department's

response rate is also increasing with several incidents where simultaneous calls has provided less than adequate response. On duty manpower is basically the same as it was in 1974 with the exception that on some days it is one position less. We have continued to maintain two engines, a ladder company and the ambulance operation out of one Fire Station.

During the last seven years, everything possible has been done to reduce the impact of this growth on the Fire Department. The time has now come to plan for the expansion of the Department. This expansion must come in three areas:

1. Addition of full-time fire prevention staff.
2. Addition of a permanent third engine company.
3. Building a new sub-station in the Walpole/Chapel Street area.

To have this completed by 1987, planning will have to start now. It is anticipated that by 1987 the Fire Department will not be able to provide the protection necessary for the Town of Norwood.

During early 1985 I expect to discuss this in detail with the Board of Selectmen. By late in the year a plan to attain this goal will be submitted. During 1986 Town Meeting should be requested to approve land acquisition (if necessary) and architectural drawings and estimates for the new station. The station should be fully operational by the end of 1987.

I would like to thank the personnel of the Department for their dedication and efforts on behalf of the community during 1984. I would also like to acknowledge the help and assistance of all the Town Boards that are jointly responsible for making our operations so successful.

REPORT OF THE BOARD OF HEALTH

Organization of the Board:

Michael C. Donahue, Chairman
Ruth E. Copponi
Anthony D. Bartucca

The Board made the following appointment:

Karen A. Walega, Sanitarian

Mrs. Copponi was elected to fill the 2 year vacancy left by Mr. McAuliffe upon his resignation.

Mr. Bartucca was elected for a three year term.

Public Health Nursing

NORMA HERIG, R.N., Public Health Nurse
MARGARET BARKER, R.N., Public Health Nurse

The Public Health Nursing staff is responsible for:

1. Investigation and control of the spread of communicable diseases.
2. Immunization of all school age children for DPT, Polio, MMR (Measles, Mumps & Rubella), TD.
3. Clinics for the administration of Flu & Pneumonia vaccine for the elderly and high risk groups.
4. Home visits for new-born
5. Mantoux testing & certification for Tuberculosis control
6. Keep well clinics & a comprehensive hypertension program for person 20 years of age and over
7. Referral of venereal diseases, alcohol or drug related problems and mental health problem to the proper agencies

DENTAL CLINIC

Maria Krivoshlokoff, DMD, Clinic Dentist
Claire Morrison, R.N., Dental Assistant

The Board of Health school dental clinic underwent total revamping in 1984. Dropping school enrollment, in conjunction with the sale of the Guild school caused relocation to the Town Hall and a decrease in the hours of operation.

All public school children, and St. Catherines, grades one through six were examined. Parental consent notices were sent. Treatment includes cleanings, fillings, emergency care, instruction in dental

hygiene, placque control and counseling in good nutrition for healthy teeth and gums.

In the fall of 1984, the Board of Health received a grant from the Department of Public Health-Division of Dental Health. This grant provides for the placement of a plastic "sealant" on non carious molars for eligible students in grades 1,2 and 6. During the regular dental examinations 748 children were examined for sealant. Of this 551 students were eligible. The clinic has experienced very high return rate for those parents wishing their children to participate. This program offers the potential for total freedom from cavities.

SCHOOL NURSING SERVICES — ST. CATHERINE'S

John O'Day, School Physician
Anna E. Tobin, R.N., School Nurse

The Board continued its nursing services with the private schools of the town as mandated by state law. Dr. John O'Day, School Physician made routine visits and examined those referred for physical examination. Vision and hearing testing were also conducted. Defects were noted and referrals were made to the appropriate specialists.

Scoliosis screening was conducted by Dr. Lowell E. Fox for children in grades 5-9. Parents of children with signs of potential spinal problems were advised to contact their family physician.

BOARD REPORT

In 1984 the Board of Health actively sought to address issues of public health concern through policy and regulation. Policy statements were issued in regard to concern for eyes and skin in the use of ultraviolet radiation for "suntanning booths". The Board reaffirmed its stand that stricter precautions are needed for those employees or contacts of restaurants, nursing homes and hospitals who are positive for salmonella.

Regulations for keeping of farm animals in residential areas were adopted, as well as a regulation requiring that new entrants into Norwood school system be Tuberculin tested prior to entry.

A voluntary food certification program was instituted. To accomplish this, two food service seminars were sponsored with a total of 145 participants. Licensing fees raised in conjuction with an aggressive inspection pogram of all food service establishments.

In May, with the aid of Paul Wollenhaupt of the DPW, the League of Women Voters and the Women's Community Committee, a household hazardous waste cleanup day was conducted. One Hundred Sixty Three households participated, with the most popular item being paint, waste oil and pesticides.

In order to expand the number of people it reaches, the Board instituted an evening blood pressure clinic for working residents.

Tuberculin testing was provided for Norwood teachers as well as DPT clinic for students.

The Board was actively involved in inspecting all retail markets and

bakeries for products which contained levels of EDB (Ethyline dibromide) in excess of standards considered safe by the Massachusetts Department of Public Health.

PERMITS & LICENSES ISSUED

Food service	113	Septic Hawlers	1

Frozen dessert	8	Vapor/Bath/Massage	4
Retail market	28	Funeral Director	4
Hotel/Motel	2	Swimming Pool	8
Camps	2		

In closing, the Norwood Board of Health wishes to thank all those who helped them reach their goal of good public health for the residents of Norwood, and particularly Miss Phyllis Boucher, Supt/Director of the Dept. of Public Health for coordinating and programing the many activities and public health services. While maintaining the highest level of performance within the department she developed and initiated new and more extensive coverage in all areas of Public Health.

Norwood Board of Health

MICHAEL C. DONAHUE, Chairman
RUTH E. COPPONI
ANTHONY D. BARTUCCA

NORFOLK MENTAL HEALTH ASSOCIATION

Through its partnership with the Norfolk Mental Health Association, the town of Norwood is able to guarantee — children, youth and adults — access to an integrated network of quality outpatient mental health services. Town contribution enables Culter Counsel Center, a comprehensive clinic sponsored by the Association with limited support from the State Department of Mental Health, to provide a wide range of outpatient counseling services to citizens who need them at fees based on their ability to pay.

The Norfolk Mental Health Association is a private non-profit corporation, governed by a citizens Board of Directors who represent each of the twelve towns in its service area: Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood.

The major programs of NMHA available to Norwood residents are: CUTLER COUNSELING CENTER, which has a large multi-disciplinary staff serving individuals, couples and families. Services include evaluation, referral, treatment, educational and support groups (e.g. Widowed Lifeline, Gym Program for Children, Social Rehabilitation, Divorce-Separation Workshops, Stress Management),

children and adolescent groups, parent-toddler groups, as well as consultation and training services to community agencies, schools, and local industries; NORFOLK CLINICAL CHILDREN'S CENTER, a therapeutic day program for emotionally, behaviorally or developmentally disturbed children ages 3-8; SUPERVISED APARTMENT PROGRAM, a residential program providing supervised living for deinstitutionalized mentally ill/mentally retarded adults; PROJECT HIRE, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skill training, work adjustment training and counseling, sheltered long-term employment, and transitional employment and job placement; CASE-AIDE AND PARENT—AIDE PROGRAMS, offering trained and supervised volunteer aides who provide one-to-one help to clients in the community, families and individuals in crises, victims of domestic violence, parents at risk of abusing or neglecting their children, isolated elderly; INTERGENERATIONAL CARE PROGRAM, providing the opportunity for elderly residents in a Nursing Home to participate in providing group child care to pre-school children from families experiencing stress, simultaneously giving respite and support to the parents; COMMUNITY EDUCATION AND INFORMATION, offering publication of an informative newsletter, **The Reporter,** to every home in the service area, speakers for community meetings, workshops, consultation and educational materials.

During fiscal year 1984, Cutler Counseling Center provided direct services to approximately 1,020 people from Norwood. It also provided 114 hours of consultation to schools and community agencies. The total value of these services was $235,950 of which the town of Norwood allocated $14,666.

In the past year, people from Norwood who came to us for assistance were often referred by friends, neighbors or family, may have read our newspaper, or were referred by clergy, school, physicians or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relationships, school or behavior-related problems, alcohol or drug abuse, work-related problems, and acute or chronic mental illness.

The Norfolk Mental Health Association Board of Directors include Arthur Gerome, John Murphy and Olga Abdallah from Norwood.

SNCARC — ANNUAL REPORT

The South Norfolk County Association for Retarded Citizens continues to serve the residents of Norwood who are in need of special services from the Association as it has for the past thirty-one years. The South Norfolk County Association for Retarded Citizens (SNCARC) was established in 1954 by local, concerned citizens as a private, non-profit organization. Its purpose is to promote and advocate for the

welfare of citizens who are disabled by or at risk of being disabled by mental retardation or similar impairment requiring similar support services, and to assist with the special needs of and act as a supportive community for their families.

To accomplish this necessary work, the Association depends heavily upon volunteer, moral and funding support and upon a working partnership with and between the towns of Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham. This supportive base enables the Association to attract outside private and public resources to our communities while maintaining cost effective, local consumer control.

The current membership of over 400 families and friends of retarded persons acts through its volunteer board of directors to support and oversee the efforts of professional staff and volunteer workers to provide an integrated network of essential vocational developmental training, residential, social-recreational, citizen advocacy and family support programs.

These programs, working as an integrated whole, attempt to provide retarded persons, regardless of the degree of severity of their handicap, the opportunity to become more self-sufficient and to more fully enjoy and participate in the life of their society. The Vocational Training Program teaches the skills needed to do gainful and productive work in sheltered or competitive employment. The Day Habilitation Program teaches self care and community living skills. Residential programs allow individuals to remain in their own communities, offering a humane and cost-effective alternative to institutionalization. This year saw the opening of a new residential program in Westwood for clients who are elderly and wish a slower pace of life. We expect to expand this program, responding to the needs of our clients.

An Early Intervention Program provides special therapy interventions crucial in the early months of a handicapped infant's life, and gives special support needed by the infant's family during this period. Other therapies like speech therapy and occupational therapy are provided to adults who need them in their ongoing fight against their disability.

Other programs and services are social and recreation programs including regular dances and social clubs for both children and adults; family support services including social functions, information and referral, training programs, and emergency respite care which would enable a family to make use of a trained provider to care for a family member either in an emergency or as a rest and change for the family; and a very important Citizen Advocacy Program which recruits and trains volunteers to serve as supportive and caring friends to encourage citizens of the Town of Norwood to volunteer in these programs and to experience the pleasure of helping fellow citizens to become productive, self-fulfilling people.

For more information, call Jane Smith or Bill Abel at 762-4001.

NORFOLK COUNTY MOSQUITO CONTROL PROJECT

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the draining of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	1,360 feet
Brush obstructing drainage cut	0 feet
Culverts cleaned and opened	0 count
Drainage excavation with specialized wide-track Equipment	4,360 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	800 acres
Larvicide by backpack and mistblowers	139 acres

Adulticiding: The suppression of flying adult mosquitoes becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	59 acres
Adulticide U.L.V. from trucks	31,424 acres
Catch basin application. Adulticide and larvicide	78 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 109 calls from residents for information and assistance.

Respectfully submitted,

ALBERT W. HEUSER
Superintendent

REPORT OF THE NORWOOD HOUSING AUTHORITY

The Norwood Housing Authority, a Public Corporation, was organized in 1948, as authoritized by Chapter 121B of the General Laws of the Commonwealth of Massachusetts.

ANNUAL MEETING: The first Tuesday after the Annual Town election.

REGULAR MEETING: The first and second Tuesday of each month at 7:30 p.m.

CENTRAL OFFICE: 40 William Shyne Circle

NORWOOD HOUSING AUTHORITY: (Rear), John C. Adelmann, Phyllis A. McDonough, John L. Griffin. (Seated), Edmund R. McGrath, Kevin F. Maguire (Executive Director), Margaret Hart (Chairman).

Board Members	Title	Term Expires
Margaret Hart	Chairman	April 1986
Edmund R. McGrath	Vice Chairman	April 1989
John L. Griffin	Treasurer	April 1985
Phyllis A. McDonough	Asst. Treasurer	April 1988
John C. Adelmann	Commissioner	April 1986

Personnel employed by the Authority consists of one Executive Director, one Deputy Executive Director, one Program Coordinator, one Bookkeeper/Computer Operator, one Maintenance Supervisor, one Maintenance Mechanic, two Laborer/Mechanics, two Laborers and two Maintenance Aides.

The duties of the Norwood Housing Authority and the objective of Public Housing Legislation is to provide decent safe and sanitary housing to families and elderly persons of low and moderate income at rents they can afford. The primary function of the Norwood Housing Authority is to administer public housing programs within the Town of Norwood and to recommend and apply for financial assistance to State and Federal Agencies for new developments, when they are determined to be needed.

The Norwood Housing Authority administers a 591 unit housing program within the Town. Of this total 481 of the units are located in buildings owned and operated by the authority. The balance of 110 units are privately owned and leased under either the Federal Section 8 or State 707 Rental Assistance programs. Within its owned units the Authority has 389 units for the elderly, 17 units specifically designed for the handicapped and 75 units for families.

During the past year the Authority has determined that a need exists in Norwood for additional family units. Therefore, application has been made for 35 Section 8 certificates and for funds to purchase and substantially rehabilitate ten 3 bedroom units.

New England Construction & Management, Inc. was selected through the public bidding procedure to carry out the construction phase of the Authority's current $345,000.00 Modernization program. The Authority has also been awarded an additional $1,082,365.00 in a three phase Modernization grant from the Executive Office of Communities and Development to upgrade its State-Aided housing stock.

For the second time the administration of the Authority has received a commendable rating fom EOCD under its Management Incentive Program begun two years ago. The authority is proud of the fine job being done by its Executive Director, Kevin F. Maguire and his staff.

At this time the Authority would like to express our sincere thanks to the various town officials and others who have contributed time and effort to assist the Authority in making this past year so successful.

REPORT OF THE MORRILL MEMORIAL LIBRARY

Board of Library Trustees

Stuart R. Plumer, Chairman	Eleanor H. Monahan
Roger C. MacLeod, Vice Chairman	George M. Ruboy
Thomas J. Cummings	Eileen B. Sullivan

Budget & Value Received

Appropriated and Spent (½ FY83 and ½ FY84 budgets)	$433,427.00
State library monies received	14,855.00
Actual local library monies	418,472.00
Library percent of town budget	0.95%
Per capita library tax levy	14.09
Items circulated	189,677
Average per capita cost of materials	22.00
Average per capita value of materials:	
a. borrowed (6.38 items x $22.00)	140.36
b. value minus tax levy ($14.09)	126.27
Museum Pass usage:	
a. number of borrowings	1,027
b. patron value (family of 4 x borrowings)	18,486.00

Library benefits not monetarily calculable: reference materials and services; adult and children's programs; study facilities; meeting rooms for public use; story hours for pre-school children.

General Observations

The year was a relatively quiet one. Activity continues at about the same pace as in the past few years. Still, changes have taken placd which are worth noting. Many programs which were presented at the library were also video-taped for later replay on the local TV channel; these programs are also being copied onto video cassettes for patron borrowing for home viewing. Audio music cassettes have also been added to supplement the record collection.

Many more instructional programs have been presented at the local schools by the children's librarian. These programs advance student use of both school and public libraries, and markedly facilitate educational development through use of research materials. At the same time, the Outreach Program served more patrons than ever before, covering more centers than previously, and presented Remotivation Programs which helped many confused elderly to re-enter group activities and find joy in participation instead of passive depression.

The Literacy Training program has been most successful. On a "one to one" basis, patrons who cannot read, or read adequately, are tutored in proper reading up to at least a high school level. In fact, the student demand has been such as to necessitate the training of a second class of tutors. This is an unobtrusive program which merits support and renders inestimable service at a miniscule cost.

MORRILL MEMORIAL LIBRARY BOARD OF TRUSTEES: Front Row (Left to Right), Eleanor H. Monahan, Eileen B. Sullivan. Back Row (Left to Right), George M. Ruboy, Thomas J. Cummings, Joan Geddry (Secretary), Roger C. MacLeod (Vice Chairman), Stuart R. Plumer (Chairman).

Appreciations

Continued special thanks are rightly due the Norwood Women's Community Committee (for financially supporting museum passes and materials for the Literacy Training program), to the Friends of the Library (for their support of various activities). Additionally, thanks should be given to the family of Florence Foyette Whelan for the establishment of a fund in Mrs. Whelan's memory which has resulted in an excellent addition of books outside normal budgetary restraints.

Conclusion

The support given by the Board of Library Trustees, the staff, municipal officials and departments, and the library's patrons have all contributed toward a quietly successful year.

CARL J. HIMMELSBACH
Director

REPORT OF THE MUNICIPAL LIGHT DEPARTMENT

Mr. John J. Carroll
General Manager
Norwood, Massachusetts

Dear Sir:

I herewith submit my report as superintendent of Norwood Municipal Light Department for the year 1984.

During 1984 we experienced a 4.981 percent growth in KWHRS due to the activity in commercial and industrial customers.

The Light Department in 1984 continued its effort to improve the lighting level on the roadways and to reduce energy consumption with the use of high pressure sodium fixtures.

Due to an agreement reached with New England Power Company in 1983, 40% of Norwood's electric power was supplied by N.E.P. Co. in 1984. This figure will increase to 100% by November 1, 1985.

I offer the following statistical data relative to the operation of the Light Department.

Respectfully submitted,
WILLIAM J. KATES

In Retirement

ALDO INGUANTI

During his 26 years of exceptional service in the Norwood Light Department, Aldo could only be described as one of the most consciencious, capable and dedicated men ever to work for the Light Department.

Aldo began his career on September 2, 1958 and worked as both a meter reader as well as a station operator before his retirement on January 31, 1984. Aldo was well liked and respected and his good nature and humor was appreciated by those who worked with him. Aldo will be missed by all those who know him.

We, of the Norwood Light Department in appreciation of unparalleled service, extend our sincere best wishes for good health and a very enjoyable retirement.

In Retirement

JOSEPHINE PURPURA

On September 5, 1967 Josephine Purpura was appointed a junior clerk in the Light and Water Billing Department. Josephine worked for the Billing Department for sixteen years during which time she advanced to Billing Machine Operator and finally to Senior Clerk. On June 25, 1983 Josephine transferred to the Light Department office where she was promoted to Head Clerk. She served in this capacity until her retirement on July 13, 1984.

We of the Norwood Light Department wish to extend our best wishes to Josephine for a healthy and happy retirement.

ELAINE LEONARD

On September 17, 1979 Elaine Leonard was appointed a Junior Clerk in the Light and Water Billing Department. Two years later she was promoted to Senior Clerk and served in this capacity until her retirement on April 30, 1984.

We of the Norwood Light Department wish to extend our best wishes to Elaine for many years of health and happiness.

REPORT OF THE PERMANENT BUILDING CONSTRUCTION COMMITTEE

This is the nineteenth Annual Report of the Permanent Building Construction Committee.

In recent years, the laws and regulations pertaining to public construction projects have become very complex, requiring many additional reports and considerations by the awarding authorities and architects. In 1984, in addition to many meetings with State and local officials and agencies, the Committee held forty-two (42) regular meetings.

NORWOOD ARMORY RECONSTRUCTION FOR RECREATION — The construction contract was awarded in 1983. The Registry of Motor Vehicles opened on July 2, 1984. The Recreation Department moved in September 4, 1984 and the Senior Citizens on September 17, 1984. The facility was named "World War II Memorial Civic Center" and was dedicated on September 22, 1984.

NORWOOD SENIOR HIGH SCHOOL RENOVATION & ALTERATIONS — The project was funded for final plans by the Town Meeting in November 1984. The Committee and the architect completed this work, and construction bids were received on October 10, 1984. The cost of construction was considerably higher than estimated and, in addition, a protest was filed against the low bidder. The Committee rejected all bids in the best interests of the Town.

The Committee then reviewed the plans and made changes to reduce the project cost. The project was put out for rebid in December 1984, and the rebids will be opened on February 4, 1985. The Committee will present a project review and costs to the postponed Town Meeting on February 11, 1985.

It is with pleasure that the Committee serves the Town of Norwood, and it appreciates the support provided by Town Offices and Departments.

Permanent Building Construction Committee

DEDICATION OF $2 MILLION UPTOWN NORWOOD PROJECT on May 18, 1984—Washington Street from East Hoyle Street to Railroad Avenue.

REPORT OF THE POLICE DEPARTMENT

Mr. John J. Carroll
General Manager
Town of Norwood
Norwood, Mass.

Dear Sir:

I hereby submit the report of the Norwood Police Department for the year ending December 31, 1984.

May I take this opportunity to thank the Board of Selectmen, the General Manager and other various town departments for their cooperation with the Norwood Police Department throughout the past year.

Respectfully submitted,
GEORGE J. DiBLASI
Chief of Police

CRIME PREVENTION UNIT

REPORT

Early in 1984, Chief DiBlasi announced the formation of the Crime Prevention Unit. Patrolmen William G. Brooks and Raymond A. McCue, who had just completed extensive training in this area, were assigned to fill the department's crime prevention needs in addition to their regular duties.

Crime prevention is not an alternative method of patrol, nor is it a

public relations program. Crime prevention specialists are trained in current crime trends, methods of criminal operation and methods of avoiding specific types of criminal activity. In the area of home burglary, for instance, the officers are educated as to common methods used to force doors and windows, what types of locks have proven ineffective over the years, how most burglars "case" homes what items are most sought after by thieves, and other information about housebreakers that is helpful in detering them. The officers also have a working knowledge about what locks have proven effective, how to make the home appear occupied when vaccant, other factors which will assist the homeowner in protecting his home from burglary. This knowledge is available to any Norwood resident who requests a security survey for his home. A crime prevention officer will visit the residence, inspect the home, make recommendations regarding lighting, locks, etc., and assist the homeowner in marking his valuables in an effort to deter theft.

Although home security is a major priority of the program, many other services are also available. The first program announced by the unit was called the "Vial of Life". This program, sponsored by CVS Pharmacy, is directed at senior citizens and other people with complex medical histories. A medical information card is filled out by the participant and placed inside a pill vial in the refigerator. A sticker on the refrigerator door signals police, fire or ambulance personnel that the person's medical information is available inside. This information is vital to ambulance attendants as well as doctors and nurses in the hospital emergency room in diagnosing the patient's ailments. Vials, stickers and cards are still available to all residents at the CVS Pharmacy and through the Crime Prevention Unit.

In addition to ongoing programs such as those above, crime prevention officers are also available for speaking engagements on many topics. During 1984, Officers Brook and McCue spoke to a variety of audiences of residents and merchants alike on diverse subjects such as teenage drug abuse, home burglary, armed robbery and purse snatching. On May 15, one hundred members of Norwood's Chamber of Commerce attended a seminar on the prevention of check fraud which was held at a local restaurant.

Many merchants have also used crime prevention officers as consultants. Attorneys, store managers and shopkeepers have requested help from the police department in solving problems with shoplifting, fraudulent checks and physical security. In each case, a crime prevention officer has met with the merchant, examined his problem, and assisted him in instituting policies designed to prevent being victimized by crime.

Throughout 1984, the police department also attempted to reach large numbers of people through the media. Two articles on crime prevention; one on home security and one on purse snatching directed primarily at senior citizens were written by a reporter for the Daily Transcript with assistance by the Crime Prevention Unit. More such are planned for 1985.

In November, Officer McCue resigned from the police department to accept a position outside law inforcement. He was replaced on the unit

by Patrolman Peter J. Curran, a former campus police officer at Boston College, who has specialized training in burglary prevention. In 1985, Officers Brooks and Curran will expand the current crime prevention program. Residential security surveys will continue to be available and will be incorporated into Neighborhood Watch programs in many neighborhoods. Cable TV will also be used to disseminate crime prevention to residents.

All services offered by the Crime Prevention Unit are free of charge or obligation. Interested residents or merchants may contact Officers Brooks and Curran at the police station by calling 762-6888.

REPORT OF THE PUBLIC WORKS DEPARTMENT

John Carroll
General Manager
Town of Norwood
Norwood, Massachusetts 02062

Dear Sir:

Please accept herewith my report as Superintendent of the Public Works Department for the year of 1984.

The tradition of being a service oriented unit providing the most efficient and professional assistance to our citizenry continues. We take pride in the accomplishments of the Department and look forward with enthusiasm to the challenges of 1985.

The Department has been actively and directly involved in the completion of the University Avenue project Phase I and the Washington Street Urban Systems Project; the design and calculations of the Nahatan Street corridor, the Dean and Pleasant Street intersection and widening of Route I.

The problems of the sanitary sewer system of the Metropolitan District Commission (MDC) continue to be a primary concern. The Department through your direction as General Manager, has placed a great emphasis in responding to and correcting situations when called upon; we have also taken initiative to actively seek out illegal connections to our system and offer alternative means of disposal for non-sanitary waters. Your Superintendent was elected as Chairman of the New Neponset Valley Relief Sewer Citizen Action Committee, a position which required numerous planning sessions and five (5) Public Meetings, culminating in the final approval of the design phase of the reconstruction of the MDC sewer system for our region.

The Department has an administrative staff of five (5) full time permanent employees; a work force of 45 employees at the Public Works yard and 10 employees assigned to the Cemetery. These men and women do their utmost to provide the broad scale services necessary to keep your Town a nice place to live.

On behalf of the Department, gratitude is extended to yourself, the board of Selectmen and the Finance Commission for their guidance and support and to all other Town agencies who assisted and cooperated with us this past year.

Respectfully submitted,
PAUL E. WOLLENHAUPT
Superintendent

HIGHWAY DIVISION

The Highway Crew is directly responsible for the maintenance of all our towns sidewalks, roadways, shoulders and traffic islands. Some of the programs they are involved in are as follows: street sweeping, sidewalk installation and repair, cleaning of culverts, curbing and guard rail repair, emptying of road side containers and maintenance of skating areas.

The Highway Ashphalt Crew used a total of 641 tons of ashpalt in caring for our sidewalks, berms, service trenches, roadway hazards and citizens complaints.

The Highway Sign Crew made up and installed a total of 569 street, traffic control and specialty signs throughout the town. They are also responsible for the opening and closing of the town pools, all fence repair due to plow damage, repairs to players benches, the installation of 39 new flag holders in the center of town and maintenance and repair of all parking meters.

The Highway Masonry Crew used a total of 37 yards of concrete in repairing 42 manholes, 36 catch basins, 8 foundation walls, replaced 63 sidewalk slabs and poured 2 supports for basketball post at the Pleasant Playground. Some of their other duties included installing and replacing guard rail, installing hydrant posts, worked on the 52'' drain on Neponset Street and finally they repaired all walks and walls damaged by sidewalk tractors.

The following is a list of streets resurfaced in the past year.

1) Belmont Avenue
2) Avon Road
3) Dorset Street
4) Mayfair Street
5) Finish Westover Parkway
6) Finish Albemarle Road
7) Bird Road
8) Alpine Road
9) Springvale Road
10) Susan Road
11) Cleveland Street
12) Finish East Cross Street to Westborder Road
13) Neponset Street, Pleasant Street - Route 1
14) Neponset Street, Dean Street to East Cross Street
15) Pleasant Street, Sewer Trench
16) Dickson Road #29 to End

17) Savin Avenue
18) Talbot Avenue
19) Countryside Lane
20) Norton Drive
21) Deerfield Road
22) Hemlock Street
23) Kenwood Drive
24) Azalea Drive
25) Day Street, Washington Street to Central Street
26) Beech Street
27) Linen Street
28) Elkway
29) Elks Parkway South
30) Lenox Avenue
31) Washington Street, East Hoyle Street to Walpole Line

This amounted to approximately 7.3 miles of roadway resurfaced in 1984.

Some of the other duties of the Highway Division are as follows: maintaining highway sand boxes and barrels, sweeper program both streets and sidewalks, cleaning off all vacant town owned lots. filling custodial positions at both recreation and Police Departments, and finally co-ordinating all sanding and plowing operations.

FORESTRY DIVISION

The Forestry Division is manned by members of both the Parks and Highway Divisions.

A total of 37 diseased trees and 19 of our newly planted were removed in the past year.

Again this year we sprayed in the Spring for control of the spread of gypsy moth and sprayed a dormant oil in the Fall.

This crew also cleared a line for the 52'' drain line on Neponset Street, cut brush and sprayed for poison ivy for the area around our pumping station.

PARKS AND PLAYGROUND DIVISIONS

This was another busy and productive year for our Parks Crew. All fields were limed, fertilized and seeded in the early Spring. All fields were lined and groomed for all championship games as time and scheduling permitted.

The Parks Crew did extensive work to the infields at Ellis and Winslow School ballfields.. They were roto-tilled, weeded and park soil was added where needed. The warning track was turned over and weeded also. They also did an extensive loaming and seeding job to a lawn at 95 Nichols Street that had been damaged by the Water Crew.

The Parks Crew planted 102 new trees throughout the town as well as pruning and fertilizing all other trees that had been put in under previous planting programs.

They put out and maintained 80 new planters along Washington Street and Railroad Avenue to Alandale Parkway.

The Parks Crew assisted the Recreation Department by maitaining the grounds and buildings at both pool areas, the Police Department by replanting their bushes and loaming and seeding around their wheel chair ramp and the Light Department by trimming their bushes.

Some of their other duties were: trimming all town owned bushes at the Town Square, Guild Square and Victoria Circle, repaired all plow damage, worked on maintaining Christmas lights and installing both mangers, repaired and put out all voting equipment and finally they reseeded a number of roadway shoulders and areas where new asphalt berms had been installed.

CEMETERY DIVISION

In the past year, the Cemetery Crew consisting of four permanent and six temporary full time employees prepared and conducted 261 interments. They also conducted 2 intercemetery transfers.

Again this year the Cemetery Crew did an excellent job in maintaining Highland Cemetery in a manner that reflects a feeling of pride and accomplishment which is reflected on its employees and the Town of Norwood.

Some of the other duties and services of the Department are as follows:

Foundations:	The Cemetery Crew used a total of 29½ yards of Concrete in recapping 19 foundations, dug and poured 66 new foundations, set up 27 monuments and reputtied 23 older monuments.
Shrubbery Removed:	36 bushes removed at the requests of lot owners and 12 were removed in order to make interments.
Materials:	Reseeded, resodded or repaired a total of 521 grave areas - 700 lbs. of seed, 16 tons of lime and 18 tons of fertilizer were used.
Flush Markers Installed:	29 bronze veterans markers, 2 granite verterans and 6 private markers were installed.
Vandalism:	16 vigil lights destroyed, 25 upright water faucets damaged, 9 monuments damaged and 22 defaced and a number of lawn areas damaged by vehicles.
Lots Sold:	35 companion lots (2 graves), 22 garden or family lots (4 graves) 9 single graves and 2 veterans graves.
Cemetery Improvement:	12 new trees planted in various sections, 100 new companion lots layed out, approximately 800 bounds installed and 100 new lot markers,1/3 of an acre seeded in the expansion area and 280 feet of new 2" galvanized water pipe installed.

In addition to the above, the Cemetery Crew assisted in putting out veterans flags and organizational markers, maintained the grounds

at both Highland and Old Parish Cemeteries and with assistance from the Public Works Garage maintained all Cemetery vehicles and equipment.

Respectfully submitted,
JOSEPH M. WELCH
Asst. Supt. of Public Works
Supt. of Cemeteries

WATER DIVISION

Once every week samples are taken from five sections of Town and delivered to the Metropolitan District Commission Laboratories for analysis. Also four times per year water samples are taken and brought to the State Laboratories in Lawrence for analysis.

Dead end water lines are blown off as required. All hydrants were inspected in the spring and fall and continuously during the winter months and after each use by the Fire Department.

Maintenance of the Water Distribution System required the following:

Installation of new remote meters	107
Replacement of defective meters	62
Repair of leaking meters of connections	36
Incorporation of new water services	50
Abandonment of old water services	3
Replacement of hydrants hit by vehicles	15
Repairs of damaged hydrants	39
Repairs of water service leaks	77
Repairs of water main leaks	12
Renewal of existing water services	44
Miscellaneous service calls	386

The 1.5 million gallon water tank at Bellevue Avenue was cleaned and painted. A new 8'' water main was installed on LaSalle Road. This replaces a 2½'' line and gives better fireprotection for the area.

Water Consumption

Maximum Day Consumption	9,373,000
Total Consumption for Year	1,872,200,000

SEWER DIVISION

All sewer lines were checked and cleaned regularly throughout the year. Maintenance of the sewer sytem required the following:

Clearance of sewer stoppages	394
Miscellaneous service calls	322
Clearance of main stoppages	49
Reconstruction of manholes	61
Replacement of broken castings	49
Repair of broken services	23
Addition of new services	50
Abandonment of old services	3

DRAIN DIVISION

All catch basins were cleaned in the spring and fall, and those in the critical areas were cleaned as often as necessary.

New drain lines were installed on Lewis Avenue, Dean Street Churchill Drive, and Washington Street. A new 36'' culvet was installed across Winter Street at the Westwood Town Line. The 52'' pipe was extended at Meadowbrook off Neponset Street.

Submitted by,

MARTIN W. FEENEY
Assistant Superintendent
Public Works Department

REPORT OF THE RECREATION DEPARTMENT

John J. Carroll
General Manager
566 Washington Street
Norwood, Massachusetts 02062

Dear Sir:

I hereby submit the Recreation Department Annual Report for the year of 1984

Personnel:

Robert Ivatts.....	Superintendent
Gerald Miller.....	Program Director
Mary Jennings.....	Clerk
Michael Halpin.....	Sr. Custodian
Anthony Constantino.....	Jr. Custodian

50 Part-time employees

It is a pleasure to reflect to you the activities that have taken place at the Recreation Department for the year just concluded.

The year 1984 finally saw the opening of the new Civic Center. On Saturday, September 22nd 1984 the Center was officially opened to the general public with a ribbon cutting ceremony, Open House and also a visit from ex-Governor King and Gregory Sullivan, our Representative, who were so very instrumental in the Town acquiring the Armory from the State of Massachusetts. After many years of moving around and the uncertainty, it was a great relief to the Staff after the long wait to get into our new permanent home. The Town has provided its people the best and most modern facility, and the department is eager to provide the Town with the best possible activities.

The Department enjoyed a very busy summer with many varied and interesting programs. The list of activities ranged from old faithful neighborhood playgrounds to special events like Wilderness Camp, Sports Camps and family oriented programs. We are quite happy with the interest and participation of some our novel programs. The playgrounds closed Friday, August 24th.

The Special Needs program was conducted by the department for a six week period starting on Monday, July 2nd through August 17th at

South Junior High. Each of the participants took advantage of the swimming program which was held daily at Hawes Pool.

Until the new Civic Center was opened on Monday, September 24th, the Aaron Guild was the focus of both programs and meeting rooms for Recreation and Town sponsored groups. Programs that are repeated by popular demand and have remained popular over the years are: Gymnastics, volleyball, baton, aerobic dance for women, fitness program, for men, karate, weightlifting, arts and crafts and the Nautilus equipment. In keeping with recreation trend towards Special Events we offered trips to the Boston Bruins, Ski Trips, and Walt Disney on Ice.

Making use of the meeting room for organizational meetings were many Town athletic groups such as Little League, Youth Soccer, Babe Ruth, softball leagues and the men's basketball league. Local groups using the facilities included the Norwood Arts Association, Camp Fire Girls and the Tiots. The department co-sponsored special activities with fraternal organizations including the Norwood Elks' Free Throw basketball contest, Hershey track and Field, Pepsi-Cola Hotshot contest and the N.B.A. K. of C. Free Throw.

The pools opened on Saturday, June 23rd and remained open until Monday, September 5th. The facilities were open to the public Monday through Saturday from 12-noon to dusk and Sunday from 1 p.m. to dusk. This schedule is maintained to the middle of August when the schedule changes for public swimming from 11 a.m. to dusk, this occurs because of the earlier sunset. Swimming lessons were offered to every child from seven years of age or older. The department enrolled 1,500 children and issued approximately 850 certificates. Each child received instruction in the basic swimming skills set down by the American Red Cross. The program ran for eight weeks from June 25th to August 24th. The Sting-Rays had 90 registered swimmers who participated in "age group" competition as members of the Suburban Swim League. Team members are boys and girls ranging in age from 7 to 18 years old. Work outs are conducted at Hawes pool from Monday through Friday from 7 a.m. to 9 a.m., additional practices were held from 12-noon to 1 p.m. at the same location. The Swim Team finished its season with a field trip to Canobie Lake and a good time was had by all.

The entire year was completed without any serious accident or injury due in great part to the diligence and competence of the Staff, and for this they all should be congratulated. I would also like to "thank" the many groups and individuals for their help and cooperation during the past year. My "thanks" also to the General Manager and his Staff, the Board of Selectmen, Public Works Department and the School Department and other Town Deparments and Boards with whom the Department had contact during the year but a very special"Thanks" to the Permanent Building Construction Committee for their devotion and tireless hours. Thank you very much gentleman and Catherine for a "job well done."

Sincerly,

ROBERT H. IVATTS,
Superintendent

DEDICATION OF WORLD WAR II MEMORIAL CIVIC CENTER—September 22, 1984. Left to Right—Roger O. Hoit (Architect), Carlas Mello (General Contractor), Walter Dempsey (Chairman of Board of Selectmen), Robert H. Ivatts (Supt. of Recreation Department).

REPORT OF THE RETIREMENT BOARD

To the Honorable Board of Selectmen
Norwood, MA

Gentlemen:

The following report is being submitted for the Norwood Retirement Board to reflect the activities of the Board from January 1, 1984 to December 31, 1984. The financial statement and other records of the retirement system are required by statute to be maintained on a calendar year basis.

Regular meetings of the Retirement Board were conducted in the Municipal Building on the second Monday of every month in 1984.

Organization:

In 1984 the Retirement Board was organized as follows:

Thomas J. P. Collins, Elected Member, Chairman
Robert M. Thornton, Ex Officio Member, Administrator
Clement A. Riley, Appointed Member
Julia E. Lundin, Clerk/Secretary

Investment Results:

Acting upon recommendations made by the Board's investment advisors, Bank of New England, the Retirement Board continued its program of improving the overall quality of our investment portfolio of approximately $9,300,000. During 1984, the Norwood system was declared the fourth best system in the state in the area of overall investment return performance.

Unfunded Liability

The Retirement board again recommended continuation of the funding plan that was initiated in 1980 for the purpose of reducing the actuarially-computed unfunded pension liability. The continued support of both the Board of Selectmen and Finance Commission resulted in Town Meeting approval of $800,000 for additional funding of this unfunded pension liability. The purpose of continuing with the funding plan is to eventually accumulate a fund large enough to generate sufficient investment revenues to offset the ever-increasing burden of yearly pension appropriations.

The total accumulated for this unfunded liability fund to date is about $3,200,000. This money is currently invested in various high-grade investments with an average yield of about 11.6 percent. Total interest income generated since the plan's inception through December 31, 1984 is approximately $425,000.

The following graph illustrates the severity of the growth over the last 20 years in the "pay as you go" pension outlays required to be appropriated to pay annual pension costs:

NORWOOD RETIREMENT BOARD: Left to Right: Robert Thornton, Thomas Collins, Clement Riley, Julia Lundin

Year	Pension of Appropriation	Percentage of Total Budget
1960	$ 54,000	.9%
1965	103,000	1.1%
1970	219,000	1.6%
1975	520,000	1.9%
1981	1,020,000	2.6%
1982	1,314,000	3.2%
1984	1,612,439	4.0%

Membership Information:

	Active Employees	Retirees	Bene-ficiaries	Totals
Membership at 1/1/84.....	462	179	50	691
Added: New Members.....	40		—	40
Deduct:

Membership at 12/31/84	464	192	50	706

The board regretfully recorded the following deaths in 1984:

Retirees: Margaret Curran
Jeremiah Coughlin
John J. King
Agnes Stapleton
Edward Flaherty
Mary Wilford
Joseph Seigmund
James Flaherty
John Gahagan

Employees: Edmund Sullivan
John McTighe

Members of the System who retired in 1984 were as follows:

Anne Sullivan
John J. Wall
Aldo Inguanti
Bartley J. King
Charles P. Daly
Peter R. Curran
William J. Spierdowis
Mary P. Flaherty
William F. Costello
Olga Turcotte
Roy T. Lydon
Joseph E. Giampietro
Josephine Purpura
Francis A. Gotovich
Catherine V. Dean
Anthony Frenette
Maria Krivoshlokoff
William J. Turner
Dorothy Farrell
Josephine Czyryca
Eleanor Michaelson

Financial Data:

Submitted below are various financial reports for the Retirement System for 1984:

Balance Sheet, December 31, 1984

REPORT OF THE BLUE HILLS REGIONAL VOCATIONAL SCHOOL DISTRICT COMMITTEE

To: CHAIRMAN
HONORABLE BOARD OF SELECTMEN

Ladies and Gentlemen:

We respectfully submit the 21st Annual Report of the Blue Hills Regional Vocational School District Committee. The following is a list of Committee Members representing the seven member town during 1984.

AVON	Bernard H. Baer
BRAINTREE	James E. Sullivan
CANTON	Benson Diamond
HOLBROOK	William T. Buckley
NORWOOD	John T. Driscoll
RANDOLPH	Albert L. Willis
WESTWOOD	Gerard A. Baker

The District School Committee held regular monthly meetings on the first and third Tuesday of each month in the Administrative Office at the Regional School, 100 Randolph Street, Canton, MA. Mr. Gerard A. Baker and Mr. Albert L. Willis presided as Chairman and Vice Chairman respectively: Mr. William J. Carr, Esq. of Randolph as Counsel, Mr. Charles A. Brennan of Randolph as Superintendent-Director and Mr. John T. Driscoll as Treasurer with Mr. Benson Diamond and Mr. James E. Sullivan as Assistant Treasurers.

During 1984, the following numbers of students availed themselves of Vocational Education under the auspices of the Blue Hills Regional Technical School District:

. . . Blue Hills Regional Day Programs.....	1541
. . . Adult Evening Program.....	402
. . . Holbrook Career Development Program...	51
. . . Randolph Career Development Program...	258
TOTAL	2252

The total enrollment for the Blue Hills Technical School and the Technical Institute Day Programs showed a slight decline during the 1984-1985 school year.

The Technical Institute continued to operate on a self-supporting basis and enjoyed a successful year. The Technical Institute had a student enrollment of 465 for the 1984-1985 school year with a tuition charge to each student in the amount of $2,415.00.

The Adult Evening Program also continues on a self-supporting basis with an average cost of $85.00 per course.

The Blue Hills Regional School continues to support the communities by completing projects in our auto repair, auto body, metal fabrication, machine shop, structural wood, health services, graphic arts and electrical departments.

The Chateau de Bleu Restaurant serves our residents on a daily basis with gourmet meals.

The Computer Center served most of our towns in a multitude of school department and town government operations.

The Regional District School Committee is indebted to our local School Committees, Superintendents of Schools, Boards of Selectmen, Finance Committee members and local Advisory Board members who so ably assisted with their continued and dedicated support in 1984.

To the citizens of the seven member town, the parents and the town meeting members, who by their vote of confidence, have provided quality vocational and technical training for our regional youth, we are deeply grateful

GERARD A. BAKER, Chairman
ALBERT L. WILLIS, Vice Chairman
BERNARD H. BAHER, Secretary
JOHN T. DRISCOLL, Treasurer
BENSON DIAMOND, Asst. Treasurer
JAMES E. SULLIVAN, Asst. Treasurer
WILLIAM T. BUCKLEY

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Mr. John J. Carroll
Town Manager
Town of Norwood, Mass.

Dear Sir:

I herewith submit the annual report of the Department of Weights & Measures for the year ending December 31, 1984.

Weights & Measures Devices

Tested	616
Sealed	591
Adjusted	66
Not Sealed	5
Condemned	4

Spot Checking Measurements

Tested	1520
Correct	1002
Understated	161
Overstated	357
Fees paid to town	$1653.00

I would like to put gasoline complaints to rest once and for all even though bulk of work load pertains to testing, adjusting and sealing those dispensers.

Self-service stations, having the complicated remote controls, do and will have some minor problems presently due to their manner of operations, however, the measurements were correct when sealed. I have required such particular stations to post notices on pumps before sealing, "If any numbers register before pumping, ask cashier to reset."

All dispensers after being tested are adjusted as close to zero tolerances as possible before sealing with wire leaded seals to prevent tampering—thus protecting both merchant and consumer. The reason being, gasoline selling at $1.15 per gal., just one cubic inch maladjustment of pump means 10 cents profit or loss to buyer or sellor for an average 20 gal. sale. A busy station which could sell 100,000 gals. a month could lose or gain nearly $6,000.00 for a year.

On a follow through of a complaint, an exceptional early morning inspection of a sholesale delivery revealed findings of equipment sealed out of town which appeared to have unapproved mechanical pumping equipment, also, questionable safety features. The driver was entitled to a first warning and forbidden further use until corrected. The sealer was notified giving me assurances that equipment would be recalled, reinspected and corrected.

A food canteen was found operating without proper identification other than an out of town police citation issued the previous day. I felt obligated to turn the subject over to our police.

This year I was fortunate in being able to attend a seminar in Newton, Mass. for Weights & Measures officials acquainting us with methods of fraudulent oil deliveries and new developments in programable computer scales in conjunction with scanner checkouts with cash register systems.

It is with pride and pleasure that I thank Town Manager Mr. Carroll for encouraging me to repair and refinish our department cabinet containing the towns important standards and balance, so that he could have that priceless antique removed from the storage basement and placed in town hall foyer for security and public viewing as one of our archives.

I wish to thank the Town Manager and his staff, the Selectmen, the Police and Fire Departments, local industries and the general public for their cooperation in making it possible for me in trying to make equity prevail for all.

Respectfully,
FREDERICK R. BROWN
Sealer of Wts. & Meas.

REPORT OF VETERAN'S DEPARTMENT

John J. Carroll
General Manager
Norwood, Massachusetts

Dear Sir:

I respectfully submit the report of the Department of Veteran Services for the year ending December 31, 1984.

The Department consists of two employees, a Director and a Clerk.

With the energy crisis, an increase in unemployment, Veterans' benefits may increase as a result of prolonged illness cases, rising fuel costs, hospital and medical costs along with the customary requests for financial assistance by the veteran community.

For the last seven years the Department of Veterans Services has taken applications for the fuel energy program. This program was for the benefit of all Norwood residents. I am happy to say that last year over 400 families were aided by this program for a total of $207,607.

Also we administrate a Transfare Program for the elderly and disabled. At the end of 1984, we had over 700 applicants. This program is to assist people with their transportation problems.

The Department also is involved in parking violations. I am at the present time the hearing officer for parking tickets.

Veterans' Services continue to increase as more and more servicemen and women return home and need assistance in finding jobs and schooling. They are thoroughly briefed upon being discharged from the armed forces and brought up to date on all state and federal benefits available and they are personally encouraged to take advantage of them.

The estimated expenditures by the Veterans Administration to Veterans and their dependents in the Town of Norwood for the Fiscal Year 1983 was close to three million dollars. These benefits are for compensation to dependents of veterans who died in the service or of service connected disabilities, disability pensions, disability compensations, burial awards, and special equipment for automobiles for veterans with service connected disabilities, vocational rehabilitation training for the disabled, their sons, daughters, wives or widows, education readjustment training, veterans insurance and indemnities.

The Department of Veterans' Services composed as it is in two component parts, is operated under Chapter 115 of the General Laws of the Commonwealth as amended by Chapter 584, Acts of 1946, for the purpose of administering Veterans' Benefits and Services. All assistance cases were investigated and payments made in accordance with Chapter 115 of the General Laws, which assures the Town of Norwood a fifty percent (50%) reimbursement from the Commonwealth of Massachusetts. As of December 1984, we have received from the Commonwealth a total of $24,962.01 for the first six months. We anticipate additional reimbursements in the last six months of the fiscal year.

The purpose of the Department of Veterans' Services is to assist veterans and/or their dependents in procuring financial assistance, information and benefits to which they are entitled relative to vocational or other educational opportunities, G. I. Loans, hospitalization, medical care, compensation, pensions, on-the-job and apprenticeship training, insurance, burial allowance, grave markers, photostats and other benefits granted under existing State and Federal laws.

Every request for assistance under existing regulations are invariably granted. Our one aim is to give all veterans and their dependents the best service at all times and to administer the laws and regulations affecting them impartially, efficiently and effectively.

There was complete cooperation with the Veterans' Administration and the various local civic and veterans' organizations that interest themselves in veterans' affairs and exceptional cooperation extended this department throughout the year by the State Department of Veterans' Services.

Grateful acknowledgement is made to the Honorable Board of Selectmen, the General Manager and his staff, the Town Counsel, other Town Departments and any others who have assisted the Director of Veterans Services in the performance of his duties.

Respectfully,
GEORGE THOMAS
Veterans Agent

REPORT OF YOUTH COORDINATOR

Mr. John J. Carroll, General Manager
Municipal Building
Norwood, MA 02062

Dear Sir:

This year, a great deal of media attention has been focused on the problems of adolescents. Documentaries, talk shows and even television movies addressed teen involvement with alcohol and other drugs and suicide. These issues have always been a primary focus for the Norwood Youth Commission.

The primary function of the Youth Coordinator is crisis intervention, counseling and casework with young people and their parents. Some of the most common problems presented are family problems, truancy, drug involvement, court involvement and runaways. The referrals may come from a variety of sources including but not limited to: the Norwood Public Schools, other area schools, the Norwood Police and young people themselves. This office is open to any young person or member of their family who needs help or wishes to be referred to another type of agency or service. All inquiries and counseling sessions are confidential. The media coverage of adolescent problems expressed

through drugs or suicide may raise many questions for both adults and adolescents. Any person may call the Youth Commission Office (listed in this book) and get a prompt, informed and confidential response to your questions.

In addition, this office also offers information and referral for social services, youth advocacy, informative meetings concerning youth, etc. Obviously, it is important to be in touch with as many young people and parents as possible. This is accomplished through contact with the schools in classes, assemblies and through public meetings, civic organizations, etc.

A growing need in Norwood, as well as other surrounding towns has been an Emergency Shelter for adolescents in need of temporary placement. This is often necessary if the home situation is too unstable, volatile or even dangerous. The Shelter can provide housing while parent and child work out a counseling plan with the staff and referring agency. The Emergency Shelter, which is located in Walpole, serves the twelve town area and each child with an average length of stay of thirty to forty-five days.

My thanks to all town departments and agencies for their constant cooperation and support.

Respectfully submitted,
MAUREEN KENNY
Youth Coordinator

In Retirement

CATHERINE V. DEAN

Catherine V. Dean began her employment for the Town of Norwood at the Electric Light Billing Department on July 18, 1967. In June of 1973 she transferred to the office of Town Treasurer and Collector, starting out as clerk and was later promoted to cashier. She served in that capacity until her retirement on July 31, 1984.

Her co-workers and the Town of Norwood express their gratitude for her faithful service and extend their best wishes for good health and a long and happy retirement.

ANNUAL REPORT

OF THE

NORWOOD PUBLIC SCHOOLS

TOWN OF NORWOOD

MASSACHUSETTS

FOR THE 1983-1984 SCHOOL YEAR

NORWOOD SCHOOL COMMITTEE: Seated, left to right: James R. Savage (Superintendent of Schools), Richard W. Kief (Chairman). Standing, left to right: Ralph A. Toran (Assistant Superintendent of Schools), Timothy J. McDonough, Alan M. Uliss, Richard D. Joseph, Margery H. McKenna, Roger M. Pelletier, Mimi Mahegan (Clerk), Joseph M. Pentowski.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

I am pleased to submit the Annual Report of the Norwood Public Schools for the academic year, 1983-1984.

A year ago, I presented to the School Committee a set of Goals and Objectives that would serve the interest of the Norwood Public Schools. The Committee graciously approved these goals and we have worked hard to put them into effect as I hope the following will verify.

During the past academic year, we have added to Central Administration a Director of Computer Services and a new Assistant Superintendent who replaced our most respected, Mr. Napoleone. In addition, Mr. Robert Fox, Principal of the Callahan School, retired and was replaced by Mr. John F. Monahan, former Principal of the Prescott School. We feel that Mr. Louis J. Buscone and Dr. Ralph A. Toran will contribute substantially to the Norwood Schools.

One of the most important goals and objectives for the Superintendent this past year was the recommendation for future student housing. With the assistance of all our administrators, a thorough study was made relative to all the factors pertaining to long-range planning and student housing. The deliberations of the administrators were aided immeasurably by the public forums we held in our schools as well as the two-day conference in Craigville that gave us an opportunity to study and discuss the issue in depth. I feel our recommendation to close Junior High North allows us considerable flexibility for the future as well as minimum disruption to our children. I am pleased, at this time, to acknowledge the substantial contribution to our System by Mr. John Piccirilli, who served as Chairman of our Administrators' Long-Range Planning Committee.

It is important to note that the issue of Long-Range Planning has not been put to rest with the merger of our two junior highs. We must continue our analyzing and study of all pertinent data so prudent decisions can be made in the future.

This past year, we made a presentation to Town Meeting regarding the necessity for our High School Renovation Project. I feel the Superintendent and Mr. John Piccirilli, our High School Principal, have worked hard to make this a viable project that will eventually, we hope, be approved by Town Meeting. However, I would be amiss if I did not mention the untiring efforts and commitment of the citizen members of the Permanent Building Construction Committee. We are fortunate that these volunteers are willing to work thousands of hours analyzing data and alternative plans. We appreciate their skill and ability to make untold numbers of decisions that have to be made in order for this project to become a reality.

We had hoped that we would be able to report that we had developed a scope and sequence chart of skills in reading for grades K through four. However, our Committee only finished up to grade three. It is our intention to continue this work so we will eventually have a scope and sequence chart of reading skills through grade eight.

In addition, our Junior High reading teachers have evaluated our seventh grade reading program. It was then considered opinion that we delay for another year the adoption of a mandated reading program for the eighth grade. With the merger of the Junior Highs and the on-going evaluation of our present seventh grade program, the Superintendent felt this was a noble decision. We strongly feel we will be in a better position next year to determine the status of reading for the eighth grade.

The administrative team of the Senior High this past year was composed of a Principal, a Vice-Principal, and an Administrative Assistant. To date, this approach seems to have been successful and we will continue this administrative structure as long as it appears efficient, productive, and appropriate to the tasks that need to be managed.

Our hopes to initiate a committee to pursue a writing program have been limited considerably. We have completed a two-day workshop for ten teachers, set up by Dr. Toran, which proved very successful. However, we are still on the brink of making substantial progress in this endeavor. I hope this oncoming year we will be able to devote more time to developing a program which will be the forerunner of a total writing package for the Norwood Public Schools.

I am extremely proud to spotlight the Norwood Public Schools' Saturday morning enrichment program entitled "Reaching Out." This program reached out to provide our elementary school children, in grades kindergarten through six, with activities that were designed to give opportunities to investigate areas that were beyond the regular curriculum offerings available in schools. The acceptance of this program by the Community was overwhelming. I am pleased to commend to our citizens, Mrs. Carole Poirier, one of our teachers at the Oldham School, who was able to take an idea and make it bloom into a superior program. Her administrative skill and imagination contributed to the quality and success of this new venture.

The results of our Basic Skills Improvement Program seem to be holding stable over the past few years. It is interesting to note that no grade nine students failed the Listening Test. I know this will be reassuring to parents who are convinced that, at times, their children have a hearing problem when they are asked to do something around the house.

During the past ten years, thousands of teachers have been using TV (and Cable), as a valuable supplement to their instructional techniques and materials. Today, many schools have their students producing their own TV Programs in a variety of curriculum areas. Schools now have their own television studio with several video cameras, special effects equipment and even an editor. The results have been spectacular. Students love the hands-on TV production work. They have produced videotape segments which are used as book and science reports, weekly closed circuit news shows, and special materials for specific units of study.

Obviously, as trustees of the future for our children, we feel it is extremely important that we pursue TV for our students. There is no responsible way we can ignore a media that has such a pronounced effect on all our lives.

Consequently, I am determined to pursue this educational tool for our students with or without support from external sources. Our setbacks are only disappointments and setbacks—they are not defeats. It will take us longer, but we are determined that our schools and children will have the opportunity to use and experience this important and contemporary media. I am pleased to report that Mr. Piccirilli is in full support of our efforts to incorporate TV and Cable into our curriculum offerings.

During this past year, a great deal of progress was made in the field of computer education. A total of 137 teachers took courses after school in our own in-service programs. Course offerings included Logo II, Word-Processing, Basic, Visi-Calc, and Information Services. In addition to teachers taking courses after school, an introduction to Word-Processing was given to the secretaries in the Central Office. There were major changes in our curriculum offerings this year. Our course of study at the High School now includes Advanced Placement Computer Science, Computer Science I and II, and Data Processing. Our Junior High Schools offered a course to ninth graders which included Basic, Logo, and Word-Processing. In our elementary schools, a formal program in Logo was given to all fifth and sixth grade students for the first time.

The Henry O. Peabody School now has enough machines to teach Word-Processing properly. The students are producing many quality reports.

Our Business Department at the High School has taught Word-Processing skills to all Typing III students in anticipation of a formal course in this area in the future. All accounting students were introduced to computerized accounting procedures for the first time. Students in the Data Processing class wrote business programs in the Basic Language and had an introduction to Visi-Calc.

While reviewing computers, it seems a good opportunity to commend Mr. Buscone, Mr. Monahan, and Mr. Smith to you for their efforts and many hours of meetings concerning the adoption of the Town Computer System. Through their knowledge and skill, the Norwood Public Schools will be well-served by the Town-wide Computer Program.

We are enthusiastic and pleased at the progress we have made in computer education. I am pleased to commend to you Mr. Buscone, who has charted our course in computers with a great deal of insight and sensitivity to the human factor that is essential in dealing with the complexity of adding such technology to our curriculum and resources. And most important, we are pleased because our students are extremely enthusiastic about our course offerings and are learning at a pace that constantly amazes us.

As I indicated to you last year, I am very proud of our Special Needs Programs and the services we extend to our students. I am convinced that the high quality of service and sensitivity to our clients is attributed to Mr. Roderick Smith and Mr. Daniel Needham. These two gentlemen are dedicated and committed to our School System and children in need that they serve. They contribute a great deal of credit to our profession and to our School System.

I know we both share the same appreciation and gratitude to our Town Meeting Members who have voted to expend sizeable funds to repair our school roofs. However, I still strongly feel that we need continuous expert monitoring of all our roofs in the future. We will continue our efforts to put this suggestion into operation.

Last May, Mr. Maleiko, our Supervisor of Buildings, Custodians, and Grounds, suffered a heart attack and has been recuperating during this summer. Mr. Arthur Henry has graciously and effectively stepped into the breach and given the support needed at this time. We are fortunate to have such able people on our staff.

Last summer, through the efforts of Mr. Maleiko and our custodians, we made a determined effort to eliminate all our asbestos hazards in the schools. With the help of our custodians and private contractors, we did eliminate all our identified problems and we opened our schools last September free of concern and anxiety. We are now pursuing applications and opportunities for reimbursement through the efforts of Dr. Ralph A. Toran.

Our Staff Development Program for In-Service has had two very successful years. I attribute the high quality of our programs to the excellent leadership of Mr. Daniel Needham and his committee of teachers. It should be noted here that there has been an in-depth evaluation of our format and there is a possibility that we will be concentrating on a more narrow spectrum of curriculum issues than we have in the past.

In my report last year, I indicated to you that much has to be done to develop a continuous, sequential curriculum in Physical Education and Health for grades K through 12. During this past year, we have had monthly meetings that involved our secondary Physical Education and Health department heads and Mr. David McKenna represented the elementary schools. We feel this background of dialogue will furnish the foundation for the development of a K through 12 curriculum for Physical Education and Health. Within the same curriculum area, we have simultaneously worked closely with the Norwood Hospital Comprehensive Alcoholism Program (NORCAP), in attempting to develop a regional consortium. The purpose of this consortium is to collaborate in the development of an Alcoholism Education Program which will be implemented in all our classrooms. We will compliment this effort with a drug abuse prevention program that will enable us to offer an all encompassing curriculum.

Public relations is an exchange of information and ideas between the schools and the public. Consequently, we have worked hard to inform the public in order to maintain a harmonious and cooperative relationship. We have accomplished this by increasing the number of newsletters to parents from our schools as well as establishing a Parents' Advisory Council to meet with the Superintendent. In addition, we have made an effort to increase the number of newspaper releases explaining and advertising our school activities. To reinforce these efforts, we have also attempted to establish "partnerships" with three major companies in our geographical area. We feel these latter efforts will prove most beneficial to our schools in the long run.

Since we are committed to establishing a format that will enhance the public schools' image, we are in the process of developing a program for Cable. It is our hope to have a weekly program highlighting our school activities and programs on the public access channel. Mr. George Usevich, our High School Adminstrative Assistant, is volunteering to initiate this new venture.

The academic year of 1983-84 certainly has had its share of educational reports and studies. However, the one that has monopolized our attention this year has been H-5000 which has been amended to H-5407. I personally wish to commend our School Committee for exhibiting considerable courage and wisdom by not supporting this legislation. It is understandable that no one wishes to impede or block educational reform. However, one still has to keep in view the essential perequisites of what public education should be in a democratic society. It is unthinkable that we should remove from local control the one last institution that still remains close to the citizens of a community. I commend you for not being distracted by the lure of many "goodies" that educationally are very attractive. I believe we are in agreement that the shotgun approach to resolving educational problems has never accomplished very much—rather, that approach usually creates more problems than it solves. My expectations on this legislation are that your wisdom will prevail. I believe that another bill will surface that, I hope, will focus on a more reasonable number of issues and be within the context of appropriate funding.

Our Gifted and Talented Committee held eight meetings this past year with fifteen professinals. They examined many existing programs in the area, as well as visiting schools that had Gifted and Talented Programs. At the moment, they are seriously considering a program similar to the Catalyst Program in Sudbury. This type of program is attractive to our staff members because it is not elitest in scope and it gives participants time to attend seminars and work on projects during school time. I feel we have a core of teachers who are most willing to develop a K through 12 program. What remains to be done is to make a commitment on the part of our Adminstrators and our School Committee to follow up the efforts of this Committee with staff and money. This year, in our Budget deliberations, we must provide these necessary elements if we really want a Gifted and Talented Program that is worthy of our Community and Schools.

I am pleased to again indicate that we are blessed with quality of our teachers and administrators. We have teachers and administrators who are dedicated to serving children with all their energy and commitment. And so, I must confess, it has been extremely stressful and disturbing to us to have to reduce our professional staff by over 18 teachers. There are no words that make this a comforting situation for anyone involved in the process. It is most difficult to accept the fact that we have lost teachers who are irreplaceable. Their loss is a profound loss for all of us.

Sometimes it is difficult for non-participants to evaluate the quality of leadership of top executives. Distance often creates shadows and illusions that make management actions and decisions difficult to

interpret. And so, I am pleased to commend to you Mr. Cammarata, Mr. Poce, Miss Ciccarelli, and Mr. McKenna, for the superb quality of their leadership in merging our two Junior High Schools. I must bring to your attention the superior quality of their preparation, their planning, and their execution of strategies to move materials, books, and furniture from one school to another. I believe these administrators have accomplished a most difficult task—making our new Junior High ready for students this September. I also want to bring to your attention that such a feat cannot be accomplished without help, sacrifice, and dedication of our teachers. Without their contribution, nothing would have been possible.

In conclusion I admit this past year has been a busy one with many major issues. Most school systems are content with one issue at a time. In Norwood, however, we have had our share with High School Renovations Project: our search for an Assistant Superintendent, Computer Director, a Hockey Coach and a Principal: the development of eight contracts: the merger of two schools: and the recommendation for school housing just to name a few. In review, I am pleased and proud of our decisions and accomplishments. However, I earnestly hope that this coming year will be able to turn our attention from extraneous issues and be able to focus on curriculum needs.

I would remiss in closing this report without emphasizing the fact that the heartbeat of our School System is what goes on in the classroom between a teacher and a child day in and day out. Our teachers give of themselves to our children every day. This is 100 percent of what is important in a good school system. It is my overriding goal to support the day-to-day efforts of our teachers as they nourish, encourage, and motivate the children they serve.

Therefore, I end this report with my thanks and appreciation to our administrators and teachers for the outstanding contributions they have made to the children of Norwood this past year.

Respectfully submitted,

JAMES R. SAVAGE
Superintendent of Schools

In Retirement

UMBERTO V. C. NAPOLEONE

Assistant Superintendent of Schools
September 1, 1968 - April 30, 1984

He began his successful teaching career in Norwood as an elementary teacher after four years in Kingston. Soon he was appointed Head Teacher and then Principal of the Prescott School. He later became Special Needs Administrator and in 1968 he was appointed Assistant Superintendent for Elementary Schools. During this time, he was instrumental in procuring a Title I grant (ASPIRE) for the Norwood Public Schools. In 1980, he received the appointment of Assistant Superintendent for all of the schools and his tremendous knowledge of the schools and town has benefited the people of Norwood.

Mr. Napoleone has earned the respect and admiration of everyone with his dedication to the ideals of an excellent education for all children. As director of curriculum, many new innovative programs have been introduced into the schools. Besides a revitalization of basic skills in reading, language, and math, new curriculum offerings in Computer Science are now available to students in every level in Norwood.

"Al" and his wife, Dorothy, are the proud parents of five lovely daughters who will help make his retirement years most enjoyable.

We wish him health, happiness, and a long, fulfilling life.

We miss you, Al!!

ANNUAL REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

I am pleased to submit this annual report—my first. Succeeding Mr. Umberto Napoleone, who served as an outstanding Teacher, Principal, and Assistant Superintendent for over thirty-two years shall be both a challenge and an honor.

The office of the Assistant Superintendent serves as the focus of responsibilty for personnel, curriculum, and instruction.

Personnel

During the past year, the School Department has successfully bargained with eight unions regarding hours, wages, and other conditions of employment. Work related to the negotiation process accounts for a majority of the activities in the Assistant Superintendent's office.

A second major responsibility in the personnel area has been seeking replacements for Mr. Robert Fox, Callahan School Principal from 1974-1984 who retired in August, and for Mr. John Monahan, Business Manager from 1980-1984. Mr. Monahan had previously served the Norwood community as a Teacher (1963-1971) and Principal (1971-1980). We now serve to benefit from his again assuming the role of principal (Callahan School) to which his outstanding leadership ability and qualities as a person are so well suited.

Enrollment

The past year has seen the closing of yet of another school, Norwood Junior High North, as the number of school age children continued to decline. Figures on systemwide pupil enrollment and staffing for 1984 and prior years are outlined on the following pages.

Curriculum and Instruction

The School Committee has approved:

A. A Health Curriculum for grades 10, 11, 12 at the Senior High School. This course will be compulsory for all students and will meet once per week. Presently, Health is available twice per week only for tenth graders. This Health program will articulate with a K-9 program which will be developed later this year.

B. A Spanish Conversation course for those students who will be taking a general course of study at Norwood High School. In the past, these students have not taken a foreign language.

C. The present Youth and Law course (semester) has been modified and renamed, American Law. The New American course has been extended to a full year course and the History of Minorities course (semester) was dropped from the high school program of studies.

D. An Introductory Typewriting Course (full year) for Special Needs students and a Word Processing Course (semester) for students who have completed a course of typewriting. The Fundamentals of Selling course was dropped from the course of study and Personal Typing was re-titled, Keyboarding, modified slighty in content.

F. A Computer Fundementals course in the High School Course of Study. This is a course that will cover all uses of the micro-computer as a tool. Additional Computer Education courses have also been added to the curriculum of the elementary and junior high schools.

Summary Comments

Hopefully, the closing of Norwood Junior High North and the accompanying consolidation of staff marks the end of a relatively long era of volatilily and instability as regards school districts, staffing, etc. Current elementary enrollments portend an era of likely stability and therein lies the key to developing ever stronger programs and opportunities for the children of Norwood. The professional teachers of Norwood, in concert with others in the school system and cummunity, look forward to these challenges and opportunities for continued quality service.

Sincerely,

RALPH A. TORAN
Assistant Superintendent

In Retirement

CHARLES P. DALY

1971 - 1984

In 1971 Charles Daly was appointed Junior Building Custodian for the Norwood Public Schools and assigned to the Senior High School. After six years at the High School he bid for a custodial position at the Balch School. It was at this school that Charlie attended as a child when he first came to Norwood. He was a friend to all, teacher, fellow worker and especially the children. All his duties were performed well and his willingness to help others made him loved by everyone.

The Norwood School Committee, Central Administration and staff extend their sincere best wishes to Charlie for much happiness and good health to enjoy a long, well deserved retirement.

ANNE L. SULLIVAN

1962 - 1983

Anne M. Sullivan worked with the Cafeteria Staff at Norwood High School from February 1962 until her appointment as Secretary to the Principal at the Balch School on October 1, 1963. Mrs. Sullivan was appointed Secretary to the Director of the Henry O. Peabody School on April 1, 1966. Her quiet, affable manner endeared her to faculty and students alike. Mrs. Sullivan's dedication and loyalty are commendable.

Anne retired from the service of the Norwood Public Schools as of January 1, 1984. The Norwood School Committee, Superintendent of Schools and Central Administration extend their best wishes for years of happiness to Anne in her retirement.

REPORT OF THE PRINCIPAL OF NORWOOD HIGH SCHOOL

It is a pleasure to submit my annual report of the Norwood Senior High School for school year 1983-1984.

In November, the Town Meeting approved a sum of 275 thousand dollars to be used by the Permanent Building Committee for architectural and engineering plans for the High School renovation as specified by the School Committee. The architectural firm of Korslund, LeNormand and Quann, Incorporated was awarded the contract by the Permanent Building Committee for construction plans, costs and renovation timetable to be completed by early fall of 1984. Much time and effort on the part of members of the School Committee, Permanent Building Committee and School Department have been expended in developing this project.

A Five-Year Progress Report was completed and forwarded to the New England Association of Schools and Colleges which indicated the status of each recommendation by the Visiting Committee of November 4-7, 1979. Every response was categorized by one of the following:

1. COMPLETED. Progress has been made to implement fully or exceed the action specified in the recommendation.

2. IN PROGRESS. Steps have been taken to carry out the recommendation, but it is not yet fully in operation; it is partially completed with more still to be done.

3. PLANNED FOR THE FUTURE. Although these items have not gone beyond the planning stage, it is expected they will be carried out as soon as conditions warrant.

4. REJECTED. These items may be unacceptable, impractical or invalid.

5. NO ACTION. Items on which nothing has been accomplished or planned, but which are valid recommendations.

FIVE-YEAR SUMMARY REPORT DATA

Category	Number of Recommendation	Percentage
Completed (1)	143	63
In Progress (2)	32	14
Planned for the Future (3)	7	3
Rejected (4)	42	18
No Action (5)	5	2
TOTAL	229	100

The October enrollment for this school year and projected enrollment for next year are as follows:

	October 1983	October 1984
Grade 10	360	339
Grade 11	363	336
Grade 12	372	329
TOTAL	1095	1004

The average school attendance for school year 1983-1984 was 90.34%. During this past year, 58 new students were enrolled, 30 students transferred to other high schools and 22 withdrew from school.

A reorganization of the High School Administrative staff occurred during the year. The resulting effect is a principal, a vice-principal and an administrative assistant. Advisorships for each class were instituted.

CURRICULUM NOTES

Guidance

The guidance couselors at the high school have indicated that eighty-one percent of the class of 1984 has indicated definite plans to continue their education after graduation. The following is a profile of the educational plans of the class of 1984.

2 year public college	10%
4 year public college	24%
2 year private college	8%
4 year private college	33%
4 year nursing program	3%
Other R.N. programs	1%
Other post-secondary programs	2%
Military	1%
Work	16%
Other	2%

Through the career exploration process students in the class of 1984 indicated the following occupational intentions:

Agribusiness & Natural Resources	1%
Business & Office	34%
Communications & Media	4%
Construction	1%
Consumer & Homemaking	2%
Health	12%
Fine Arts & Humanities	13%
Hospitality & Recreation	1%
Manufacturing	10%
Marketing & Distribution	2%
Personal Services	7%
Public Service	10%
Transportation	1%
Unknown	2%

The Norwood High School Guidance Department was awarded a grant from the Massachusetts Division of Occupational Education to implement a program of career awareness among seniors seeking full-time employment after graduation. Follow-up studies have indicated that approximately twenty percent (20%) of each graduating class falls into this category.

The program was designed to increase student's awareness of occupational clusters compatible with their skill training and individual potential. Students enrolled in home economics, business, industrial arts,

and general mathematics courses participated on a variety of field trips and visited diverse business and industries. In March, two job seeking skills seminars presented by an employment consultant addressed interviewing skills, completing employment applications, preparing resumes, and conducting a job search. In May, the Guidance Department completed the third phase of the program by hosting a successful job bank. The thirty-eight students were scheduled for at east three individual interviews with the seventeen prospective employers who participated. Thirty-four students received follow-up interviews; many of whom have been subsequently hired for full-time positions.

The Guidance Department hosted a variety of evening meetings for distribution of information to parents. In September grade 12 parents were provided with a review of good post high school planning. Early in October a regionally planned higher education program was held with over two hundred fifty college admission representatives available to talk with interested students and parents. In mid January specialists in the field of Financial Aid reviewed financing of higher education for interested parents and students. The high school program and curriculum were reviewed for grade nine parents in a meeting held at the high school in February. In the month of March two evening meetings were held at which testing results and scheduling opportunities were outlined for grade ten parents and preliminary and appropriate good post-high school planning was delineated for parents of grade eleven students. A second regionally planned higher education program was provided for parents and interested students in April. Over two hundred college and university admission's representatives responded to the needs of parents.

Over one hundred thirty junior students were taken on a field trip by the counselors to the Boston Area National College Fair in Woburn, Massachusetts. Over three hundred college and university admission representatives were available to talk with students in regard to career planning, financial aid and college programs.

English

The Department, constantly aware of the importance of basic skills, utilized several Curriculum Days to review our Curriculum Guide. Special note was made of skills needed for SAT and Achievement tests. It was determined that most skills were clearly outlined in the Guide. Addenda will be made as work continues on this project.

The Department revised the fall Sophomore Diagnostic Test and will work on revisions of the spring test next year. These tests are designed to provide teachers and students with information regarding weak areas which need re-inforcement. The spring test indicates the improvement made. Final examinations were also reviewed and up-dated. A uniform style for research papers was adopted.

Two changes in the SAT Review course have provided greater opportunity for students. The course is now a full year and is open to all students: sophomore, junior, and senior. The Drama Workshop class gained much experience and provided entertainment for both elementary

and high school students. The class presented a group of choral readings to the first and second grades at three elementary schools. At the high school the class presented a one-act play.

Two awards for Excellence in English Composition and two awards for Achievement in Reading were presented at the Final Awards Assembly. Students in various sophomore English classes wrote commercials for Channel 7's Hometown Commercial Contest. A sophomore student was one of the station's winners. His commercial will be seen on TV some time this summer or early fall.

During the year several teachers took advantage of the word Processing course sponsored by the School Department. These teachers have been able to use the word processors in many of their class preparations.

Language

The Foreign Language Department reached outward and upward, either to sponsor or to participate in a wide variety of events and activities.

This past summer, Mr. Gilbert Dehler traveled to Trier, West Germany, one of the major roman headquarters near the Rhine frontier. Mr. Dehler prepared a slide presentation of the ruins for his classes, inviting the students to relive with him, a unique historical period.

During the pre-christmas holidays, the German IV and French V classes with their teachers, Ms. Beth Wheatley and Mrs. Delores L. Staton, held a pre-christmas celebration of foreign foods. We were pleased to have several parents in attendance.

In March, french students participated in the National French Examination, sponsored by the American Association of Teachers of French (AATF). All students were given certificates of merit. Twenty-one Norwood High students competed in the National Spanish Examination, sponsored by the American Association of Teachers of Spanish and Portuguese (AATSP).

The most prestigious event of this school year was "A Cultural Club of Experiences." This event continued for three days. It was a time of cooperation between departments, staff members and students. Events included: foreign announcements, foreign conversation, foreign music, foreign dress, and foreign foods. It was the first time such an event had been tried; and the response was overwhelmingly favorable. Many staff and students recognized the cultural insights to be gained; but most importantly, the boost in staff morale was immeasurable.

Science

Curriculum days this year were used to review our curriculum, final examination and achievement test results, and new textbooks for next year. College Board descriptions of courses in biology, chemistry, and physics were reviewed. It was found that our curriculum in these areas is in agreement with the topics proposed by the Board. A new textbook for physics was reviewed and a proposal for its adoption next year was made. The biology and physics final exams were amended and test results will be reviewed next year.

Certificates of academic excellence and merit were awarded for the first time this year to sophomores and juniors. The requisites for these awards will be studied and amended next year.

Mathematics

The Department's association with Raytheon Data Systems "Project Access" continued. Eighty students were taught a computer course using Raytheon donated equipment, service and training. One hundred and thirty-three students enrolled in the new computer science course featuring the Pascal language. Through state grant money five more computer terminals were purchased to complement the present computer hardware. Some students in these computer courses visited the data processing operations of a professional football team at Sullivan Stadium.

Achievement awards were granted to the following: Brian Hansberry, a senior, was high scorer in the annual actuary exam among the more than sixty students at our high school that competed. Cristal Metta, a junior, was the Renssalaer Medal award winner, the student with the highest combined average in accelerated pre-calculus and accelerated physics. Anjum Agarwala was chosen outstanding sophomore of the year in math and Cristal Metta was chosen outstanding junior of the year in mathematics.

Social Studies

Members of the accelerated United States History course attended the Bird Incorporated annual stockholders' meeting. Students had the opportunity to gain an awareness of Bird's long history of the Norwood and Walpole communities, knowledge of Bird's business, the basic structure of the operation and purpose of a corporation, and the understanding and purpose of a corporate annual meeting.

Students in the United States History classes competed for two awards. The competition consisted of a written test and an oral exam before a panel of history teachers. The American Legion United States History Medal was won by junior, Brendan Kelliher and the American History award by junior, Michael Phillips. A sophomore History Achievement Award was established and won by David Narkevicius.

In April nineteen students were elected during Student Town Government election day and twelve students were selected for appointive office. These students participated in the annual Student Town Government Day.

During the year guest speakers came to social studies classes and made presentations: Detective Dominic Fruci of the Norwood Police Department made a presentation on the rights of the accused; Mr. Andrew Ciarletta and Mr. George Fahey of the School Department discussed child abuse and the concern for reporting suspected cases; Mrs. Jennifer DeMola of Burdette College spoke on verbal and non-verbal communication skills, and Mr. Ed Berger of the Boston Five Cents Savings Bank spoke on the subject of understanding today's economic trends.

Students attended an International Forum sponsored by The Education Cooperative at Wellesley College. Professor Craig Murphy of the Political Science Department spoke to students on attitude and conduct of the United States toward other countries. Foreign exchange students had reactions to this presentation and small group discussions followed. Various classes visited Lexington and Concord, Museum of National Heritage and Miller's court. Students in the Youth and the Law course visited the Dedham Courthouse to view a case involving an individual operating a vehicle while under the influence of alcohol.

Business

Through school and federal funding sources, electronic typewriters and instructional materials were purchased during the current school year. The funds made it possible to improve the business curricula by providing students opportunities to gain knowledge and to develop skills on electronic equipment which is utilized in business offices today. Students who were enrolled in the Typewriting 1, 2, and 3 and Office Practice 1 and 2 courses had opportunities to operate these typewriters.

In October, Mr. Robert Weber, along with Distributive Education students, John Corcoran, Nancy Currie, Beverly DiFlaminies, Kathleen Lebel, Christine Pavia, and James Swansey, attended the DECA Fall State Leadership Conference for the DECA District IV Area which was held at the Sheraton in Mansfield. The purpose of the conference was to prepare student officers for the DECA regional and state activities which were held during the school year.

Students who were enrolled in the Distributive Education program attended the DECA IV Career Conference which was held at Lantana's in Randolph. Accompanying the students were their teacher-coordinators, Mr. John Sullivan and Mr. Robert Weber. Mr. George Usevich, Administrative Assistant, was the Master of Ceremonies for the awards banquet and the presentation of trophies.

Ten students were awarded trophies for written events: First Place—Christine Knight (Creative Marketing), James Connolly (Finance and Credit), Mark DeFlaminis (Food Marketing), William Tarbokus (General Merchandise), Peter Wall (Apparel and Accessories), and James Swansey (Entrepreneurship); Second Place—Michael Walsh (Entrepreneurship), Thomas Thompson (General Merchandise), and Nancy Currie (Apparel and Accessories); and Third Place—Thomas Dooley (Restaurant Services).

Six students were awarded trophies for competency-based series events: First Place—Beth Hutchings (General Merchandising) and Michael Walsh (General Marketing); Second Place—John Corcoran (Food Marketing); and Third Place—James Connolly (Finance and Credit), Thomas Dooley (Restaurant Services), and James Swansey (Service Station Operations).

Claudine Boudreau was awarded a scholarship to attend the Katherine Gibbs School in Boston. Miss Boudreau was enrolled in both a college preparatory program as well as a business program.

During the school year, the staff prepared electronic work processing and accounting instructional materials; gained experience utilizing the electronic typewriters; and reviewed and revised curricula guidelines and work experience program materials.

The Business Advisory Committee which consists of members of the business department staff and business and industry representatives from the community meet periodically during the year.

The business curriculum was discussed as well as present and future federal grants.

The work experience agreement was reviewed, and recommendations by the representatives were suggested to make both the work experience programs and agreement more effective. Staff members, Miss Hanks, Miss Musiak, Mrs. Resker and Mrs. Thomas made presentations and demonstrations of instruction units on the computer systems.

Two electronic word processing in-service workshops for the Norwood Public Schools professional staff were conducted by Miss Hanks. Four of the business staff (Mrs. Resker, Mrs. Thomas, Mrs. Tolan and Mr. Weber) were workshop participants.

Art

The art department continues to be an area of learning, excitement and activity at the high school. The variety and quality of projects is constantly increasing. As a result, students received many honors this year. For the first time, a junior artist, John Grover, received two first place honors in the National Scholastic Art Competition and his work was on display in Washington, D.C. In addition, a senior, Judith Kaseta, was a semifinalist in the Boston Ballet Costume Design Contest and received not only a tour of the Boston Ballet costume department, but was also honored at an awards ceremony at the ballet. Sophomore, Dawn Piso, was also honored at the awards assembly in May as the recipient of the Art Achievement Award.

Much praise was given to art work which was displayed throughout the year at various functions and exhibits which include: exhibits in the school committee room, a rotating display in the display case in the lobby of the high school, the Kline's End-of-the-Year Display, the Music Concert Exhibits, and the Youth Art Month Exhibits throughout the school.

In January, the Art Honor Society inducted six new members at a ceremony in the high school auditorium with the National Honor Society. Then, in April, New York City was the destination of a field trip for the members, where they viewed exhibits at the Metropolitan Museum of Art and Guggenheim Museum for the day. Also, a banquet honoring the two societies was held in May at the Peabody School.

Students in the art classes participated in additional field trips to Boston, saw a variety of art films, and joined in discussions with art school representatives who came to the department throughout the year to speak about professional art schools as well as careers in the field.

Service activities for the school and town in which art students and faculty participated this year include: posters for the Day House, Senior Variety Show and Gong Show posters, signs for the Booster's Club, Art work for the Norwood Chapter of Retired Citizens, posters for the Woman's Community Committee, illustrations for the county Retarded Citizens Association, holiday designs painted on store windows, and the making of the school mascot.

Inter-departmental cooperation occurred with art lectures to history and foreign language classes, as well as posters made for foreign language week.

An increased interest in film and video led to the completion of a number of film projects by members of the advanced placement class. A mixed media presentation was given in the auditorium and was well received by students and faculty who attended.

Several art history units were completed by the faculty this year and will be incorporated into the curriculum for next year's major classes. In addition, there has been a noticeable increase in enrollment for next year and an additional part-time member of the staff will be needed.

Physical Education

Ms. Christine Focht's Alcohol Awareness Committee was very active this year performing two assembly programs for elementary school children. Student members of the committee became actively involved in a peer training program conducted by NORCAP. These students will work closely with NORCAP in the months ahead on alcohol counseling.

There were four special programs conducted for the student body. Mr. Edward Kelly, a former Boston police officer and a current law student, spoke to students about the legal avenues that are pursued when one is arrested for driving under the influence of alcohol.

All students viewed a video performance of the "Chemical People" which was a nationally broadcast program hosted by Nancy Reagan. The social problem of chemical abuse were presented to students in this media production.

The Massachusetts Safety Council tested all sophomores about knowledge of drinking and driving. The test was followed up by elective and film presentation showing the lack of physical control displayed by drivers who were brought to the legal limit of alcohol consumption in a controlled experiment.

Officers William Brooks and Raymond McCue of the Norwood Police Department spent two days at Norwood High School. Their presentation centered around the philosophy of the police in trying to prevent drunk driving accidents. They showed how co-ordinated movements are affected by drugs and alcohol.

Physical fitness testing is conducted in all classes twice per year. Norwood students performed well in the areas of speed and abdominal strength. Student efforts are compared to national averages compiled by the American Alliance of Health and Physical Education.

Industrial Arts

The Department has improved the shop area to create a more efficient and pleasant place to learn. The stationary machines in the wood shop were painted, the mechanical drawing tables were resurfaced, the welding booth in the metal shop was rebuilt and layout tool racks were designed and built in the graphic arts shop.

Safety has been and will continue to be an on going concern. Members of the staff have evaluated the noise levels of most machines and met with an outside professional safety consultant and have been practicing noise level control measures. Eye and finger protection measures have also received additional attention with the aid of vivid posters, class lessons and printed "hand-outs" stressing cause and effect situations.

Our electrical program still remains in a period of transition. Staff changes and inexperience over the last few years have prevented us from up-dating this important area. Next year we expect this situation to change, based on new staffing with an experienced background.

Library

The high school library established four main goals for the 1983-1984 school year and implemented certain strategies to attain those ends. To effect a greater response to the curricula requirements, consensus on the forms of researching and writing a research paper was explored with other departments.

Increased communication with library personnel in the Norwood system was achieved with regular bi-monthly meetings. The planning for the integration of the junior high libraries at Junior High South was attained with the advice and cooperation of all the library staff.

Planning for the proposed high school library modernization and renovation engaged the active participation of the librarian. Interaction with media personnel outside the Norwood public schools was realized with TEC and other professional association meetings.

Special Education

There were 107 students who received services under Chapter 766 during the year. There were 30 new evaluations and 70 annual reviews.

Services provided were learning center academic work for 68 students, speech and language-18 students, adjustment counselling-50 students, resource room-10, and adaptive physical education-11 students. There was also a psychologist who was at the High School half-time.

There was a work program sponsored by the TEC Collaborative. Six students participated. There were eight students who attended alternative schools during the year. Three of these earned Norwood High School diplomas.

National Merit Scholarship

David I. Grasfield received Finalist standing in the National Merit Scholarship competition. He achieved academic recognition in being selected to that esoteric group which represents less than half of one percent of American High School seniors.

Theresa M. Anastasia, Daniel F. Donovan, Cynthia Heffelfinger, Charles P. Venditti, and Alan W. Weiner received letters of recommendation. These five students are members of a group which represents less than two percent of the total graduating seniors in our country.

Chancellor's Academic Talent Award Competition

Lisa Allen was selected a winner in the 1985 Chancellor's Academic Talent Award Competition conducted in April of this past school year at the Amherst campus of the University of Massachusetts. She was offered a merit scholarship with a four-year waiver of tuition if she enrolled at the University of Massachusetts at Amherst for school year 1985-1986.

National Honor Society

Our High School chapter of the National Honor Society inducted eight (8) seniors and twenty (20) juniors during the school year. To be eligible a student must demonstrate the qualities of character, leadership, service and scholarship and achieve an eighty-five (85) percent average each term as well as gained Honor Roll status for five consecutive terms, two of which shall be first honors or above.

Installed as officers for the academic year were Denise MacDonald, President; Cathleen O'Donnell, Vice-President; Lisa Cotellesso, Treasurer; and Diane Carchedi, Secretary.

The inductees were: Class of 1984: Susan Barry, Eileen Barton, Lori Coffey, Laura Killarney, Julia Lydon, Lisa Malacinski, Paul Picard and Lisa Winer. Class of 1985: Lisa Allen, Elizabeth Armour, Christopher Barton, Diane Brusco, Lisa D'Ambrosio, Paul DiMartino, Lisa Domal, Christine Farrell, John Ferrari, Jill Kelly, Allison Mahar, Cristal Metta, Julie Meunier, Laura Panzetta, Michael Phillips, John Ryan, Kristine Santosusso, Irene Skricki and Lawrence Weiner.

Certificates of membership were presented to Art Honor Society inductees: Cynthia Carter, Jennifer Hopcroft, Daniel Kaseta, Nicole Narekian, Ann Pink, and Kristin Pomer.

Honors Banquet

The High School Parent Teachers' Association sponsors the annual Honors Banquet. At this dinner recognition is given to those students who during the year have distinguished themselves by earning excellence in scholastic achievement.

The following students were honored: Seniors: Stephanie Golub, Charles Venditti, David Grasfield, Cynthia Heffelfinger, Albert Medwar, Brian Hansberry, Paul Lang, Lisa Cotellesso, Cathleen O'Donnell, Tay Ho, Jane McCarthy, Alan Weiner, Mary Ellen Chambers, David Raymond, Paul Andreotti, John Bretti, Eileen Barton, Barbara Clarke, Lori Coffey, Christine Bonasoro, Vanessa Corliss,

Pamela Topping, Lis Arpino, Paul Picard, Mark Solomon, Laura Kilarney, Camden Hayman, Joseph Cappuccio, Theresa Anastasia, John Lodge, Manoj Agarwala, Gary Solomon; Juniors: Cristal Metta, Lisa D'Ambrosio, Diano Brusco, Lisa Allen, Irene Skricki, Jill Kelly, Lisa Domal, Michael Phillips, Daniel Bryant, Julie Meunier, John Ryan, Christine Farrell, Michael Clarke, Carol Moynihan, Laura Panzetta; Sophomore: Christine Venditti, Kenneth Hansberry, Daniel Kaseta, Steven Weiner and Christopher Pluhar.

Graduation Awards

Lane Medal recipients and those seniors who received special awards at graduation follow: Lane medals: Tay Ho, Stephanie Golub, John Bretti, Cynthia L. Heffelfinger, Charles Venditti, Albert Medwar, David Grasfield, Catherine Condon, Brian Hansberry, Paul Andreotti, Paul A. Lang, Vanessa Corliss, Lisa Arpino, Lori Coffey, David Raymond, Cathleen O'Donnell, Lisa Cotellesso, Diane A. Bonasoro, Alan Weiner, Jane McCarthy, Karen Barker, Julia E. Lydon, Barbara E. Clarke, Mary Beth Carmitros, Mary Ellen Chambers, Eileen Barton, Susan Barry, Stacey Sweeney, Eileen M. Wynne, Kevin Whitney, Kim Parsons, John Goode, Joseph Benson, James Piazza, Kenneth Giusti, Mark Solomon, John Foley, Susan Brady, Lisa Winer, Laura Killarney, Maureen Naughton, Catherine Costello, David Jackson, Leanne Bunker, Brenda Musto, Long Huynh, Kenneth Towne, Denise A. Spicer, Tina G. Fraone, Michelle Davis, Denise MacDonald, Theresa M. Anastasia, Michelle A. McSweeney, Gary Solomon, Christine M. Cotter, Judith Kaseta, Pamela Topping, Debora Morin, Maureen Connolly, Joanee Foley, James F. Kief, Matthew Lyons, Calie Goonan, Lisa Malacinski, Paul Picard, Michelle Gallant, John P. Lodge, Leslie Burton, Manoh Agarwala, John C. O'Toole, Christos Glaropoulos, Joseph Cappuccio, Jannette DeVlaminck, Carolyn Flaherty, Nancy Costa, Patricia Jones, Ann Pink, Susan Connell, Carol Kelly, Anne Dineen, Jill O'Connell, Kathleen McCluskey, Danile J. Harkins.

Special Awards

REPORT OF THE DIRECTOR OF THE HENRY O. PEABODY SCHOOL

The Director of the Henry O. Peabody School is pleased to announce several major accomplishments this year. First, the school's vocational progress received a very positive evaluation after a visitation by the State Department of Education in November. Second, the Federal Department of Education approved the school's application for participation in the Pell Grant Program. Third, a major legislative bill was written with the assistance of many people: Mr. Richard Kief, Mrs. Margery McKenna, Representative Gregory Sullivan, Associate Commissioner of Education David Cronin and members of his staff, and several members of the executive board of the Massachusetts Association of Vocational Administrators, addressing post-secondary tuition and student responsibilities with less financial responsibility by communities. Mr. Maher was appointed a member of the State Advisory "Commonwealth In-Service Institute."

The school was pleased to receive the $107,000.00 contribution from the Henry O. Peabody School Trust Fund. The trustees are to be commended for their voluntary efforts on behalf of the school and the Town of Norwood.

Cosmetology Program

The Cosmetology Program continues to receive the most applications each year, as alumnae in the field refer prospective students to the school, and hire the graduates. A full program of academics as well as lab coursework is offered to prepare students for the Massachusetts Board of Hairdressing examination, which is given at the Henry O. Peabody School as a convenience to the graduates. The Cosmetology Science classes were visited by James McGrath, Drug Policy Analyst from the Commonwealth of Massachusetts Department of Public Health, Division of Food and Drug, who lectured and answered numerous questions on the safety of cosmetic products and procedures for product testing.

This year a field trip was taken to Shakour's Beauty Supply House in Worcester where students observed hair coloring and permanent wave demonstrations, and were introduced to additional beauty supplies. In Pawtucket, Rhode Island, students attended a haircutting and style show presented by BiRite Beauty Supply House, and in Boston, Mrs. Savina Brewster of the Hubert Humphrey School demonstrated thermal waving and chemical hair relaxing on Black and Hispanic hair.

A hairstyling contest on mannequin's was judged by local salon owners. Carmen Accolla, of Norwood, assisted by his two alumnae daughters, demonstrated current trends in haircutting and related areas. Michael Fitzhenry of John Dellaria's of Norwood was assisted by Karen Farrazzo and Diane Porthier, in his demonstration of the latest haircutting and styling techniques. Foil coloring and hair styling were demonstrated by Kenneth Tracey of Frank's Hairstyling in Walpole. Cosmetic Consultant and Instructor, John Eagen, of the Cambridge

Center for Adult Education demonstrated techniques for accentuating facial features through proper use of cosmetics.

An extremely high placement rate continues with many students having a number of choices.

Culinary Arts Program

The Culinary Arts' Department, consisting of Quantity Foods' Preparation, Dining Room Operations, and Commercial Baking, continues to send skilled graduates into the Food Services Field. The placement office is unable to meet the demand for part-time and full-time culinary students. Each year a number of experienced applicants, some who are owners of catering or decorative cake businesses, enter the Henry O. Peabody program for additional training, often referred by alumni in the field. The Culinary Institute of American and Cape Cod Community College Hotel and Restaurant Program are the schools of continuing education where five graduates of the classes of '83 and '84 will matriculate in September 1984. Most of the graduates choose to enter the force in their chosen field on a full-time basis.

To graduate well-rounded students, related coursework, in addition to lab procedures, is required. The reading of literature, presentation of relevant oral reports, and study of proper grammar and punctuation are all part of the required English coursework. Mrs. Brown also includes a unit on job interviewing and the writing of a resume.

Students throughout the year worked on problem solving skills and reinforcement of basic mathematical skills related to their industry. Special attention was given to financial and decision-making materials which provided the students with challenging concepts. A careful look at proprietorship and mathematical tools necessary for success, provide stimulus for classroom assignments. Other unique topics included investment, tax preparation, retail management, inventory and recipe conversion. Culinary Arts' undergraduates visited the J.F.K. Library and Quincy Market on a Social Studied field trip with Mr. Riley.

In Nutrition Class, Father William Scanlon, of Pilgrim Center in Braintree, gave a lecture and personal slide presentation of India which gave our students a first-hand view of the life in a country where politics, economics and population explosion interplay, affecting the nutritional status of many. Culinary students also developed nutritional awareness cards to coordinate with items served on the cafeteria menu.

The Dining Room Management students assumed responsibility for planning and preparing special theme luncheons throughout the year. The school restaurant, Henry O's, featured ethnic meals from such countries as Mexico, Italy, China, and the Scandinavian countries. The entire Culinary Arts' Department participated in a full schedule of on and off premises catering, including weekly luncheons served to the Kiwanis Club, two T.E.C. banquets, The Norwood High School Honor Society Banquet, three holiday luncheons for the Junior Guild of Catholic Charities, and Norfolk County Agricultural Extension Service luncheons. Students participated in the planning and preparation of many school functions including a fund-raising banquet and fashion show co-sponsored by the Norwood Kiwanis Club and the Henry O. Peabody School, to raise scholarship monies for Henry O. Peabody students.

The senior citizens of Norwood continue to be served daily in the cafeteria along with a number of the high school students. Rapport between students and the senior citizens is commendable as they eat their meals side-by-side and communicate with each other.

Students participated in the N.E. Hotel-Motel-Restaurant Show Culinary Arts' Competition, as well as assisting at the Henry O. Peabody booth at the show. Field trips were also taken to ITT Continental Baking Company and to a seminar sponsored by the Massachusetts Retail Bakers Association. Demonstrations were given in a variety of subjects including Bread & Roll preparation, and Ice Carving.

The Culinary Arts' students organized a program of sports activities again this year including football, basketball and softball, using the facilities at the Willett School.

Fashion Design

The Fashion Design class of 1983-1984, comprised of broad differences in age, abilities and motivation, required the extensive use of individualized instruction in all aspects of the lab program.

In Related Art, the Fashion Group completed knitted garments on the Singer Memo-Matic knitting machine. Inspired by current geometric design, they utilized several of the machine's functions and added hand crochet to enhance the knits.

Fashion Merchandising was introduced in the Fashion Design Post-graduate curriculum and is coordinated to assist students with aspects of entrepreneurship.

Field trips are scheduled throughout the year to compliment the practical and technical training of fashion students. In early October they participated in the fall celebration, "Fete de France", featuring French creativity and style, promoted by Bloomingdale's, Chestnut Hill. They viewed Nina Ricci designs modeled informally in Place Elegante, the designer salon, and examined other designer clothes in the store, and at Filenes in the Mall. A comparison shopping tour of the shops and boutiques in Faneuil Hall Marketplace on November 3rd inspired the students to become more creative and imaginative in the use of color, texture and design. In mid-December, the guided tour of the Slater Mill, a "working" mill museum, in Pawtucket, RI, was an enlightening experience. Students were impressed by the ingenuity and fortitude of the immigrant mill worker and the entire process of converting flax into linen cloth.

Students donated yarn, then crocheted hats and dresses for over twenty-five dolls, provided by the Greater Boston Chapter of the American Red Cross. They were distributed by volunteers to needy children in time for Christmas.

To acquaint students with the manufacturing process and potential employment opportunities, they viewed a film presentation at Collegetown, Braintree, in February. This was followed by an in-depth lecture and tour of each department, with emphasis on designing, pattern drafting and computer grading.

Mary Strachan, semi-retired milliner, accompanied by Mrs. Virginia Tetreault, was our guest lecturer on March 6th. With humorous tidbits, historical data and a varied group from her collection of one hundred chapeaux, she inspired all to re-kindle an interest in hats. This session also motivated the students to initiate the collection of data for their hat research assignment and prompted a tour of the Knowlton Hat Factory in West Upton on March 28th. After an extensive tour of the old and new hat factories, students were allowed to purchase straw hats from a large inventory of spring fashions which eventually were trimmed and modeled in the fashion show.

Sponsored by the Fashion Group of Boston, Inc., Boston Globe, all students attended an educational seminar at Massachusetts College of Art on May 4th. A lively question and answer period followed a film presentation which had evolved from a study of the buying impact of Boston women on the fashion marketplace.

A fashion make-up workshop, with individualized analysis and application, was scheduled at the modeling studio of Enid Goldsmith on Newbury Street, Boston. This instruction preceded the presentation of our annual fashion show, "La Belle Epoche '84", viewed by faculty, family and friends at Concannon's Village, Norwood, to benefit the Henry O. Peabody School scholarship fund co-sponsored by the Kiwanis Club of Norwood and the Henry O. Peabody School.

Partially funded by the proceeds from our annual fashion show, the one day visit to New York City, via Amtrak included a visit to the Fashion Institute of Technology Gallery to view an exhibit of costumes from past Broadway shows, attendance at the matinee performance of "Gotta Getaway", a fantasy musical at Radio City Music Hall, followed by a backstage tour to see how shows are presented.

The Apprenticeship Program concluded another successful placement year with students being accepted at Carter's, Inc., Fiandaca, Lillian's Bridal and Jordan Marsh.

Miss Amy Peter, Fashion Design Instructor, served on the evaluation committee for accreditation of the Eli Whitney Regional Vocational Technical School in Hampden, Connecticut.

Practical Nursing Program

The class of 1983 graduated 27 practical nurses of all whom have successfully passed their State Board examinations and are presently employed in the nursing field. One graduate received a perfect score of 800 on her exam.

In September '83, the Ellis Nursing Center was added to the Term I affiliate facilities which already included the Charlwell House Nursing Home. The Henry O. Peabody Practical Nursing Program now provides a greater choice bedside experience to meet educational and experiental needs.

The dedication and opening of the new Norwood Hospital facility coincided with the January 1984 Henry O. Peabody yearly affiliation. Under the supervision of their nursing instructors, the Henry O. Peabody students were involved in the process of moving patients to the new quarters. In due time, staff and students alike, adjusted to the new facility with its new equipment and service delivery systems.

This Spring, Mrs. Judith Knight, Director of the Licensed Practical Nursing Program, was a representative or panel member at several Nursing Programs including meetings in Hyannis, Lincoln, RI, and the Massachusetts Department of Education. Such dialogue among all levels of educators, practitioners and nursing service personnel is the result of a proposal which would affect existing systems of multiple entry levels to Allied Health Occupations and to nursing, in particular.

Nineteen (19) students (including one male) were graduated on July 16, 1984 at Norwood Junior High South.

Retail Management

The course previously called Fashion Merchandising, has been renamed as Retail Management. Course content moves from a general overview of the field through site selection and merchandising, into entrepreneurship and franchising. Case studies in Concepts of Management help students develop decision making skills. Philips Petroleum presented the program with a gift of 5 films on free enterprise, which are used for basic economic theory delivery.

Related English emphasized skill development for effective reading, writing and speaking, with all projects having a fashion consumerism or merchandising implication.

Numerous field trips extended the classroom. Buying trips to Boston's new Bayside Apparel Center at Expo for the Women's Apparel Show, to the Gift Show at Hynes Auditorium, to the (gift) Center in Bedford and to the Northeast Trade Center, provided the students with hands on buying experiences. Other field experiences took the students to Bayside Night for dinner and the Fall showing as well as to the Children's Wear Market where students interacted with many business owners and buyers. Early textile manufacturing was viewed at the Slater Mill in Providence, whereas displays were critiqued at the Copley Place complex.

"St. Laurent's Designs Over the Years," at the Metropolitan Museum of Art, "What It Takes to Design for Pierre Cardin" at Roytex, "Broadway Designs on Stage and Front Row Center" at the Fashion Institute of Technology were a few of the 3 day New York City Field Experiences this year's students assimilated. Cultural exposure to the most creative musical, "Cats", and social skills' development at New York's finest restaurant, The Four Seasons, were additional learning experiences.

The Fashion Group of Boston continues to provide excellent educational programs for students, such as "The Puzzle of the Boston Woman" which was presented on May 4 in the Tower Auditorium of

The College of Art. Based on extensive market research conducted for the Globy by Yankelovich, Skelly and White Inc., the students discovered who the New England woman is where and why she buys and how to reach her.

To create interest and excitement, two new signs were purchased for Corky Row Boutique. In the fall a sign which encourages people to enter was mounted on the exterior of the facility, which emulates a store window. Once inside customers are greeted by a computerized moving display sign which carries up to 650 characters.

Job opportunities in the field continue to be more numerous than there are students to fill them. Word was received from Nancy Cassani, class of 1978, that she is the youngest buyer for the Belk Lindsey chain in Florida. This year's DECA Scholarship went to Monique Mourad, DECA President, who plans to major in Retail Management at Massachusetts Bay Community College.

Mrs. Elizabeth Matthys, Retail Management instructor attended two vital conferences and a timely workshop this year. A two day conference in Worcester, one of 20 held throughout the United States, "Promoting Economic Development Through Entrepreneurship and Training" challenged the group to encourage entrepreneurship training in all vocational skill areas. The other, also held in Worcester, "School/Community Link, Volunteers" highlighted the great untapped wealth of assistance available to schools via the core of ready, willing and able volunteers in our communities. A two day weekend workshop, "The Home Based Business", sponsored by the Norfolk County Extension Service, conducted by Bill Unaitis, Business Consultant, provided numerous tips for entrepreneurial class discussions.

Secretarial and Word Processing Programs

Each year a number of career re-entry and career change students enter the Secretarial and Word Processing programs. Part-time jobs are available for these students while they are in school and several job offers for each individual who attains average or above-average skills awaits the graduate. The John Hancock Awards for recognition of outstanding achievement in the business studies were presented to Cheryl Hawkins, of the Secretarial Program and Evelyn Jurgelewicz of Word Processing Program. The Advisory Committee comprised of local people in the business field is a valuable tool in keeping this program abreast of industry's needs.

From monies received through a Federal Grant, eight Commodore Microcomputers and a letter quality printer were added to the Word Processing Lab. These microcomputers can function as word processors or be used to do accounting problems. Students were able to become proficient in the use of some of today's most modern office equipment through these microcomputer systems. In the typing classroom, two electronic typewriters were added, along with a shorthand speed building lab.

The business students in Mrs. Brown's English class had intensive

grammar and punctuation training with an emphasis placed on correct spelling, better business letters, and individual vocabulary development. Organizational and verbal skills were encouraged as each student was responsible for workbook and classroom projects simulating and clarifying actual business experiences and practices. In conjunction with her English class, each student interviewed a person who was employed in a business related area and presented the interview in an oral talk in English class.

During the March tour of the Sun Life facility, in Wellesley, Business students visited many areas including the word processing center, the accounting department, the computer center, and the executive floor. After enjoying a complimentary lunch in the company cafeteria, Ms. Lucy Spencer-Krusz spoke to the students on resume writing. With the assistance of two students she gave a demonstration on proper interviewing techniques. In April, students visited Stone & Webster in Boston, where they were given a tour of the facilities and demonstrations of various word processing systems. Ms. Mimi O'Hara, Personnel Manager, spoke to the students of resume writing, interviewing, and job opportunities at Stone & Webster. The business students went on a field tip to the John Hancock Insurance Comany in Boston in May. Students were given a tour of the Hancock Offices, including a demonstration of the Wang Word Processing System. Mr. D. Brown, Employment Interviewer, spoke to the students about the many different opportunities available at the Company. Beverly Brown, the English teacher, accompanied Diane Regan and Donna Hapenney, departmental instructors, on this trip, enabling the faculty members to witness first hand, the skills needed on the current job scene.

Ms. Shirley Gunning of the Morse Shoe Company in Canton, spoke on job opportunities at her company. She discussed the skills necessary for different job levels, and the many opportunities for advancement within the company. Ms. Claudia Browning of C.T. Browning Associates, a professional staffing firm, spoke to the students, emphasizing the importance of the interview, and discussing the many job opportunities available to the students.

Guidance

The students who entered the Henry O. Peabody School in September 1983 included two with GED Certificates, at least 3 with some college coursework, two with Business School Certificates, 3 with Associate Degrees, and 1 with a Master's Degree. Three students were mothers with daughters who graduated from High School this June. Thus, one can see that the make-up of the Henry O. Peabody Student Body is widespread in age, background and experience.

The school was represented by Polly Gorman, Guidance Director, and by Chris Matthys, at a number of Higher Education Nights in the area, including the TEC SCHOOLS, the Dover-Sherborn consortium, North Quincy High School and the Greater Boston Chamber of Commerce Career Exposition at the Humphrey Center. Two MAVA Guidance Directors' meetings were also attended. At the Hotel and Restaurant Show in Boston, a booth was manned by faculty, assisted by students.

Three Guidance Counselor luncheon-slide presentation-tour programs were initated this year. Assemblies were held at both Junior Highs for all ninth graders, with follow-up visits for interested students. They spent half a day in the program of their choice. Presentations were made at class meetings for high school students. A Suicide Prevention Program was presented by Howard Cooper of the Samaritans, in the Willett School Auditorium, for the entire school. Official visits were made to Rhode Island School of Design, the Culinary Institute of American, Newbury Jr. College and Mass. Bay Community College to discuss articulation issues. Pat McMahan of the Norwood Social Service Department was a Guidance Intern throughout the year, enabling work to be started on a Course of Studies' Booklet.

A Guidance Services' Program was presented to each of the six departments by George Fahey—Adjustment Counselor, Pat McMahan—Intern and Polly Gorman—Guidance Director. Three financial aid workshops were attended with 44 Guaranteed Student Loans processed or deferred. Information on financial aid was given to incoming students as they were interviewed. Summer hours for interviewing, educational counseling, and dissemination of financial aid information were well received.

Seven presentations were given at area schools, and three students tour days held at the school. Agencies were contacted to make counselors aware of the vocational opportunities at the Henry O. Peabody. College Open Houses' were attended to remain abreast of current trends in admissions. Seven 1984 graduates will pursue Associated Degree Programs in September, along with three students from the class of '83, who are now matriculating, after a year of additional work experience. The programs at the Henry O. Peabody continue to serve the high school junior/senior and the high school graduate, or GED holder, as well as the delayed entry adult student who is changing careers or gaining additional skills to further his/her career developments.

REPORT OF THE PRINCIPAL OF JUNIOR HIGH NORTH

Enrollment

Junior High School North began its fifteenth and final year on September 7, with children from the Callahan and Oldham districts in combination with some students from the Cleveland district.

Of the 34 Grade 8 students from St. Catherine's who live in the North District, 14 entered Grade 9 this year; 1 also entered in Grade 8, and 2 in Grade 7.

Since the opening of school, 18 students have transferred to North, while 16 have moved to other communities or schools. The enrollment this year is 425.

Guidance

The Guidance Department is comprised of two full-time Counselors. The absence of secretarial assistance, although not a new situation, was still acutely felt this year, our third year of operating with our staff reduced to two Counselors.

During the year, counselors met with parents as well as students to review and discuss information in students' cumulative folders. Meetings with students were held in compliance with the Massachusetts law of 1975 governing rights of access to records. Our students and their parents are made aware of this law through the office of Junior High North.

The Guidance Department has organized a number of assemblies this year, including Blue Hills High School, Norfolk County Agricultural High School, and the Peabody School. In addition, interested students had the opportunity to tour the Blue Hills Regional High School and the Peabody School accompanied by a Counselor.

From January to the end of April, the main concentration of the Guidance Department was on the programming of over 550 students for next year's classes. This number denotes students going to grade 10, as well as junior high students from the North District. The actual projected enrollment for next year is 875 depending on variables such as student transfers and families moving. Programming involved several activities, besides the individual scheduling conferences with students at Junior High North. In planning for the merger in September 1984, some of these activities were held together with the Guidance Department at Junior High South. Joint activities included a meeting for Grade 6 teachers regarding curriculum, and a Parents' Night to discuss the programming procedure and curriculum offerings. We also held assemblies for our own students to discuss this same information, and visited St. Catherine's School in order to present an assembly for Grade 8 students as well as to meet with the students individually.

Particular attention is focused on the programming and orientation of Grade 6 students about to enter the Junior High. This change is a significant one for these students, both academically and emotionally. Students entering the Junior High are faced with new responsibilities, particularly in meeting new students and teachers. In addition, they must learn to cope with a larger school in which they may face up to seven teachers daily, in as many different classrooms, as opposed to one or two teachers and classrooms in the elementary setting. Counselors attempt each year to make the move from Grade 6 to Grade 7 as comfortable as possible.

In this regard, and also in consideration of our merger, the annual visitation program was held at Junior High South. All elementary students from both the North and South districts as well as grade 8 students from St. Catherine's, were given the opportunity to visit the Junior High School and tour the building. Students met in the auditorium to meet the Counselors and see a slide presentation. In addition, Grade 9 guides led the elementary students in small groups on a tour of the building, observing class in session.

In addition to our Grade 6 orientation program, we again organized two group meetings for Grade 9 students with their Senior High Counselors. During these sessions, information was presented regarding curriculum and Senior High School policies, and question and answer periods were held.

Once again this year the bulk of our testing program was done in Grade 8 (the Short Form Test of Academic Aptitude, the California Achievement Test, and the Gates MacGinitie Reading Test). In addition, the Reading Test was also administered to students in Grades 7 and 9. These tests were administered in the Fall, and results were sent home when available from the scoring service. As mandated by the Commonwealth of Massachusetts, the Massachusetts Test of Basic Skills was again administered this year to Grade 8 students and to some students in Grade 9. The Reading and Math sections were adminstered by the Guidance Department, which also coordinated the administration of the Writing Skills test through the English Department. This year, for the second time, the Basic Skills Testing program also included a Listening Skills test. This was administered to all grade 9 students in the Fall. As of this date, the results of all tests have been sent home.

Publications from the Guidance Department have been somewhat limited by the availability of secretarial services. Typing, duplicating, collating and dissemination of materials require a great deal of time, and it is difficult to publish worthwhile information if secretarial assistance is as restrictive as it has been for the past twelve years. However, the 1984-1985 "Information Booklet on Courses, Clubs, and Activities" was again prepared and published this year through the Guidance Department of Junior High South. The booklet was distributed to over 400 students for their use in planning for the next academic year, as well as to parents who attended our programming P.T.A.

During the year, the Guidance Department has been a liaison between school and community. Through our office, students have been notified of, and applications have been processed for, the annual babysitting course offered by the Norwood Women's Community Committee. In addition, the Guidance Department screened the ninth grade and organized a student guide program. This program provides student aides to help during P.T.A. nights, music concerts, open house, visits of elementary students, and other meetings sponsored by Junior High North. Besides providing assistance to the school, this program allows students the opportunity to act as representatives of Junior High North, and to have a new and positive experience in dealing with other people.

In late Spring, counselors review report cards and notify students of Summer School registration to meet minimal requirements for promotion.

In addition to these projects, counselors are continually involved with students' interviews regarding academic progress, school adjustment, programming, vocational planning, etc. The Guidance Department continues to serve as a resource to students, as well as to

others who deal with our students—parents, teachers, administrators, and the community. We welcome comments or suggestions the community at large may wish to make.

As we come to the close of this academic year, we do so with mixed emotions. Much of our time this year has been spent planning and coordinating with Junior High South to provide for the continuation of good educational experiences for our students. We look forward to a smooth transition to Norwood Junior High School in September and many excellent years in the future. At the same time we bear in mind that this is a time of many changes and June, 1984 marks the end of our experiences with the "Junior High North family".

English

This fifteenth and final report of the state of the department necessarily dictates not only a review of the year's activities but also an assessment of the impact that the department has had on the English curriculum at the junior high level as well as the entire range of instruction in the town of Norwood.

Our group of talented and dedicated teachers began in 1969 as a youthful and energetic unit working in a harmonious and positive atmosphere made possible by a very professional and understanding administration which recognized the potential in our department and allowed us to move in a direction whereby we could provide our students with an English experience to none. Now, as we move on to a new era, it can be said without qualification that our goals have been more than met.

We have moved from a period in which a nearly non-existent set curriculum and ambivalent direction in English instruction made things seem impossible at times to one in which students now have the opportunity to achieve to the limits of their capabilities. We are not done. Even as we approach a merging of the junior high schools, our department continues to make changes, adjustments, and additions for an even more effective program for every child in the Norwood schools.

Unfortunately, we have had an occasional setback in our efforts. The most devastating was the elimination of the composition conference period, which provided teachers with the opportunity to work one-on-one with students to improve writing skills. Until administration reassesses its position and reinstitutes the conference period, this area of the curriculum will be working under severe limitations. The elimination of elective courses in public speaking and play production has also deprived students of excellent opportunities in critical skill areas.

As our new era begins, we approach it with optimism and with the satisfaction of a most rewarding fifteen years at North.

Foreign Languages

The majority of students at Junior High North enrolled in foreign languages during 1983-84. There was a drop in enrollment in the seventh grade exploratory course due to the new study skills requirement, but fifty percent of the students in grade seven tried French, Spanish, and

Latin. Most eighth and ninth grade students are involved in a two-year program which completes Level I material by the end of grade nine. Exceptionally talented students may begin a five-year sequence in grade eight. Students may also begin French, Spanish, or Latin in grade nine.

This year students attended bi-lingual productions of "El Sombrero de Tres Picos" The Three-cornered Hat) and "Ie Medecin Malgre Lui" (The Doctor in Spite of Himself). French classes participated in a New England French competition. Junior High North also served as a testing center for the AATF National French Contest, hosting more than one hundred students from area towns. Classes continued to strengthen language skills through frequent use of the language laboratory, and with filmstrips and videotape equipment. They also prepared foreign foods, "shopped" in the target language, and broke pinatas. The Latin class held its annual Roman Banquet and chariot race. All classes celebrated National Foreign Language Week with costumes, buttons, signs, and announcements. An exchange student from Spain visited some classes. Staff members continued to recognize student excellence through our Foreign Language Awards.

Mathematics

Throughout the 1983-1984 school year the North Mathematics Department had several planning sessions in preparation for the new curriculum offering of Computer programming. Three members of our Department (Jack Cook, Pat Murphy, and Tom Sanford) met every Friday to plan the 9th grade Computer course offering. Every member of the department volunteered to stay one extra night every weerk to keep the Computer room open every night after school. We are now beginning to plan for next year's Computer offering to make sure that our new and expanded program will be every bit as successful as this year's was.

Again, as in the past, we continually reviewed our course offerings and updated our curriculum based on the needs of the students.

We participated again this year, in the Continental Math League and the N.E. Math League contests. Again our students scored very well and awards will be presented at the close of school.

The state minimal competency examination was given again this year and once again less than 2% of our students failed to reach minimum standards. This small group will be programmed into a remedial program for the next school year.

Social Studies

This has been an active and rewarding year for the Social Studies Department. In the academic areas, test scores from the California Achievement Tests continue to show our students perform 2 years or more above the national norm in Social Studies research skills. For the first time our Eighth Graders took part in the National Social Studies Olympiad. This national test was taken in over 500 junior high schools. Norwood did exceptionally well; we were 3rd in the State, missing first by 3 points, and we finished in the top 20% nationally.

The department continued to provide a wide variety of other activities. Seventh graders travelled to the United Nations and New York City. Our Ninth Graders visited Washington, D.C. for 4 days as part of our 14th annual trip to Washington. We also are continuing our Social Studies Awards program which recognizes achievement of students in each of the 3 grades at Junior High North.

Most of the members of the department have completed college or inservice computer training courses this year so that we will be able to utilize computers in our classes in the future. We have spent considerable time in meeting with our colleagues at Junior High South and in making plans for a smooth transition to one junior high next year.

This being our last annual report, the Department would like to thank the fine administrators and colleagues with whom we have had the pleasure of working. They all helped us in our attempts to provide an exciting, interesting and meaningful Social Studies Curriculum over the past years.

Career Education

As the 1983-1984 school year concludes, it is with considerable nostalgia that we reflect back to when we had six (6) Industrial Arts teachers, three (3) Home Economics teachers and two (2) Business teachers as well as numerous courses and 1060 students. We held summer sessions and adult night school classes as well.

Today we are merging the Junior High facilities to consolidate students, staff and the ever increasing expenses of education. But that's progress, and it's always brighter to look to the future than to the past. It's been challenging and rewarding, but so will the future.

Art

The Art Department is extremely proud of its many accomplishments this year. In conjunction with the town's rejuvenation project, the junior highs combined efforts to design and create a beautiful 30 ft. mural in the town center. We also had four (4) state winners, two (2) National honorable mentions, and a national winner in the Scholastic Art Award Competition. Students created decorations for the winter and spring concerts and the Pops Concert.

Again this year, our student work was beautifully displayed in the Annual Art Exhibit downtown and in the monthly displays at the School Committee Room. During the National Youth Art Month (March), individual student works were featured in many of the classrooms.

Health and Physical Education

The three year program of Health and Physical Education at North is designed to provide students with a careful blend of experiences. Our effort is to develop well-rounded individuals with a positive attitude toward themselves and toward life.

Through active participation with teachers and peers we help students meet new challenges and achieve greater accomplishments. It is our hope that this will aid students in decision-making and problem-solving situations now and in a very important future.

Conclusion

This will be the last summary of Junior High North. The merger with South next year is moving ahead swiftly and smoothly due to the outstanding efforts and cooperation of the faculty and students of both schools. Some shelving and many books have been moved and placed in their new locations. Student and teacher programs for next year are almost complete.

It is with great pride that I reflect upon my 15 years at Junior High North I have seen a school grow from its inception and blossom into an excellent educational facility. The quality of education provided and the enthusiasm of our staff is without equal. The interest, support and responsiveness of our student body and their parents towards our many programs and projects is greatly appreciated.

On behalf of Mr. McKenna, our Vice Principal, and myself, I want to acknowledge with deep appreciation the tremendous support and leadership our Superintendent, Mr. James R. Savage; Assistant Superintendent, Mr. Umberto Napoleone; and Assistant Superintendent, Dr. Ralph A. Toran have given me during this my final year as principal. Finally, to the School Committee we express our appreciation for their assistance and understanding.

Respectfully,

JOHN A. POCE
Principal

In Retirement

ANTHONY FRENETTE
1969 - 1984

Anthony Frenette worked as Building Custodian for the Norwood Public Schools since April 3, 1969. During his years of service he was assigned to the Junior and Senior High Schools. He aimed to please all he came in contact with and was appreciated for the many kindnesses he showed to the teachers, students and his fellow workers.

Anthony's mild manner and pleasing personality will always be remembered.

The Norwood School Committee, Central Administration, and staff extend their sincere best wishes to Anthony Frenette for many years of good health and happiness in his retirement.

In Memoriam

JOHN McTIGHE
September 11, 1921 — September 22, 1984

On March 21, 1977, John McTighe began his career as Junior Building Custodian for the Norwood Public Schools. He worked at the Aaron Guild, Willett, Senior High and Prescott Schools. At each school John proved to be a dedicated worker, conscientious toward all obligations, and possessed a positive attitude toward his job.

He maintained a pleasant personality and even disposition and most of all had the ability to get along with everyone. His dependability and willingness to help others is a trait which was appreciated by all who came in contact with him. John McTighe was a gentleman at all times and performed in a highly satisfactory manner.

The students, parents, professional staff, fellow workers, administrators, family and friends will long remember his kindness.

In Retirement

JOSEPH E. GIAMPIETRO
1966 — 1984

Joseph Giampietro was first employed by the Norwood Public Schools on June 6, 1966. As a Maintenance Craftsman, he was able to demonstrate his carpentry, painting and mechanical skills throughout the various school buildings. He served in this position until his retirement on August 1, 1984.

The Norwood School Committee, Central Administration and staff extend their sincere best wishes to Joe for much happiness and good health to enjoy a long, well deserved retirement.

REPORT OF THE PRINCIPAL OF NORWOOD JUNIOR HIGH SOUTH

In September, 1983 we welcomed 535 students to Junior High South. We also welcomed 3 professionals to our staff.

Mr. John Willinski transferred from the elementary level to teach reading and Ms. Katherine Archambault was hired to replace Patricia Tilley who was granted one year leave of absence.

Finally, Mrs. Paula Dyer transferred from the Senior High to teach in our Foreign Language Department.

Language Arts

As part of National Education Week observances, the language Arts Department held its annual spelling bee in November. Thirty contestants from each grade competed in the final rounds, which were conducted in front of the student body and parents. Winner of the eighth grade contest, Mark Jaffe, later represented the school at a regional spelling bee which is sponsored by the Patriot Ledger.

With the addition of another reading teacher to our staff, John Willinski, we implemented the new study skills program in the seventh grade. Continuing evaluation of the program included consultation with social studies and science teachers in order to create skills lessons of maximum benefit to students in their content area subjects. The course was well received and plans are underway to develop a sequel course in the eighth grade for the school year 1985-86.

We devoted many in-service sessions and department meetings to planning for the merge of the two junior high language arts departments. Teachers discussed and agreed on standardized reading lists, textbooks and other procedures. The summer reading program which Junior High North has run successfully for several years also has been adopted this year at Junior High South, and will be continued next year in a similar format. Students are required to read a minimum of two books from a suggested reading list; during the first weeks of school, English and social studies teachers require written reports on that reading. Throughout the year, other book reports are assigned by various departments including English, social studies and science.

The annual writing contest, sponsored by the Norwood Lions Club, was held in May when we chose three winners from each grade plus a grand prize winner. The school newspaper, the **Sojourn,** published all the winning entries—both poems and short stories. A Lions Club representative presented students their cash prizes at the June awards assembly.

The other spring activity was a field trip for 75 ninth graders. Having read "Romeo and Juliet" in English class, these students had an opportunity to see a live production of the play staged by the North Shore Music Theatre in Beverly.

Mathematics Department

During the 1983-84 school year computer education was a major

concern of the mathematics department. Computer education became a reality with approximately one hundred ninth grade students enrolling in computer programming elective course. The results at the end of this first year have been extremely satisfying. The primary goal was to offer a truly "hands-on" experience in order that students can be cognizant of what computers are all about and so, that they can have an enjoyable and rewarding experience. From what I have witnessed, this goal has been achieved. Next year this elective is available to eighth graders as well as ninth graders. A more "in-depth" follow-up course for ninth graders is planned for the 1985-86 year.

Junior High South was again active in both the New England Math League and the Continental Math League. Selected students participated in one or both and the top finishers received certificates of achievement and in some cases medals were awarded.

A computer activity for seventh graders was held during one activity period. Under the direction of Mrs. Eileen Frawley, this was an extremely popular activity. The math lab (computer room) was also a popular and active place after school.

Due to the closing of Junior High North and the operating of one junior high next year, the mathematics department will double in size. Some time was spent solving problems of textbook selection, teaching schedules, storage, etc. All problems have been addressed and the mathematics department to be is looking forward to next year with great optimism and enthusiasm.

Science Department

This year two field trips were taken by the Science Department. Mr. Shachoy brought three of his classes to the Science Museum to see the Christmas Show in December.

In January all seventh grade students attended an assembly entitled "Snakes Alive". The students were given a lecture on reptiles and encouraged to handle several snakes one of which was seven feet long.

In May all the science teachers did a unit on a Solar Eclipse. A few days later on May 30 the science classes which meet in the afternoon observed an eclipse from the football field.

In June Mr. Hottleman and Mr. Baker took 120 students on a Whale Watch. The group left from Plymouth and went 30 miles into Cape Cod Bay. Several whales were sighted and many of the students took pictures which they developed in class later in the month.

This year the National Science Convention was held in Boston. While there Mr. Hottleman signed up to receive 200 tomato seeds from N.A.S.A. These seeds were launched into outer space by the Space Shuttle and will be received in early 1985. They will then be distributed to science teachers throughout the country. We hope to use the seeds in our 7th grade Life Science classes.

Social Studies Department

As we near the end of another successful school year, it is important

that we mention some of the outstanding accomplishments of the Social Studies Department at South.

First of all, a requirement to submit a book report in terms 2 and 4 must be considered a step in the right direction. The students (in all grades) reacted positive, and many excellent papers were forthcoming. No formal procedure was adopted, however, leaving each teacher free to develop his own method of reporting. We consider this new program a complete success, and have extended it into next year through our summer reading program.

Seondly, the Social Studies department, sponsored a "first" for the school with the appearance of Abe Lincoln (portrayed by Mr. James Getty of Gettysburg, Pa.) in a school assembly program. Mr. William O'Brien coordinated the program and the entire Social Studies staff cooperated to make this "living history" program a success.

Thirdly, a library orientation program, conducted by our librarian, Mrs. Bouchard, was a very successful and worthwhile endeavor. Through a series of 5 sessions in the IMC, every 7th grade Social Studies class was thoroughly instructed in all aspects of library use, from use of the card catalog to the Periodic Guide to Literature. A follow-up exam concluded the program and we were more than satisfied with the results.

Fourthly, a combined Social Studies/Language Department sponsored a trip to New York and was enjoyed by 83 members of the 9th grade class. It was an excellent educational opportunity for these youngsters and thoroughly enjoyed by all.

Finally, this report would not be complete without mention of the fact that a long-time member of our department, Allan Whitty, transferred to the Math Department. My appreciation for his years of dedicated professional service are well documented, but suffice it to say that he will be sadly missed. Mrs. Mary King has proved an able and competent substitute, and for her hard work, I thank her.

Foreign Language Department

During the week of March 19th, the Foreign Language Department involved students and faculty members in a week filled with cultural, social and educational activities: a French/Spanish College Bowl; a Foreign Language Awards Assembly; international dress-up day; and guest speakers from Venezuela and Paris.

In the fall, Spanish students participated in a field trip to a Spanish play and restaurant. French students enjoyed a play by Moliere and lunch at a creperie.

Department Head, Mrs. Yvette Parks, was selected to speak at this year's Northeast Conference in Boston and at the American Association of French Teachers' Conference held at Framingham State College. Her topic was: "Exploratory Language Programs: Bridges to Global Education".

Career Education Department

The Career Education Department of Junior High South had a successful year.

This year we were fortunate to again take our field trip to General Motors. The students were quite thrilled watching the cars being assembled.

Because of the merging of the two junior high schools, it has been a very busy year for all departments.

We have two teachers from the department being transferred to the high school and three teachers from Junior High North being transferred to our school.

We have had a number of meetings with the staff at Junior High North.

Fine Arts Department

This year the Art Department did a joint effort with North Art students and painted a mural on a town building at the corner of Washington and Cottage Streets.

The scene painted was based on an actual photograph of a Norwood building, taken at the turn of the century.

In December, for the third year, holiday scenes were painted in various town stores. The Globe Scholastic Art Awards produced two winners, one from North and the other from a South student, and their work was on exhibit in Washington, D.C. in June. This award is a great honor, as only around 450 students' projects from the entire country are selected for this exhibit. This is the second year that our school has participated in the Nationals, and the second time in the history of the Norwood schools.

This Spring we rounded out the year with our Annual Town Art Display of selected student work. Grades K-12 were exhibited.

Physical Education/Health Department

The Health program remained unchanged in grade seven. The students explored the skeletal, muscular and respiratory systems. Grade seven concluded the year with a final examination.

Students in grade eight began the year with an expanded unit on the respiratory system. This unit included diseases such as emphysema and lung cancer. The Heimlech Maneuver and C.P.R. techniques were also part of this expanded unit. The students were given a mid-term examination, rather than a final exam. The eighth grade concluded the year with the alcohol unit which stresses teenage drinking problems.

Grade nine students followed the usual format which begins with the family unit. However, this year the unit was expanded to include aging and dying. Naturally, this was one of the more sensitive areas in the program, as the students viewed a true story of how a man aged and eventually died. The student reaction was extremely worthwhile. The ninth graders were given a test at the third quarter mark of the year. This major test was given late in the year due to the expanded unit and an unusual winter. Grade nine completed the year with the drug unit which put emphasis on the abuse of marijuana and L.S.D.

The Physical Education program encourages as many students as possible to participate in a wide variety of physical educational activities.

This year's program continued to encompass as many co-educational activities as possible, highlighted by the square dancing unit and the obstacle course.

Ultimate frisbee was introduced this year to the delight of the students, who will be able to watch this exciting new sport on television during the summer Olympic games.

The Physical Education Program attempts to offer our students the usual basketball, tennis, archery and gymnastic programs, as well as the latest games available to our young people today.

Guidance Department

The Guidance Department worked under difficult circumstances since we had only 2 2/5 counselors for an enrollment of close to 600 students. However, an intensive counseling program was carried out on all grade levels. Conferences were held on a sheduled basis, and at the request of teachers, parents and students. Referrals were made to other agencies when needed.

The testing program is getting to be unwieldly, since all 8th graders must take the Basic Skills reading, mathematics and writing samples, and all 9th graders have to take the listening part of this mandated test. We must be continually giving the test/tests to students who come in from other schools, who were absent of the day of testing, etc. Our department is responsible for the preparation, administration and follow-up of the entire testing program. Results of all tests are mailed home to parents.

This year, a concerted effort was made to complete programming both for the 10th grade at the Senior High School, and grades 7, 8, and 9 at the Junior High before February vacation. Administration of both schools needed tallies as early as possible so staffing could be completed.

We continued our regular program of orientation for all sixth graders, inviting these students for a morning's visit to become acquainted with the physical plant, classes, and personnel. Evening meetings were held with parents to explain curriculum and career opportunities for their children. Tours to various schools, as a follow up to assembly programs, were conducted for interested students. Schools visited were Peabody, Norfolk Agricultural and Blue Hills Regional. Counselors continue to be the student advocates for all children getting services under Chapter 766.

New students were programmed and current students screened to determine whether program adjustments were necessary.

Many activities were planned for our student body, which included a "Dress-Up" Day, Rent-a-Kid Day, Awards Assembly and Class Day which are all annual events at Junior High South.

The National Junior Honor Society which was re-instituted at Junior High South many years ago was again very active and inducted 15 new members.

In addition, an activity period was continued this year. It proved to be very successful due to the efforts of the professional staff and cooperation of the study body. Activities ranged from model rocketry to Photography, and at one time there were 28 activities in operation. Activities met twice a month and plans are to continue the program next year.

The Daily Silent Reading Program continued this year. Every morning students and staff read for 25 minutes. This relaxing and enjoyable program sets a positive tone for the day as well as giving students and staff an opportunity to read for pleasure.

South's Gifted and Talented program, S.E.A.R.C.H., through the diligent efforts of the Gifted and Talented committee under the direction of Ms. Mary MacVey had for a new program a successful year. The committee has revised several aspects of the program including the guidelines and criteria for acceptance and we are looking forward to next year and continued refining of the program.

In closing, I wish to thank Mr. Savage and Mr. Napoleone and the School Committee for their continued support and cooperation.

PATRICK J. CAMMARATA

REPORT OF THE PRINCIPAL OF THE BALCH SCHOOL

As Principal of the Balch School I submit my thirteenth annual report for the period July, 1983, to June 30, 1984.

Personnel and Enrollment

Balch has sixteen classroom teachers, one Reading Specialist, a Learning Center teacher, a Speech Therapist, a teacher for English as a Second Language, and a Special Needs teacher, with two full-time aides in the Resource Room. Our enrollment totaled 340 pupils.

Next Fall our classroom teachers will again number sixteen.

Programs Offered

A. Counseling

In conjunction with Chapter 766, the responsibilities of the Adjustment Counsellor (Principal co-chairs the evaluation team) works well especially in coordinating scheduling, referral process, notifying parents, conferences, and development and implementation of the educational plans. Balch is assigned two adjustment counselors on different days.

The Core Facilitator, assigned to the Balch since October, 1979, makes all the necessary schedules, contacts people, and acts as a liasion for the CET.

Group counseling (for pupils in grades K-6) focuses on the objectives of more responsible social relationships and more positive self-images.

B. Resource Center

The Resource Center at Balch services **all** the elementary schools in Norwood via a step-by-step procedure with Chapter 766. The program is geared to assist special needs children adjusting to a regular classroom procedure. Work is individualized and the curriculum is based on each child's particular need. The materials are varied, but come primarily from the child's classroom plus any supplementary materials needed. The classroom teacher and the Resource teacher meet as the need occurs to develop the ideal situation for the child. The Resource teacher is assisted by two aides, as mandated by Chapter 766. We use a regular classroom and also a conference room to accommodate the children in a proper educational setting.

The aim of the program is successful integration in to the regular program of the classroom, and I am delighted and optimistic when I see positive results.

C. Learning Center

The Balch learning Center provides diagnostic evaluation and remedial therapeutic assistance to children with learning disabilities. Each child's program is individually designed and included work in academic and/or nonacademic areas. Special emphasis is given to learning style, so that each child can best "learn to learn" using strategies most effective for him/her classroom experience whenever possible.

D. Reading Enrichment

The Enrichment teacher of Reading works with gifted readers in groups of six to eight at grade levels one through six. She provides additional reading extensions to develop interests, inferential and comprehension skills on a higher level. Units included fairy tales, plays, poetry, creative work, and famous literature—Caldecott winning books. The children are always enthused.

E. Remedial Reading

It is the goal of the Remedial Reading Department to develop a favorable self-image and reasonable academic aspirations and achievements in the students, using a variety of interesting and meaningful materials. To insure successful and rewarding experience in the Remedial areas, the goals are to stimulate an interest in reading and re-enforce basic phonetic skills, visual and auditory discrimination, increase attention span and cultivate power in oral reading.

F. Science

The elementary schools are enjoying the new textbook **Accent on Science** (Merrill Co.) and are geared to a uniformed system of teaching science, avoiding repetition etc.

Grades 5 and 6 were involved in science fairs this year. All the classes visit the cafeteria to see the projects devised by these pupils. This gave the pupils of grades 5 and 6 an experience which will prepare them for secondary science education.

G. Penmanship

This is an area needing reinforcement. We do substantial work, as we have handwriting guides, but more pride should be incorporated. At Balch, we continue our "contest" and select the best papers from each room for display in the library. Certificates are given to the deserving recipients. We hope this small token instills pride and concern in Penmanship.

H. The Modified Kindergarten and Transitional I Program

These programs have completed their eighth year and marked improvement can be seen in their levels of ability to: Listen to directions accurately, discriminate consonant sounds, identify rhyming words and pictures, sequencing events, oral language development, auditory memory, motor control, eye-hand coordination, special development and self-control. Children are selected who are not ready for regular kindergarten and regular grade 1. They perform grade level tasks but at a deliberate pace. Children from all other elementary schools in Norwood have and are attending these programs—all with parental approval. We have received excellent comments from the parents of these children. Norwood needs this program.

I. Grade Six International Day

In June Balch School sixth grades participated in their twelfth annual International Day. The day was highlighted by three events. The children and parents provided and prepared delicious, varied meals common to European and Asian countries. All had plenty to eat and found it fun to sample foods from their ancestors' countries.

Each child's report on the country of their family's origin was on display for all visitors to view and enjoy. These reports depicted and explained what makes up a country. The day was concluded with the children providing entertainment from foreign countries in the form of dances, magic acts, solos, duets, etc. Also, dolls representing the various countries were on display for all to enjoy. The sixth grade teachers are to be commended for their planning and successful implementation of this annual educational and social program, as are the P.T.A. Executive Board who assisted in financial and visible ways.

J. The Parent-Teacher Association

The P.T.A. had a successful year both financially and socially with the result that two three hundred dollar scholarships were awarded to two outstanding Norwood High School graduates. The Cub Pack has been effectively organized at Balch and the scouting program which was definitely needed made great headway, thanks to some energetic parents and P.T.A. support.

It is obvious that the P.T.A. organization is well interested in the educational welfare of the pupils of the Balch School.

K. Building Maintenance

The cleanliness standards of the building and grounds is being properly maintained, and credit goes to our three custodians, who continually do excellent work.

L. Professional Growth

T.E.C. has again become vital to my professional growth this past year. The annual Craigville Conference for Elementary Principals of the T.E.C. towns, along with our quarterly meetings, have helped stimulate my educational goals.

I appreciate Central Administration's concern for the ongoing In-Service Program for Administrators, particularly the Leadership and Evaluating Workshops.

M. Chapter I (ASPIRE)

At the Balch School we are engaged in a daily ESEA Chapter I Program. Each child in our Chapter I program must have approval and recommendation of the classroom teacher and written permission of the parent.

The program is geared to meet the needs of each child who will visit the Chapter I Tutor on a regular basis several times weekly. (We have two Chapter I Tutors assigned to Balch).

The purpose of ASPIRE is to provide additional and supportive help to children, who by performance have displayed a need in the areas of reading and/or math.

N. English-as-a-Second Langauge (ESL)

The English as a Second Language Program (E.S.L.) is designed to reinforce the concepts of the English Language—both in the speaking and in the mechanics. This program is particularly beneficial to children who speak another language at home and who have difficulty speaking English in school.

O. Additional Comments

The year was marked by successful in-service workshops, providing an opportunity for professional improvement. We are grateful to the Steering Committee, Central Administration, and the School Committee for the success and support of these workshops.

The series of ten-week courses in Logo and Basic Computer Literacy were well attended and appreciated. This has been markedly demonstrated in the constant demand for the three Apple 2 computers in this building, resulting in formal scheduling for staff usage. Next year I plan to purchase reliable, commercial software to enhance the programs.

The Basal English textbooks is marvelous. It is used primarily in grades 3-6, with consumables utilized in grades 1-2. This excellent series enables teachers to systematically organize the Language Arts format. I feel the writing skills will generally begin to improve in time as a result of this book being an essential part of our curriculum.

We were pleased this year to have had one of our grade 6 pupils (Craig Chisholm) represent the Southeastern district at the National Spelling Bee in Washington, D.C. Craig won the right to represent this area by being the finalist in the Patriot Ledger Spelling Bee.

P. Future Considerations

Again I stress the return of the "double-lines" on the salary scale for increment purposes, because staff turnover will be at a minimum,

resulting in possible stagnancy. People in all walks of professional life update their knowledge—so should we.

Again, I suggest elementary staff be rotated to different grades and even to different schools, to avoid complacency. We are in the throes of changes and it would be an enlightening experience for staff members to have a feel for change.

In conclusion, I extend my appreciation to the Norwood School Committee, the Superintendent of Schools, and the personnel at Central Administration for the cooperation continually given the building Principals in their endeavors to provide quality education for the children of Norwood.

Sincerely,
ANDREW CIARLETTA
Principal

REPORT OF THE PRINCIPAL OF C.M. CALLAHAN SCHOOL

It is with mixed feelings that I set out to write this annual report. There is nostalgia because I have written so many of them over the years. There is a certain amount of regret because it is the last one I shall write. I must confess that there is a certain feeling of relief at the end of it all.

A high point of the year was the hours of deliberation that went into the proposed closing of the school as recommended by the long range planning committee. I was very proud of our Superintendent of Schools and the Norwood School Committee in the manner that they listened to our concerned parents. They even held a school committee meeting at the school to give a greater opportunity for the parents to be heard.

The school age population held up fairly well with a continued kindergarten enrollment of around forty, thus ensuring two rooms for each grade into the forseeable future.

A welcome addition to the curriculum was that of computer literacy in grades five and six. It was received with enthusiasm by both teachers and students. When a pupil will give up his recess, you know he is interested. Mr. Buscone was an invaluable asset to the program, always helpful and available. It is an expensive program but one vitally needed in these days of automation.

The minimum competency exams results were gratifying to say the least, 95% of students in grades 2-5 passed their respective tests. Plans have been made to remediate those who didn't pass. In Grade 2, three didn't pass the listening skills. In grade three, two failed the writing sample, two failed reading and two failed math. In grade four all passed the listening skills test. In grade five, all passed the writing sample while one failed the reading, and two the math. Not a bad record for a heterogenous school population.

In the area of reading we have begun to phase out the Lippincott

system. It has served us well over the years but has become dated and the texts are worn out. We are piloting the Ginn 1980 in one first grade.

A first for the year was the fingerprinting of all the children whose parents requested it (99% did). I served as coordinator for the schools working closely with Safety Officer Fruci. There were many volunteers, off-duty policemen, traffic supervisors and parents. The entire operation went smoothly in all the schools.

A high point of my career was the retirement party given for me at the Elks on May 18. It was truly a memorable occasion that left me breathless and so proud to have been a part of the Norwood Public Schools for thirty-four years. Even more touching, if that is possible, was a surprise assembly for me given by the P.T.A. in which all the children took part. That drew a tear because they are the reason for being. I shall treasure all the poems and cards for the rest of my life.

The Callahan P.T.A. has always been supportive and cooperative. They are always ready to volunteer to help, but never have interfered in the running of the school. Without exception they are dear, dear people really concerned with education and their children.

I would be remiss not to mention the Callahan faculty, and I am including all the support people in special services. It is a strong group well motivated and cooperative with the needs and interests of their pupils foremost in their plans. I shall miss them all in the days ahead.

This is the time to express gratitude to the Superintendent, Mr. Savage, his assistant, Dr. Toran and their staffs as well as all the administrators that I have worked with over the years. We may have had our differences but they were settled amicably. Because I am leaving I can dare to say that Norwood has one of the best, if not the best administrative team in the Commonwealth.

This report may not be concluded without a word of tribute to my mentor over the years, Al Napoleone. A skilled administrator, he really loved the people who were his responsibility. He was always a gentleman and a good listener. His presence will be very much missed.

And so I come to the end of this brief report. As I said at the outset, I write with mixed feelings. I shall miss the children most of all. They kept me buoyed up much of the time. However, time to move on and enter a new phase of life. I close with a Jewish word which has so many meanings, Shalom.

ROBERT C. FOX
Principal

In Retirement

ROBERT C. FOX
Principal, C.M. Callahan School
1974-1984

Robert C. Fox received his Bachelor of Science Degree from Bridgewater State College in 1946 and his Master of Arts Degree from Boston University in 1948.

A veteran of World War II, Mr. Fox began his distinguished career in the Norwood Public Schools in 1950 and his thirty-four years of service included:

1950-1957	Grade 5 Teacher, Callahan School
1957-1958	Director of Special Services-Remedial
1958-1974	Principal, Shattuck School
1974-1984	Principal, Callahan School

The School Committee, Administration and staff of the Norwood Public Schools wish to extend their appreciation to Robert C. Fox for his services rendered and their best wishes for a long and happy retirement.

REPORT OF THE PRINCIPAL OF F.A. CLEVELAND SCHOOL

It is a pleasure for me to submit my thirteenth annual report as principal of the Cleveland School. Again this year we have witnessed continued growth and considerable accomplishment. In our report we will attempt to highlight only certain activities as it would be impractical to describe all the regular and special programs. We do believe, however, it will reflect our educational philosophy and give some insight regarding our curriculum and special services. We intend to use this report in planning the operation of our school for the coming year.

Staff and Enrollment

Teachers with a strong knowledge of the subject matter and the ability to relate to children are pre-requisites of a good school. We believe we are most fortunate to have a well-balanced, highly competent professional team. There are nineteen-and-a-half regular classroom teachers and three additional full-time specialists—one responsible for our intensive reading program, one assigned to our Learning Center and the third is our teacher of speech and language. The other specialists assisting the classroom teachers include physical education, art, vocal and instrumental music, library, enrichment reading, as well as the adjustment councilor and the school psychologist.

Mrs. Nancy Lane returned to the Cleveland staff fourth grade after a leave of absence and Mrs. Mary Mahoney was assigned to the kindergarten. Mrs. Pamela Rogers replaced Mr. George Myland as a school adjustment councilor, and Mr. Tom Dugan joined the music department.

The enrollment as of October 1, 1983, was three hundred and ninety-nine.

Curriculum

1. READING—The philosophy for reading at the Cleveland School is that reading is a basic skill to be taught in the elementary grades and to be **pursued** throughout life. The Ginn Rainbow publication is the series used for instruction from Kindergarten readiness to level 15 in grade six.

The reading program consists of developmental, corrective and enrichment instruction. Group testing is done after completing each level, beginning with initial placement in grade one. The 1983 Ginn texts have been included in the middle groups in grades three to six. A supplementary phonics program is used in the primary grades, and a vocabulary development program is included in grades two to six.

2. MATH—The Laidlaw publication, **Mathematics,** is the basic program used at the elementary school level. The program stresses computational skills and mastery of concepts. The development of methematical skills is presented in a well-ordered sequence, and there is continued agreement with the scope and sequence outline developed by the Norwood Math Committee. At each level teaching procedures are emphasized to insure understanding, and lessons are designed to meet the needs and abilities of all students.

3. LANGUAGE—We are very pleased with our language program, **Building English Skills,** published by McDougal, Littel & Company. Composition is heavily emphasized with a continuous program of developmental skills and procedures for writing. Grammar, word usage and mechanics are introduced and stressed at each level. Vocabulary enrichment for speaking and listening skills are developed through a range of creative and functional language experiences. Other related language skills that are systematically developed include literary appreciation, handwriting, letter writing and the use of library and reference materials.

4. SPELLING—Spell Correctly, the Silver Burdett series, is the spelling program used at the elementary school level. The main goal of the program is to help pupils build permanent spelling power. At each grade a weekly plan is suggested that includes pre-test activities, dictionary exercises, handwriting suggestions, as well as progress checks and a word challenge section.

The emphasis on the application of correct spelling and the daily written activities is also an important part of our program.

5. SCIENCE—The Chas. E. Merrill series, **Accent on Science,** was adopted as the basic science program in 1983. A teacher evaluation committee met several times during the year to discuss and report comments and suggestions from teachers regarding the new program. The initial reaction to this program is extremely favorable.

6. SOCIAL STUDIES—In the area of social studies we continue to use the Follett series, **Exploring Our World.** It is an interdisciplinary social studies program that uses a regional study approach. The program introduces and develops facts, skills and concepts necessary for the students' understanding of their physical and social environment.

SPECIAL PROGRAMS

1. COMPUTER—We are very pleased with the appointment of Mr. Louis Buscone as Director of Computers. Through his efforts and guidance the computer program at the elementary school level has made tremendous improvements this year.

Although the curriculum is designated for fifth and sixth grades, the enthusiasm for teaching and using computers could be seen throughout the school. More than half of the teachers at the Cleveland School used the computers with their classes.

In addition to regular classroom study, the fifth and sixth grade students participated in a voluntary contest in conjunction with TEC. About thirty percent of the students, working on their own time, submitted projects.

A Cleveland School second grade teacher, Barbara Lanzoni, taught LOGO on Saturday mornings in the Reaching Out program to children in grades K-6. She also conducted a town-wide In-Service meeting for interested staff on "How to Teach LOGO to Primary Grade Children." She has been very helpful and cooperative with other staff members in setting up time schedules for maximum utilization of the computers.

2. LEARNING DISABILITIES—The Frederick A. Cleveland School has continued to provide individual and group educational service directly to learning disabled children. The policies, procedures and guidelines for the program are specifically outlined under the Chapter 766, Special Education Act.

The design of the program is to define the educational needs of children through the process of evaluations. This process involves the classroom teacher, parent, family pediatrician and other outside agencies as is warranted. Predicated upon the specific needs of the child and/or children, the Learning Center provides a uniform system for delivering direct education to the students.

The Learning Center has also participated in the process of screening all incoming kindergarten students during the months of May-June. The primary purpose of this screening is to determine if any child will require intervention to help them learn more appropriately during their kindergarten year.

The Learning Center specialist also provides direct service to the classroom teachers within the building as deemed necessary by the teachers and their respective students' needs.

Another dimension of the Learning Center involves working with parents, teachers, administrators and various outside agencies. This interaction and communication aid in developing common goals which in effect, help in providing an appropriate and meaningful education for specifically learning disabled children of Norwood.

3. SPEECH AND LANGUAGE—There were fifty-three children who received direct service in the speech program. The program included remediation of the following problems: stuttering, auditory processing difficulty, language development, written expression and articulation. There were twenty-two evaluations held throughout the year, with eighteen recommendations for service.

Again this year the speech therapist contributed to the success of the Handicapped Awareness Program offered to the third grade children.

Her responsibilities also include the screening of students who will be attending Kindergarten in September. We consider this early language assessment very valuable as it permits the specialist to plan and provide a remediation program early in the school year. And finally the speech teacher offers direct service to children who experience difficulty with the Minimum Competency testing, in addition to offering suggestions and materials to classroom teachers in the areas of listening and writing.

4. INSTRUMENTAL MUSIC—The Instrumental Music program continues to flourish at the Cleveland School. There are approximately one hundred students who participated in the program that included brass, woodwinds, percussion and strings. Many of these students gave individual and small group performances on different occasions throughout the year. In June we held our annual Spring Concert and all students participated in either the String Ensemble or the Beginning or Advanced Band. The program was a tremendous success.

The students at the F.A. Cleveland School contribute considerably toward the town-wide instrumental program at the secondary level. Nearly one hundred percent of the sixth grade students will continue their instrumental music education at Junior High School South.

The 1983-1984 year is recognized as another successful year in the area of instrumental music, and we would thank Mr. Daniel Troderman, band director, Robert Raphalian, strings, assisted by instructors Ken Griffin and Robert Stoll.

5. LIBRARY.The librarian is a resource person for the school. She is available three days a week and is assisted by a clerical aide and a loyal staff of parent volunteers. Without their help the extensive program offered at the Cleveland School would not be possible. This year the staff provided services for four hundred and six student, over thirty teachers and numerous parents from the school community. The circulation averaged seventy-five items daily.

Each class is scheduled on a regular one-half hour period each week. The overall goals of the program include the basic fundamentals of reference work, dictionary skills, using the card catalog system, effective study skills, the writing of biographies and the use of specialized materials as resources.

The library collection totals over six thousand two hundred twenty-eight (6,228) fiction and non-fiction reading books, an extensive reference section and a large number of picture study prints, tapes film strips and other Audio/Visual equipment. We consider our media center a very important part of our educational program.

6. DIAGNOSTIC CENTER—The Diagnostic Center, a town-wide early childhood program, provides a wide range of services to children between the ages of three and five as mandated under Massachusetts Law, Chapter 766. These services include the evaluation of young children with substantial special needs, speech and language classes, a center-based instructional program and consultant to community early childhood programs. In addition a continued effort was made throughtout this year to increase community awareness of the availability of mandated early childhood services for special needs children. The 1983-1984 school year also featured a parent discussion group which met several times to address pertinent child development and school readiness topics.

WILLIAM KENNY

In Retirement

CATHERINE McDONOUGH
1950 - 1984

Catherine McDonough began her career in Norwood as a school nurse and acting supervisor of Nurses serving in this capacity until 1963. In the interim she obtained a Master's Degree in Education and taught Kindergarten from 1963 until her retirement in 1984.

Her legacy to the Norwood Public Schools of thirty-four years has engendered the respect and admiration of all with whom she came in contact.

Her conscientious attention and dedication to the needs of the young people will be long remembered.

The members of the Norwood School Committee and the Superintendent of Schools extend their best wishes for years of good health and happiness to Catherine in her retirement.

DOROTHY PENDERGAST FARRELL
1970 - 1984

Mrs. Dorothy Pendergast Farrell, a life-long resident of Norwood, retired in 1984 after almost fourteen years with the Norwood Public Schools.

Mrs. Farrell attended St. Catherine's School and Norwood High School before graduating from St. Margaret's School of Nursing as a Registered Nurse. Joining the nursing staff of the Norwood Public Schools in 1970, "Dot" was school nurse at the Winslow and Oldham Schools, the High School, and the last several years at the Cleveland School. Her ready smile, excellent wit and fine sense of humor endeared her to students and faculty alike.

The members of the Norwood School Committee and the Superintendent of Schools, as well as faculty members and students extend best wishes for good health and good fortune in her retirement.

REPORT OF THE PRINCIPAL OF JOHN P. OLDHAM SCHOOL

It is with pleasure that I submit my Fifth Annual Report as Principal of the John P. Oldham School.

Enrollment—Personnel

This year we enrolled 306 students at the John P. Oldham School with a full-time teaching staff of fourteen classroom teachers.

Supportive to our regular staff, we have a full-time Speech, Learning Center and Remedial Reading teacher. In addition, our school is complemented by a Primary Generic Class and Resource Room in which placement is through Chapter 766. These two special programs are geared to assist children with special needs. Work is based on the pupil's individual needs; and, where possible, mainstreaming of the students into regular classrooms is provided.

It should be noted that our kindergarten enrollment for the current school year peaked at 64, and our 1984-85 projections for kindergarten indicate another year close to the 1983-84 figures.

If this trend continues, it is indicative of rising enrollments at the John P. Oldham School and the possibility of much larger numbers in future years.

Curriculum

As in past years all areas of the curriculum are being reviewed and refined. With the implementation of the state mandated competency tests, the meaning the the "basics" has taken on even greater importance. The basic skills area is an ongoing process with staff and administration always trying to improve the learning process. Much has been done to improve and reinforce our offerings in arithmetic, English and reading. Recently adopted basals in English, arithmetic and science have been an important test in helping the staff in striving for academic excellence.

In the area of cultural and enrichment programming, we have had a number of excellent presentations. Some examples of these are: Dick Albert, Meteorologist; Richard Smith, Postal Service on stamp collecting; and the Metropolitan District Commission K-9 Unit demonstrating the various aspects of K-9 use in police work.

Plant—Grounds

As noted in the past, the John P. Oldham School is in generally good condition with a few exceptions, as noted below:

1. Additional hardtop needed in play areas.
2. Interior of building needs painting (kitchen and cafetorium are priority areas).
3. Reseeding of some play areas.
4. Added exterior lighting needed (security reasons).
5. Repairing of roof leaks.
6. Installation of exterior bell system.
7. Reglazing of windows for leaks and energy conservation.

Conclusion

The Oldham School celebrated its Twentieth Anniversary on Thursday, June 21, with the children participating in games and a special dedication during which the P.T.A. presented a tree to the school.

In attendance were representatives of the Oldham and Coakley families. The Town of Norwood was represented by Selectmen Walter Dempsey and William Butters. The School Department was represented by Dr. Ralph Toran who brought the greetings of the School Committee and the School Department.

A special thanks to Mr. Umberto Napoleone, retiring Assistant Superintendent of Schools, who in his long and distinguished career has helped mold the Norwood Public Schools into the excellent school system that it is today.

RICHARD TALANIAN
Principal

REPORT OF THE PRINCIPAL OF THE C. J. PRESCOTT SCHOOL

Enrollment and Staff

The September, 1983 enrollment of 257 represented a decrease of only two students from September, 1982. The increase in enrollment at the kindergarten level resulted in two sessions and Mary Boyle was assigned full time to the C. J. Prescott..

Shirley Johnson was transferred to the Balch School in September, as only one first grade teacher was required.

Virginia Stout replaced Phyllis Bouchard as the librarian. Miss Stout was assigned to the Prescott and Cleveland Schools and Mrs. Bouchard was transferred to Junior High South.

Li Stowe, adjustment counselor, replaced George Hyland, and Melinda Clougherty, speech teacher, replaced Beverly Hattis.

Coleman Folan, senior custodian, replaced Russell Webber, and John McTighe replaced Roger Thistle as junior custodian.

Computer Curriculum

The computer curriculum was implemented in grades five and six this year following a summer workshop in which classroom teachers, under the guidance and assistance of Robert Tucker, developed a comprehensive program.

The decision to deduct a few minutes of time from several subject areas rather than eliminate one subject for an eight-week segment created some controversy, however the problem was resolved by substantially increasing the length of time computers would remain in the classroom. The three computers were scheduled at one grade level four days a week, and some weeks for five days if no other requests were made, for a total of twelve weeks in grade five and fourteen weeks in grade six.

Lou Buscone, Director of Computer Services, provided considerable assistance to classroom teachers and on numerous occasions conducted classroom demonstrations which were reinforced by the teacher.

Lou Buscone also coordinated materials for a "T.E.C. Challenge" which involved thirty-six pupils from the C.J. Prescott School. I conducted a series of five sessions of "hands on" practice from 3:00-4:30 p.m. for these fifth and sixth grade pupils, which resulted in twenty-three projects or programs which were judged by Lou Buscone and myself and four of which were submitted to T.E.C.

I introduced two advanced first grade pupils to the computer and the Logo language with the idea of stimulating interest at that level, however, with the limited number of computers available and the time to use them very restricted, the decision to delay further activities for another year was made. It is my understanding at the present time that several more computers will be purchased next year, and it is my intention to organize a lab area for more efficient use of time and equipment.

Cable TV

I completed the Adams-Russell Cable T.V. "Users Course" for the purpose of learning how to operate the equipment necessary to produce video tapes. It was my intent to select certain aspects of the curriculum, produce tapes of a quality that could be aired on T.V., and use the material as a public relations tool. This was one of my stated objectives in the Fall and to a certain degree it was accomplished. A program entitled "A Day In The Life Of A Kindergartener" was prepared and eventually aired May 23, 1985.

A second tape, the Kindergarten Graduation, was completed on June 21, 1984, and aired June 27, 1984.

Library Program

The library program, through the dedicated efforts of Virginia Stout, librarian, was most exciting for children this year.

The circulation of books increased five fold. Miss Stout organized a cadre of mothers complete with a group of substitutes, and trained them to conduct the circulation of books, records, tapes and related materials. The extended use of parents for this important task provided time for Miss Stout to analyze reviews for proper book selection, spend more time working with individual students, help selected students with special projects, and meet more needs of the school community. A social gathering was held in June to thank all parents who participated.

Miss Stout instituted a ticket system, or shelf marker, including the student's name and room number, which replaced the book when it was removed. This process of using markers helped to develop a sense of responsibility for keeping library materials in order and also provided a method for the librarian and aide to learn the names of pupils and their areas of interest.

Pupils were exposed to numerous literature activities in addition to storytelling—story hour and read aloud—and an introduction to a variety of poetry rather than the simple memorization of a poem.

The numerous library skills taught are developed in a sequential manner and reinforced each year. Hands-on activities using the card catalog were introduced in grade two while pupils in kindergarten and grade one learned about the different sections of the library and were made aware of popular titles as well as the style of particular authors. Pupils in grade three were introduced to the reference section with greater emphasis on this area stressed in grade four. Pupils in grades five and six concentrated on the Dewey Decimal System with many hands-on activities to reinforce their knowledge. The sixth grade pupils were also introduced to the Readers Guide to Periodicals.

Pupils were also exposed to different types of fiction, i.e. historical, science, realistic, mystery—as well as folk tales, fairy tales, Caldicott and Newberry Awards.

Miss Stout worked closely with Hope Anderson, childrens' librarian at the Morrill Memorial Library. Miss Anderson provided introductory material, Miss Stout conducted follow-up lessons and a field trip was planned for pupils to visit the public library and apply their newly acquired skills. Pupils also had a greater awareness of after-school programs offered at the public library and an overall sense of the valuable resources available to them.

Building and Grounds

Extensive work was completed on gutters and drain pipes, however I would recommend that sturdy and secure screens be placed at the top of the drain pipes to prevent objects from entering and clogging them, either intentionally or accidentally, to avoid future problems.

Considerable brush and small trees were removed from a wooded area behind the school to provide better visability and some leveling of dirt mounds remains before the project will be completed.

Numerous floor tiles have been replaced this past year and it is evident that the number is increasing each year. I would recommend that a study be conducted to determine if any preventative maintenance could solve the problem.

PUPIL PERSONNEL SERVICES ANNUAL REPORT

The following report is submitted by the Director of Pupil Personnel Services.

General

This year has been an extraordinarily challenging one. The long range planning process was the main feature of the year requiring countless hours of deliberation and planning. This process had tremendous impact on the school system and the community at large.

Basic Skills

The Basic Skills Improvement Program continued this year. Tests were administered in the areas of reading, math, writing and listening.

Although the results have not been tallied yet it appears that the students performed quite well in relation to our minimum standards. A formal report will be submitted in July.

The Basic Skills Advisory Board has been closely observing the process of House Bill 5074, because of its impact on the basic skills policy.

Special Education

During the 1983-84 school year the Norwood Public Schools continued to respond to the various requirements of Chapter 766 and Public Law 94-142. A comprehensive program was offered in areas of diagnosis, special education and related services. In addition to our Pre-School Program, Learning Centers, and Resource Rooms, our staff delivered a variety of psychological and counseling services, physical therapy, adapted physical education and services to the visually impaired. Furthermore a few "low-incident" educationally handicapped special needs students were tuitioned to collaborative or "766 approved" private schools.

A number of important new services were implemented through the utilization of available Federal monies (P.L. 94-142, P.L. 89-313, P.L. 94-482). Programs funded through these sources include computer assisted IEP's, Industry Training Sites, an after school sports/recreational program, collaboration with the Norwood Recreation Department in conducting a summer special needs day camp, a system-wide grade 3 handicap awareness program and continued support of our local Parent Advisory Group. Furthermore, the Federal Grants, will assist with the purchase of a computer, and related software for the Senior High School program. Finally, a very successful Artist in Residence Program funded through the Massachusetts Council on the Arts and the Massachusetts Committee Arts for the Handicapped was implemented involving special needs, regular education, and gifted students.

Guidance Department

The guidance and counseling program was quite active this year. Responding to the many individual demands of parents and students, along with implementing various administrative changes, was a sizeable task.

Several evening meetings were held throughout the year to allow parents and students to be informed relevant to the sophisticated procedures of program selection, college admission, and financial aid.

The Senior Career Opportunities program at Norwood Senior High School assisted approximately 100 students in developing greater awareness about careers. This unique program was nurtured by the guidance counselors as an aid to their regular responsibility in maintaining an updated grasp of the rapidly changing world of work.

Town-Wide Computer Committee

During the past two years I have participated in the Town-Wide Computer Committee. Following extensive review of several vendor proposals, a final selection was made.

I am pleased to announce that Systems II was awarded a contract with the Town of Norwood. It is my expectation that greater computer utilization will be available to the Office of Pupil Personnel Services.

Town-Wide Testing Program

Norwood completed its testing program this year with several distinct comments for future testing.

1. Elementary California Achievement Test should be reviewed. Scores seem to be "climbing". New edition ready for 1985.
2. Elementary and Junior High School Short Form Test of Academic Aptitude needs review. Consider Test of Cognitive Skills.
3. Senior High School program needs review. Consider an assessment of basic skills and curriculum.

All suggestions have been considered and action has been taken to:

1. Purchase Tests of Cognitive Skills.
2. Plan to purchase new California Achievement Tests in 1985 or carefully review Educational Records Bureau testing program.
3. Plan "pilot" testing program at grade 10 with the Educational Records Bureau's testing program.

Generally, the present testing program indicates that our students are doing quite well when compared to the national norms.

Nursing Program

The nurses approached the past school year with a great deal of fervor under the capable leadership of Rosemary Riley, Supervisor of Nurses.

The number of children with medical needs has become quite substantial and considering the Commonwealth of Massachusetts health regulations, nursing procedures have become critical to public education.

The following statistics give some indication of an aspect of the nurse's responsibilities:

Medical Area	Number of Students
Physicals	716
Hearing	3,877
Vision	3,882
Dental	1,214
Postural	1,450

Conclusion

Many areas remain on the horizon for school year 1984-85, such as:

—Senior High Renovation
—Student Records
—Supervision of Attendance
—Staff Development
—House Bill 5074

The Office of Pupil Personnel Services is ready to meet these new and challenging issues.

Respectfully submitted,

RODERICK W. SMITH

ANNUAL REPORT ON COMPUTERS 1983 - 1984

During this past year, a great deal of progress was made in the field of computer education. A total of 137 teachers took courses after school in our own In-Service programs. Course offerings included Logo II, Word Processing, Basic, Pascal, Visi Calc, and Information Systems. In addition to teachers taking courses after school, an introduction to word processing was given to the secretaries in the Central Office. Some have had an introduction to Lotus 1-2-3.

Additional computers were purchased at all levels, utilizing State and Federal grant monies. Because of the sale of Raytheon Data Systems, we will have the use of the eight Raytheon terminals for only one more year. Total computer systems at each level are as follows:

Senior High School	32
H. O. Peabody	24
Junior High School	22
Elementary Schools	16

There were major changes in curriculum offerings during the year. For advanced grade 12 students, a course in Advanced Placement Computer Science was given. Grades 10-12 student were able to take Computer Science I, a course in programming in the Pascal language. Computer Science II taught the language Macrol in the Raytheon system. CSI had 150 students; CS 2, 100; and APCS, 22. Data Processing had 16 students.

At the Junior High School level, a course was offered to ninth grade students. Approximately 100 students from each school took this course which met twice each week for the entire year. While the major topic was Basic, students also learned Logo and Word Processing.

In the elementary schools, a formal program in Logo was given to all fifth and sixth grade students for the first time. This was met with great enthusiasm. The elementary school students fared very well, indeed, in a contest sponsored by TEC.

The H. O. Peabody School now has enough machines to teach Word Processing properly. The students are producing many reports needed by the principal.

The Business Department at the Senior High School taught word processing skills to all Typing III students in anticipation of a formal course in this area. All accounting students were introduced to computerized accounting procedures for the first time. Students in the Data Processing class wrote business programs in the Basic language and had an introduction to Visi Calc. Two grants for additional computers were written.

In the administration area, all data processing functions were performed by Blue Hills. At the same time, planning for the implementation of the Town-School computer system has begun. Preliminary discussions have taken placed with all personnel who will be expected to use the new system.

The IBM Personal Computer has been used to teach the secretaries in Word Processing. Some minor training in Lotus 1-2-3 has begun. The Food Services Department has purchased an inventory program to keep track of its food supplies at the various schools.

ACT NOW
SERVE YOUR COMMUNITY

Town Government needs citizens who are willing to contribute time and expertise in the service of their community. Norwood will best be served if as broad a segment of the community as possible is involved in the function of our local government.

A TALENT BANK has been established by the Selectmen, the General Manager and the Town Moderator as a means of compiling names of citizens interested in serving on boards and committees, on a voluntary basis. This file is also available at the office of the Board of Selectmen for use by the public.

TALENT BANK files are continuously being updated to indicate categories consistent with the changing needs of the Town. Your order of preference should be indicated and the form below returned to:

TOWN GOVERNMENT TALENT BANK
